I am greatly concerned about the cost of a new Fove Flags Center. The TH article said that the average home would pay a almost \$194 property tax increase per year.

I would like to know how that figure was arrived at? What is the average taxable value of a home on Dubuque?

I can not vote for such a costly project that has no guarantee of being self sufficient or at least reducing tax payers support of such a facility.

The money is better spent on roads, bridges, sanitary sewers and storm sewer projects.

Please forward this email to the Mayor and Council Members.
