

**ROLL CALL ORDER FOR MEETING OF  
April 23, 2020**

**Resnick, Jones, Sprank, Shaw, Roussell, Cavanagh, Buol**

**This meeting will be conducted as a virtual meeting.**

Due to social distancing guidelines related to the COVID-19 pandemic, City Council members and City staff will participate by webinar and will not meet in person. The virtual meeting will be aired live on CityChannel Dubuque (Mediacom cable channels 8 and 117.2), streamed live and archived on the city's website at [www.cityofdubuque.org/media](http://www.cityofdubuque.org/media), and streamed live on the City's Facebook page at [www.facebook.com/cityofdubuque](http://www.facebook.com/cityofdubuque).

The public is invited to provide input prior to, during, and after the regular portion of meeting.

Ways to provide questions or comments include:

- Contact the City Council [www.cityofdubuque.org/councilcontacts](http://www.cityofdubuque.org/councilcontacts)
- City Clerk's Office at [ctyclerk@cityofdubuque.org](mailto:ctyclerk@cityofdubuque.org)
- Prior to or during the meeting, email [budget@cityofdubuque.org](mailto:budget@cityofdubuque.org)
- During the meeting, comment on the live video on the City's Facebook page, [www.facebook.com/CityOfDubuque](http://www.facebook.com/CityOfDubuque)

The City of Dubuque highly encourages people to view and participate in City Council meetings through the virtual options.

**CITY OF DUBUQUE, IOWA  
CITY COUNCIL MEETING**

This meeting will be conducted virtually.

Please see the instructions above for public input,  
viewing and listening options.

**April 23, 2020**

Council meetings are video streamed live and archived at [www.cityofdubuque.org/media](http://www.cityofdubuque.org/media) and on Dubuque's CityChannel on the Mediacom cable system at cable channel 8 and digital 117.2

**SPECIAL SESSION**

**6:30 PM**

**PRESENTATION(S)**

**1. COVID-19 Update**

City staff will provide an update on COVID-19 preparation and response activities.

**CONSENT ITEMS**

The consent agenda items are considered to be routine and non-controversial and all consent items will be normally voted upon in a single motion without any separate discussion on a particular item. If you would like to discuss one of the Consent Items, please go to the microphone and be recognized by the Mayor and state the item you would like removed from the Consent Agenda for separate discussion and consideration.

**1. Dollars and Cents Public Information Brochure**

City Manager providing a draft copy the City's public information brochure regarding the Fiscal Year 2021 recommended Budget and the impact of COVID-19.

**Suggested Disposition: Receive and File**

## PUBLIC HEARINGS

Citizens are invited to address the City Council regarding the following agenda items. Please come to the podium and state your name and address when the item you wish to speak to is being considered.

**1. Adopting the Fiscal Year 2021 Budget Recommendation as Amended**

Proof of publication on notice of public hearing to consider approval of the City of Dubuque Fiscal Year 2021 Annual Budget and Five-Year Capital Improvement Program as amended, and the City Manager recommending approval.

**RESOLUTION** Adopting the City of Dubuque Fiscal Year 2021 Annual Budget

**RESOLUTION** Adopting the City of Dubuque Five-Year Capital Improvement Program

Compilation of written Public Input related to the Fiscal Year 2021 Recommended Budget.

**Suggested Disposition: Receive and File; Adopt Resolution(s)**

**2. Fiscal Year 2021 City of Dubuque Budget Books - Provided for Reference Only**

- Policy Budget Volumes 1-6 by Department;
- Recommended Capital Improvement Program;
- Recommended Residents' Guide.

## ACTION ITEMS

These are items where discussion is held by the City Council - public comments are not allowed except as authorized by the Mayor.

**1. Code of Ordinance Amendment - Title 13 Public Utilities - Fixing Water Rates; Residential, Commercial, Industrial and Other Uses; Fire Sprinkler Service**

**ORDINANCE** Establishing City of Dubuque Code of Ordinances Title 13 Public Utilities, Chapter 1, Water Use and Service, Article C Rates, Section 13-1C-1(A) Fixing Water Rates for Residential, Commercial, Industrial, and All Other Uses

**ORDINANCE** Establishing the City of Dubuque Code of Ordinances Title 13 Public Utilities Chapter 1 Water Use and Service, Article C Rates Section 13-1C-2 Fixing Water Rates for Fire Sprinkler Service

**Suggested Disposition: Receive and File; Motion B; Motion A**

**2. Code of Ordinances Amendment - Title 13 Establishing Sewer Rates**

**ORDINANCE** City of Dubuque Code of Ordinances Title 13 Public Utilities, Chapter 2 Sewers and Sewage Disposal, Article C Rates, Section 13-2C-32 Rates Established for Fiscal Year 2021

**Suggested Disposition: Receive and File; Motion B; Motion A**

**3. Establishing Solid Waste Rates under City of Dubuque Code of Ordinances Section 13-6A-6, Rates and Charges Established; Exceptions**

**Option 1 – Related to the use of mandatory trash carts city-wide where possible.**

**ORDINANCE** Amending City of Dubuque Code of Ordinances Title 13 Public Utilities, Chapter 6 Solid Waste; and Title 13 Public Utilities, Chapter 6 Solid Waste, Article A City or Private Collection Service, Sections 13-6A-1 City Manager's Authority Generally; 13-6A-2 Availability of Collection Services; 13-6A-3 Frequency, Time and Areas of Collection; 13-6A-4 Placement A of Containers for Collection; 13-6A-6 Rates and Charges Established; Exceptions; 13-6-8 Yard Waste and Food Scraps; 13-6A-9 Private Collection Service

**Option 2 – Related to expanded cart sizes for optional cart service city-wide**

**ORDINANCE** Amending City of Dubuque Code of Ordinances Title 13 Public Utilities, Chapter 6 Solid Waste, Sections 13-6-1 Definitions; 13-6-3 Container Requirements; Collection Restrictions; 13-6-6 Storage and Accumulation Restricted; 13-6-7 Hazardous and Prohibited Wastes Regulated; and Title 13 Public Utilities, Chapter 6 Solid Waste, Article A City or Private Collection Service, Sections 13-6A-2 Availability of Collection Services; 13-6A-3 Frequency, Time and Areas of Collection; 13-6A-4 Placement of Containers for Collection; 13-6A-6 Rates and Charges Established; Exceptions; 13-6A-8 Yard Waste and Food Scraps; 13-6A-9 Private Collection Service

**Suggested Disposition: Receive and File; Motion B; Motion A**

**4. Five-Year Street Construction Program for Fiscal Years 2021 - 2025**

**RESOLUTION** Adopting the Five-Year Street Construction Program for Fiscal Years 2021-2025

**Suggested Disposition: Receive and File; Adopt Resolution(s)**

**ADJOURNMENT**

The agenda with supporting documents may be accessed at [www.cityofdubuque.org](http://www.cityofdubuque.org) or at the City Clerk's Office, 50 W. 13th Street, during regular business hours.

This notice is given pursuant to Chapter 21, Code of Iowa, and applicable local regulations of the City of Dubuque, Iowa and/or governmental body holding the meeting.

Written comments regarding the above items may be submitted to the City Clerk's Office, 50 W. 13th St., Dubuque, IA 52001, before or at said time of meeting.

Individuals with limited English proficiency, vision, hearing or speech impairments or requiring special assistance should contact the City Clerk's Office at (563) 589-4100, TDD/TTY (563) 690-6678, [ctyclerk@cityofdubuque.org](mailto:ctyclerk@cityofdubuque.org) as soon as feasible. Deaf or hard-of-hearing individuals can use Relay Iowa by dialing 711 or (800) 735-2942.

## CRISIS REVEALS CHARACTER

*The COVID-19 pandemic is a global, national, and local public health and economic crisis. How we respond as a community, state, and nation is the defining challenge of our time.*

The COVID-19 virus has been deadly for tens of thousands of Americans and the critical actions taken to limit the spread of the virus have impacted all Americans. The battle to save lives and contain the virus rages on while the economic impact of the pandemic continues to grow.

The overall financial impact of the pandemic on local governments is devastating and the City of Dubuque has not been spared. Critical revenue sources such as local option sales tax, gaming, and others have decreased. As a result, the City expects to lose \$4.4 million in revenue by the end of June and \$11.9 million in the next fiscal year (July 1, 2020, to June 30, 2021).

The financial impact of COVID-19 is unknown and unprecedented. In Iowa, a record number of workers have filed for unemployment benefits as businesses closed and consumers remained at home. This unprecedented surge in unemployment claims came just weeks after the virus was first detected in Iowa. The U.S. Bureau of Labor Statistics April 23 report on weekly unemployment claims in Iowa was another on a discouraging list of all-time highs. For the week ending Saturday, the total of new unemployment claims was 27,912. That is the fifth most in state history, behind the weeks ending April 11 (46,356), April 4 (64,194) and March 28 (55,966) of this year. The highest weekly total prior to this stretch was 14,201 in December 2000. The 235,380 unemployment claims filed in Iowa over the past five weeks are the most in Iowa history since the Great Depression.

This is the environment in which the City must adopt a balanced budget for FY2021 and submit it to the State of Iowa by April 30, 2020. This amended budget recommendation addresses these fiscal realities while continuing to provide essential city services to residents,

businesses, and stakeholders while minimizing the costs of those services as those groups also experience hardships as a result of the pandemic.

The amended FY2021 budget recommendation continues to reflect the City's vision and mission statements and is responsive to the goals and priorities established by the Mayor and City Council.

### AMENDED BUDGET RECOMMENDATION FEATURES:

- **A DECREASE** in property taxes for the average residential, commercial, and industrial properties
- **A DECREASE** in refuse/trash collection fees
- **NO INCREASE** in City water, sanitary sewer, and stormwater rates
- **NO INCREASE** in pay for City employees

Property Type	Average Property Tax Cost Change from FY2020	Percent Property Tax Cost Change from FY2020
Residential	\$1.09 less	0.14% decrease
Commercial	\$104.45 less	3.30% decrease
Industrial	\$132.61 less	2.81% decrease
Multi-Residential	\$158.73 more	9.13% increase

Current Property Tax Rate	Next Year's Property Tax Rate	% Change
\$10.33144	\$10.1440	1.8% Decrease

# OUR GOAL CONTINUES TO BE TO CREATE AN EQUITABLE COMMUNITY OF CHOICE:

A High-Performance Organization (and Community) with  
Engaged Employees and Residents that is Data-Driven and  
Outcome-Focused built on the four pillars of  
**Resiliency, Sustainability, Equity, and Compassion.**

### A SOLID FOUNDATION

Before the COVID-19 pandemic, Dubuque was in the now-enviable position of being one of the less than 10 cities in the country with an unemployment rate under two percent. Dubuque was also one of the first 26 cities in the country to come out of the great recession approximately 10 years ago. From 2010-2017, most Iowa counties lost population. Even some of the counties that include some of Iowa's larger cities showed very little growth or an actual decline. Over that seven-year period, Dubuque County's population grew by 3.3 percent and employment grew as well.

Thanks to this strong foundation, we do not expect this financial crisis to be a repeat of the 1980s when Dubuque had the highest unemployment rate in the country at one point and lost nearly 10 percent of its population.

### ACTIONS TAKEN

The City has already taken measures to address the sudden loss of revenues:

- a hiring freeze on most positions vacant in the current fiscal year;
- a hiring freeze on most new positions recommended in FY2021;
- most travel budgets (conferences, education and training, city business travel) for all departments have been frozen;
- equipment purchases are delayed;
- most capital improvement projects are delayed, and
- some maintenance projects are delayed.

The City of Dubuque is already a lean organization. A 2018 staffing level comparison of nine of the largest cities in Iowa revealed that Dubuque had the fifth lowest staffing level. Dubuque's level, 704 full-time equivalent (FTE) employees, was 122 employees lower than the average and 745 lower than the highest.

If the economy improves in time, the City will be able to unfreeze positions, complete capital projects, buy equipment, and maintain programs and services; however, if the economic recovery is delayed, the recommended budget will help the City to delay, and hopefully, avoid mass layoffs and significant programs and service cuts. Additionally, while payments and grants to partner agencies will be delayed with this budget, the City hopes to avoid reducing or eliminating these payments to these partner agencies that depend on funding support from the City to maintain critical services to the most vulnerable in our community while they are experiencing catastrophic personal situations in this economic crisis.

### SHARED SACRIFICES

This amended budget eliminates the planned wages increases for City employees (non-bargaining and bargaining unit employees) in FY2021. The first budget recommendation

included a 1.5% wage increase. This will save the City nearly \$731,000 in FY2021. It is important to note that each of the City's five bargaining units (unions) agreed to this sacrifice even though their previously negotiated contracts included the pay increase.

### NEW REVENUES & SAVINGS

The amended budget recommendation now includes additional general property tax fund revenue of \$310,138 as the result of the negotiation of the Gavilon 7th Street and Gavilon Purina Drive riverfront leases for City property. The City is thankful to Gavilon for ending their current leases two years early, creating an additional revenue source for the City.

Fuel prices have plummeted, driven by the coronavirus pandemic and a price war between producers. The recommended budget has been revised to reflect a 20 percent reduction in fuel expense, a savings of \$301,487.

The amended budget recommendation also includes a reduction of workers' compensation expense of \$94,819 in FY2021 due to savings from switching to fully insured workers' compensation insurance.

The City of Dubuque has been awarded some federal assistance to assist in the pandemic response, including: Federal Transportation Administration CARES Act Section 5307 Funds for \$3,641,599; Community Development Block Grant Coronavirus Funds for \$647,301 provides supplemental funding for community assistance and some percent of which can fund administrative overhead; Housing and Urban Development Housing Choice Voucher administrative funds for \$86,000; Federal Aviation Administration CARES Act Airport grant for \$1,159,773; Police Federal Bureau of Justice Coronavirus Emergency Supplemental Funding for \$68,679; and Ambulance Public Health and Social Services Emergency Fund for \$44,663 restricted to prevent, prepare for, and respond to coronavirus.

## The following table summarizes the total estimated operating revenue loss for all funds related to COVID-19 for Fiscal Year 2020 and Fiscal Year 2021.

Fund	FY20 Estimated Revenue Loss	FY21 Estimated Revenue Loss
General Fund Operating	\$3,118,832	\$5,066,438
General Fund Capital	\$0	\$2,596,808
Road Use Tax Fund	\$538,527	\$2,978,351
Airport Restricted Funds	\$47,832	\$67,500
Parking Fund	\$543,000	\$1,039,542
Water Fund	\$27,513	\$50,000
Sanitary Sewer Fund	\$33,828	\$50,000
Stormwater Fund	\$11,841	\$0
Refuse Fund	\$10,263	\$0
Transit Fund	\$74,916	\$56,000
<b>Total COVID-19 Revenue Loss</b>	<b>\$4,406,552</b>	<b>\$11,904,639</b>

## The City's Leadership Team is answering these 7 questions to guide decisions during the pandemic:

1. What is most important to preserve during the crisis? (reputation, connection with customers, expertise, momentum on a certain project, etc.)
2. What traits or characteristics do you want to display in this crisis?
3. If you look back on the crisis in 10 years, what will make you feel like you managed the crisis well?
4. Are there particular morals or guiding principles that feel important to you at this time?
5. What key relationships do you want to maintain during this crisis?
6. To what do you aspire during this crisis? (calm, courageous, heroic, measured etc.)
7. What would make you feel proud even if the crisis ends badly for you or your business?

## To manage the difficult decisions that are going to need to be made multiple employee work groups will be formed as follows:

CIP & Equipment Team

Operating Budget Team

Purchase of Services & Contracts Team

Grants & Contracts team

Staffing & Vacant Position Review

## PANDEMIC RESPONSE

All City of Dubuque departments and divisions have had to adapt to pandemic-related challenges to continue to deliver the services residents and businesses need. Many City employees are on the “front lines” in our community, continuing to provide essential services such as emergency medical services, public health and safety, water, public transit, sanitary sewer services, trash and recycling collection, and more.

To protect the public and City employees, almost every City department has modified its operations and service delivery practices.

- All employees that are able to are working from home and others are assisting departments most impacted by the pandemic.
- In mid-March, the City temporarily suspended water shut-offs related to past due utility bills. Late fees on past due utility bills were also temporarily suspended and disconnection notices are not being issued.
- Enforcement of parking meter expiration violations is suspended through May 31. During this time parking customers are not required to feed/pay parking meters in Dubuque. All other street parking regulations will continue to be enforced.
- Parking fees associated with City-owned parking lots and ramps are suspended through May 31.

## Frontline City staff continue to deliver essential services

Many City departments and employees are directly involved in the community's pandemic response efforts, including:

- Health Services staff are working closely with Dubuque County staff on the Dubuque County Public Health Incident Management Team to coordinate the countywide public health response to the pandemic. They are collaborating with local healthcare providers and the Iowa Department of Public Health to prepare for all possible scenarios.
- Mayor Roy D. Buol and City Manager's Office staff are working with county, state, and federal elected officials and agencies to identify emergency relief funds to support response and recovery efforts.
- Housing and Community Development, Human Rights, and Neighborhood Development staff are assisting with food resource distribution and have established and will staff a quarantine/isolation shelter.
- Human Rights staff are also involved in an Equity Immersion Team, along with community partners, working to insure that vulnerable groups within the community have access to the assistance they may need during and after this crisis.
- Fire Department staff are supporting both the City of Dubuque and Dubuque County emergency operations centers.

Public Health Specialist

# CITY OF DUBUQUE SPIRIT STATEMENT

SERVICE:	PEOPLE:	INTEGRITY:	RESPONSIBILITY:	INNOVATION:	TEAMWORK:
We Are Responsive	We Care	We Are Honest	We Are Accountable	We Look for Better Ways	We Work Together

## COMMUNITY PARTNERS

The longstanding partnership between the City of Dubuque and Dubuque County has stood the test of time and has been invaluable and critical in the response to the pandemic.

Mayor Roy D. Buol and County Board of Supervisors Chairperson Dave Baker used their leadership roles declare emergencies for the city and county, authorizing staff to take quick actions. They also worked together to encourage residents to stay home as much as possible, including a "Stay Home, Stay Safe" campaign including Gary Dolphin, the voice of the Iowa Hawkeyes.

**DAVE BAKER**  
Dubuque County  
Board of Supervisors

City of Dubuque and Dubuque County staff are also conducting weekly virtual meetings with staff and elected officials from all cities in the county as part of a countywide emergency operations center, coordinated by Dubuque County Emergency Management Coordinator Tom Berger.

City public information staff are supporting the communication efforts of the County Public Health Incident Management Team. A Joint Information Center/System has been established to provide consistent and accurate messaging and includes staff from all local healthcare providers and representatives from business and education.

A wide variety of local agencies, organizations, and businesses are playing critical roles in responding to the numerous challenges the pandemic has created.

The City of Dubuque and Dubuque County are working with state and federal legislators and agencies to advocate for assistance with pandemic response and recovery efforts.

The Dubuque Community School District and multiple groups including new and existing food pantries, Convivium, Project Rooted, the DREAM Center, and others are providing food resources to those in need.

The Community Foundation of Greater Dubuque is partnering with the United Way of Dubuque Area Tri-States to direct funds collected to local nonprofits working with vulnerable local populations.

Greater Dubuque Development Corporation, Northeast Iowa Community College, Dubuque Initiatives, the Dubuque Area Chamber of Commerce, and others are offering support to employers and businesses of all sizes.

Page 10 of this publication includes details on some of the community support and recovery resources available through these efforts.

# CITY BUDGET

The City's approved budget provides estimated revenues and expenditures for programs and services to be provided during the fiscal year, from July 1, 2019, through June 30, 2020. The budget has two primary components: the operating budget and the capital budget.

The City's total budget for fiscal year 2021 is \$198,147,165, a 3.5 percent increase from FY2020. The operating budget (\$134,272,643) is a 2.5 percent increase from FY2020, while the capital budget (\$57,186,070) represents a 3.4 percent increase from FY2019.

The capital budget funds major improvements to City facilities and infrastructure, and is based on the first year of needs in the five-year Capital Improvements Program (CIP) Plan. The CIP Plan is an annually revised document that guides the City's investments in public facilities and infrastructure during a five-year time horizon. The capital budget is supported through multiple funding sources, including federal and state grants.

The operating budget includes personnel costs and annual facility operating costs. It is funded primarily through local property and sales taxes; revenue transfers between departments; licenses, such as building and development fees; franchise fees for a company's use of the City's rights-of-way; charges for services (like sewer and water); fines; grants; and other smaller sources of revenue such as interest on investments.

## Fiscal Year 2021 City Budget

	Operating	Capital
<b>General Fund</b>	\$66,416,660	\$2,229,339
<b>Water Fund</b>	\$10,280,043	\$2,756,073
<b>Sanitary Sewer Fund</b>	\$10,992,418	\$23,820,597
<b>Stormwater Fund</b>	\$4,441,361	\$10,110,959
<b>Refuse</b>	\$2,990,205	\$269,153
<b>Parking</b>	\$2,747,044	\$160,875

## General Fund

The general fund is the general operating fund of the City for general service departments. The general fund has an operating budget of \$66.4 million and a capital budget of \$2.8 million. This fund encompasses the bulk of activities that are traditionally considered basic governmental services such as public safety, culture & recreation, health & social services, and general government.

## General Fund Reserve Predictions

The City maintains a general fund reserve, or working balance, to allow for unforeseen expenses that may occur. The goal is to have at least a 20% reserve. In Fiscal Year 2017, the City had projected reaching this consistent and sustainable 20% reserve level in Fiscal Year 2022. In fact, the City met the 20% reserve requirement in FY2018, four years ahead of schedule and, with the FY2019 contribution, this is sustainable.

	FY2018	FY2019	FY2020	FY2021	FY2022	FY2023	FY2024
<b>Contribution</b>	\$1,050,000	\$1,700,000	\$0	\$0	\$0	\$0	\$0
<b>City's Spendable General Fund Cash Reserve Fund Balance</b>	\$16,460,491	\$20,945,090	\$17,054,189	\$17,054,189	\$17,054,189	\$17,054,189	\$17,054,189
<b>% of Projected Revenue</b>	<b>23.81%</b>	<b>29.06%</b>	<b>24.09%</b>	<b>23.91%</b>	<b>24.29%</b>	<b>23.58%</b>	<b>23.32%</b>

# Recommended FY2021 Rates & Fees

## How Your Property Tax Rate Is Split

FY2020 Consolidated Rate of 32.91592

### Property Tax Rate

- \$10.1440 per thousand dollars assessed value.
- Decrease of 1.81% from FY2020

### City Portion of Property Taxes

Dubuque has the LOWEST FY2021 property tax rate (\$10.33 per thousand assessed value) of Iowa's 11 cities with populations over 50,000.

- Highest-ranked city (Des Moines, \$18.38) is 78% higher than Dubuque
- Average of other 10 cities (\$15.15) is 47% higher than Dubuque

FY2021 City Property Tax Rate Comparison

FY2021 Taxable Value Per Capita Comparison

Dubuque has the LOWEST FY2021 taxes per capita (\$525) as compared to Iowa's 11 cities with populations over 50,000.

- Highest (West Des Moines) is 152% higher than Dubuque
- Average is 64% higher than Dubuque.

# RECOMMENDED RATES

## Water

**Avg. Household Rate\* = \$30.72/month**  
(No increase from FY2020)

Dubuque has the SECOND LOWEST FY2021 water rate of Iowa's seven cities with populations over 50,000 and lime softening treatment similar to Dubuque.

- Highest rate (West Des Moines, \$36.98) is 20% higher than Dubuque
- Average of other 6 cities (\$33.59) is 9% higher than Dubuque

*\*Average household rate based on 6,000 gallons per month at \$0.00512 per gallon*

FY2021 Water Rate Comparison

## Sanitary Sewer

**Avg. Household Rate\* = \$42.24/month**  
(No increase from FY2020)

Dubuque has the FOURTH HIGHEST FY2021 sanitary sewer rate of Iowa's 11 cities with populations over 50,000.

- Highest rate (Ankeny, \$61.67) is 46% higher than Dubuque
- Average of other 10 cities (\$40.68) is 4% lower than Dubuque

*\*Average household rate based on 6,000 gallons per month at \$0.00704 per gallon. The City's wastewater collection and treatment system operates as a self-supporting enterprise fund which means that it is funded only with revenue from user fees.*

FY2021 Sanitary Sewer Rate Comparison

## Stormwater

**Avg. Household Rate\* = \$8.29/month**  
(No increase from FY2020)

Dubuque has the SECOND HIGHEST FY2021 stormwater utility rate of Iowa's 10 cities with populations over 50,000 and a stormwater utility.

- Highest rate (Des Moines, \$14.68) is 77% higher than Dubuque
- Average of other 9 cities (\$5.89) is 29% lower than Dubuque

*\*Monthly rate for majority of Dubuque households based on usage of one single family unit. Stormwater fees are based on the amount of impervious ground coverage on a property. Fees collected are only used for stormwater management activities such as the construction, maintenance and operation of the public stormwater management system.*

FY2021 Stormwater Rate Comparison

## Curbside Collection

**Avg. Household Rate\* = \$14.99/month**  
(4.03% decrease from FY2019)

Dubuque has the FOURTH LOWEST FY2021 solid waste collection rate of Iowa's 11 cities with populations over 50,000.

- Highest rate (Ames, \$26.25) is 75% higher than Dubuque
- Average of other 10 cities (\$17.08) is 14% higher than Dubuque

*Curbside refuse collection includes one 35-gallon container per week. Weekly curbside recycling is no extra charge.*

FY2021 Solid Waste Collection Rate Comparison

# General Fund Expenditures

Category	Description	Portion of General Fund
Public Safety	(fire, police, ambulance services, 9-1-1 dispatch, animal control, building inspections, crime prevention, emergency management, flood control, etc.)	<b>41.8%</b>
Culture & Recreation	(AmeriCorps, arts & cultural affairs, civic center, conference center, library, marina, parks, recreation, etc.)	17.6%
General Government	(city attorney & legal services, city clerk, city council, city hall & general buildings, city manager, finance, information services, etc.)	13.5%
Public Works	(airport, maintenance of streets, bridges, and sidewalks; snow removal, street cleaning, street lighting, traffic control, etc.)	9.2%
Community & Economic Development	(economic development, housing and community development, neighborhood development, planning and zoning, etc.)	6.3%
Transfers Out	(to funds other than General Fund)	6.4%
Capital Projects	(City infrastructure improvements or major equipment purchases)	3.0%
Health & Social Services	(community health, health regulation and inspection, human rights, etc.)	1.4%
Debt Service	(government capital projects, tax-increment financing [TIF] capital projects)	0.9%

Dubuque's investment in public safety demonstrates it is a high priority. Of the nine budget categories, public safety represents Dubuque's largest monetary investment of tax dollars, by far, and that investment is yielding positive results.

Since 2015, Dubuque has had a 32% decrease in total crimes against persons and property.  
**2015: 2,218**  
**2019: 1,509**

Number of Crimes Against Persons

# Debt Reduction Plan (Adopted August 2015)

## Total Debt (in millions)

Debt is being issued each year, but more is being retired than issued.

Stormwater improvements

Water & Resource Recovery Center

The City of Dubuque's use of debt can be compared to many average homeowners who borrow to buy their home. The City has borrowed money at low interest rates to invest in infrastructure. Unlike the federal government, the City does not borrow money to cover operating expenses.

## Statutory Debt Limit Used (as of June 30)

This chart shows the percentage of statutory debt limit in the Fiscal Year (FY) 2020 adopted budget. By FY2028, the City will be at 28% of the statutory debt limit.

## Top 10 Debt Uses (as of June 30, 2019)

#	Project Description and Amount Outstanding
1	Stormwater Improvements \$73,653,120
2	Water & Resource Recovery Center \$60,077,000
3	Water Improvements \$32,417,569
4	Parking Improvements \$25,019,132
5	Downtown TIF Incentives/Improvements \$22,628,421
6	Sanitary Sewer Improvements \$13,566,522
7	TIF Rebates/Bonds to Businesses \$7,744,839
8	Industrial Park Expansions \$6,250,618
9	Caradco Building Iowa Finance Authority Loan \$3,639,903
10	Street Improvements*
	\$3,298,918
	<b>Total</b> <b>\$248,296,042</b>

\* \$140 million was spent on street improvements from 1997-2019

## Percentage of Legal Debt Limit Utilized (FY2018)

# Community Recovery & Support

The City of Dubuque has compiled and continues to update a webpage with resources for individuals, families, and business to assist during this difficult time. Below are many, but not all examples of resources available. For more detailed information, [www.cityofdubuque.org/COVID19support](http://www.cityofdubuque.org/COVID19support) or call 563-589-4100.

## FOR INDIVIDUALS & FAMILIES

### 2-1-1 Information and Referral

General assistance (in multiple languages) with food, bills, or other essential services is available 24/7. Visit the [www.211.org](http://www.211.org), call the COVID-19 hotline by dialing 2-1-1 from a landline or 800.244.7431 from a cell phone, or text your zip code to 898211.

### Iowa Child Care Resource & Referral

Connect to child care openings or temporary child care at Community Support & Recovery Resources 855.244.5301 or [www.iowaccrr.org/families](http://www.iowaccrr.org/families).

### Free COVID-19 Legal Information Hotline

This is a free service available to Iowans who are experiencing legal issues due to the COVID-19 emergency. Call 800.332.0419 or visit [www.iowalegalaid.org](http://www.iowalegalaid.org).

### Local & State Resources for Food & Necessities

A list of local food pantries, free meal sites, shower locations, and other necessities is available at [www.cityofdubuque.org/COVID19support](http://www.cityofdubuque.org/COVID19support).

### COVID-19 Resources for Underserved Populations

Some populations are more at risk for coronavirus, or impacts of social distancing. Visit the Iowa Department of Public Health website at [www.IDPH.iowa.gov](http://www.IDPH.iowa.gov) for resources and information for people facing additional risk.

### Unemployment Benefits

Call 866.239.0843 or visit [www.iowaworkforcedevelopment.gov/COVID-19](http://www.iowaworkforcedevelopment.gov/COVID-19). Call volume is high so please check the website first if you have access.

### Mental Health and Addiction

IDPH's website [yourlifeiowa.org](http://yourlifeiowa.org) has resources for persons experiencing challenges with alcohol, drugs, gambling, suicide, and mental health.

### Phone, Internet, and Utilities

Many cell phone and internet companies are offering assistance to residents. Alliant, Black Hills, and the City of Dubuque are also offering assistance. Information available on [www.cityofdubuque.org/COVID19support](http://www.cityofdubuque.org/COVID19support).

## FOR BUSINESSES & NON-PROFITS

### CDC Resources for Businesses & Employers

Guidance for businesses and employers to plan and respond to COVID-19. Information can be found at <https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/businesses-employers.html>

### COVID-19 Business Helpline

A service offered by Greater Dubuque Development Corporation and Northeast Iowa Community College to help employers apply for the Small Business Relief Funding and connect them to additional financial resources. Call 563.588.3350 between 8:30 a.m. – 4 p.m., Monday through Friday, or email [sbhelpline@nicc.edu](mailto:sbhelpline@nicc.edu).

### Dubuque Initiatives COVID-19 Funding

Dubuque Initiatives has made \$2 million available to small businesses during the COVID-19 crisis. They plan to distribute "bridge financing" of up to \$10,000 per business for Dubuque companies that employ 50 or fewer workers. Businesses located within the city of Dubuque can apply for assistance by calling the COVID-19 helpline at 563.588.3350. Qualifying businesses will be referred to East Central Intergovernmental Association (ECIA) which will walk them through the application process.

### Employer/Business Resources

For information on federal and state relief, grants, loans, guidance, and other resources, visit [www.greaterdubuque.org/covid19](http://www.greaterdubuque.org/covid19) or call 563.557.9049

### Greater Dubuque Disaster Recovery Fund

The Community Foundation of Greater Dubuque is accepting donations to enable a coordinated response and help people in the Dubuque region most impacted by the COVID-19 pandemic, including seniors and low-income residents. The Community Foundation is partnering with the United Way of Dubuque Area Tri-States to direct funds collected to local nonprofits working with vulnerable local populations. For more information, or to donate, call 563.588.2700 or visit [www.dbqfoundation.org/drf](http://www.dbqfoundation.org/drf).

### Iowa Business Recovery Assistance

Iowa businesses can receive relief assistance for qualifying business concerns. Information can be found at [www.iowaeconomicdevelopment.com/businessrecovery.com](http://www.iowaeconomicdevelopment.com/businessrecovery.com).

### Resources for the Creative Sector

The City of Dubuque's Office of Arts and Cultural Affairs has compiled a list of resources for organizations, businesses, and individuals that work in the creative sector. Visit [www.cityofdubuque.org/ArtsCOVID19](http://www.cityofdubuque.org/ArtsCOVID19) for potential funding opportunities, tips and best practices, and webinars applicable to our local arts and culture community.

*The All-America City Award recognizes communities that leverage civic engagement, collaboration, inclusiveness, and innovation to successfully address local issues.*

# We Need YOU on the STAY HOME, STAY SAFE team.

We all have an important role to play in the fight against the COVID-19 coronavirus. Please do your part to limit the spread of the virus by staying home as much as you can and only going out for essentials.

## COVID-19 Hotlines

**Dubuque Visiting Nurses Association: 563.556.6200**

Available 8 a.m. to 6 p.m. Monday - Sunday. If you need to leave a message, your call will be returned as soon as possible between the hours of 8 a.m. and 6 p.m.

**Iowa COVID-19 Hotline: 2-1-1 or 1-800-244-7431**

Available 24/7 for Iowans with questions about COVID-19.

## TRUSTED INFORMATION SOURCES

## JOIN THE TESTIOWA CHALLENGE

Iowa Governor Kim Reynolds recently announced the launch of TestIowa, a new state-led initiative in partnership with state leaders and private corporations to dramatically increase the rate of COVID-19 testing in Iowa and help stem the spread of COVID-19. Testing through this program will be prioritized for those who currently have symptoms, have interacted with someone who has already tested positive, or have recently visited places where COVID-19 is more widespread. To request a test, Iowans should visit <https://www.testiowa.com/> to complete the assessment to determine testing eligibility.

## What You Can Do To Protect Yourself and Others

**Even if you are young, or otherwise healthy, you are at risk and your activities can increase the risk of others. It is critical that you do your part to slow the spread of COVID-19.**

- Stay home as much as possible.
- Stay at least 6 feet from other people, even when you wear a face covering. Remember that some people without symptoms may be able to spread virus.
- Only go out for essentials like food, medicine, and health care.
- Cover your mouth and nose with a cloth face cover when around others. Everyone should wear a cloth face cover when they have to go out in public, for example to the grocery store or to pick up other necessities. Cloth face coverings should not be placed on young children under age 2 or anyone who has trouble breathing. See CDC guidelines.
- Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- Cover coughs and sneezes with a tissue or your elbow/inside of arm. Immediately wash your hands with soap and water for at least 20 seconds. If soap and water are not readily available, clean your hands with a hand sanitizer that contains at least 60% alcohol.
- Clean AND disinfect frequently touched surfaces daily.

## City of Dubuque

## Public Hearings # 1.

---

**ITEM TITLE:** Adopting the Fiscal Year 2021 Budget Recommendation as Amended

**SUMMARY:** Proof of publication on notice of public hearing to consider approval of the City of Dubuque Fiscal Year 2021 Annual Budget and Five-Year Capital Improvement Program as amended, and the City Manager recommending approval.

**RESOLUTION** Adopting the City of Dubuque Fiscal Year 2021 Annual Budget

**RESOLUTION** Adopting the City of Dubuque Five-Year Capital Improvement Program

Compilation of written Public Input related to the Fiscal Year 2021 Recommended Budget.

**SUGGESTED DISPOSITION:** Suggested Disposition: Receive and File; Adopt Resolution(s)

**TO:** The Honorable Mayor and City Council Members

**FROM:** Michael C. Van Milligen, City Manager

**SUBJECT:** Fiscal Year 2021 Amended Budget Recommendation

**DATE:** April 20, 2020

The following table summarizes the total estimated operating revenue loss for all funds related to COVID-19 for Fiscal Year 2020 and Fiscal Year 2021.

Fund	FY20 Estimated Revenue Loss	FY21 Estimated Revenue Loss
General Fund Operating	\$3,118,832	\$5,066,438
General Fund Capital	\$0	\$2,596,808
Road Use Tax Fund	\$538,527	\$2,978,351
Airport Restricted Funds	\$47,832	\$67,500
Parking Fund	\$543,000	\$1,039,542
Water Fund	\$27,513	\$50,000
Sanitary Sewer Fund	\$33,828	\$50,000
Stormwater Fund	\$11,841	\$0
Refuse Fund	\$10,263	\$0
Transit Fund	\$74,916	\$56,000
<b>Total COVID-19 Revenue Loss</b>	<b>\$4,406,552</b>	<b>\$11,904,639</b>

Between Fiscal Year 2020 and Fiscal Year 2021, the City of Dubuque could lose an estimated \$16.3 million in revenue.

There are just too many unknowns, so I am asking the City Council for the flexibility to make adjustments and I am not advocating for further cutting the FY 21 budget from what I am recommending in this amended budget recommendation. We already have the risk of layoffs, program and service cuts and not being able to meet our obligations to not-for-profits, who will be the tip of the spear of dealing with the personal crisis our residents will be experiencing.

The City policy is 20% General Fund reserves (\$14.5 million). Our Enterprise Funds also have reserves. The City has \$17 million in General Fund reserves. With all that is happening in the current fiscal year (FY 20), I am not anticipating that the \$2.5 million in excess General Fund reserves will survive this fiscal year. The City is implementing

methods to control expenditures, for instance; frozen positions, delays in equipment purchases, putting a hold on certain capital projects, freezing certain travel and training, and delaying payments to not-for-profit partners until we know the money is available. We will try to avoid dipping into the \$14.5 million 20% General Fund reserves, however, that might need to happen in FY 21. If some of the 20% General Fund reserves are used, the City will need to replenish those funds to meet City Council reserve policy and to positively impact the City bond rating which impacts borrowing costs. The City is aware of some federal assistance coming our way, including \$3.6 million in transit funds and over one million dollars for the airport. We are still waiting on word from Governor Reynolds on how she will use the \$1.25 billion the State of Iowa received from the federal assistance package. We are being told by the lobbyist for the Metropolitan Coalition that we should not expect that answer until the legislature reconvenes in June.

In the past, the City has provided a 50% reduction for solid waste collection fees and storm water fees for low income residents. This amended budget recommends extending that 50% discount to the water and sanitary sewer fees for low income residents at an estimated General Fund cost of \$215,377.

Both the water fund and the sanitary sewer fund are dependent on water usage. Some of the largest water users are the Dubuque Community School District, the three colleges and restaurants. All of these are using substantially less water than before the crisis. However, the FY 20 water use projections created in January 2019 for the current year budget had been exceeded through February 2020, so we started this crisis in a good financial position. Numbers for the period since all of the closures occurred are showing a 3% – 6% drop in water usage, which will negatively impact water and sanitary sewer revenues through the remainder of FY 20 and into FY 21. The sanitary sewer budget has a more diverse operating revenue stream (industrial high strength waste deliveries, industrial pretreatment contracts, and sale of BioCNG) than water, so sanitary sewer revenues will be less impacted. I am recommending no increase in either the water fee or the sanitary sewer fee, as opposed to the original recommendation to increase these fees. Vacant positions, equipment purchases and capital projects will be reviewed on a quarterly basis.

The storm water fee is pretty recession proof as homes and businesses will still have impervious surfaces, the basis for the fee calculation. I am recommending no increase in the storm water fee, as opposed to the original recommendation to increase the fee. However, capital projects might be affected because those are more dependent on the share of state sales tax the City receives from the \$98.5 million grant the City received. The City receives a portion of the annual incremental increase in state sales tax collections from City businesses over a 20-year period, and those most certainly will not meet the projections developed long before the Covid-19 crisis. The City is completely dependent on the State of Iowa Department of Revenue for sales tax projections and they have provided no updates. On the positive side, we believe that these federal stimulus packages, those already passed and those yet to come, have some infrastructure stimulus money and our stormwater capital projects are already in the pipeline to receive federal grants, which we think will be attractive funding opportunities

for the federal government to increase those grants. Vacant positions, equipment purchases and capital projects will be reviewed on a quarterly basis.

Probably the most recession proof revenue source the City has is the solid waste collection fee. The City does not collect from commercial (except apartment buildings with 6 units or less) or industrial customers, so we have no exposure to those closures. The City's one financial exposure is related to recycling. If the recycling markets collapse and the City has to pay to get rid of recyclable materials, it could cost over \$80,000 a year according to the current City contracts. The City has no indication there are any significant problems with the recycling markets at this time and this has been verified with the City's private recycling contractor. This is why I feel comfortable in recommending a solid waste collection fee decrease (about 4%) as part of this FY 21 amended budget recommendation.

I believed the following thirteen points from Public Works staff provided a compelling case for the implementation of mandatory refuse carts collected with automated refuse cart arms throughout the community:

- Reduce Lost Workdays - The top 10 worker's compensation claims for solid waste collection employees between 2006 and 2017 had 1,725 lost workdays from injuries.
- Reduce Worker Compensation Claims - The top 10 City of Dubuque injuries for solid waste collection employees between 2006 and 2017 equaled \$1,287,710.
- Reduce Employee Concerns - While the pandemic has highlighted employee concerns about touching the trash, there has always been employee concerns about being exposed to bed bugs and fleas.
- Resiliency Advisory Commission Concerns – The revised proposal addresses the Commission's concern related to cart size. The modifications enhance our efforts to get to zero waste and strengthens the "pay-as-you-throw concept" where the more refuse you put out the more you pay.
- Rate Increase – The revised proposal eliminates the rate increase.
- In 2008, the City started a pilot cart program and has grown that program over the past twelve years and now has over 4,700 carts being used City-wide.
- Customer Convenience - The City will own and maintain the carts.
- Discounted Rate - Low income residents will continue to qualify for a 50% discount on their monthly rate. Discounts will now be subsidized by the General Fund in the same way currently being done with stormwater fees.

- Option Out - There will be customer exceptions made in the community where this will not be implemented because of terrain.
- Frail and Disabled - Exceptions will be made for the frail and disabled who would struggle with a cart.
- Environmental - The cart system will help to keep neighborhoods clean.
- Future Growth – The automated side loaders will create the ability to absorb some future growth without adding employees and equipment.
- Existing Work Force - This recommendation will preserve existing City jobs and will not privatize the system.

However, it has become obvious that this has become a divisive issue and has little chance of approval. While I am abandoning the mandatory refuse carts collected with automated refuse cart arms recommendation, I would like to preserve some of the safety issues that were designed to reduce employee injuries. This amended proposal will allow 100% customer choice to have a cart or not. I believe this is a win-win recommendation because it will eliminate the previously recommended increase in refuse rates, reduce debt (now the City will only be using \$100,000 in debt in Fiscal Year 2025 for solid waste collection activities in this 5-year capital improvement program), preserve pay-as-you-throw recycling incentives, provide for 100% customer choice, preserve a low income customer 50% discount and avoid privatization of an efficiently run system.

This proposal eliminates the request to purchase over the next three years \$120,000 in automated collection arms for City refuse trucks and eliminates the request to purchase \$732,000 in refuse carts. **The only budget approval being asked of the City Council is to purchase one automated collection arm for a City refuse truck for \$40,000 in FY 21.** The other modification is that if a customer decides they want a City-owned and maintained cart at their property, they will have 4 cart choices; 34 gallon, 48 gallon, 64 gallon and 94 gallon, instead of the current two choices of 64 gallon and 94 gallon carts. Several existing City trucks currently have semi-automated tippers (not automated arms), so the more carts in the system the less lifting employees will have to do to empty the trash. While this does not avoid injuries from being struck by vehicles or from slip and falls, it does avoid the strain and minimize potential for injury from heavy lifting. The one truck with the automated collection arm will be assigned to the routes with the most tipper carts, which is currently the downtown alleys where the City has had tipper carts since 2008. Currently there are over 3,400 City-owned and maintained tipper carts out in the community. When a customer does not have a tipper cart, the employee can still empty the can the old fashion way by manually lifting it into the truck. The City currently has \$35,000 a year budgeted in the existing operating budget to purchase tipper carts, so the City will be adding just over 600 carts a year on a completely voluntary basis. This means that at some point in the future, City staff will

be asking for a second tipper cart automated collection arm, providing greater protection from employee injuries.

Now looking at the entire budget recommendation, I am making my budget recommendations in an effort to continue City services and programs and their associated quality, all of which the City Council has said are things the residents should receive. Those programs and services become more critical in a crisis, not less critical. Now if a City Council Member or resident believes there are some City services and programs or payments to outside agencies the City should eliminate, those could be identified at this budget public hearing. If a majority of the City Council wants to consider any further budget changes, City staff can develop a cost savings or increase estimate related to those items. Depending on the complexity of what is requested as far as changes to this amended FY21 budget recommendation, the public hearing might need to be recessed and City staff come back on a date certain, before the April 30 state-mandated deadline, and the City Council could decide if cutting or adding those things is the correct decision.

Right now our Leadership Team (almost 100 employees) is trying to help the City organization stay grounded. We are answering as a group these 7 questions, "How leaders can best set priorities during the coronavirus crisis"

<https://www.fastcompany.com/90486812/how-leaders-can-best-set-priorities-during-the-coronavirus-crisis>

- What is most important to preserve during the crisis? (reputation, connection with customers, expertise, momentum on a certain project etc.)
- What traits or characteristics do you want to display in this crisis?
- If you look back on the crisis in 10 years, what will make you feel like you managed the crisis well?
- Are there particular morals or guiding principles that feel important to you at this time?
- What key relationships do you want to maintain during this crisis? (It is important to think beyond your immediate stakeholders and to also consider relationships with your community and your family.)
- To what do you aspire during this crisis? (calm, courageous, heroic, measured etc.)
- What would make you feel proud even if the crisis ends badly for you or your business?

To manage the difficult decisions that are going to need to be made, I am forming multiple employee work groups. All teams will be assigned to assist the Budget

Department as needed with review of FY 21 projections. This will minimally be quarterly (July 1, 2020, October 1, 2020, January 1, 2021, and April 1, 2021).

Recommendations would be generally based on community impact as follows:

1. Funding source availability
2. Priority values developed by Leadership Team (the 7 questions described above)
3. City Council goals & priorities
4. Does the item influence our ability to provide essential services?
5. All teams will have to interact to determine influence on each other (i.e., if we cut a service, there will be staffing implications)

The work groups are:

1. CIP & Equipment Team (Additional decision criteria: Is project under contract?, Grant-funded?)
2. Operating Budget Team (Programs & Services).
3. Purchase of Services & Contracts Team (Additional decision criteria: equity indicators -- even more important as we think about vulnerable populations).
4. Grants & Contracts team
5. Staffing & Vacant Position Review

After the budget process is done and employees have more time available as they manage through this crisis, I will be directing departments to develop cut back budgets that assume operating at reduced funding levels, so we will be prepared with strategies as the economy and revenues come back at some now unknown pace.

In the short term we are also forming a "Re-entry Team". Best case scenario, we are opening City Hall and other City facilities back up in several weeks and there are a lot of questions to work through.

Some of you might remember the 2004 budget amendment public hearing when I was recommending the elimination of 19 positions and there were over 400 people in the audience, so the meeting was held at the Five Flags Theater. Maybe we were more prepared for that large attendance because people were going door-to-door with petitions to save the jobs, as I was recommending eliminating 19 out of almost 700 City positions (2.7% of the City workforce). It is understandable because employees and members of the community were in pain. We did not have the opportunity to plan for

those budget cuts because we did not know the state legislature was going to pass a \$61 million state budget cut eliminating the local government revenue sharing program after the deadline had passed for the cities to adopt their property tax levies for the next fiscal year. This \$1.1 million City of Dubuque revenue cut was combined with a bad health care year where we had a \$1 Million self-insured employee health care shortfall. I am hoping that this pandemic crisis does not create the need for similar difficult decisions.

The potential for a deficit in FY 21 that makes this 2004 \$2 Million budget impact look like a walk in the park concerns me. That is why I am hoping the City Council will support my FY 21 budget recommendation that will have a small decrease in property taxes for the average homeowner (and larger decreases for both commercial and industrial properties) and a slight decrease in the solid waste collection fee, but no increases in the water, sanitary sewer, and storm water fees. Hopefully, the economy will come back quick enough that we will be able to unfreeze positions, complete capital projects, buy equipment, fund not-for-profit partners and maintain programs, but, if it does not, hopefully, we will be able to avoid mass layoffs and significant programs and service cuts, along with possible reductions in payments and grants to outside agencies who will be depending on money from the City to maintain critical services to the most vulnerable in our community while they are experiencing catastrophic personal situations. Fortunately, unlike 2003, the City has some time to plan and prepare for this potentially catastrophic pandemic/economic crisis. Of course, the City Council will decide what they believe is good planning for this potential economic recession.

If you accept my FY 21 amended budget recommendation, the following will be the results:

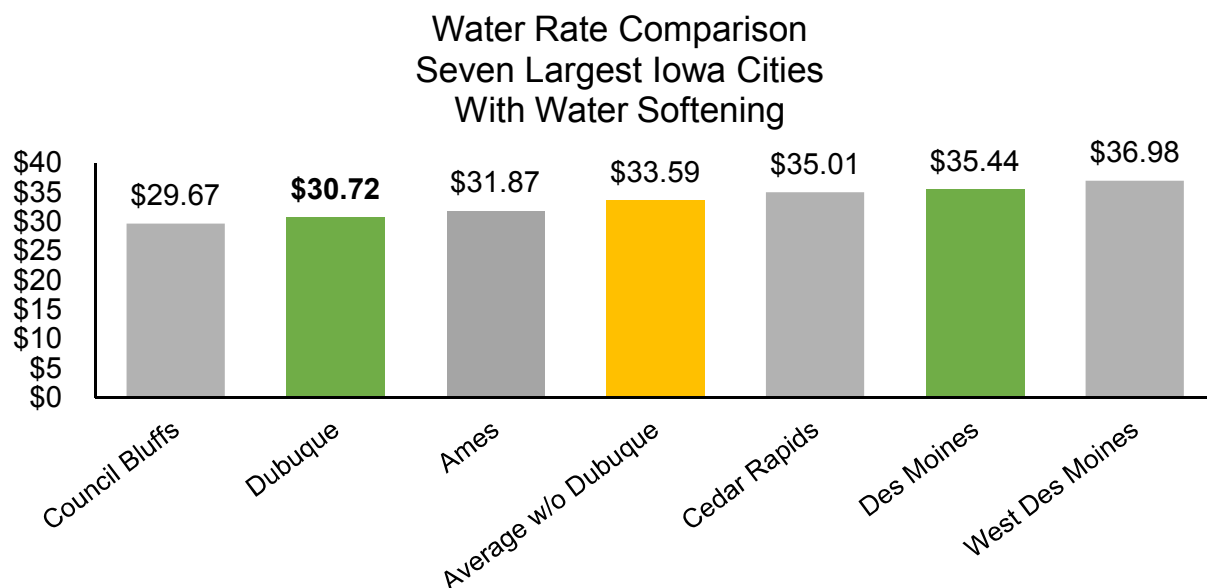

Dubuque has the **LOWEST** property tax rate as compared to the eleven largest cities in the state. The highest rate (Waterloo) is 81.75% higher than Dubuque's rate, and the average is 49.99% higher than Dubuque. Dubuque's recommended FY 2021 property tax is \$10.1440 (decrease of -1.81% from FY 2020).

Dubuque is the **LOWEST** taxes per capita as compared to the eleven largest cities in the state. The highest (West Des Moines) is 152% higher than Dubuque's taxes per capita, and the average is 64% higher than Dubuque.

The Water user rate increase is recommended to decrease from 5.00% to 0% in FY21.

Dubuque's water is some of the best in the world! The highest rate (West Des Moines) is 20% higher than Dubuque's rate, and the average is 9% higher than Dubuque.

**The amended budget recommendation for the Water fund includes no increase to the Water user fee.**

The Sanitary Sewer user rate increase is recommended to decrease from 5.00% to 0% in FY21.

The highest rate (Ankeny) is 46% higher than Dubuque's rate, and the average is 4% lower than Dubuque.

**The amended budget recommendation for the Sanitary Sewer fund includes no increase to the Sanitary Sewer user fee.**

The Stormwater user rate increase is recommended to decrease from 6.83% to 0% in FY21.

### Stormwater Rate Comparison 10 Largest Cities in Iowa

The highest rate (Des Moines) is 77% higher than Dubuque's rate, and the average is 29% lower than Dubuque.

**The amended budget recommendation for the Stormwater fund includes no increase to the Stormwater user fee.**

The Refuse rate increase is recommended to decrease from 7.68% to -4.03% in FY21. In addition, the Fiscal Year 2021 Budget Recommendation included debt issuances of \$280,000 in FY21, \$280,000 in FY22 and \$280,000 in FY23, all of which have been eliminated in the Amended Fiscal Year 2021 Budget Recommendation. There is one borrowing projected in FY25 for \$100,000 for a truck replacement purchase.

The highest rate (Ames) is 75% higher than Dubuque's rate, and the average is 14% higher than Dubuque.

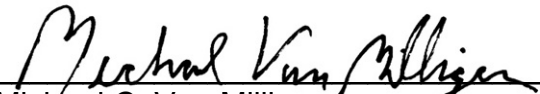

**The amended budget recommendation for the Refuse fund includes a decrease in the Refuse fee of -4.03% and a decrease of debt issued of \$840,000 in Fiscal Year 2021.**

It is important that you are aware that we all owe a debt of gratitude to the City employees who will not be taking their scheduled 1.5% pay raise in Fiscal Year 2021. All of the collective bargaining agreements were voted on by their members to accept this change and the changes were negotiated with their collective bargaining representatives. Thank you for this sacrifice. We are also grateful that Gavilon Grain agreed to forego the last two years of their leases and begin paying a higher market rate lease in advance. Also, thank you to the Human Resources Department who identified and negotiated a change to go fully insured for Worker's Compensation coverage, saving a significant amount. These things and some others allowed the reduced budget recommendations possible and provides more flexibility when the budget picture becomes clearer. And, most certainly, thank you to Finance and Budget Director Jennifer Larson and Budget Analyst Rachel Kilburg as they constructed this amended budget recommendation.

I will follow the direction of a majority of the City Council as we navigate this perilous journey. Unfortunately for me, I had the responsibility to create an amended Fiscal Year 2021 budget recommendation for this budget public hearing. Fortunately for me, I have a great team to work with as we navigate these perilous waters.

I respectfully recommend Mayor and City Council approval of the amended Fiscal Year 2021 budget recommendation with a property tax rate of \$10.1440, a 1.81% decrease from Fiscal Year 2020. This would have the following impact on average on the different classes of property:

Residential	-\$1.09	-0.14%
Commercial	-\$104.43	-3.30%
Industrial	-\$132.62	-2.81%
Multi-residential	+\$158.73	+9.13%

**TO:** Michael C. Van Milligen, City Manager

**FROM:** Jennifer Larson, Director of Finance and Budget

**SUBJECT:** Amended Fiscal Year 2021 Budget Recommendation

**DATE:** April 22, 2020

The Fiscal Year 2021 Budget Recommendation was presented to City Council on February 17, 2020. There have been significant changes that have resulted in an Amended Fiscal Year 2021 Budget Recommendation.

**Coronavirus (COVID-19) Impact**

The financial impact of COVID-19 is unknown and unprecedented. A record number of workers have filed for unemployment benefits in Iowa, as businesses closed and consumers remained at home. The unprecedented surge in unemployment insurance claims comes just weeks after the novel coronavirus was first detected in Iowa. The losses show an instant, deep drop that surpasses even the Great Recession for Iowans. In Iowa, more than 210,000 jobless benefit claims have been filed in the past four weeks – a record level, including a peak of 67,334 claims for the week ending April 4, far exceeding the combined 64,600 jobs it lost from May 2008 to January 2010, the height of the recession.

The City of Dubuque relies on property tax revenue which is less “elastic” in short-term, but over time unemployment increases and the result is a decrease in the real estate market demand. Foreclosures due to unemployment, inability to pay taxes and mortgages, may increase and happen more quickly. Some fees are immediately impacted, such as transit and parking fees, because demand is reduced. Cities that do not significantly rely on sales tax or income tax and do not have a high percent of employment in high-risk industries will realize a decline in revenues more slowly than cities that do rely on sales tax or income tax.

The City of Dubuque’s operating budget is funded as follows:

All Funds Operating Revenue Source	%
Utilities	28.0%
Property Tax	19.2%
Operating Receipts	10.5%
State Grants	8.2%
Federal Grants	6.5%
Tax Increment Financing (TIF)	6.2%
Miscellaneous	4.9%

General Fund Operating Revenue Source	%
Utilities	6.4%
Property Tax	36.9%
Operating Receipts	20.1%
State Grants	2.7%
Federal Grants	1.9%
Tax Increment Financing (TIF)	0.7%
Miscellaneous	1.5%

<b>All Funds Operating Revenue Source</b>	<b>%</b>
<b>Local Option Sales Tax</b>	4.2%
<b>Franchise Fees</b>	3.8%
<b>Dubuque Racing Association Rent</b>	3.8%
<b>Riverfront Leases</b>	2.4%
<b>Hotel/Motel Tax</b>	1.7%
<b>Private Funding</b>	0.6%
<b>Total</b>	<b>100.0%</b>

<b>General Fund Operating Revenue Source</b>	<b>%</b>
<b>Local Option Sales Tax</b>	6.5%
<b>Franchise Fees</b>	7.5%
<b>Dubuque Racing Association Rent</b>	7.2%
<b>Riverfront Leases</b>	4.1%
<b>Hotel/Motel Tax</b>	3.3%
<b>Private Funding</b>	1.2%
<b>Total</b>	<b>100.0%</b>

The FY21 property tax rate is based on 1/1/19 valuations. The 1/1/20 valuations are already complete for the FY22 budget. Most likely the soonest that we would see significant decline in assessed valuations due to a drop in market prices/increase in foreclosures is 1/1/21 which impacts the FY23 budget which begins 7/1/22.

Due to COVID-19, we know that revenues will not be at the current level, however it is not possible to know the definitive revenue loss and how long the loss will continue. The City of Dubuque has been awarded some Federal Assistance such as Federal Transportation Administration CARES Act Section 5307 Funds for \$3,641,599; Community Development Block Grant Coronavirus Funds for \$647,301. Provides supplemental funding for community assistance and some percent of which can fund administrative overhead; Housing and Urban Development Housing Choice Voucher administrative funds for \$86,000; Federal Aviation Administration CARES Act Airport grant for \$1,159,773. The City Manager will work with the Airport Director and Airport Commission on a spending plan; Police Federal Bureau of Justice Coronavirus Emergency Supplemental Funding for \$68,679; and Ambulance Public Health and Social Services Emergency Fund for \$44,663 restricted to prevent, prepare for, and respond to coronavirus.

The following table shows the estimated general fund operating revenue loss related to COVID-19 for Fiscal Year 2020 and Fiscal Year 2021.

<b>General Fund Operating Revenue</b>	<b>FY20 Estimated Revenue Loss</b>	<b>FY21 Estimated Revenue Loss</b>
<b>Property Taxes (1% delinquent in FY21)</b>	\$0	\$267,000
<b>DRA Rent</b>	\$1,111,685	\$1,209,933
<b>Gaming Taxes</b>	\$135,069	\$163,769
<b>Hotel/Motel Tax</b>	\$404,587	\$389,000
<b>Local Option Sales Tax (50% Operating)</b>	\$0	\$997,391
<b>Five Flags Loss in Revenue/Increase in Subsidy</b>	\$201,049	\$0
<b>Electric Franchise Fees</b>	\$0	\$125,000

<b>Zoning Inspections</b>	\$41,041	\$25,640
<b>Business Licenses</b>	\$38,611	\$48,900
<b>Total General Fund Operating Revenue Loss</b>	<b>\$3,118,832</b>	<b>\$5,066,438</b>

The following table shows the estimated capital revenue loss related to COVID-19 for Fiscal Year 2020 and Fiscal Year 2021.

<b>Capital Revenue</b>	<b>FY20 Estimated Revenue Loss</b>	<b>FY21 Estimated Revenue Loss</b>
<b>DRA Distribution (100% Capital)</b>	\$0	\$1,599,417
<b>Local Option Sales Tax (50% Capital)</b>	\$0	\$997,391
<b>Total General Fund Capital Revenue Loss</b>	<b>\$0</b>	<b>\$2,596,808</b>

The following table shows the estimated Road Use Tax revenue loss related to COVID-19 for Fiscal Year 2020 and Fiscal Year 2021.

<b>Road Use Tax</b>	<b>FY20 Estimated Revenue Loss</b>	<b>FY21 Estimated Revenue Loss</b>
<b>Road Use Tax</b>	\$538,527	\$2,978,351
<b>Total Road Use Tax Revenue Loss</b>	<b>\$538,527</b>	<b>\$2,978,351</b>

The following table shows the estimated Airport restricted revenue loss related to COVID-19 for Fiscal Year 2020 and Fiscal Year 2021.

<b>Airport Restricted Revenue</b>	<b>FY20 Estimated Revenue Loss</b>	<b>FY21 Estimated Revenue Loss</b>
<b>Passenger Facility Charge</b>	\$32,763	\$49,500
<b>Customer Facility Charge</b>	\$15,069	\$18,000
<b>Total Airport Restricted Revenue Loss</b>	<b>\$47,832</b>	<b>\$67,500</b>

The following table shows the estimated enterprise fund operating revenue loss related to COVID-19 for Fiscal Year 2020 and Fiscal Year 2021.

<b>Fund</b>	<b>Revenue Type</b>	<b>FY20 Estimated Loss</b>	<b>FY21 Estimated Revenue Loss</b>
<b>Parking</b>	Parking Meter	\$181,000	\$260,000
<b>Parking</b>	Parking Ticket Fines	\$92,000	\$110,000
<b>Parking</b>	Ramp monthly fees	\$172,000	\$569,006
<b>Parking</b>	Event Rental	\$13,000	\$4,536
<b>Parking</b>	Lot Monthly fees	\$14,000	\$43,000
<b>Parking</b>	Parking - Ramp Daily Fees	\$71,000	\$53,000

<b>Fund</b>	<b>Revenue Type</b>	<b>FY20 Estimated Loss</b>	<b>FY21 Estimated Revenue Loss</b>
Parking	<b>Total Parking Revenue Loss</b>	<b>\$543,000</b>	<b>\$1,039,542</b>
<b>Water</b>	Water User Fees	\$0	\$50,000
<b>Water</b>	Shut-Off Fees	\$2,250	\$0
<b>Water</b>	Late Fees	\$25,263	\$0
Water	<b>Total Water Revenue Loss</b>	<b>\$27,513</b>	<b>\$50,000</b>
<b>Sanitary Sewer</b>	Sanitary Sewer User Fees	\$0	\$50,000
<b>Sanitary Sewer</b>	Shut-Off Fees	\$ 2,250	\$0
<b>Sanitary Sewer</b>	Late Fees	\$31,578	\$0
Sanitary Sewer	<b>Total Sanitary Sewer Revenue Loss</b>	<b>\$33,828</b>	<b>\$50,000</b>
<b>Stormwater</b>	Late Fees	\$11,841	\$0
<b>Stormwater</b>	<b>Total Stormwater Revenue Loss</b>	<b>\$11,841</b>	<b>\$0</b>
<b>Refuse</b>	Late Fees	\$10,263	\$0
Refuse	<b>Total Refuse Revenue Loss</b>	<b>\$10,263</b>	<b>\$0</b>
<b>Transit</b>	Passenger Fares	\$55,613	\$56,000
<b>Transit</b>	Advertising Fees	\$19,303	\$0
Transit	<b>Total Transit Revenue Loss</b>	<b>\$74,916</b>	<b>\$56,000</b>
<b>Total Enterprise Fund Revenue Loss</b>		<b>\$701,361</b>	<b>\$1,195,542</b>

The following table summarizes the total estimated operating revenue loss for all funds related to COVID-19 for Fiscal Year 2020 and Fiscal Year 2021.

<b>Fund</b>	<b>FY20 Estimated Revenue Loss</b>	<b>FY21 Estimated Revenue Loss</b>
<b>General Fund Operating</b>	\$3,118,832	\$5,066,438
<b>General Fund Capital</b>	\$0	\$2,596,808
<b>Road Use Tax Fund</b>	\$538,527	\$2,978,351
<b>Airport Restricted Funds</b>	\$47,832	\$67,500
<b>Parking Fund</b>	\$543,000	\$1,039,542
<b>Water Fund</b>	\$27,513	\$50,000
<b>Sanitary Sewer Fund</b>	\$33,828	\$50,000
<b>Stormwater Fund</b>	\$11,841	\$0
<b>Refuse Fund</b>	\$10,263	\$0
<b>Transit Fund</b>	\$74,916	\$56,000
<b>Total COVID-19 Revenue Loss</b>	<b>\$4,406,552</b>	<b>\$11,904,639</b>

Between Fiscal Year 2020 and Fiscal Year 2021, the City of Dubuque could lose an estimated \$16.3 million in revenue.

The City of Dubuque has also incurred costs related to COVID-19. The following table summarizes the cost through April 16, 2020:

<b>COVID-19 Cost</b>	<b>Amount</b>
<b>Payroll Related to COVID-19 Work</b>	\$216,250
<b>COVID-19 Employee Leave</b>	\$144,877
<b>Five Flags Additional Subsidy Payment</b>	\$120,000
<b>Sanitization of City Hall and Historic Federal Building</b>	\$52,101
<b>Janitorial Products/Translation/Other</b>	\$20,502
<b>Total COVID-19 Cost Through 4/20/20</b>	<b>\$553,730</b>

The following is the course of action being taken to help mitigate the financial burden of COVID-19:

1. Administratively initiate a hiring freeze on most positions vacant in Fiscal Year 2020. Positions will be evaluated by the City Manager on a case-by-case basis as they become vacant, with there being few exceptions to the freeze. This hiring freeze will be reevaluated minimally quarterly (July 1, 2020, October 1, 2020, January 1, 2021, and April 1, 2021). How far into Fiscal Year 2021 vacant positions are frozen will be determined by the revenues. Should this appear to be more of a long-term issue, it will need to be dealt with using a more long-term solution through the Fiscal Year 2022 budget process. When positions were previously frozen in Fiscal Year 2015, the budget was removed related to the frozen positions. This is not the case for the vacant positions being frozen in Fiscal Year 2021, the budget will remain intact for the frozen positions.

The Fiscal Year 2020 savings by fund from vacant positions that is available to help offset the financial impact of the COVID-19 is as follows:

<b>Vacancy Savings by Fund</b>	<b>FY 2020</b>
<b>General Property Tax</b>	\$926,063
<b>Road Use Tax</b>	\$76,614
<b>CDBG</b>	\$28,553
<b>Transit</b>	\$14,317
<b>Sanitary Sewer</b>	\$131,372
<b>Stormwater</b>	\$72,937
<b>Water</b>	\$128,141
<b>Internal Service</b>	\$28,674
<b>Garage Service</b>	\$85,383
<b>Total FY20 Vacancy Savings All Funds</b>	<b>\$1,386,992</b>

In total, there are 26.10 full-time equivalents or 30 vacant positions frozen. The frozen Fiscal Year 2020 vacant positions summarized by department and by type are as follows:

Department	FTE	Type	FY21 Cost	10/01/20 Savings
<b>Building</b>	1.00	Full-time	\$115,864	\$29,281
<b>Economic Dev</b>	0.25	Seasonal	\$7,912	\$1,940
<b>Engineering</b>	2.00	Full-time	\$138,494	\$35,066
<b>Fire</b>	3.00	Full-time	\$229,620	\$51,692
<b>Housing</b>	1.00	Full-time	\$96,580	\$24,410

- Administratively initiate a hiring freeze on most new positions recommended in Fiscal Year 2021. These positions will be funded in the Fiscal Year 2021 but frozen. This hiring freeze will be reevaluated minimally quarterly (July 1, 2020, October 1, 2020, January 1, 2021, and April 1, 2021). How far into Fiscal Year 2021 new positions are frozen will be determined by the revenues. Should this appear to be more of a long-term issue, it will need to be dealt with using a more long-term solution through the Fiscal Year 2022 budget process.

The following Fiscal Year 2021 new positions are recommended to be frozen:

Department	Fund	FTE	Type	Position	FY21 Cost	10/01/20 Savings
<b>Building Services</b>	General		Full-Time	Custodian	\$56,091	\$14,171
<b>Engineering</b>	General	0.50	Full-Time	Camera systems technician	\$33,278	\$8,319
<b>Fire</b>	General	1.00	Full-Time	Firefighter	\$86,417	\$21,604
<b>Library</b>	General	1.00	Full-Time	Youth Services	\$68,479	\$17,120
<b>Police</b>	General	1.00	Full-Time	School Resource Officer	\$44,761	\$11,190
<b>Public Works</b>	General	1.00	Full-Time	Traffic Signal Tech II	\$91,234	\$22,809
<b>General Fund Total</b>					<b>\$380,260</b>	<b>\$95,213</b>
<b>Engineering</b>	Sanitary Sewer	0.05	Full-Time	Civil Engineer	\$5,403.94	\$1,350.99
<b>Engineering</b>	Stormwater	0.52	Full-Time	Civil Engineer	\$16,992.12	\$4,248.03

Department	Fund	FTE	Type	Position	FY21 Cost	10/01/20 Savings
Engineering	Internal Service	0.43	Full-Time	Civil Engineer	\$45,659.11	\$11,414.78
Engineering	Internal Service	0.50	Full-Time	Camera Systems Technician	\$45,659.11	\$11,414.78
<b>Enterprise Funds Total</b>					<b>\$113,714</b>	<b>\$28,429</b>
<b>All Funds Total</b>					<b>\$493,974</b>	<b>\$123,642</b>

- All travel budgets (conferences, education and training, city business travel) for all departments have been frozen unless the conferences or education are needed to retain job certifications, required for accreditation, the registration has been already paid, the employee is on the Board of Directors, or employee has agreed to make a presentation. The Fiscal Year 2021 travel budgets are funded but frozen.

The following chart shows a summary of travel budgets frozen by fund in Fiscal Year 2020 and Fiscal Year 2021:

Fund	Budget Frozen	FY 2020	FY 2021
General	Travel	\$220,598*	\$570,256*
Road Use Tax	Travel	\$6,911	\$22,138
CDBG	Travel	\$0	\$18,489
Section 8	Travel	\$0	\$19,950
Cable TV	Travel	\$3,745	\$8,580
Transit	Travel	\$3,384	\$15,183
Sanitary Sewer	Travel	\$3,350	\$11,492
Stormwater	Travel	\$10,255	\$13,360
Parking	Travel	\$0	\$5,400
Water	Travel	\$3,945	\$29,348
Refuse	Travel	\$1,767	\$6,934
Internal Service	Travel	\$0	\$390
Garage Service	Travel	\$11,081	\$22,346
Landfill	Travel	\$3,578	\$20,382
<b>Total All Funds</b>	<b>Travel</b>	<b>\$268,614</b>	<b>\$746,248</b>

\*The frozen travel in Fiscal Year 2020 and 2021 does not include the Mayor and City Council conferences and training.

- Equipment replacements have been reviewed for Fiscal Year 2020 and Fiscal Year 2021. The Fiscal Year 2021 equipment replacement budgets are funded but some equipment has been identified to be delayed if necessary.

The following chart shows a summary of equipment replacement delays in Fiscal Year 2020 and Fiscal Year 2021:

<b>Fund</b>	<b>Budget Frozen</b>	<b>FY 2020</b>	<b>FY 2021</b>
<b>General</b>	Equipment	\$309,001	\$509,865
<b>Road Use Tax</b>	Equipment	\$16,702	\$2,000
<b>Sanitary Sewer</b>	Equipment	\$10,000	\$0
<b>Stormwater</b>	Equipment	\$186,361	\$40,000
<b>Parking</b>	Equipment	\$3,000	\$0
<b>Water</b>	Equipment	\$15,840	\$540,000
<b>Refuse</b>	Equipment	\$478,454	\$0
<b>Garage Service</b>	Equipment	\$0	\$25,500
<b>Landfill</b>	Equipment	\$12,000	\$0
<b>Total All Funds</b>	<b>Equipment</b>	<b>\$1,031,358</b>	<b>\$1,117,365</b>

5. All capital projects have been frozen unless the project is already under contract, a grant is associated with the project, the project is part of an agreement, or the project addresses health and safety. The Fiscal Year 2021 capital project budgets are funded but frozen.

The following chart shows a summary of capital project budgets identified by departments that can be frozen by fund in Fiscal Year 2020 and Fiscal Year 2021:

<b>Fund</b>	<b>Budget Frozen</b>	<b>FY 2020</b>	<b>FY 2021</b>
<b>General</b>	Capital	\$96,284	\$0
<b>DRA Distribution</b>	Capital	\$178,207	\$250,000
<b>Road Use Tax</b>	Capital	\$427,126	\$0
<b>Street Construction</b>	Capital	\$1,186,256	\$226,350
<b>Sales Tax Const 20%</b>	Capital	\$1,409,329	\$248,505
<b>General Construction</b>	Capital	\$273,643	\$0
<b>Airport Construction</b>	Capital	\$5,114,600	\$41,000
<b>Transit</b>	Capital	\$409,474	\$100,000
<b>Refuse</b>	Capital	\$56,199	\$0
<b>Sanitary Sewer</b>	Capital	\$1,012,211	\$23,500
<b>Stormwater</b>	Capital	\$81,206	\$796,918
<b>Parking</b>	Capital	\$172,286	\$0
<b>Water</b>	Capital	\$1,862,870	\$1,477,410
<b>Total All Funds</b>	<b>Capital</b>	<b>\$12,279,691</b>	<b>\$3,163,683</b>

6. No wage increases for non-bargaining and bargaining unit employees in Fiscal Year 2021. The Fiscal Year 2021 budget recommendation included a 1.5% wage increase.

The following chart shows the savings by fund if there is no wage increase for both non-bargaining and bargaining unit in Fiscal Year 2021:

<b>Fund</b>	<b>FY21 Savings No Wage Increase Bargaining + Non-Bargaining</b>
<b>General Property Tax Fund</b>	<b>\$508,184</b>
<b>Road Use Tax</b>	<b>\$28,319</b>
<b>Community Development Block Grant</b>	<b>\$6,628</b>
<b>Lead</b>	<b>\$4,801</b>
<b>Section 8</b>	<b>\$9,924</b>
<b>Cable TV</b>	<b>\$5,489</b>
<b>Transit</b>	<b>\$32,924</b>
<b>Sanitary</b>	<b>\$23,249</b>
<b>Storm</b>	<b>\$6,719</b>
<b>Parking</b>	<b>\$8,275</b>
<b>Water</b>	<b>\$28,446</b>
<b>Refuse</b>	<b>\$20,389</b>
<b>Internal Service</b>	<b>\$23,192</b>
<b>Garage</b>	<b>\$12,415</b>
<b>Landfill</b>	<b>\$11,982</b>
<b>Total FY21 No Wage Increase Savings</b>	<b>\$730,934</b>

7. To manage the difficult decisions that are going to need to be made multiple employee work groups will be formed as follows:
  - a) CIP & Equipment Team (Additional decision criteria: Is project under contract? Grant-funded?)
  - b) Operating Budget Team (Programs & Services)
  - c) Purchase of Services & Contracts Team (Additional decision criteria: equity indicators -- even more important as we think about vulnerable populations)
  - d) Grants & Contracts team
  - e) Staffing & Vacant Position Review

All teams will be assigned to assist the budget department as needed with review of FY21 projections. This will minimally be quarterly (July 1, 2020, October 1, 2020, January 1, 2021, and April 1, 2021).

Recommendations would be generally based on community impact as follows:

- a) Funding source availability

- b) Priority values developed by leadership team (the 7 questions described above)
  - c) City Council goals & priorities
  - d) Does the item influence our ability to provide essential services?
- All teams will have to interact to determine influence on each other (ex. if we cut a service, there will be staffing implications)

After the budget process is done and employees have more time available as they manage through this crisis, departments will be directed to develop budget cuts that assume operating at reduced funding levels so that the City will be prepared with strategies to implement as the economy and revenues come back at some unknown pace.

### **Fiscal Year 2021 Amended Budget Recommendation**

The following changes occurred after the Fiscal Year 2021 Budget Recommendation was presented to the Mayor and City Council on February 17, 2020.

#### **General Property Tax Fund**

##### **City Employee Wage Increase**

The Fiscal Year 2021 Budget Recommendation included a 1.5% wage increase for all bargaining and non-bargaining unit employees.

**The amended Fiscal Year 2021 budget recommendation is that non-bargaining unit and bargaining-unit City employees will receive no pay raise. This will be a savings of \$730,934 (\$541,107 general property tax fund).**

##### **City Lease Revenue**

City lease revenue has a net increase of \$310,138 in Fiscal Year 2021 as the result of the negotiation of the Gaviion 7<sup>th</sup> Street and Gaviion Purina Drive riverfront leases.

**The amended budget recommendation now includes additional general property tax fund revenue of \$310,138 in Fiscal Year 2021.**

##### **Workers' Compensation**

The City of Dubuque is fully self-insured for workers' compensation. In January 2020, the City issued a request for proposals for fully insured workers' compensation insurance. The City received one proposal from Iowa Municipalities Workers' Compensation Association (IMWCA). As part of the services provided by IMWCA, the City would receive a minimum of four loss control visits by the Loss Control Manager during the coverage year. In addition, the City would have access to the IMWCA certified HR Specialist to help manage the City's workers' compensation exposures. The premium quoted for Fiscal Year 2021 is \$96,040 less that the amount the City has budgeted to fund the workers' compensation reserve.

**The amended budget recommendation now includes a reduction of workers' compensation expense of \$94,819 (\$39,636 general property tax fund) in Fiscal Year 2021.**

**City Vehicle Fuel Expense**

Gasoline prices are falling fast, driven by the coronavirus pandemic and a price war between Saudi Arabia and Russia. The Fiscal Year 2021 budget has been revised to reflect a 20% reduction in fuel expense from what was originally recommended in the Fiscal Year 2021 budget.

**The amended Fiscal Year 2021 budget recommendation now includes a reduction of fuel expense of \$301,487 (\$195,460 general property tax fund) in Fiscal Year 2021.**

**Refuse 50% Reduction of Monthly Fee for Income Qualified Expense**

The Fiscal Year 2021 Budget Recommendation included the Refuse 50% reduction of the monthly fee for income qualified to be paid from the Refuse Fund. In order to reduce the Refuse Fund fee increase recommended in Fiscal Year 2021, it is recommended that the Refuse 50% reduction of monthly fee for income qualified be paid by the General Fund. This is consistent with best practices and consistent with the subsidy provided to low income for the stormwater fee.

**The amended Fiscal Year 2021 budget recommendation includes an increase in expense in the General Fund for \$43,000 for the Refuse 50% Reduction of Monthly Fee for Income Qualified.**

**Sanitary Sewer 50% Reduction of Monthly Fee for Income Qualified Expense**

Currently, there is not a 50% reduction of the sanitary sewer monthly fee for income qualified residents. In response to the hardship that COVID-19 has caused residents and to be consistent with best practices and the subsidies provided for Refuse and Stormwater, the Fiscal Year 2021 Revised Budget Recommendation includes a 50% reduction of the sanitary sewer monthly fee for income qualified residents. It is recommended that the Sanitary Sewer 50% reduction of monthly fee for income qualified be paid by the General Fund.

**The amended Fiscal Year 2021 budget recommendation includes an increase in expense in the General Fund for \$124,692 for the Sanitary Sewer 50% Reduction of Monthly Fee for Income Qualified.**

**Water 50% Reduction of Monthly Fee for Income Qualified Expense**

Currently, there is not a 50% reduction of the water monthly fee for income qualified residents. In response to the hardship that COVID-19 has caused residents and to be consistent with best practices and the subsidies provided for Refuse and Stormwater, the Fiscal Year 2021 Revised Budget Recommendation includes a 50% reduction of the

water monthly fee for income qualified residents. It is recommended that the Water 50% reduction of monthly fee for income qualified be paid by the General Fund.

**The amended Fiscal Year 2021 budget recommendation includes an increase in expense in the General Fund for \$90,685 for the Water 50% Reduction of Monthly Fee for Income Qualified.**

**Building Services Full-Time Custodian for Multicultural Family Center Expansion**

The colts building remodel will add approximately 11,000 square feet of space, including six new bathrooms, a kitchen, and new office and meeting space. Most of the space will be used as a community center which will have significant custodial requirements. In addition, once the renovation of the Colts building is complete, the hours of the Multicultural Family Center (existing and new) will double. The funding of this position was inadvertently not included in the Fiscal Year 2021 budget recommendation.

**The amended Fiscal Year 2021 budget recommendation now includes funding of \$68,687 for the Building Services full-time Custodian in Fiscal Year 2021.**

**Police Department Additional Overtime**

The funding for the request for additional overtime for Patrol Officers during the summer months of FY 2021, beginning July 1, 2020 and ending June 30, 2021 was inadvertently not included in the Fiscal Year 2021 budget recommendation. The Police department anticipates an increase in scheduled community events that will impact the community by increasing the number of visitors during the summer months, requiring increased police officer presence beyond regularly scheduled shift hours.

**The amended Fiscal Year 2021 budget recommendation now includes funding of \$9,812 for the Police Department additional overtime in Fiscal Year 2021.**

The net reduction in property tax support resulting from these changes is \$749,465. \$749,465 of the reduction in property tax support is recommended to be used to reduce the tax rate from the recommended \$10.43456 to \$10.14400 (a 1.81% decrease from Fiscal Year 2020).

**Enterprise Funds**

**Refuse**

The Fiscal Year 2021 Budget Recommendation included a 7.68% increase in the refuse fee. This fee increase allowed for the implementation of city-wide tipper carts.

Public Works staff provided a compelling case for the implementation of automated refuse carts throughout the community with the following thirteen points:

1. Reduce Lost Workdays - The top 10 worker's compensation claims for solid waste collection employees between 2006 and 2017 had 1,725 lost workdays from injuries.

2. Reduce Worker Compensation Claims- The top 10 City of Dubuque injuries for solid waste collection employees between 2006 and 2017 equaled \$1,287,710.
3. Reduce Employee Concerns - While the pandemic has highlighted employee concerns about touching the trash, there has always been employee concerns about being exposed to bed bugs and fleas.
4. Resiliency Advisory Commission Concerns – The revised proposal addresses the Commission’s concern related to cart size. The modifications enhance our efforts to get to zero waste and strengthens the “pay-as-you-throw concept” where the more refuse you put out the more you pay.
5. Rate Increase – The revised proposal eliminates the rate increase and provides for a rate decrease.
6. In 2008 the City started a pilot cart program and has grown that program over the past twelve years and now has over 4,700 carts being used city wide.
7. Customer Convenience - The City will own and maintain the carts.
8. Discounted Rate - Low income residents will continue to qualify for a 50% discount on their monthly rate. Discounts will now be subsidized by the General Fund in the same way currently being done with stormwater fees.
9. Option Out - There will be customer exceptions made in the community where this will not be implemented because of terrain.
10. Frail and Disabled - Exceptions will be made for the frail and disabled who would struggle with a cart.
11. Environmental - The cart system will help to keep neighborhoods clean.
12. Future Growth – The automated side loaders will create the ability to absorb some future growth without adding employees and equipment.
13. Existing Work Force - This recommendation will preserve existing City jobs and will not privatize the system.

However, it has become obvious that this has become a divisive issue and has little chance of approval. While this recommendation is being abandoned, some of the safety changes that were designed to reduce employee injuries would be preserved. The amended proposal will allow 100% customer choice to have a cart or not. This is a win-win recommendation because it will eliminate the previously recommended increase in refuse rates, reduce debt, preserve pay-as-you-throw recycling incentives, provide for

100% customer choice, preserve a low income customer 50% discount and avoid privatization of an efficiently run system.

This proposal eliminates the request to purchase over the next three years \$120,000 in automated collection arms for City refuse trucks and eliminates the request to purchase \$732,000 in refuse carts. The only budget approval being asked of the City Council is to purchase one automated collection arm for a City refuse truck for \$40,000 in FY 21. The other modification is that if a customer decides they want a City-owned and maintained cart at their property, they will have 4 choices; 34 gallon, 48 gallon, 64 gallon and 94 gallon, instead of the current two choices of 64 gallon and 94 gallon. The City trucks currently have semi-automated tippers (not automated arms), so the more carts in the system the less lifting employees will have to do to empty the trash. While this does not avoid injuries from being struck by vehicles or from slip and falls, it does avoid the strain and potential for injury from heavy lifting. The one truck with the automated collection arm will be assigned to the routes with the most tipper carts, which is currently the downtown alleys where the City has had tipper carts since 2008. Currently there are over 3,400 City-owned and maintained tipper carts out in the community. When a customer does not have a tipper cart, the employee can still empty the can the old fashion way by manually lifting it into the truck. The City currently has \$35,000 a year budgeted in the existing operating budget to purchase tipper carts, so the City will be adding just over 600 carts a year on a completely voluntary basis. This means that at some point in the future City staff will be asking for a second tipper cart automated collection arm, providing greater protection from employee injuries.

Since the FY21 budget recommendation was presented, updated information has been provided. The refuse fund vehicle fuel expense has been reduced by 30% resulting in projected savings of \$59,915 in FY 2021. There is projected savings of \$12,112 in workers' compensation expense due to the City switching from self-insured worker' compensation to fully insured worker's compensation. No employee wage increase in FY21 for bargaining unit and non-bargaining unit employees results in a savings of \$20,389. Updated information on the cost of refuse trucks has been received based on pricing received on refuse trucks purchased in FY20 and only one truck replacement will be made in FY21 instead of two. Updated information from vendors on the cost of the automatic arm equipment has been received. The 50% Refuse reduction of monthly fee for income qualified is funded by the General Fund instead of the Refuse Fund in FY21, which is a savings to the Refuse fund of \$43,000. The optional tipper carts are expected to generate an additional \$130,281 in Fiscal Year 2021.

The Refuse rate increase is recommended to decrease from 7.68% to -4.03% in FY21. This is possible based on the above. In addition, the Fiscal Year 2021 Budget Recommendation included debt issuances of \$280,000 in FY21, \$280,000 in FY22 and \$280,000 in FY23, all of which have been eliminated in the Amended Fiscal Year 2021 Budget Recommendation. There is one borrowing projected in FY25 for \$100,000 for a truck replacement purchase.

The highest rate (Ames) is 75% higher than Dubuque's rate, and the average is 14% higher than Dubuque.

The projected Refuse rate increases from Fiscal Year 2021 through Fiscal Year 2025 are as follows:

FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
-4.03%	2.07%	2.16%	2.18%	1.88%

**The amended budget recommendation for the Refuse fund includes a decrease in the Refuse fee of -4.03% and a decrease of debt issued of \$840,000 in Fiscal Year 2021.**

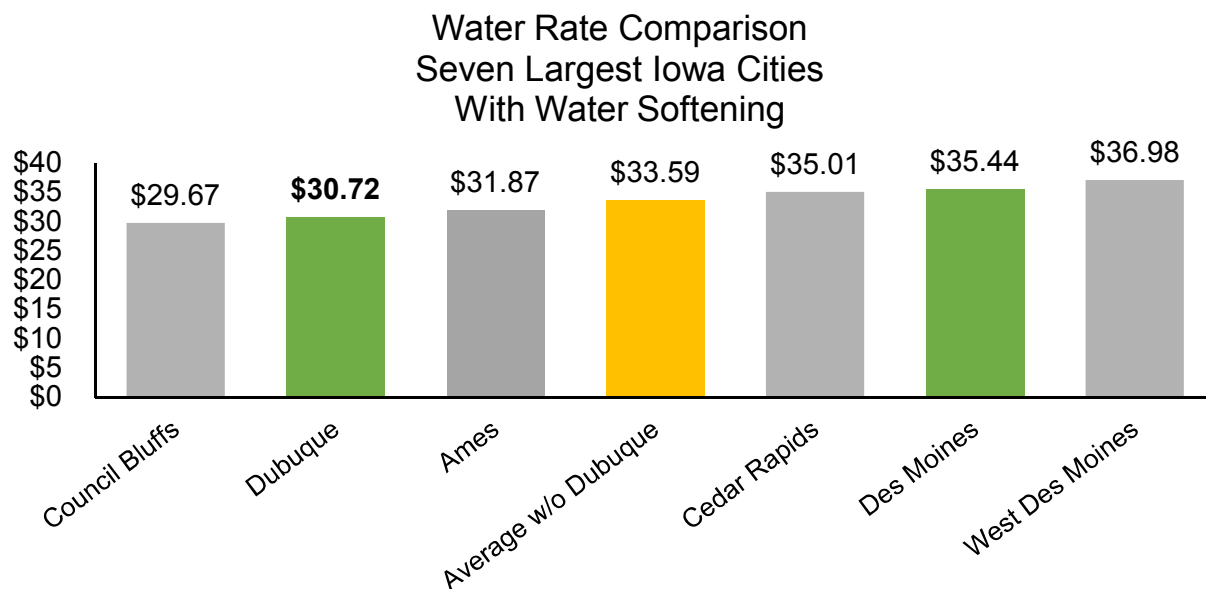

### **Water**

The Fiscal Year 2021 Budget Recommendation included a 5.00% increase in the water user fee.

Since the FY21 budget recommendation was presented, updated information has been provided. The Fiscal Year 2019 Certified Annual Financial Report was completed in March 2020 and water cash flow numbers for FY19 were updated. The FY21 water

revenue budget was based on six months of billed water consumption data which projected a decrease from FY19 billed water consumption data (decrease of 17,507 thousand gallons). An additional two months of billed water consumption data indicates that there is a slight increase in billed consumption (increase of 40,481 thousand gallons). No employee wage increase in FY21 for bargaining unit and non-bargaining unit employees results in a savings of \$28,446. The water fund vehicle fuel expense has been reduced by 20% resulting in projected savings of \$4,925 in FY 2021. There is projected savings of \$9,075 in workers' compensation expense due to the City switching from self-insured worker' compensation to fully insured worker's compensation.

The Water user rate increase is recommended to decrease from 5.00% to 0% in FY21. This is possible based on the above changes.

Dubuque's water is some of the best in the world! The highest rate (West Des Moines) is 20% higher than Dubuque's rate, and the average is 9% higher than Dubuque.

The projected Water rate increases from Fiscal Year 2021 through Fiscal Year 2025 are as follows:

FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
0%	6.00%	6.00%	5.50%	3.50%

**The amended budget recommendation for the Water fund includes no increase to the Water user fee.**

### **Sanitary Sewer**

The Fiscal Year 2021 Budget Recommendation included a 5.00% increase in the sanitary sewer user fee.

Since the FY21 budget recommendation was presented, updated information has been provided. The Fiscal Year 2019 Certified Annual Financial Report was completed in March 2020 and sanitary sewer cash flow numbers for FY19 were updated. The FY21 sanitary revenue budget was based on six months of billed water consumption data which projected a decrease from FY19 billed water consumption data (decrease of 17,507 thousand gallons). An additional two months of billed water consumption data indicates that there is a slight increase in billed consumption (increase of 40,481 thousand gallons). No employee wage increase in FY21 for bargaining unit and non-bargaining unit employees results in a savings of \$23,249. The sanitary sewer fund vehicle fuel expense has been reduced by 20% resulting in projected savings of \$5,307 in FY 2021. There is projected savings of \$4,132 in workers' compensation expense due to the City switching from self-insured worker' compensation to fully insured worker's compensation.

The Sanitary Sewer user rate increase is recommended to decrease from 5.00% to 0% in FY21. This is possible based on the above changes.

The highest rate (Ankeny) is 46% higher than Dubuque's rate, and the average is 4% lower than Dubuque.

The projected Sanitary Sewer rate increases from Fiscal Year 2021 through Fiscal Year 2025 are as follows:

FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
0%	5.00%	5.00%	5.00%	5.00%

**The amended budget recommendation for the Sanitary Sewer fund includes no increase to the Sanitary Sewer user fee.**

## **Stormwater**

The Fiscal Year 2021 Budget Recommendation included a 6.83% increase in the stormwater user fee.

Since the FY21 budget recommendation was presented, updated information has been provided. The Fiscal Year 2019 Certified Annual Financial Report was completed in March 2020 and stormwater cash flow numbers for FY19 were updated. No employee wage increase in FY21 for bargaining unit and non-bargaining unit employees results in a savings of \$6,719. The stormwater fund vehicle fuel expense has been reduced by 20% resulting in projected savings of \$4,742 in FY 2021. There is projected savings of \$1,151 in workers' compensation expense due to the City switching from self-insured worker's compensation to fully insured worker's compensation.

The Stormwater user rate increase is recommended to decrease from 6.83% to 0% in FY21. This is possible based on the above changes.

The highest rate (Des Moines) is 77% higher than Dubuque's rate, and the average is 29% lower than Dubuque.

The projected Stormwater rate increases from Fiscal Year 2021 through Fiscal Year 2025 are as follows:

FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
0%	1.75%	6.70%	0%	0%

**The amended budget recommendation for the Stormwater fund includes no increase to the Stormwater user fee.**

## **Recommendation**

The amended Fiscal Year 2021 budget recommendation includes funding for all recommended improvement packages including new positions. A complete listing of recommended improvement packages and the impact to the property tax rate and average homeowner is attached (attachment I). Most of the recommended new positions will be frozen in Fiscal Year 2021. This hiring freeze will be reevaluated minimally quarterly (July 1, 2020, October 1, 2020, January 1, 2021, and April 1, 2021). How far into Fiscal Year 2021 the new positions are frozen will be determined by the revenues. Should this appear to be more of a long-term issue, it will need to be dealt with using a more long-term solution through the Fiscal Year 2022 budget process. When positions were previously frozen in Fiscal Year 2015, the budget was removed related to the frozen positions. This is not the case for the new positions being frozen in Fiscal Year 2021, the budget will remain intact for the frozen positions.

The following Fiscal Year 2021 new positions are recommended to be frozen:

Department	Fund	FTE	Type	Position	FY21 Cost	10/01/20 Savings
<b>Building Services</b>	General	1.00	Full-Time	Custodian	\$56,091	\$14,171
<b>Engineering</b>	General	0.50	Full-Time	Camera systems technician	\$33,278	\$8,319
<b>Fire</b>	General	1.00	Full-Time	Firefighter	\$86,417	\$21,604
<b>Library</b>	General	1.00	Full-Time	Youth Services	\$68,479	\$17,120
<b>Police</b>	General	1.00	Full-Time	School Resource Officer	\$44,761	\$11,190
<b>Public Works</b>	General	1.00	Full-Time	Traffic Signal Tech II	\$91,234	\$22,809
<b>General Fund Total</b>					<b>\$380,260</b>	<b>\$95,213</b>
<b>Engineering</b>	Sanitary Sewer	0.05	Full-Time	Civil Engineer	\$5,404	\$1,351
<b>Engineering</b>	Stormwater	0.52	Full-Time	Civil Engineer	\$16,992	\$4,248
<b>Engineering</b>	Internal Service	0.43	Full-Time	Civil Engineer	\$45,659	\$11,415
<b>Engineering</b>	Internal Service	0.50	Full-Time	Camera Systems Technician	\$45,659	\$11,415
<b>Enterprise Funds Total</b>					<b>\$113,714</b>	<b>\$28,429</b>
<b>All Funds Total</b>					<b>\$493,974</b>	<b>\$123,642</b>

If this amended Fiscal Year 2021 budget recommendation is approved with a property tax rate of \$10.144, we will have exceeded the Fiscal Year 2021 budget guidelines adopted by the City Council at the February 4, 2020 City Council meeting.

The City Council adopted a guideline of a property tax increase for the average residential property owner of 2.7%. This recommendation would provide a decrease of 0.14%.

The City Council adopted a guideline of a property tax decrease for the average commercial property of 0.53%. This recommendation would provide a 3.30% decrease.

The City Council adopted a guideline of a property tax decrease for the average industrial property of 0.037%. This recommendation would provide a decrease of 2.81%.

The City Council adopted a guideline of a property tax increase for the average multi-residential property of 12.26%. This recommendation would provide an increase of 9.13%.

Beginning in Fiscal Year 2017 (July 1, 2016), new State legislation created a new property tax classification for rental properties called multi-residential, which requires a rollback, or assessment limitations order, on multi-residential property which will eventually equal the residential rollback. Multi-residential property includes apartments with three or more units. Rental properties of two units were already classified as residential property. The State of Iowa will not backfill property tax loss from the rollback on multi-residential property. The rollback will occur as follows:

<b>Fiscal Year</b>	<b>Rollback %</b>	<b>Annual Loss of Tax Revenue</b>
FY 2017	86.25%	\$331,239
FY 2018	82.50%	\$472,127
FY 2019	78.75%	\$576,503
FY 2020	75.00%	\$691,640
FY 2021	71.25%	\$1,332,445
FY 2022	67.50%	\$1,189,029
FY 2023	63.75%	\$1,276,899
FY 2024	55.07%	\$1,535,997
Total		\$7,405,879

From Fiscal Year 2014 through Fiscal Year 2020, the assessed value for multi-residential property did not change and the average multi-residential property had an assessed value of \$224,289. In Fiscal Year 2021, a revaluation of multi-residential property was done, and values increased 17%. The average multi-residential property now has an assessed value of \$262,418.

Iowa law requires that all real property be reassessed every two years in the odd numbered years. The Iowa Department of Revenue compares values to a sales assessment ratio study for residential, multi-residential and commercial classed properties. The assessment ratio is the assessed value divided by the sales price. If the assessment by property class is not between 95%-105% of the median sales ratio, the Iowa Department of Revenue adjusts the assessment with an equalization order to reach 100% of actual value. The Dubuque City Assessor's office made adjustment to each class of property for 2019 so that the median sales ratio would be within the parameters required by law. Before revaluation, multi-residential were 78.15% of market value and after the revaluation multi-residential were 97.81% of market value. The assessed valuation for multi-residential property had not been adjusted since prior to Fiscal Year 2014.

### Property Tax Rate Comparison Eleven Largest Iowa Cities

Dubuque has the **LOWEST** property tax rate as compared to the eleven largest cities in the state. The highest rate (Waterloo) is 81.75% higher than Dubuque's rate, and the average is 49.99% higher than Dubuque. Dubuque's recommended FY 2021 property tax is \$10.1440 (decrease of -1.81% from FY 2020).

### Comparison for Eleven Largest Iowa Cities Taxable Value Per Capita

Dubuque is the **LOWEST** taxes per capita as compared to the eleven largest cities in the state. The highest (West Des Moines) is 152% higher than Dubuque's taxes per capita, and the average is 64% higher than Dubuque.

The Fiscal Year 2021 Amended Budget Recommendation as compared to the adopted Fiscal Year 2020 Budget is as follows:

	Adopted FY20	Amended FY21	\$ Difference	% Difference
Property Tax Rate	\$10.33144	\$10.1440	-\$0.1874	-1.8%
Property Tax Asking	\$26,296,081	\$26,202,583	-\$93,498	-0.3%
Taxable Valuation (in Millions)	\$2,542,043	\$2,579,356	+\$37,313	+1.47%
Average Residential Payment	\$770.17	\$769.08	-\$1.09	-0.1%
Average Commercial Payment	\$3,160.71	\$3,056.26	-\$104.45	-3.3%
Average Industrial Property	\$4,713.76	\$4,581.15	-\$132.61	-2.8%
Average Multi-Residential Property	\$1,737.92	\$1,896.65	+\$158.73	+9.1%

The Fiscal Year 2021 Amended Budget Recommendation has changed substantially from when first presented to City Council on February 17, 2020. The following charts summarize the changes made in this amended recommended.

### **Property Tax**

	Recomm'd FY21	Amended FY21	\$ Difference	% Difference
Property Tax Rate	\$10.4346	\$10.1440	-\$0.2906	-2.8%
Property Tax Asking	\$26,952,048	\$26,202,583	-\$749,465	-2.8%
Average Residential Payment	\$791.11	\$769.08	-\$22.03	-2.8%
Average Commercial Payment	\$3,143.82	\$3,056.26	-\$87.56	-2.8%
Average Industrial Property	\$4,712.37	\$4,581.15	-\$131.22	-2.8%
Average Multi-Residential Property	\$1,950.98	\$1,896.65	-\$54.33	-2.8%

### **Utilities**

	Recomm'd FY21	Amended FY21	\$ Difference	% Difference
Avg. Water Monthly Payment	\$32.28	\$30.72	-\$1.56	-4.8%
Avg. Sanitary Sewer Monthly Payment	\$44.35	\$42.24	-\$2.11	-4.8%
Avg. Refuse Monthly Payment	\$16.82	\$14.99	-\$1.83	-10.9%
Avg. Stormwater Monthly Payment	\$8.85	\$8.29	-\$0.56	-6.3%

I respectfully recommend Mayor and City Council approval of the amended Fiscal Year 2021 budget recommendation with a property tax rate of \$10.1440, a 1.81% decrease from Fiscal Year 2020. This would have the following impact on average on the different classes of property:

Residential	-\$1.09	-0.14%
Commercial	-\$104.43	-3.30%
Industrial	-\$132.62	-2.81%
Multi-residential	+\$158.73	+9.13%

**RESOLUTION NO. -20**

**ADOPTING THE CITY OF DUBUQUE FISCAL YEAR 2021 ANNUAL BUDGET**

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the annual budget for the fiscal year ending June 30, 2021, as set forth in the Adoption of Budget and Certification of Taxes and supporting state budget forms showing the revenue estimates and appropriation expenditures and allocations to programs and activities for said fiscal year, is adopted as amended.

Section 2. The City Clerk is directed to make the filings required by law.

Passed, approved and adopted this 23<sup>rd</sup> day of April 2020.

Kevin Firnstahl, City Clerk

**RESOLUTION NO. -20**

**ADOPTING THE CITY OF DUBUQUE FIVE YEAR CAPITAL IMPROVEMENT PROGRAM**

WHEREAS, a recommended five-year Capital Improvement Program for the period beginning July 1, 2020, and ending June 30, 2025, for the City of Dubuque has been prepared and submitted to the City Council; and

WHEREAS, the five-year Capital Improvement Program describes specific capital improvement projects, provides estimated costs for those projects, proposes sources of funds for each of them, and schedules the year during which each project will be undertaken; and

WHEREAS, the capital improvement projects for the first year are included in the Fiscal Year 2021 budget for the City of Dubuque; and

WHEREAS, the five-year Capital Improvement Program will be reconsidered annually by the City Council and appropriately revised; and

WHEREAS, the adoption of the five-year Capital Improvement Program is a prudent measure to provide continuity of programs and is in the best interest of the City of Dubuque.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the five-year Capital Improvement Program for the period beginning July 1, 2020, set out in the Fiscal Year 2021-2025 Recommended Capital Improvement Budget, is hereby approved and adopted as amended allocation of City resources for capital improvements as scheduled in the years shown, subject to annual review and revision.

Passed, approved and adopted this 23<sup>rd</sup> day of April 2020.

**DRAFT 9 Solid Waste Collection Budget Comments: Paul Schultz, 2700 Matthew John Dr, President of Green Dubuque**

1. **Pandemic community impacts** should be our #1 concern. Council Priorities, Climate and Resiliency are next in line.
2. A robust Resilient Community Advisory Commission (RCAC) community engagement and planning process was developed for over a year. **Should there not have been such a process for a systemic change as impactful as automated collection, mandatory carts, significant capital costs and ratepayer behavior changes would have?**
3. **Most ratepayers do not identify a need for systemic solid waste collection changes.**
4. The PW proposal was never approved as a Council Top or High Priority during last August's Strategic Planning process. **Therefore, it should not be moved forward toward implementation in FY21 during a Pandemic.**
5. The proposal is out of sequence with the upcoming FY22-FY25 development of a City Comprehensive 10-Year Solid Waste Management Plan. **There is no pressing reason for a commitment to automated to come before this Plan.**
6. RCAC "Resiliency" defined: "ability ...to recover from adverse vulnerabilities while adapting to long-term changes."  
**Solid waste collection needs to be adapted to our ratepayer's long-term Pandemic financial vulnerabilities.**
7. Recycling tonnage has been declining by 3% per year over the last 5 years – more to it than lighter weight materials.
8. Trash tonnage is increasing by 1% per year over the last 5 years as trash carts were exempted from rate increases.
9. This modified proposal insufficiently addresses the Resilient Community Advisory Commission's 3 primary concerns:
  - a. Insufficient structure and commitment shown to aim to reduce waste. Trash carts incentivize Wasting!
  - b. Insufficiency regarding input and choices having no inclusive community outreach or engagement,
  - c. Rushed action proposed before allowing the development of a strategically-aligned and community engaged plan/study to better guide the transition to automated collection.
10. Some steps proposed in the right direction
  - a. Eliminating container options that often are overweight and/or too awkward to manually dump safely.
  - b. Strongly promoting the long standing 50% base-fee discount for low-income ratepayers
  - c. Exempting some ratepayers who would not able to manage setting out a tipper cart for collection
  - d. Offering an additional option of 34-gallon tipper carts
  - e. Not increasing the base-rate 35-gallon can or bag monthly fee in FY21.
11. Some potential steps in the right direction that are not currently proposed:
  - a. Tabling the Public Works FY21 proposal for automated collection, mandatory carts and non-essential capital commitments during the COVID-19 Pandemic.
  - b. Restoring cart cost sharing, common-use options especially helpful for elderly renters in multiplexes
  - c. Supporting non-mandatory 34-gal and 48-gal tipper carts where it makes sense to ratepayers
12. The issue is less about automated collection and is more about fundamental sustainability and resiliency:
  - a. Community input, engagement and partnerships,
  - b. Having a robust, transparent, inclusive and equitable planning process, and,
  - c. Incentivizing ratepayers to generate less waste by more effective fee structures and container options
13. Green Dubuque is also in opposition to making carts mandatory for all ratepayer trash generators. It is also about Fee Structure and why ratepayers should have to pay for non-essential collection elements that they may not ever get, need or want especially during this Pandemic.
14. Solid waste collection operates from a Municipal Utility Enterprise Fund and should not use tax support. Solid Waste Fee revenue of about \$4.00 per customer per month subsidizes the General Fund. It transfers \$1M per year to nine city departments to reduce their need for property taxes.
15. As stated in the City Manager's letter, the Workman's Compensation record for the last 3 years reports 43 lost work days from reportable injuries by 20 frontline Solid Waste Employees. These 14.3 work days per year at an average of \$23 per hour equals \$2,637 injury wages paid in total to employees per year. The \$36,842 of medical costs for those three years is for 20 frontline employees. This is \$12,281 in total medical costs per year for all Work Comp injuries. The total 3-year average is \$12,895 for Work Comp claimed injuries. This is .003% of the FY19 Solid Waste Budget.

16. Green Dubuque has never stated or implied anything in favor of privatizing City solid waste collection. What Green Dubuque has shared publicly is that City collection is not currently competitive with private collection services in surrounding communities.
17. Green Dubuque, as an official City Partner, will collaborate with PW to promote and implement steps to be taken in the right direction. However, during the Pandemic, Green Dubuque continues to recommend tabling this rushed automated collection, mandatory carts and capital investment in FY21 while transitioning into future automated collection considerations.

**Subject:** RE: "Garbage Plan"

Thank you for your interest in this topic. Sorry Ms. Earle, but we will need to agree to disagree. I just cannot ignore 1,725 lost days of work and \$1.3 million in Worker's Compensation claims. I can avoid all of this pain and suffering by employees while cleaning up the streets and alleys and creating the opportunity to grow the customer base without additional expense. The design gives a 50% discount to low income people and allows an exemption for the frail and disabled. It supports the city's move to zero waste by enhancing the pay as you throw model. I believe it is the right thing to do.

Mike

**Subject:** "Garbage Plan"

Mr. Van Milligan,  
Below you will find a copy of an email I sent to the City Council. This is my second letter to them, and this is something I rarely do. I feel very strongly about this issue and am addressing my same concerns to you that I addressed to them.

### Email to City Council:

I am writing again regarding the "garbage plan" and now the additional info about it in today's TH. I have written to you before regarding this issue and my view of it hasn't changed.

Whether or not the plan would increase our monthly expenses isn't the only issue. Enough money has been spent lately by this council and this unnecessarily adds to that amount. Really, we aren't made of money and many of us live on fixed incomes. The amount of money you want to spend for equipment and other essentials for this plan is money we don't have, money unnecessarily spent, and just ridiculous!

Then there is the issue of the size of these carts, even the 34 gallon ones. We have so little garbage at our house (as do many other couples, I'm sure) that we usually just use plastic garbage bags that weigh almost nothing and are easy to carry. How would you go about giving exemptions to "elderly and disabled residents who would struggle pushing a cart"? How would they qualify for that???

I find it hard to believe there are more workers' compensation claims now than there have been over these past many years so I don't buy that to be the reason for this "plan". Of course I don't like our service people being injured but there are a lot of city jobs that could cause injuries. In fact, I would be interested in hearing from the workers themselves and what their opinions of all of this might be.

There has been strong opposition voiced by a citizen advisory board and many individuals in this town but it appears that these voices aren't being heard. WE are the ones paying salaries and WE are the ones who you should be listening to! To those of you who ARE listening, I thank you very much. To the rest of you I say shame on you for following your own interests.

Thank you,

Karen Earle

Message: I'm dismayed to see that automated trash pickup is back on our agenda. One big issue no one seems to be considering is what happens to all the trash cans we already own. If we have to switch to oversize new ones, where do the old ones go? Will the city recycle them somehow, or donate them to other cities? Or will they all go out to the curb to be picked up by the big new machines, and dumped into the landfill? I hope you will address this issue. There are other reasons to keep things as they are, but this one has not been mentioned.

I am against the city going to the automated trash collection system for several reasons. One being that I own duplexes that have 1 person in each unit and I have to pay for two collection fees. This already seems unfair and it would be more so to go to the larger cans and higher fees. Also some of my tenants would have a problem maneuvering these cans to and from the curb. Thanks

**Subject:** regarding worker safety

This is in response to your regular emailing about the work of the SWM authority. However, it goes much beyond it. It also reflects on the style of government current in Dubuque, a City Manager heavy system.

Now that a dramatic move to implement waste pickup automatically by not only obtaining two test vehicles (a move that I and MANY consumers would have supported had you conscientiously sought consumer opinion) but by purchasing enough containers for the entire community whether or not the 'test' goes through has been forced through in a time where democratically more sensitive people, given the COVID-19 crisis, would have put such major actions on hold, have you considered a more relevant means of protection for the workers?

Masks are the PROVEN way of preventing person to person transmission of COVID-19 (and many other illnesses for that matter). They are NOT for the protection of the wearer, but to protect all those who are around the wearer (such as the OTHER PERSON on the crew, the consumer should close interaction take place, etc.) And masks which will work can EASILY

be procured and if the City and the SWM authority really cared about the workers, they would have made this perhaps the VERY FIRST priority, along with the still unavailable testing. Social distancing (including mask use) and testing are the TWO WAYS you can best protect your workers.

Please contact me back WHEN your workers are using these protections, not just the obvious gloves which they SHOULD have been using ALL ALONG.

And if you can forestall the purchase of the vast number of containers until everyone in our society has had a chance to give input like a true democracy would seek, that would be appreciated. This is not a City Manager Autocracy.

Presumably a democracy will return where ELECTED official can be held accountable for decision made in contravention of established Advisory Committees and without sufficient notice and input from The People.

Additionally, please note that I, personally, am NOT in favor of any privatization of our Solid Waste operations (nor are others, some of whom have been erroneously labeled with this intention.)

Paul Uzel

"The LORD bless you and keep you;  
the LORD make his face to shine upon you and be gracious to you;  
the Lord look kindly on you, and grant you Peace."

Paul

**Attachments:** Staff\_Memo\_ASF-\_Cart\_FY\_2021\_Revised\_Budget\_Proposal\_4-15-2020.pdf

--- Please respond above this line ---

Mr Uzel

Thank you for contacting the City of Dubuque with your thoughts on the Public Works proposal for the automation of trash collection and the use of trash carts city wide.

I would like to clarify a few points you offered in your email. The program being proposed is not a "test" or pilot program. We have been offering the option of carts to our customers since 2008. Currently we have 4,700 carts in use by our customers every week. The program has continued to grow and have received over 400 requests for cart service since the beginning of 2020.

The city-wide cart program has been under development since July of 2018. Stakeholder meetings designed to gain community engagement on several solid waste issues including the use of automated collection were held in September and October 2018. The Dubuque Landlord Association and neighborhood groups were contacted and were provided the survey information. In addition staff engaged the community in person by holding events at Dubuque's Farmers Market, City Expo and two events co-hosted with Green Dubuque. The results of these engagements were highlighted in a study completed in March of 2019 by Foth Infrastructure & Environment. The study results were reviewed in a presentation to the City Council on January 28, 2020.

I have also attached a memorandum which has more details on the proposed program for your review.

I would also like you to be assured that all safety standards related to the protection of our solid waste employees as it relates to COVID-19 are in place. We currently are following guidelines issued from OSHA and the Solid Waste Association of North America (SWANA).

If you have additional questions feel free to contact me, John Klostermann Public Works Director at [jkloster@cityofdubuque.org](mailto:jkloster@cityofdubuque.org) at 563-589-4348.

**TO:** Michael C. Van Milligen, City Manager  
**FROM:** John Klostermann, Public Works Director *JK*  
Anderson Sainci, Resource Management Coordinator & Supervisor  
**SUBJECT:** Automated Side Loader and City-Wide Mandatory Cart Use  
2021 Budget Revised Proposal  
**DATE:** April 15, 2020

### **Introduction**

The purpose of this memorandum is to provide information related to the Public Works Department Fiscal Year 2021 Revised Budget proposal for the implementation of automated side loader collection and city-wide mandatory use of trash carts.

### **Discussion**

The FY 2021 Public Works Capital Improvement budget has two capital projects related to the collection of solid waste. One is for the replacement of solid waste collection vehicles (CIP# 670-1533). The second is for the purchase of city provided tipper carts (CIP# 670-2843) for the collection of trash only carts which would be issued city wide. Both have been revised since originally submitted in the fall of 2019.

Annually the department provides a five-year schedule for replacement of the solid waste fleet. This is done through the CIP process by identifying the trucks and years they are replaced. Unrelated to this proposed new cart program, two side loader trucks are scheduled for replacement each year in FY 2021 and FY 2022. Some information to the public has in error attributed the costs of the replacement of existing trucks to the new program and it should not be. The \$40,000 per unit related to the purchase of the arm for the automated side loaders is \$120,000, not including the truck chassis and box which were already scheduled for replacement and need to be replaced even if automated refuse collection is not implemented. The second CIP is for the purchase of 18,000 tipper carts for the collection of trash. This project is being phased-in with a revised request to purchase 7,000 carts in FY 2021(\$280,000), 7,000 carts in FY 2021(\$285,600), and 4,000 carts in FY 2023 (\$166,440).

Using only the increased cost for equipment related to the purchase of the arm for the automated side loaders (\$120,000) and the purchase of the carts over the next three years (\$732,040), the total cost of the project is \$852,040.

In FY 2021 the personnel full time equivalent (FTE) will remain the same at 20.75. The revised proposal also has no fee increase in FY 2021. The original fee increase was eliminated by making the following changes to the proposal.

- Revised Estimate - Cost estimates were revised on actual costs received on trucks purchased in 2019 and revised estimates from our vendors for the automated side arm equipment,
- Revised Estimate Related to Carts - The revision was made based on information on the number of customers and carts currently in the system,
- Funding Change – The current low interest rate environment supports using debt for the purchase of the solid waste automated side loaders instead of cash.
- Revised Fuel Costs – The FY 2021 fuel budgets have been reduced by 20% due to anticipated lower fuel prices.
- Revised Workers Compensation Costs – The FY 2021 workers compensation costs for the solid waste activity have been reduced due to expected city wide savings related to the change in the workers compensation insurance plan and the reduction in employee injuries that will be experienced by switching to automated refuse collection with carts.

A major change to the original proposal in deference to the concerns of the Resiliency Advisory Commission is that the cart program will use a 34-gallon cart as the base cart offered to all customers, instead of the original proposal to use a 48 gallon cart as the base rate cart. Customers city-wide will also have the option to subscribe to a 48-gallon, 64-gallon, or 96-gallon cart to meet their individual need.

At a meeting with the Resiliency Advisory Commission on March 24, 2020 the Commission expressed concerns for the lack of a 34-gallon cart in the original proposal. Based on their concern we have revised our original proposal to include a 34-gallon cart to the base rate.

The proposed fee structure would include no fee increase for current services. Below is the fee structure proposed as it relates to the cart program.

- Base fee \$15.62 no fee increase
  - Base fee will include one 34-gallon city owned and maintained cart or current 35-gallon customer owned container for residents not provided a cart in the first or second year of the phased-in distribution of carts
- 48-gallon cart available city wide - \$17.22 (new service city wide/new rate)
- 64-gallon cart - \$20.65 no fee increase
- 94- gallon cart - \$29.00 no fee increase
- 48-gallon alley cart program- \$15.62 no fee increase (current cart holders grandfathered in)
- 64-gallon alley cart program - \$16.26 no fee increase (current cart holders grandfathered in)
- 94-gallon alley cart program - \$24.39 no fee increase (current cart holder grandfathered in)

The recommendation also ends the current option for additional 35 gallon containers and oversized containers. Customers will instead be provided carts of their choice at the subscription cart fee. This recommendation is made to protect our workforce from having to reach in and remove bags from over-sized cans and eliminates the need for repetitive lifting of multiple containers at one stop. This change will effect the following customers;

- Additional 35 gallon container option - 242 customers
- Oversize container option – 616 customers
- Additional Oversize container option – 20 customers

The new system will provide a new special collection service for the frail and disable residents who may not be able to handle the 34-gallon cart. Exceptions will also be made for residents where the use of a cart creates a hardship due to terrain.

Customers will still be able to buy stickers for \$1.50 to be able to put out extra trash when that need arises.

A General Fund subsidy of approximately \$48,800 will be funded from the General Fund to cover the cost related to the 50% fee reduction for low income qualified residents. This policy change is an appropriate way to fund City subsidized programs and is already in place for the stormwater fee.

Dubuque would have the 5<sup>th</sup> lowest rate amongst the 11 cities in Iowa with a population over 50,000. The highest city, Ames, would have a rate (\$26.25) that is 68% higher than Dubuque's rate. Dubuque's proposed base rate of \$15.62 for solid waste services is \$1.46 (9.3%) below the average rate (\$17.08) of the eleven largest Iowa cities.

An impact analysis completed by East Central Intergovernmental Association (ECIA) predicts about 260 new residential units will be built each year over the next ten (10) years directly related to the completion of the Southwest Arterial project. Due to the extension of City infrastructure into this area many of these homes will be built in the City and will require solid waste services. The implementation of automated side loaders where possible throughout the city will provide a safe work environment for our employees and allow the department to plan for future growth related to the Southwest Arterial and other areas delaying the need to add staff.

The collection of refuse and recycling materials is consistently ranked in the top ten of most dangerous jobs in the country based on Bureau of Labor statistics. This is due in part to the time the workers spend each day driving or riding on the truck, in all weather conditions, which increases the risk of transportation related accidents. Fortunately, in the forty-four years that I have been in the department we have never had a fatal injury related to the collection of solid waste. However, Public Works Department statistics show that over the last three years (2017-19) 46.3% of the forty-one (41) department wide City of Dubuque OSHA reportable injuries were related to the collection of solid

waste. During that same time period, the total lost workdays related to injuries to solid waste crew members for the City of Dubuque were 43 and the related medical cost was \$36,842. While most injuries require a short recovery time other injuries are considered permanent and worker's compensation settlements are made for an injury occurring on the job. Between 2006 and 2017, the top ten department employee claims related to the collection of solid waste were settled at a total cost of \$1,287,710. More importantly, these employees lost 1,725 workdays away from work. This not only caused hardship and stress for these employees, but placed additional workloads on the remaining city staff.

The following reasons are being provided to support the revised project.

- Reduce Lost Workdays - The top 10 worker's compensation claims for solid waste collection employees between 2006 and 2017 had 1,725 lost workdays from injuries.
- Reduce Worker Compensation Claims- The top 10 City of Dubuque injuries for solid waste collection employees between 2006 and 2017 equaled \$1,287,710.
- Reduce Employee Concerns - While the pandemic has highlighted employee concerns about touching the trash, there has always been an employee concerns about being exposed to bed bugs and fleas.
- Resiliency Advisory Commission Concerns – The revised proposal addresses the Commission's concern related to cart size. The modifications enhances our efforts to get to zero waste and strengthens the "pay as you throw concept" where the more refuse you put out the more you pay.
- Rate Increase – The revised proposal eliminates the rate increase.
- In 2008 the City started a pilot cart program and has grown that program over the past twelve years and now has over 4,700 carts being used city wide.
- Customer Convenience - The city will own and maintain the carts.
- Discounted Rate - Low income residents will continue to qualify for a 50% discount on their monthly rate. Discounts will now be subsidized by the General Fund in the same way currently being done with stormwater fees.
- Option Out - There will be customer exceptions made in the community where this will not be implemented because of terrain.
- Frail and Disabled - Exceptions will be made for the frail and disabled who would struggle with a cart.

- Environmental - The cart system will help to keep neighborhoods clean.
- Future Growth – The automated side loaders will create the ability to absorb some future growth without adding employees and equipment.
- Existing Work Force - This recommendation will preserve existing city jobs and will not privatize the system.

**Action Step**

This has been provided as informational only, for the review of the revised Public Works Department FY 2021 solid waste budget proposal.

## Comments to the City Council on Budget Hearings

**To: Mayor and Council Members**

**Re: Comments for Improvement for Five Year Consolidated Plan and Housing and Community Development Department Budget**

**From: Dubuque Branch NAACP sponsored Friends of Fair Housing**

**Tom Lo Guidice and Lynn Sutton (authors of the comments that follow)**

**Date: April 20,2020**

### Preface

**We are generally supportive of the 5-year consolidated plan and the coming fiscal year plan of the Housing and Community Development Department. The presentation by the Department to the Council shows improvements over a draft we read and commented on in February.**

**The comments that follow regarding reservations and improvements could have been enacted to date if the Assistant Director of Housing position was filled.**

- 
- 
- 
- 
- 
- 
- 
- 
- 
- 
- 

**Our no. 1 recommendation is hire as assistant Director of Housing ASAP.**

**We understand that the Housing Department is taxed as are all services by the current Pandemic. Without an assistant housing director, the office is further taxed.**

**Even in normal times the office is strained to accomplish promised tasks. For example, we have been hearing about the current education effort for Landlords (housing managers) and tenants (residents) for months. The education is described in this five-year plan and yet we are unaware of any accomplishment. This does not seem to be a matter of attitude or difference of opinions between Housing management and the Friends. Indeed, the meeting we have on a monthly basis are congenial and we find ourselves often like-minded. The outcomes are simply disappointing. Again, and again we come to testify to**

**you about why we can't wait and the burden for our fellow citizens by waiting. Hiring an assistant housing director is imperative.**

### **Reservations and Recommendation.**

**We do have some serious reservations about some aspects of the plan and the slow progress in some areas.**

2.. We look for the yearly plans to follow to be much more specific in terms of the area of impact.

The plan needs improvement in the area of data collection for decision making. The end outcomes expressed as goals need to become impact statements. Clear data collection tools and approaches need to be spelled out.

Also, the authors of the plan provide an analysis of impediments (AI) document as an appendix. However, the clear link between goals 1,2,3, & 4 in the analysis and the needs assessment and strategy(ies) could be much clearer. The reader is challenged to determine the links.

We recommend the City Council direct the Housing Department to develop clear measurable impact statements with each yearly plan. Further, the impact statements be clearly linked to the analysis of impediments. No additional costs should be involved in taking this action. An Assistant Housing Director can lead the way.

**3.**The City of Dubuque has an historical problem in the area of discrimination. African-American treatment has been highlighted in the news.

The Analysis of Impediments (AI) Goal 1 item 6 provides a clear suggestion for fair housing testing. It seems imperative to include the testing suggestion in the plan strategies. Beyond the HUD grant the Human Rights and Housing department should explore a “discrimination index” for the target audiences identified and have a plan for data sharing and decision- making.

We recommend that the Housing and Human Rights office work jointly with a consultant to develop a discrimination index process to be presented to the City Council for the next fiscal year. A consultant fee of \$2000 (\$1000 from each budget should be included in the proposed budget).

4. Strategies to change the concentration of voucher housing and low-income African-American concentration is discussed in the plan. The Human Rights Commission and the

Housing commission have recommended a source of income ordinance as one way to address the problem.

Citizen input is vital. Thus far, the commissions are not as involved as they could be, and they could be in valuable in gathering citizen input.

Also, the lack of progress, tends to stipulate, that this is not significant enough and neither are the people involved Whether it is intentional or not the message comes across the same way.

In place of the ordinance the Council voted for education, collection of data from landlords and use of tax incentives. (There is some progress in apartment housing outside the concentration area by 2022)

In the current budget \$25,000 was set aside for “rebranding”.

Strategies by the City Council to provide Renter and Housing Provider Education is briefly discussed but grasping how the education will be done (e.g. Brochures) is not explained. How the changing view of the Voucher program will be viewed by the landlords, the renters, and the community i.e. the impact is not explained.

We recommend that the council to set a deadline for Housing to detail the education plan and measures for the impact of the education. Clear use of the \$25,000 in the current budget should be known by the Council and the public.

We hope the Council shares with us that once a landlord survey is completed and the legislature has acted on a restriction of sources of income ordinance that the Council will consider additional steps to address the concentration of housing vouchers problem.

## **Conclusion**

Inequities are pronounced by the current health crisis. The impact of the pandemic will be affecting us all for the foreseeable future. The modest changes we are requesting can help our city address the current situation as well as the long-term needs. We request your careful consideration.

**Subject:** FY21 Budget Input

Good Afternoon,

I hope this email finds you and your families healthy. Thank you all for your service to this community and your leadership during this trying time.

As you prepare to review and approve the FY21 budget, I wanted to take a moment and share some input. It is no secret that the Covid-19 economic impact will be felt for months to come. We simply just don't have any idea of what to expect or how soon we will be able to work ourselves out of this. When we could be facing unemployment rates in the double digits, that means more and more families will be hurting not prospering at this time. To that end, I think it is imperative that the efforts made to reduce the impact to taxpayers not only continues but are expanded.

There are a number of new positions being budgeted and I would hope if those positions will not be filled that you would also not be approving them either within the budget as an open requisition. If positions are in the budget, they must be accounted for and if we have no plans to fill them, then why not further extend relief to the taxpayers by excluding them from this budget rather than having them budgeted for and filled only if things change over the next fiscal year? The relief families need is now, not next FY year. Please reconsider the addition of positions that are being added but have been promised by the city manager will not be filled at this time.

In regards to the automated trash collection - please hold off on this. Its wonderful that we have found a way to not extend rate increases to customers but if we find that savings from injury claims would help pay for it, why was not that the original plan all along? Why did a capital improvement that could pay for itself ever need to be passed on to citizens? I know tax and rate increases may be the easiest options but I hope when alternate funding exists that its the last option. I sat on this council over the prior term and heard many times how much we value and should support commission recommendations. It is true the commission had concerns with the rate increases and other aspects of the proposal and it is also true that work has already gone into addressing many of the concerns raised. However there is still one important one to note. The request to have this tabled so further community discussion could occur. I think pushing this through would be an injustice to the commissions recommendation and there is no justification for rushing this. As a body, you may not agree with the commission recommendations but if you truly value their opinion and near unanimous vote against moving this forward, you will pause and remove this item from the FY21 budget and allow that further discussion to take place.

Overall this FY budget has many positives and I know how much time goes into this from you and city staff.

Thank you for your time, your service and consideration of this input.

Sincerely,  
Luis Del Toro

# HOW TO USE THIS POLICY BUDGET DOCUMENT

## PURPOSE

The Policy Budget defines goals and objectives for all City departments and activities, relates them to cost and resource requirements and attempts to establish measures for evaluating accomplishment. Specific improvement packages are developed and included in the Policy Budget for alternative funding and service levels. The Policy Budget document shows the budget by line item for each Department and provides a basis for fiscal control once the budget is adopted.

The Policy Budget emphasizes objectives, accomplishments, and alternative funding and service levels and is intended to keep the attention of the City Council and public on the major policy decisions involving what services the City government will provide, who will pay for them, and the implications of such decisions.

## FORMAT

The Policy Budget is organized by Department/Division and provides detail for all activities that make up each Department/Division. Each Department/Division tab includes the following information:

- 1) **Department/Division Financial Summary:** The ***budget highlights*** portion of the Department Summary reflects total expenses for the maintenance level budget (cost to continue at the same level of service) and approved improvement packages for all activities within the Department by expenditure category (employee expense, supplies and services, machinery and equipment, and debt service), and the funding sources that pay those expenses. The property tax portion of the funding is reflected, noting the increase or decrease from the prior years adopted budget. For Departments which are self supporting (i.e. Water, Water Pollution Control, Refuse (part of Public Works), Cable TV, Transit, Parking), the net operating surplus/deficit is reflected, noting the increase or decrease in the fund from the prior years adopted budget.

This summary displays all ***Improvement Packages*** submitted by Department/Division Managers, with a notation of whether they were recommended by the City Manager, and then approved by the City Council. Those noted with a 'YES' were added to the maintenance level budget and are reflected in the Department Funding Summary and those noted with a 'NO' were not approved.

And finally, this summary explains ***significant line item detail*** by expenditure category, notable revenue changes, and miscellaneous information regarding the maintenance level budget. These are the review notes prior to adding any improvement packages.

- 2) **Memo Addressing Budget Issue (optional):** If there is an important budget issue that needs further explanation, a memo will be provided.
- 3) **Department's Organizational Chart (optional):** Shows how a Department is structured. Usually included for larger more complex Departments.
- 4) **Department/Division's Highlights of Prior Year's Accomplishments and Future Initiatives:** This is a written narrative that highlights the Department's prior year accomplishments and what Departments plan on accomplishing in the near future.

- 5) **Department/Division's Goals and Performance Measures by Activity:** This is a written activity statement and a matrix for each activity which includes activity objectives, relationship to City Council Goals & Priorities, and key performance indicators (KPIs).. Performance measures are included for each activity to evaluate activities and ensure that the approved levels of funding yield the expected results. Battery icons for each KPI visually indicate how well an objective is doing and represent the following:

		
On Track	Improving	Needs Work

- 6) **Recommended Operating Revenue Budget by Department/Division:** This report reflects line item revenue detail at the Department/Division level (combines all activities for each line by fund). Two years actual revenues, prior year adopted revenues and the recommended revenue for the new budget year are reflected.
- 7) **Recommended Operating Expenditure Budget by Department/Division:** This report reflects line item expenditure detail at the Department/Division level (combines all activities for each line by fund). Expenses are grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 8) **Recommended Operating Expenditure Budget by Activity and Funding Source:** This report reflects expenses grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) for each activity within the Department/Division, and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 9) **Personnel Complement at Department/Division and Activity Level:** These reports reflect positions budgeted at the Department/Division level and the Activity level, by funding source. Total Full Time Equivalents (FTE) and wages with longevity expense are shown for each position for two years prior year adopted FTE and expenses, and the recommended FTE and related expense for the new budget year.
- 10) **Capital Improvement Projects by Department/Division:** This report lists all Capital Improvement Project totals for two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 11) **Five Year Capital Improvement Program Summary by Department/Division:** This report lists all Capital Improvement Projects budgeted in the new budget year and planned for the next four years.

### Improvement Package Summary

#### 1 of 8

This improvement level decision package request is for a 160 hour concierge care package for professional subscriptions that supplement the support provided through the Laserfiche LSAP subscription for two years. Laserfiche is used by the City for electronic file storage and electronic work flows. The City began using Laserfiche in Fiscal Year 2000 and there has not been a system review since initial implementation. The results of an internal survey of departments indicated that additional training is needed and most departments are not fully utilizing Laserfiche. There is a strong desire by departments to increase use of Laserfiche. Future Laserfiche initiatives include developing a city-wide Laserfiche leadership team which would include decision makers from city departments using or desiring to use Laserfiche. Departments would develop their own Laserfiche initiatives that are reviewed and prioritized by the Laserfiche leadership team as part of a city-wide plan. In an effort to facilitate growth in the use of Laserfiche, the concierge care package would be shared by 22 departments, each department receiving 7 hours. The initial concierge care hours would be used for training and understanding how to properly store documents in Laserfiche, and then move to forms and work flows. The concierge care package includes priority support with fast track escalation policy, priority scheduling for service engagements, two software upgrades, and one server move/migration. The package also includes a bank of professional hours offered at a discounted rate that can be used for updates to the file plan, updates to or review of the security system, updates to forms, forms processes and work flows, system audits and upgrade planning, training and documentation, business continuity planning and testing, development and implementation of maintenance plans to ensure system performance, and professional service engagements of less than 25 hours. This request supports the council goal of Financially responsible City Government and High performance Organization.

Related Cost:           \$ 24,000 Tax Funds   Recurring for 2 years  
Property Tax Impact:   \$ 0.0094           0.09%  
Activity: Information Services

**Recommend - No**

## 2 of 8

This improvement level decision package request is for a 40 hour professional service package for Laserfiche. This package would help cover a health check of Laserfiche and fix Laserfiche servers if needed. Internal staff have done most of the upgrades, installed Laserfiche Forms and Workflow prior to OPG-3 taking over support. This improvement would ensure all work has been done correctly and if needed, separate out components on different servers. The City's storing process in Laserfiche will also be reviewed to determine if it is being done correctly. The concierge care package includes priority support with fast track escalation policy, priority scheduling for service engagements, two software upgrades, and one server move/migration. The package also includes a bank of professional hours offered at a discounted rate that can be used for updates to the file plan, updates to or review of the security system, updates to forms, forms processes and work flows, system audits and upgrade planning, training and documentation, business continuity planning and testing, development and implementation of maintenance plans to ensure system performance, and professional service engagements of less than 25 hours. This request supports the council goal of Financially responsible City Government and High performance Organization.

Related Cost:	<u>\$ 6,400</u>	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.0025		0.02%	
Activity: Information Services				

## 3 of 8

This improvement level decision package request is for customized training in Microsoft Office365. Based on employee needs, three levels of training will be offered. The estimate is based on the need to instruct approximately 37 employees. Pricing includes customized development and instructional delivery of training and hands-on lab environment for the training and textbooks. The impact on City operations of this improvement item would be providing training for essential skills needed to "move the needle" within departments for effective and efficient "data-driven" operation. This proposal provides for centrally managed training with a consistent skill set, taught to all participants focusing on "real world" examples and needs of the organization. This improvement item supports the Council Goal of Financially Responsible, High-Performance City Organization.

Related Cost:	<u>\$ 25,000</u>	Tax Funds	Recurring	<b>Recommend - No</b>
Property Tax Impact:	\$ 0.0098		0.09%	
Activity: Information Services				

## 4 of 8

This improvement level decision package request is for licensing O365 Manager Plus tools. This software is used for reporting, managing, monitoring, auditing and creating critical real-time alerts as issues happen within the Office365 set of software. The software provides auditing, reporting and over 700 reports. The application would improve monitoring, specifically around activities involving security or intrusion efforts. The application would also aid in compliance standard monitoring for standards such as PCI-DSS, or HIPPA.

Related Cost:	<u>\$ 3,720</u>	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.0015		0.01%	
Activity: Information Services				

## 5 of 8

This improvement level decision package request is for design, implementation, custom programming, testing and training assistance for Cartegraph software. In FY2020 the city implemented an enterprise wide licensing model for Cartegraph software. With this model not only are 50 additional licenses available but also access to all of the asset "domains" available within the Cartegraph applications such as Parks and Recreation, Storm Sewer, Signal Networks, Water, Walkability, Facilities Management and Fleet

Management are available. Staff in departments that move forward with implementation of asset management and work orders will need assistance in successfully implementing the applications so they work as intended and are on a fast track to deployment within Cartegraph software. The impact on city operations is in support of financially responsible high performance government goal of easy access to city information.

Related Cost:	<u>\$ 25,000</u>	Tax Funds	Non-Recurring	<b>Recommend - No</b>
Property Tax Impact:	\$ 0.0098		0.09%	
Activity: Information Services				

#### 6 of 8

This improvement level decision package request is for recurring software assistance for the Accela software. As new or updated modules are added such as Code Enforcement and Right of Way Management along with expanded mobile application use for in the field data collection such as inspections, software assistance from a third party source is needed. This improvement package is supported by the Housing and Community Development Department.

Related Cost:	<u>\$ 25,000</u>	Tax Funds	Recurring	<b>Recommend - No</b>
Property Tax Impact:	\$ 0.0098		0.09%	
Activity: Information Services				

#### 7 of 8

This improvement level decision package request is for a Network Transmission Testing Kit. This kit would provide advanced cable troubleshooting including end to end and power meter testing. The kit will provide the City with a ruggedized high quality set of tools for testing both fiber optic and low voltage cabling. The kit primarily addresses a need for first line of support response so issues can be identified quickly. This item has been requested since FY2018 and has not been recommended for funding. Staff continues to have a need for this equipment. This request supports the City Council goal of Financially responsible City Government and High performance Organization.

Related Cost:	<u>\$ 2,400</u>	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.0009		0.01%	
Activity: Information Services				

#### 8 of 8

This improvement level decision package request is for 9 polo style shirts and 9 zip long sleeve shirts, one of each, for all staff. They would have the City logo and Information Services Department. This would give departmental identity to the team.

Related Cost:	<u>\$ 500</u>	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.0002		—%	
Activity: Information Services				

## Significant Line Items

### Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$11,680 or 9.99%.
4. Overtime is unchanged from \$3,513 in FY 2020 to \$3,513 in FY 2021. FY 2019 Actual was \$9,488.
5. 50% Sick Leave Payout increased from \$0 in FY 2020 to \$2,702 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.

### Supplies & Services

6. Machinery and Equipment Maintenance decreased from \$48,700 in FY 2020 to \$39,042 in FY 2021. This line item includes server maintenance (\$20,018); network maintenance agreement (\$11,324); and Shoretel hardware and switch maintenance (\$7,700).
7. Education and Training decreased from \$70,060 in FY 2020 to \$12,560 in FY 2021. In FY 2020, there was a non-recurring improvement package for customized Microsoft 365 training for City employees (-\$57,500). This line item represents administrative training for Information Services.
8. The City has eliminated the Internet services contract with Lightedge (-\$18,646). In 2017 the City of Dubuque and ImOn entered into a Master Co-location and Shared Services Agreement to accelerate the deployment of new broadband capacity in Dubuque. Under the agreement, significant capacity has been added to their new Dubuque fiber network as well as construction and sharing of certain conduit and the upgrade of several City broadband assets. The market value achieved through these agreements since 2017 is \$434,360 including fiber optic connectivity to several city-sites including Sutton Pool, Eagle Point Water Plant, Comiskey Park, the 3rd Street Water Tower Data center site and several camera and traffic signal locations. The sharing agreement has also provided shared co-location sites for data center redundancy and a second Internet services provider and point of presence for city users. The twenty year (agreement term) expected value for the agreements is \$3,375,560. The ImOn partnership is part of a Broadband Acceleration Initiative focusing on public/private collaborations and includes a comprehensive strategy to reduce the cost and time required for broadband expansions in Dubuque.
9. Software License expense increased from \$494,588 in FY 2020 to \$505,737 in FY 2021. The software licenses budgeted are as follows:

Software	FY 2020	FY 2021	Change
Office 365	\$ 112,645	\$ 117,021	\$ 4,376
Battery & Environment Monitoring	862	861	(1)
GIS Annual Support	59,940	58,700	(1,240)
PDQ Deploy	6,630	6,750	120
GoToMyPC	8,862	8,688	(174)

Software	FY 2020	FY 2021	Change
GotoMeeting	11,457	11,232	(225) (a)
Microsoft Licensing Servers	44,880	—	(44,880)
Sophos Antivirus	—	31,000	31,000 (b)
VMWare	22,506	24,303	1,797
Aristotle Insight	13,649	13,650	1
Informix 4J's Compiler	1,027	604	(423)
Informix 4J's User	4,819	4,953	134
Laserfiche	52,107	52,106	(1)
Rightfax	1,790	1,808	18

Airwatch	10,597	13,061	2,464
GitHub Maintenance	305	306	1
Socrata Licensing & Maintenance	71,400	72,000	600
FreshService Licensing	—	9,348	9,348 (c)
Office 365 Manager Plus	—	3,720	3,720 (d)
Cartegraph Enterprise Licensing	15,780	15,780	—
Total Software	\$ 494,588	\$ 505,737	\$ 11,149

(a) Microsoft Licensing is a four year license that will be renewed in FY 2024 for \$130,000.

(b) Sophos Antivirus is a 3-year license that will be renewed in FY 2021 for \$31,000.

(c) Help desk applications for tracking calls and requests for service approved mid-year 2020

(c) FY21 Recommended Improvement Package

## Machinery & Equipment

- Equipment replacement items include (\$106,615):

Network Switches	\$ 48,490
Telephone Switches	\$ 25,485
<b>Recommended Improvement Packages</b>	<b>\$ 32,640</b>
<b>Total Equipment</b>	<b><u>\$ 106,615</u></b>

## Revenue

- Specialized services revenue related to department contracts and maintenance recharges increased from \$304,820 in FY 2020 to \$323,793 in FY 2021. Information Services uses a recharging system for end users for network installation, PC set-up, maintenance, trouble-shooting, and repair charges thru optional service agreements that began fiscal year 2000. In addition, departments receive recharges for maintenance agreement costs on City wide software based on the number of users in their department.

This page intentionally left blank.

# INFORMATION SERVICES

Information Services is committed to enhancing and supporting high performance government through the effective application of technology, resilient and reliable infrastructure and demonstration of quality of services to our users.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

# INFORMATION SERVICES

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	9.00	9.00	9.00

## Resource and Property Tax Support

Information Services is supported by 9.00 full-time equivalent employees, which accounts for 53.90% of the department expense as seen below. Overall, the departments' expenses are expected to increase by 4.63% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# INFORMATION SERVICES

## Mission & Services

Information Services advances productivity and equitable resident responsiveness of department staff by saving time and money through the effective use of technology, supporting resilient and reliable infrastructure and providing high quality services.

- **Infrastructure:** Providing effective and efficient use of technology infrastructure and resources.
- **User Technology Support:** Providing high quality, responsive technical support to the City's 700 users of technology.
- **Security:** Sustaining security and protection of the City's data assets using state-of-the-art threat protection.
- **Print Center:** Maintaining an active Print Center in support of the City's printing and mailing needs.
- **Consultation and Project Management:** Providing consultation and project management to new and updated technology projects and initiatives.

Position Summary	
	FY 2021
Information Services Manager	1.00
Senior Network System Administrator	1.00
Lead Application/Network Specialist	3.00
Information Technology Specialist	1.00
User Technical Support	1.00
Help Desk Technical Support	1.00
Information Services Intern	1.00
<b>Total FT Equivalent Employees</b>	<b>9.00</b>

### Improvement Package Summary

#### 1 of 1

This improvement level decision package request is for education and training funds for the Civil Rights Specialist position, which was a newly created position in FY20. Training would assist the Civil Rights Specialist in performing and enhancing her duties of accepting, reviewing and investigating complaints of discrimination in employment, public accommodations, housing, credit, and education, and other areas within the city organization and community at-large, as well as internal and community education activities related to civil rights. This request supports the City Council goal of a "Financially Responsible, High-Performance City Organization."

Related Cost:	\$ 4,000	Tax Funds	Recurring	<b>Recommend - Yes</b>
Related Revenue:	\$ 2,013	Administrative Overhead	Recurring	
Total Cost:	<u>\$ 1,987</u>			
Property Tax Impact:	\$ 0.0008	0.01%		
Activity:	Information Services			

## Significant Line Items

### Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in annual cost increase of \$5,624 or 9.99%.
4. Overtime expense is unchanged from \$3,000 in FY 2020 to \$3,000 in FY 2021. FY 2019 Actual was \$2,548.
5. Five-Year Retiree Sick leave payout is unchanged from \$14,968 in FY 2020 to \$14,968 in FY 2021.

### Supplies & Services

6. Subscriptions decreased from \$15,695 in FY 2020 to \$15,167 in FY 2021 based on FY 2019 Actual plus 2%.
7. Damage Claims increased from \$91,380 in FY 2020 to \$100,624 in FY 2021 based on a three year average of actual claims paid. The City reimburses Iowa Communities Assurance Pool (ICAAP) up to \$20,000 per claim.
8. Education and Training is unchanged from \$13,500 in FY 2020 to \$13,500 in FY 2021 based on actual estimated cost of conferences.
9. Administrative Judge is unchanged from \$14,724 in FY 2020 to \$14,724 in FY 2021. This line item represents the cost for human rights complaint investigations including the public hearing expense for an administrative law judge.
10. Rental of Space increased from \$24,688 in FY 2020 to \$27,078 in FY 2021 due to an increase of 512 square feet for the additional office for the Civil Rights Specialist. This line item includes parking for the City Attorney, Assistant City Attorney, Senior Counsel, and Civil Rights Specialist (\$2,904) and office rent (\$24,174).

### Machinery & Equipment

1. Purchase of equipment for FY 2021 includes (\$525):

Legal Services	
Desk Chair (1)	\$ 425
Chair Mats (1)	\$ 100
<b>Total Equipment</b>	<b>\$ 525</b>

## **Revenue**

11. Revenue received from Enterprise Funds for administrative overhead charges increased from \$502,196 in FY 2020 to \$516,722 in FY 2021.

# CITY ATTORNEY'S OFFICE

The mission of the City Attorney's Office is to provide legal counsel to the City Council, City Manager, and all officials and departments of the City in matters relating to their official duties so that the City delivers excellent municipal services that support urban living and a sustainable City plan for the community's future and that facilitate access to critical human services which result in financially sound City government and citizens getting services and value for their tax dollar.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS, AND PEOPLE LEADING TO OUTCOMES

### People

Cross-training among the City Attorney's Office staff delivers quality customer service and allows staff to deliver services that exceed citizen expectations. Investment in training allows a high-quality, knowledgeable, and informed workforce.

### Planning

The City Attorney's Office provides counsel and direction to all City departments so that they may perform duties and responsibilities to ensure economic prosperity, environmental/ecological integrity, and social/cultural vibrancy throughout the community.

### Partnerships

Staff of the City Attorney's Office volunteer with numerous local and state partnerships to implement the City Council's community vision. Staff also develops and implements processes that help provide solutions for community challenges and opportunities.

# CITY ATTORNEY'S OFFICE

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	4.62	5.62	5.62

## Resources and Property Tax Support

The City Attorney's Office is supported by 5.62 full-time equivalent employees. Overall, the department's expenses are expected to increase by 3.0% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# CITY ATTORNEY'S OFFICE

## Mission & Services

The [City Attorney's Office](#) represents the City in all cases and processes all claims and suits for and against the City and provides written opinions to the City Council, boards and commissions, the City Manager, and City departments. The City Attorney's Office assists in the preparation and review of legal documents, legislation, and other matters in which there is a City interest. The City Attorney's Office provides legal counsel to the City Council, City Manager, and all officials and departments of the City in matters relating to their official duties. The CAO also prosecutes ordinance and traffic violations, represents City boards and commissions, provides advice on legal opinions to officials, department managers, and City employees, and drafts legal documents, memoranda, and opinions.

## Significant Line Items

### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in annual cost increase of \$16,676 or 9.99%.
4. Overtime is unchanged from \$5,000 in FY 2020 to \$5,000 in FY 2021. FY 2019 Actual was \$3,639.
5. The FY 2021 budget includes the following changes related to the personnel complement:
  - a. -0.31 FTE Seasonal Intern eliminated (-\$8,300)
  - b. -0.50 FTE Limited Term Clerical Assistant eliminated (-\$13,866)

## Supplies & Services

6. Code Supplements unchanged from \$9,400 in FY 2020 to \$9,400 in FY 2021 based on FY 2020 budget. FY 2019 Actual was \$3,513. There are more ordinances being amended that tie directly to other ordinances. Anticipated ordinance amendments include the Electrical Code Board; Mechanical and Plumbing Code Board; Building Code; and Advisory Appeals Board.
7. Civil Service increased from \$15,000 in FY 2020 to \$18,000 in FY 2021 based on FY 2019 actual of \$17,593. Most civil service lists now expire after twelve months, which creates an increase in civil service tests.
8. Legal Notices and Ads decreased from \$15,000 in FY 2020 to \$13,249 in FY 2021 based on FY 2019 Actual of \$13,249. The City Clerk's Office began recharging departments for notices in FY 2016.
9. Printing and Binding increased from \$1,742 in FY 2020 to \$3,120 in FY 2021. This line item has historically included envelopes, letterhead, and business cards (\$335), hard bound City Council proceeding books (\$1,600), and boards and commissions handout (\$185). In FY 2021, translation of City brochures and documents was added (\$1,000). FY 2019 Actual was \$23.
10. Conferences increased from \$5,350 in FY 2020 to \$13,375 in FY 2021 due to adding the Transforming Local Government and Big Ideas Conferences and actual costs of conferences. Conferences budgeted include: International Institute of Municipal Clerks (\$3,800), Laserfiche (\$3,650), Transforming Local Government - Alliance for Innovation (\$2,105), and Big Ideas Conference (\$2,045).
11. Education and Training increased from \$4,445 in FY 2020 to \$4,770 in FY 2021 based on actual cost. Education and Training budgeted include: Clerk's Academy (\$1,510), Iowa Municipal Finance Officers Association (\$2,855), and Iowa Alcoholic Beverages Division (\$405).
12. Election decreased from \$40,000 in FY 2020 to \$0 in FY 2021 and is typically an every other year expense.
13. Refunds unchanged from \$11,500 in FY 2020 to \$11,500 in FY 2021. This line item represents special event deposit refunds and the liquor license refunds. This expense is offset by the events revenue line item.
14. Sister City Program is unchanged from \$9,300 in FY 2020 to \$9,300 in FY 2021. The Sister City program is a five member committee that undertakes activities that promote the vision and mission of the City Council with respect to diversity and global awareness, engage the mission of Sister Cities International, and engage and foster current and future Sister City relationships through communications and delegations while preserving an official relationship with the City and its officials.

## Machinery & Equipment

1. Equipment replacements includes (\$405):

City Clerk	
Smartphone	\$ 405
<b>Total Equipment</b>	<b><u>\$ 405</u></b>

## Revenue

15. Beer/Liquor Combination Licenses decreased from \$117,718 in FY 2020 to \$114,765 in FY 2021 based on FY 2019 actual of \$114,765.
16. Revenue received from Enterprise Funds for administrative overhead charges decreased from \$157,273 in FY 2020 to \$127,630 in FY 2021. Election expense is typically an every other year expense and there is not an election budgeted in FY 2021.

This page intentionally left blank.

# CITY CLERK'S OFFICE

The City Clerk's Office is the official record keeper for the City Council. The City Clerk's Office prepares, administers, maintains and distributes records of all City Council actions as well as provides the necessary documents for fulfillment of City Council and City staff's respective legislative and administrative responsibilities. The City Clerk's Office administers programs covered by the State Civil Service law and issues licenses and permits for categorical businesses and activities as set out by ordinance and state law.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

### People

The City Clerk's Office strives to provide courteous and professional service while offering access to official records and services through current web page information, initiation of boards and commissions memberships, City Life and Speaker's Bureau programs, and Sister City relationships.

### Planning

City Clerk staff participate in local, regional, and national efforts that advance the City's mission statement and City Council priorities as well as to help in educating the public on the duties, purpose, and resources of the City Clerk's Office.

### Partnerships

The City Clerk's Office partners with citizens, staff, multiple local and state agencies and businesses to aid in effectively conducting business by utilizing and sharing knowledge to serve as a resource for general city information. These partnerships include: State Alcohol Beverages Division, Iowa League of Cities, Dubuque Main Street, Greater Dubuque Development Corporation, media outlets, non-profit special event organizers, community service agencies, and Dubuque County offices.

# CITY CLERK'S OFFICE

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	3.31	3.81	3.00

## Resources and Property Tax Support

The City Clerks Department is supported by 3.00 full-time equivalent employees, which accounts for 74.43% of the department expense as seen below. Overall, the departments' expenses are expected to decrease by -14.68% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# CITY CLERK'S OFFICE

## Mission & Services

The [City Clerk's Office](#) is committed to accurately recording and preserving the actions of the City Council; providing information and support to the Mayor, City Council, City staff, and the public in a timely, courteous, and fiscally responsible manner encouraging a transparent city government. Responsibilities include, but are not limited to, [record management](#), [boards and commissions](#) member enrollment, administration of the [Civil Service Commission](#), administering various [licenses and permits](#), processing [special event applications](#), and acts as the City Liaison for global presence in the [Sister City Relationships Committee](#).

Position Summary	
	FY 2021
City Clerk	1.00
Assistant City Clerk	1.00
Permit Clerk	1.00
<b>Total FT Equivalent Employees</b>	<b>3.00</b>

## Performance Measures

### City Council Goal: Financially Responsible, High-Performance City Organization

#### 1 Department Objective: Provide City services responsive to the community.

*Since transparency is not a specifically defined action, but rather a cultural expectation. Clerks are crucial to a transparent City. It is not what you do, it is how you do it.*

Performance Measure (KPI)	Target	FY17 Actual	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
Number of callers assisted by the city clerk staff	N/A	31,214	32,774	45,382	N/A	
Number of City Council Agenda & Minutes subscribers (via NotifyMe)	Increase by 2%	525	551	491	501	
Number City Board & Commission Opening Subscribers (via NotifyMe)	Increase by 6%	13	83	78	83	

#### 2 Department Objective: To promote [resident engagement](#) in municipal government that is representative of the Dubuque population as a whole by recruiting and retaining a diverse, inclusive and qualified pool of boards and commissions applicants.

Percentage of applicants appointed of total applications received	N/A	N/A	62.6%	77.5%	N/A	N/A

### Improvement Package Summary

#### **1 of 7**

This improvement package request is to fund ten members of the Leadership Team to attend the Dale Carnegie training course. This request supports the City Council Goal of High Performance City Organization.

Related Cost:	\$16,950	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Related Revenue:	\$ 8,531	Administrative Overhead	Non-Recurring	
Net Property Tax Cost:	<u>\$ 8,419</u>			
Property Tax Impact:	\$0.0033	0.03%		
Activity: Human Resources				

#### **2 of 7**

This improvement package request is to provide funding for job classification and wage plan review. The process to conduct the review would include: 1) identification, through Request For Proposals (RFP), of a third-party consultant and 2) for that third-party consultant to review, update and/or create a compensation and classification system for the City that is competitive and equitable and that promotes employee engagement, recruitment and retention of a diverse workforce. A compensation and classification study is an objective process in which an organization reviews its entire compensation and classification plan. It involves job analysis and updating of job descriptions. Employees typically have an opportunity to complete position analysis questionnaires and meet with a consultant; this provides input on essential functions. The analysis promotes internal equity, equal pay for equal work, and gender equity. Differences in pay grade should be based on significant differences in education, knowledge, abilities, and skills. The organization can ensure that it is in compliance with the Fair Standards Labor Act (FLSA), Americans with Disabilities Act (ADA), Equal Employment Opportunity (EEO) laws, and other state and federal laws. The analysis allows the organization to update its classification plan using an objective position evaluation process. The analysis can provide a total review of internal equity and external equity at the same time. One of the most basic functions of business management is to establish a compensation scheme that is competitive and equitable and that promotes employee engagement and high performance. Competitive compensation practices are essential to employee recruitment and retention efforts. The last review of the

City's compensation and classification structure and system occurred in 1989 (over 30 years ago). Outcomes expected from the consultant selected include (1) orientations and training sessions with employees, managers, and officials, (2) job analysis/job audit, (3) position classification through an objective rating and ranking process, (4) pay determination through analysis of the labor market, and (5) administration and reclassification instructions to assist in maintaining the system. Recurring review by best practice should occur every 10 years, but is not as comprehensive and is, therefore, at a lower cost. This request supports the City Council goal of Financially Responsible, High-Performance City Organization.

Property Tax Impact:	<u>\$0.0063</u>	0.06%		

Activity: Human Resources

### 3 of 7

This improvement package request is for hiring a consultant to conduct an assessment of the Human Resources Department's day-to-day operations and strategic role in the organization to ensure the department is successful in focusing on the entire employee life cycle. Current Human Resources department staffing includes a director, a transactional benefits employee, a recruiter/talent acquisition specialist, and two clerical support persons (one full-time and one part-time). There is no HRIS system and most processes and records are not automated or digitized. The Society for Human Resources Management (SHRM) suggests that there should be one internal full-time HR staff person for every 60 FTE's and that the roles should be divided by function and include specialists for certain functions such as employee relations and benefits since these functions become more complicated with an organizations' size and complexity of services. The consultant would conduct a review of the current HR structure and services and make recommendations for a department structure that is effective, strategic, and has the resources to successfully recruit and retain a high-performing diverse workforce. This request supports the City Council goal of Financially Responsible, High-Performance City Organization.

Related Cost:	\$10,500	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>

### 4 of 7

This improvement package request is for a full-time Emotional Intelligence (EQ) Coordinator. This improvement package request is directly related to the Emotional Intelligence (EQ) Training improvement package request (request 4-B of 6) and is recommended to be funded in tandem with that request. This full-time EQ Coordinator is an integral part of a three-tiered plan to implement an Emotional Intelligence (EQ) program within the City of Dubuque for the purposes of igniting culture change (succession planning), providing better customer service, improving employee retention (morale), and providing the skills and tools for employees to address problems and resolve problems efficiently and effectively. This program has both an internal focus and external focus with the initial priority being the internal focus. The three tiers of the program include: 1) hiring an EQ Coordinator; 2) certifying practitioners (training the trainers); and 3) certification of assessor-level for three City staff members in conjunction with a resources agreement with a preferred EQ full scope services partner such as 6 Seconds (note: certification costs would be incurred in the Spring of FY2020).

The EQ Coordinator will assume the lead role for the design and deployment of EQ and other empowerment training and ongoing capability development programs which deliver measurable

performance outcomes. The EQ Coordinator will assess talent and skill gaps within the EQ team, develop solutions to address those gaps, and utilize technology to support training and organizational development efforts. The role also manages, develops and implements culture, change, and engagement programs with a specific focus on EQ processes, including but not limited to, leader/team effectiveness, organization culture, change management, employee success in performance management, and talent assessment. This request supports the City Council goal of Financially Responsible, High-Performance Organization.

Related Cost:	\$99,168	Tax Funds	Recurring	<b>Recommend - No</b>

Related Revenue:	\$49,911	Administrative Overhead	Recurring	
Related Revenue:	\$ 1,867	Administrative Overhead	Non-Recurring	
Net Property Tax Cost:	<u>\$51,100</u>			
Property Tax Impact:	\$0.0201	0.19%		
Activity: Human Resources				

## 5 of 7

This improvement package request is for funding to conduct Emotional Intelligence (EQ) training. This improvement package request is directly related to the Emotional Intelligence (EQ) Coordinator improvement package request (request 4) and is recommended to be funded in tandem with that request. The amount requested includes \$60,000 for three years of EQ practitioner training (sometimes referred to as "train the trainer"), \$1,800 of annually recurring costs for an EQ Assessment Tool, and \$5,000 of annually recurring costs for an agreement with a preferred EQ full-scope service partner such as 6 Seconds.

This training is an integral part of a three-tiered plan to implement an Emotional Intelligence (EQ) program within the City of Dubuque for the purposes of igniting culture change (succession planning), providing better customer service, improving employee retention (morale), and providing the skills and tools for employees to address problems and resolve problems efficiently and effectively. This program has both an internal focus and external focus with the initial priority being the internal focus. The three tiers of the program include: 1) hiring an EQ Coordinator; 2) certifying practitioners (training the trainers); and 3) certification of assessor-level for three City staff members in conjunction with a resources agreement with a preferred EQ full scope services partner such as 6 Seconds (note: certification costs would be incurred in the Spring of FY2020). Research conducted by EQ training provider 6 Seconds has shown such training generates a return on investment to the employee. This is accomplished through reduced complaints (inward and outward), increased morale, increased retention, relationship building, and increased employee engagement. This request supports the City Council goal of Financially Responsible, High-Performance Organization.

Related Cost:	\$ 6,800	Tax Funds	Recurring	<b>Recommend - Yes</b>

Net Property Tax Cost:	<u>\$33,180</u>			
Property Tax Impact:	\$0.0131	0.13%		
Activity: Human Resources				

## 6 of 7

This improvement package request is to provide funding for a third party consultant to conduct exit interviews. Multiple studies have shown that conducting exit interviews after an employee leaves and using a 3rd party changes the given reason for leaving 40-63% of the time. Preferably the consultant would use a mixed methodology approach for collecting both quantitative and qualitative data. The

consultant would code and categorize the response to enable the City to measure, capture and report themes that would then drive responsive engagement, retention and communication strategies and activities for the implementation of talent development solutions that create outcomes of a positive workplace culture and increased employee engagement. This request supports the City Council goal of Financially Responsible, High-Performance City Organization.

Related Cost:	\$ 7,500	Tax Funds	Recurring	<b>Recommend - Yes</b>
Related Revenue:	\$ 3,775	Administrative Overhead	Recurring	
Net Property Tax Cost:	<u>\$ 3,725</u>			
Property Tax Impact:	<u>\$0.0015</u>	0.01%		
Activity: Human Resources				

## 7 of 7

This improvement package provides funding for employee wellness programming, education and training for staff and communication regarding wellness activities and information, including incentives for participating in and completing wellness challenges (city logo apparel and wellness items) employee socialization opportunities (city employee family picnic), staff education on employee wellness (attendance for wellness committee members at a local seminar and attendance for an employee at a national wellness conference or training) and half of the wellness challenge registrations (employee and city each contribute 50%.)

The Vision/Mission of the city of Dubuque employee wellness committee is: *To improve the wellness of employees and their families by promoting healthy lifestyle choices.*

Each year, the committee reviews its objectives and completes an operating plan. The objectives include:

- Create a workplace that promotes health and wellness for its employees and their families.
- Develop activities and programs around employee health data to promote health lifestyles.
- Develop policies on environmental changes to promote wellness for city employees.
- Engage Leadership Team in Wellness

Currently, the Wellness committee organizes three wellness challenges throughout the year each designed to improve wellness over a set period of time, usually several weeks. Other activities include promoting community wellness events and opportunities, sponsoring health and wellness seminars, lunch and learns and actively promoting the services of Employee & Family Resources, the city's employee assistance program provider. An employee wellness culture audit, administered by EFR, (survey) was also conducted this past year. The Human Resources Department will be an integral part of the wellness committee through participation, facilitation and oversight along with assisting with wellness activity communication to employees. This request supports the City Council goal of Financially Responsible, High Performance City Organization.

## Significant Line Items

### Employee Expense

- FY 2021 employee expense reflects a 1.5% wage package increase.

2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$4,976 or 9.99%.
4. Insurance Premium decreased from \$203,416 in FY 2020 to \$177,575 in FY 2021 based on FY 2020 actual cost. This line item represents the dental insurance premiums paid which is completely offset by employee payments in dental insurance premium revenue.
5. Administration Costs unchanged from \$27,100 in FY 2020 to \$27,100 in FY 2021. This line item represents flex medical spending plan administrative costs (\$24,000), State of Iowa fee for the 509 (A) certificate (\$100), and Patient Centered Outcomes Research Initiative fee (\$3,000), which are costs that cannot be paid from the self-insurance reserve.
6. Five-Year Retiree Sick leave payout decreased from \$112,000 in FY 2020 to \$11,032 in FY 2021. In FY 2020, the 50% sick leave conversion/pay out policy for full-time non-bargaining unit employees that are over the sick leave cap was implemented. In FY 2020, the city-wide estimated cost was budgeted in the Human Resources department. In FY 2021, each department impacted by the new employee benefit will budget for the 50% sick leave conversion/pay out based on FY 2020 actual. The break-out of 50% Sick Leave Payout by fund city-wide is: General Fund \$102,607 ; CDBG \$1,985; Sanitary Sewer \$3,740; Stormwater \$2,335; and Water \$2,097 (total of \$112,764).
7. 50% Sick Leave Payout increased from \$0 in FY 2020 to \$1,152 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.
8. Parental leave decreased from \$47,015 in FY 2020 to \$0 in FY 2021 based on departments covering parental leave with existing employees and not incurring additional cost for temporary help. Effective March 8, 2019, employees may use Parental leave to take paid time away from work for the birth or the adoption of a child under 18 years old. Eligible employees receive their regular base pay (plus longevity) and benefits for twelve weeks following the date of birth, adoption event or foster-to-adopt placement. If both parents are eligible employees, each receive the leave benefit.
9. The FY 2021 budget includes the following changes related to the personnel complement:
  - a. +1.00 FTE Strategic Workforce Equity Coordinator was moved from Human Rights to the Human Resources Department (+\$97,078).

## **Supplies & Services**

10. Consultant Services increased from \$56,475 in FY 2020 to \$78,775 in FY 2021 based on actual cost of health and prescription drug plan actuarial and benefit services (\$36,500), 509(A) Certificate of Compliance (\$975), Affordable Care Act compliance reporting (\$8,000), Executive Coaching (\$5,000), and GASB 45 actuarial valuation (\$3,500).
11. Criminal Background Check decreased from \$17,370 in FY 2020 to \$16,059 in FY 2021 based on FY 2019 Actual of \$16,334 and actual number of checks done in FY 2020.
12. Education and Training increased from \$28,500 in FY 2020 to \$111,658 in FY 2021. FY 2019 Actual was \$13,358. This line item includes employee safety training (\$2,500), training for staff (\$1,500), and the employee tuition reimbursement program (\$25,000).

13. Conferences increased from \$19,700 in FY 2020 to \$24,000 in FY 2021. This line item includes funding for ten Department Managers to attend the Upper Midwest Employment Law Institute (\$17,000), arbitration and labor institute conference (\$1,250), Human Resources Assistant conferences (\$700), and Human Resources Director conferences (\$1,850).
14. Software License increased from \$9,964 in FY 2020 to \$10,502 in FY 2021. This line item represents the annual maintenance fee for the online job application software and lock down software for the job application computer.

## **Machinery & Equipment**

1. Equipment replacements includes (\$350):

Human Resources	
Smartphone	\$ 350
<b>Total Equipment</b>	
	<b><u>\$ 350</u></b>

## **Revenue**

15. Miscellaneous Reimbursements increased from \$9,088 in FY 2020 to \$14,192 in FY 2021. This line item represents the mid-range of actual employee flex plan forfeitures which partially covers the administrative costs of the employee flex plan (\$27,100).
16. Dental Insurance Premium decreased from \$203,416 in FY 2020 to \$177,575 in FY 2021 based on FY 2020 actual. This line item represents employee paid premiums for Dental Insurance and offsets the expense.
17. Revenue received from Enterprise Funds for administrative overhead charges has increased from \$265,324 in FY 2020 to \$349,086 in

# HUMAN RESOURCES DEPARTMENT

The Human Resources department is committed to providing expertise in attracting, developing and sustaining a high quality workforce committed to excellent services.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

### People

Improve the productivity and efficiency of operations by continuing organizational development and team building with emphasis on development of supervisory staff, improved intra- and inter-departmental effectiveness through the use of collaborative teams and maintenance of management skills and processes.

### Partnerships

The Human Resources Department works with local partners including United Way, Prescott School, Crescent Community Health Center, Maria House, Multicultural Family Center, the Dubuque Area Labor Management Council and the Road to Success/Bridges Initiative.

### Planning

The Human Resources Department works with all City departments to ensure vacancies are filled with engaged, competent, and diverse employees to best carry out City initiatives.

# HUMAN RESOURCES DEPARTMENT

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	3.63	3.63	4.63

## Resources

The Human Resources Department is supported by 4.63 full-time equivalent employees, which accounts for 70.15% of the department expense as seen below. Overall, the departments' expenses are expected to increase by 9.27% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# HUMAN RESOURCES DEPARTMENT

## Overview

The City of Dubuque Human Resources Department provides expertise in attracting, developing, and sustaining a high-quality workforce. Responsibilities include:

- Assist departments in talent acquisition, training, and engagement of employees
- Represent the City in collective bargaining with five employee unions and contracts
- Maintain personnel records
- Administer the Employee Manual
- Administer all benefits including health, prescription drug, dental, life, workers' compensation, and disability plans
- Ensure compliance with state and federal employment related laws and regulations

### Improvement Package Summary

#### **Geographic Information Systems**

##### **1 of 1**

This improvement level decision package request is for a license of ESRI's Enterprise Advantage Program (EEAP). The EEAP has three components: Technical Advisory Hours, Learning and Service Credits, and baseline EEAP functions of a yearly planning session, technical work plan, and quarterly technology webcasts. The City of Dubuque has a mature and capable team with vision and leadership support, but lacks a strategic plan, the services to support implementation, and guidance to stay on track. An EEAP will help the GIS Office organize and put together a strategy on how to methodically tackle its goals using services and training where needed. This will enable the GIS Office to rely on more robust technical support, tackle tasks quickly and efficiently, and enable the GIS Office to grow and improve the City of Dubuque.

The program includes 50 learning and service credits and 50 technical advisor hours per year. The City of Dubuque will be assigned a Technical Advisor by ESRI. This technical advisor will facilitate a one-day annual planning meeting attended by key ESRI and City of Dubuque stakeholders. The Technical Work Plan is a collaboratively developed document designed to drive the City's implementation through the definition of the City's GIS vision, goals, and objectives. Quarterly technology webcasts include access to webcasts delivered by specialists representing various geospatial technology topics.

## Significant Line Items

### Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in annual cost increase of \$12,610 or 9.99%.

### Supplies & Services

4. Printing and Binding increased from \$55,915 in FY 2020 to \$55,962 in FY 2021. This line item represents the cost of printing six issues of City Newsletter (\$7,200); printing and distribution of City Focus Magazine which includes mailing costs (\$36,000); various print projects (\$2,000); translating City brochures (\$1,000); business cards (\$47), and Bee Branch Watershed materials (\$9,715).
5. Software License Expense increased from \$56,456 in FY 2020 to \$60,711 in FY 2021 based on FY 2020 actual. Civic Plus Website Hosting increased from \$19,660 in FY 2020 to \$20,842 in FY 2021 (6% increase). WebQA Hosting increased from \$28,517 in FY 2020 to \$31,889 in FY 2021 (12% increase).
6. Postage and Shipping increased from \$13,642 in FY 2020 to \$13,785 in FY 2021. Public Information mailings represent \$285 and Bee Branch Watershed mailings represent \$13,500.
7. Promotion is unchanged from \$10,700 in FY 2020 to \$10,700 in FY 2021. This line item represents advertising and promotion expenses for City Expo and other City services.
8. Conferences increased from \$7,600 in FY 2020 to \$8,000 in FY 2021 based on location of conferences and estimated cost. This line item represents cost of conferences for the Public Information Officer, GIS Coordinator, GIS Applications Specialist, and regional conferences for other Public Information Office staff.

### Machinery & Equipment

9. Equipment replacement items include (\$996):

Smartphones (1)	346
Desk Chair	650
<b>Total Equipment</b>	<b>996</b>

### Revenue

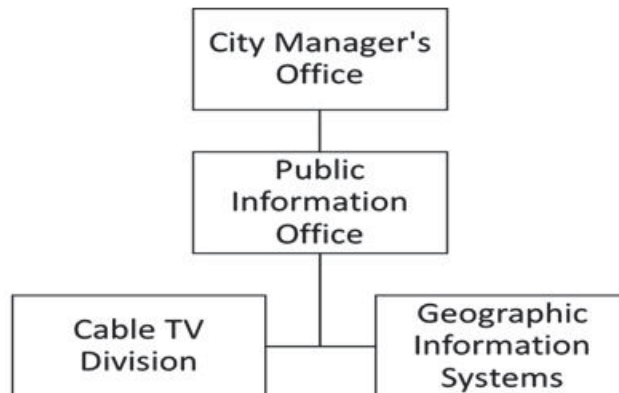

10. Revenue received from Enterprise Funds for administrative overhead charges increased from \$104,444 in FY 2020 to \$137,162 in FY 2021 and represents recharges for Geographic Information Services (GIS).

# PUBLIC INFORMATION OFFICE

The City of Dubuque Public Information Office (PIO) facilitates an accurate and consistent flow of public information to the City's various constituencies to increase public awareness about the activities, programs, and services provided by the City of Dubuque.

## Mission & Services

The Public Information Office communicates the goals and activities of city government to the city's many publics, both internal and external. The Public Information Office oversees the Cable TV Coordinator and Geographic Information System (GIS) Coordinator/Analyst. Services provided by the Public Information Office include publications and graphic design, online presence management, media relations, special events, and Bee Branch Watershed Flood Mitigation Project communications.

## SUCCESS IS ABOUT PEOPLE, PLANNING AND PARTNERSHIPS LEADING TO OUTCOMES

### PEOPLE

Public Information Office staff serve on Leadership Team, the Employee Recognition Committee, Travel Dubuque Advisory Board, Intercultural Communications Marketing Team, and the Local Emergency Preparedness Committee.

### PLANNING

The Public Information Office supports all departments/divisions in planning activities to promote their programs and activities and assists with promoting engagement opportunities and tools to provide public input into those processes.

### PARTNERSHIPS

The Public Information Office partners daily with other City departments and divisions and frequently collaborates with Greater Dubuque Development Corporation, the Community Foundation of Greater Dubuque, Travel Dubuque, and other strategic partners.

# PUBLIC INFORMATION OFFICE

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	2.75	3.63	3.75

## Resources and Property Tax Support

Includes Public Information Office and Geographic Information Systems.

The Public Information Office is supported by 6.50 full-time equivalent employees, which accounts for 75.08% of the department expense as seen below. Overall, the departments' expenses are expected to increase by 3.83% in FY 2021 compared to FY 2020.

# GEOGRAPHIC INFORMATION SYSTEMS (GIS)

## (Maps & Data)

### Mission & Services

The Geographic Information Systems (GIS) Office is responsible for the supervision, development, use, and maintenance of the City's Geographic Information System, and coordinates these duties with other City departments, partners to City projects, other government groups and private sector businesses. The GIS office provides a large service level to the City organization.

## Improvement Package Summary

### 1 of 5

The improvement level decision package request is for trainings and assessments to continue the professional and organizational development work underway to create a more High Performing Organization. In December 2018, the City entered into an Memorandum of Understanding with Cartegraph and completed an employee survey to identify strengths and opportunities for improvement in the six High Performance Organization tenets of effective and innovative teams; efficient processes; measurable, actionable results; clarity & accountability; engaged citizens, and an equitable organization. Since then, a group of approximately 40 High Performing Government Ambassadors have been trained and are implementing process improvement, team building, and other work across the organization. Early results include financial savings, staff time freed up to accomplish other activities, and improved employee morale and customer service. In order to build staff capacity and institutionalize these changes, additional funding is requested as follows: 1) \$6,000 to send one staff to the Leading, Educating and Developing (LEAD) training at the Cooper Center for Public Service at the University of Virginia. The program offers an integrated approach to professional development for local government leaders and managers. It consists of a one-week class with government leaders from many different communities and focuses on developing leadership and management skills. Themes covered include creating a High Performing Organization, cultivating democratic values, facilitated team learning, workforce engagement, emotional intelligence, and micro-business development in local government. 2) \$3,600 to send two staff to the Alliance for Innovation Transforming Local Government conference in order to develop their skills in innovation and change management. City staff have attended both trainings in FY20 and found them highly valuable. 3) \$5,000 to fund additional High Performing Government Ambassador and Leadership Team training in areas identified as opportunities for improvement in the employee survey. 4) \$300 for any new Leadership Team members to take the Strengthsfinder (TM) assessment. The team building and innovation work the High Performance Government Ambassadors have completed is a strengths-based approach to work, and the assessment is key to understanding and improving upon our

Leadership Team members' strengths. This request supports the City Council goal of Financially Responsible, High-Performance City Organization.

Related Cost:	\$14,900	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Related Revenue:	\$ 7,499	Administrative Overhead	Non-Recurring	
Net Property Tax Cost:	<u>\$ 7,401</u>			
Property Tax Impact:	<u>\$0.0029</u>	0.03%		

Activity: City Manager's Office

## 2 of 5

This improvement level decision package request is to increase the City Managers Office education & training line item. The line has traditionally been used for training opportunities for only the staff in the City Managers Office. Most recently, the line has also been used to hire outside agencies to conduct various trainings related to compliance and organizational culture, such as the sexual harassment and civility in the workplace training that were offered in FY20. The requested \$7,000 is based off of the actual cost to hire Employee & Family Resources, the City's employee assistance program provider, to conduct one one-hour training for all City employees, but could be used for any training deemed appropriate by the City Manager and Human Resources Director. This request supports the City Council goal of Financially Responsible, High-Performance City Organization.

Related Cost:	\$ 7,000	Tax Funds	Recurring	<b>Recommend - Yes</b>
Related Revenue:	\$ 3,523	Administrative Overhead	Recurring	
Net Property Tax Cost:	<u>\$ 3,477</u>			
Property Tax Impact:	<u>\$0.0014</u>	0.01%		

Activity: City Manager's Office

## 3 of 5

This improvement level decision package request would provide funding to develop an annual performance evaluation and professional development program for department managers. Department managers' responsibilities vary significantly and require a combination of leadership and management skills. 360 evaluations would provide the opportunity for the City Manager, department managers' peers, employees, and partners to provide constructive feedback. The results of the evaluations would be used to develop personalized performance improvement, or coaching, plans for each manager. Coaching or other professional expertise may be identified, based on the needs of the individual. This improvement plan would provide funding for half of department managers (26 total) to complete an evaluation each year and receive coaching or professional development opportunities based on their needs. This request supports the City Council goal of Financially Responsible, High-Performance City Organization.

Related Cost:	\$61,100	Tax Funds	Recurring	<b>Recommend - Yes</b>
Related Revenue:	\$30,752	Administrative Overhead	Recurring	
Net Property Tax Cost:	<u>\$30,348</u>			
Property Tax Impact:	<u>\$0.0119</u>	0.11%		

Activity: City Manager's Office

## 4 of 5

This improvement level decision package request is for outreach, education and empowerment activities related to the Climate Action Plan. This request is to fund capacity building in marginalized communities while addressing City greenhouse gas emissions reduction goal. This funding would allow building engaging, dynamic, cross-cultural collaborations and initiatives to address environmental, economic, and

equity issues outlined in the Climate Action Plan through creative engagement and education strategies. It will build trust and partnerships around climate action while engaging businesses, nonprofits, schools, faith communities and community members as partners to begin implementation of the climate action plan at the community level. The update to the Climate Action Plan will be completed in the Spring 2020. The City will need residents educated and engaged to move the climate action work forward so that momentum is not lost. The City has committed to center equity in all work and needs to educate residents on what the body of work is, why it is important and how to further this work through partnership. The Community Action Plan outreach work will focus on reducing disparities and increasing equity.

## 5 of 5

This improvement level decision package would provide funding for the Washington Neighborhood Community Garden. The Washington Neighborhood is open to all families in the neighborhood, providing a space where they can grow produce and build relationships among one another. Garden coordinators have worked in recent years to establish and sustain more authentic engagement in the neighborhood moving forward. Ideally, more individuals from the neighborhood would be involved with different roles to accomplish the scope of this work, distributing efforts and increasing reach and relationships with those who have not been engaged to date. Funding requested includes \$7,200 for a Garden Manager (30 hrs/month for 12 months) and \$4,500 for an Assistant Manager (25 hrs/month for 9 months) who would plan crops, grant write, coordinate volunteer efforts, manage the garden, and ensure produce is allocated to the volunteers and neighborhood. The request also includes \$5,000 for supplies and plans and \$500 for liability insurance for a total request of \$17,200. This request supports the City Council goal of Livable Neighborhoods & Housing.

## Neighborhood Development

### Mission & Services

Neighborhood Development works to coordinate and to develop the resources needed to create and maintain a vital community by working closely with citizens to determine the priorities of each neighborhood and to collaborate in finding the best way to meet those priorities. The approach focuses on citizen involvement, leveraging resources, education and outreach, and establishing positive relationships through communication. Develop strong neighborhoods by empowering neighborhood associations, residents, and non-profits to identify and address quality of life partnerships with the City to create stronger, safer, and more resilient neighborhoods.

Neighborhood Development Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$142,653	\$164,516	\$152,722

### Significant Line Items

#### **Employee Expense**

1. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
2. The Fiscal Year hours budgeted increased from 2,096 hours in FY 2020 to 2,088 hours in FY 2021 which decreased employee expense.

#### **Supplies & Services**

3. Conferences is unchanged from \$25,640 in FY 2020 to \$25,640 in FY 2021. This line item includes \$3,090 per City Council member (\$21,630) for conferences, meetings and travel and \$4,800 for the Mayor for conference travel, including attendance at the US Conference of Mayors meetings. It is believed that greater expectations for regional, state and federal cooperation include some level of participation in the following: National League of Cities, Iowa League of Cities, Iowa Department of Economic Development SMART Conference, Iowa League Legislative Days, and other meetings that occur on issues or initiatives throughout the year.
4. City Business Travel is unchanged from \$7,000 in FY 2020 to \$7,000 in FY 2021. This line item is budgeted at \$1,000 per Council Member and represents City business mileage reimbursement.
5. Dues and Memberships increased from \$19,358 in FY 2020 to \$19,782 in FY 2021. This line item is based on the actual cost of the membership to Iowa League of Cities (increased from

\$14,089 in FY 2020 to \$14,513 in FY 2021) and US Conference of Mayors (unchanged from \$5,269 in FY 2020 to \$5,269 in FY 2021).

## **Revenue**

6. Reimbursement Revenue decreased from \$4,564 in FY 2020 to \$1,211 in FY 2021 based on FY 2019 Actual. This line item represents reimbursements for Mayor speaking engagements.

# CITY COUNCIL

Dubuque operates under the council-manager form of local government, which combines the political leadership of elected officials in the form of a city council, with the managerial experience of an appointed local government manager, the city manager.

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	3.50	3.50	3.50

## Resources and Property Tax Support

The City Council is supported by 3.50 full-time equivalent employees, which accounts for 57.54% of the department expense as seen below. Overall, the departments' expenses are expected to decrease by 0.14% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# 2019

## City Council Goals & Priorities

### City of Dubuque Goals 2024

- Robust Local Economy:** Diverse Businesses and Jobs with Economic Prosperity
- Vibrant Community:** Healthy & Safe
- Livable Neighborhoods & Housing:** Great Place to Live
- Financially Responsible, High-Performance City Organization:** Sustainable, Equitable, and Effective Service Delivery
- Sustainable Environment:** Preserving and Enhancing Natural Resources
- Partnership for a Better Dubuque:** Building Our Community that is Viable, Livable, and Equitable
- Diverse Arts, Culture, Parks, and Recreation Experiences and Activities**
- Connected Community:** Equitable Transportation, Technology Infrastructure, and Mobility

### 2019-2021 POLICY AGENDA

Policy Agenda items are issues that need direction or a policy decision by the City Council, or need a major funding decision by the City Council, or issues that need City Council leadership in the community or with other governmental bodies. The policy agenda is divided into top priorities and high priorities.

#### TOP PRIORITIES (in alphabetical order)

- Dream Center: Facilities & Programs
- Emerald Ash Borer Program
- Human Resources Policies & Handbook Revision
- Imagine Dubuque: Implementation
- Major Street Improvement Plan: Project Priority & Funding
- Parking Ramp Maintenance: Funding

#### HIGH PRIORITIES (in alphabetical order)

- Brain Health Strategy & Action Plan
- Debt Reduction Plan: Re-Affirmation
- Fountain of Youth: Funding
- Four Mounds/HEART Program: Funding
- Street Maintenance Program: Increased Funding
- Transit Vehicle Replacement Funding

### 2019-2021 MANAGEMENT AGENDA

Management agenda items are issues for which the City Council has set the overall direction and provided initial funding, may require further City Council action or funding, or are major management projects that may take multiple years to implement. The management agenda is divided into top priorities and high priorities.

#### TOP PRIORITIES (in alphabetical order)

- Bee Branch Creek Projects: Next Steps
- CHANGE Program: True North Housing Initiative & Bee Branch Healthy Homes Resiliency Program
- Equitable Poverty Prevention: Action Plan
- Industrial Park Development
- Leisure Services Facilities Deferred Maintenance Assessment
- Multi-Tiered Housing Inspection Program
- Park Development Projects for Non-TIF(Tax-Increment Financing), Donated Park Sites
- Traffic Signal Synchronization/STREETS

#### HIGH PRIORITIES (in alphabetical order)

- Dubuque Riverfront Master Plan (Corps of Engineers)
- Citywide Departmental Work Order System Implementation
- Innovation & Entrepreneurial Strategy
- School Resource Officer: Implementation
- Southwest Arterial Business Development
- Water & Resource Recovery Center: Nutrient Trading

## MANAGEMENT IN PROGRESS >>

Items that are underway and budgeted. Staff is implementing and providing updates to City Council.

Projects that are underway and budgeted. Staff is implementing and providing updates to City Council.

## << MAJOR PROJECTS

### Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity

### Improvement Package Summary

#### 1 of 1

This improvement package provides for the addition of a full-time Video Producer (GE-30A/B) at 40 hours per week (2,080 hours annually). This position would work afternoon and evening hours to enable coverage of events outside of regular business hours without incurring overtime. This position would also provide coverage for employee leave of absences. This position also makes it possible for additional videos to be produced for dissemination by social media. Since the Cable TV Division helps other City departments and divisions tell their stories, this request supports all City Council goals and priorities. A second video producer enables staff to tell more of those stories. Non-recurring costs include the purchase of a desktop computer for the position.

Related Cost:	\$ 69,879	Cable TV Fund	Recurring	<b>Recommend - No</b>
Related Cost:	\$ 2,200	Cable TV Fund	Non-Recurring	
Total Cost:	<u>\$ 72,079</u>			
Property Tax Impact:	\$ 0.0284	0.27%		
Activity:	Cable TV Division			

## **Significant Line Items**

### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in annual cost increase of \$2,920 or 9.99%.
4. Overtime expense is unchanged from \$4,000 in FY 2020 to \$4,000 in FY 2021. FY 2019 Actual was \$3,818.

### **Supplies & Services**

5. Data Services decreased from \$22,092 in FY 2020 to \$20,678 in FY 2021 based on FY 2019 Actual plus 10%. This line item represents encoding, hosting online content and live streaming for City Council meetings on the City's website through Granicus. In addition, it includes making the online content mobile device friendly and providing the live stream in high-definition.
6. Processing Materials decreased from \$22,092 in FY 2020 to \$20,678 in FY 2021 based on actual cost. This line item represents non-live closed captioning of select CityChannel Dubuque programming which makes many of the city's locally produced programs accessible to the hearing impaired.
7. Legal Services is increased from \$0 in FY 2020 to \$5,000 in FY 2021. This line item represents legal consultation on a variety of potential telecommunication issues.
8. Consultant Services is unchanged from \$5,000 in FY 2020 to \$5,000 in FY 2021. This line item represents consultant services required for engineering or drone oversight, operation and training.
9. Data Processing Equipment Maintenance Contracts increased from \$4,370 in FY 2020 to \$4,785 in FY 2021. Departments receive recharges for maintenance agreement costs on City wide software based on the number of users in their department.
10. Subscriptions, Books, and Maps is decreased from \$2,500 in FY 2020 to \$225 in FY 2021 based on actual expense. This line item represents subscriptions to trade publications, online workshops hosted by the National Association of Telecommunications Officers and Advisors, software-related books, and books and reference materials related to Cable TV.
11. Education and Training is unchanged from \$2,500 in FY 2020 to \$2,500 in FY 2021 based on actual training attended. This line item represents training on telecommunications regulations, software, and class for the drone/Federal Aviation Administration recertification.

12. Conferences is unchanged from \$2,000 in FY 2020 to \$2,000 in FY 2021. This line item represents the Growing Sustainable Communities conference and Division Manager conferences.
13. Software License is unchanged from \$2,672 in FY 2020 to \$2,672 in FY 2021. This line item represents the cost of two Adobe Creative Cloud licenses (\$1,800), the multifunction copier accounting software (\$47), and closed captioning software (\$825).
14. I-Net is unchanged from \$1,500 in FY 2020 to \$1,500 in FY 2021. This line item represents the consultants hired to route signals at select I-Net sites of the city-wide institutional network.

### **Machinery & Equipment**

15. Purchase of equipment for FY 2021 includes:

\$15,300 for replacement of the TV production and transmission equipment, audiovisual equipment and computer equipment.

Effective June 2020, Mediacom will no longer contribute to the Public, Educational and Governmental Access Cable Grant (PEG) Fund, and after the balance in that fund is expended, the City will be responsible for all City Cable TV equipment replacement costs. Other jurisdictions will need to plan accordingly.

### **Revenue**

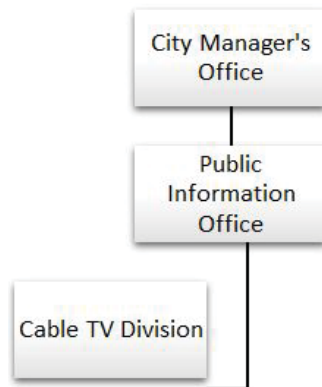

16. Franchise fee revenue increased from \$564,029 in FY 2020 to \$570,000 in FY 2021 based on year-to-date receipts of \$144,940 and FY 2019 actual of \$574,567.

## PUBLIC INFORMATION OFFICE

# CABLE TV DIVISION

The Cable TV Division embraces the Sustainability Principle of Community Knowledge by producing video programs on City initiatives for distribution to the community via the local government access cable channels, the City's website, and social media. The Cable TV Division also supports the local access community through coordination of the various access origination sites and working with the Cable TV Commission to disseminate funding through the Capital Grant for Access Equipment and Facilities. The Cable TV Division also acts as a liaison between local cable subscribers and the cable company.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

# PUBLIC INFORMATION OFFICE CABLE TV DIVISION

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	2.25	2.25	2.25

## Revenue

Cable TV is supported by 2.25 full-time equivalent employees, which accounts for 68.69% of the department expense as seen below. Overall, the departments' expenses are expected to decrease by 5.20% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# PUBLIC INFORMATION OFFICE

## CABLE TV DIVISION

### Mission & Services

Provide information on City services and initiatives to citizens and visitors to Dubuque through local cable access and the Internet and remain current on legal and regulatory trends in telecommunications. The Cable TV Division operates two local government access channels available to local cable subscribers. The primary channel, CityChannel Dubuque, is also streamed live to the Internet via the City's website.

Besides providing coverage of City Council and Zoning Advisory Commission meetings, CityChannel Dubuque produces a variety of informational and cultural programming about local government and Dubuque and provides 24/7 city announcements, updated weather information, and important notices such as winter parking restrictions. The Cable TV Division acts as a liaison between the Cable Company and local cable subscribers. It works with the Cable TV Commission to oversee requests for funding from the Capital Grant for Access Equipment and Facilities to provide local organizations with equipment with which to produce programming for the local community. The Cable TV Division also monitors legal and regulatory matters pertaining to telecommunications that may impact the community.

Position Summary

# HOW TO USE THIS POLICY BUDGET DOCUMENT

## PURPOSE

The Policy Budget defines goals and objectives for all City departments and activities, relates them to cost and resource requirements and attempts to establish measures for evaluating accomplishment. Specific improvement packages are developed and included in the Policy Budget for alternative funding and service levels. The Policy Budget document shows the budget by line item for each Department and provides a basis for fiscal control once the budget is adopted.

The Policy Budget emphasizes objectives, accomplishments, and alternative funding and service levels and is intended to keep the attention of the City Council and public on the major policy decisions involving what services the City government will provide, who will pay for them, and the implications of such decisions.

## FORMAT

The Policy Budget is organized by Department/Division and provides detail for all activities that make up each Department/Division. Each Department/Division tab includes the following information:

- 1) **Department/Division Financial Summary:** The ***budget highlights*** portion of the Department Summary reflects total expenses for the maintenance level budget (cost to continue at the same level of service) and approved improvement packages for all activities within the Department by expenditure category (employee expense, supplies and services, machinery and equipment, and debt service), and the funding sources that pay those expenses. The property tax portion of the funding is reflected, noting the increase or decrease from the prior years adopted budget. For Departments which are self supporting (i.e. Water, Water Pollution Control, Refuse (part of Public Works), Cable TV, Transit, Parking), the net operating surplus/deficit is reflected, noting the increase or decrease in the fund from the prior years adopted budget.

This summary displays all ***Improvement Packages*** submitted by Department/Division Managers, with a notation of whether they were recommended by the City Manager, and then approved by the City Council. Those noted with a 'YES' were added to the maintenance level budget and are reflected in the Department Funding Summary and those noted with a 'NO' were not approved.

And finally, this summary explains ***significant line item detail*** by expenditure category, notable revenue changes, and miscellaneous information regarding the maintenance level budget. These are the review notes prior to adding any improvement packages.

- 2) **Memo Addressing Budget Issue (optional):** If there is an important budget issue that needs further explanation, a memo will be provided.
- 3) **Department's Organizational Chart (optional):** Shows how a Department is structured. Usually included for larger more complex Departments.
- 4) **Department/Division's Highlights of Prior Year's Accomplishments and Future Initiatives:** This is a written narrative that highlights the Department's prior year accomplishments and what Departments plan on accomplishing in the near future.

- 5) **Department/Division's Goals and Performance Measures by Activity:** This is a written activity statement and a matrix for each activity which includes activity objectives, relationship to City Council Goals & Priorities, and key performance indicators (KPIs).. Performance measures are included for each activity to evaluate activities and ensure that the approved levels of funding yield the expected results. Battery icons for each KPI visually indicate how well an objective is doing and represent the following:

		
On Track	Improving	Needs Work

- 6) **Department/Division's Goals and Performance Measures by Activity:** This is a written narrative for each activity that explains the goal, describes the purpose, and explains the service objectives of each activity. Performance measures are included for each activity to evaluate activities and ensure that the approved levels of funding yield the expected results.
- 7) **Recommended Operating Revenue Budget by Department/Division:** This report reflects line item revenue detail at the Department/Division level (combines all activities for each line by fund). Two years actual revenues, prior year adopted revenues and the recommended revenue for the new budget year are reflected.
- 8) **Recommended Operating Expenditure Budget by Department/Division:** This report reflects line item expenditure detail at the Department/Division level (combines all activities for each line by fund). Expenses are grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 9) **Recommended Operating Expenditure Budget by Activity and Funding Source:** This report reflects expenses grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) for each activity within the Department/Division, and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 10) **Personnel Complement at Department/Division and Activity Level:** These reports reflect positions budgeted at the Department/Division level and the Activity level, by funding source. Total Full Time Equivalents (FTE) and wages with longevity expense are shown for each position for two years prior year adopted FTE and expenses, and the recommended FTE and related expense for the new budget year.
- 11) **Capital Improvement Projects by Department/Division:** This report lists all Capital Improvement Project totals for two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 12) **Five Year Capital Improvement Program Summary by Department/Division:** This report lists all Capital Improvement Projects budgeted in the new budget year and planned for the next four years.

### Improvement Package Summary

#### **1 of 5**

This improvement package would increase one part-time Animal Control Officer to full-time (+0.28 FTE or 582 hours annually), increasing Animal Control staffing by 11 hours. Another full-time Animal Control Officer would provide additional coverage and more timely follow-ups on animal control incidents and complaints. The Fiscal Year 2020 budget funded one part-time animal control officer as full time. The additional full time coverage would reduce the amount of calls Police respond to, increase the number of impounded animals and their subsequent revenue, and provide more prompt and efficient service to residents. This increase in staffing would also provide more coverage for when Animal Control staff is in training, City business, or for personal time. Currently, when one of the Animal Control Officer requires time off, coverage hours are decreased, since the part-time Animal Control Officer cannot go above 29 hours per week or 1,508 hours per year. Annexations have also added travel time and coverage ability for Animal Control. In addition, now that pets are allowed on trails and in some parks, Animal Control can address enforcement for pets in these areas in conjunction with park patrol.

When Animal control is not on-duty, i.e., evenings, nights, weekends, holidays, training, etc., Police cover animal emergencies and complaints. This strains the Police Department, who are not specifically trained in Animal Control. Current staffing levels still do not allow any time for community outreach and education on animal control and responsible pet ownership issues. Increasing the part time Animal Control officer's hours from 29 to 40 per week may allow necessary time to provide education to neighborhood associations, civic organizations, schools and animal organizations, etc.

In addition, the amount of dogs and cats licensed in the city has steadily increased since FY95. This does not account for unlicensed pets, which the American Veterinarian Medical Association estimates 32% of the households owning 1.69 dogs and 27.3% owning 2.19 cats. For the City of Dubuque's 22,560 households, this translates to 12,200 dogs and 13,488 cats. FY19 pet licenses totaled 10,439 or 41% of the estimates. The number of animal control complaints continues to rise, with a 31% increase in the number of complaints/requests from FY18 to FY19.

This improvement package would support City Council Goal 2: "Vibrant Community: Healthy and Safe" by encouraging a sense of safety in the community through increased enforcement as well as ensuring residents feel they are part of a collaborative solution through increased outreach and pet-ownership education efforts.

Police Animal Calls			
FY13: 717	FY15: 569	FY17: 525	FY19: 641
FY14: 854	FY16: 647	FY18: 539	

**Note: Average number of bites each calendar year from 2006 - 2016 is 131. The average number of bites for 2017 - 2019 is 166, a 26% increase.**

In addition, the amount of dogs and cats licensed in the city has steadily increased since FY95. This does not account for unlicensed pets, which the American Veterinarian Medical Association estimates 32% of the households owning 1.69 dogs and 27.3% owning 2.19 cats. For the City of Dubuque's 22,560 households, this translates to 12,200 dogs and 13,488 cats. Recent and proposed annexations have also added travel time and coverage ability.

Fiscal Year	Animal Licenses Sold	Fiscal Year	Animal Licenses Sold
FY95	7,050	FY08	8,675
FY96	6,900	FY09	8,370
FY97	7,110	FY10	8,190
FY98	7,333	FY11	9,055
FY99	7,147	FY12	9,341
FY00	7,294	FY13	9,437

Fiscal Year	Animal Licenses Sold	Fiscal Year	Animal Licenses Sold
FY01	7,792	FY14	9,486
FY02	8,005	FY15	9,897
FY03	7,574	FY16	10,091
FY04	8,036	FY17	10,086
FY05	6,293	FY18	10,309
FY06	7,683	FY19	10,439
FY07	7,990		

This improvement package also includes an increase in fuel (+\$234) and vehicle maintenance (+\$300). In addition, it is expected that animal impoundments fees would increase (+\$1,000), court fines (+\$2,000) and animal licenses (+\$5,000) due to enforcement and outreach.

Related Cost:	\$ 2,275	Tax Funds	Non-Recurring	
Related Revenue:	\$ 8,000	Animal Fees/Fines	Recurring	
Net Cost:	<u>\$ 26,108</u>			
Property Tax Impact:	\$ 0.0103	0.10%		
Activity: Animal Control				

## 2 of 5

This improvement package request is for increasing animal license fees. The history of animal license fee increases includes July 2003 when animal license fees increased to \$10 to spayed/neutered animals and \$25 for non-spayed/non-neutered animals; and 2009 when the license fees increased to \$12 for spayed/neutered animals, and \$30 for non-spayed/non-neutered animals. Additionally, the fee for late licensing has been \$10 since 2009, which is the lowest late fee of the Iowa large cities researched. Increasing the pet license fees to \$14 for spayed/neutered animals, and \$34 for non-spayed/non-neutered animals along with increasing the late fee to \$16 would increase licensing revenue by an estimated \$83,370 from the FY 2019 total of FY 2019 (59%). Currently, unlicensed, impounded dogs and cats that are claimed must be licensed within 10 day of claiming the animal. In 2018, 233 unlicensed pets were returned to owners and 257 are projected for 2019. Many of these licenses are not purchased and end up in the Municipal Infraction/Court process, which is costly and not efficient. Requiring purchase of licensing at the time of claiming the animal is projected to produce an estimated \$6,678 in license revenue (included in the projected increase above.) This provision of purchasing a license when claiming an unlicensed animal requires an ordinance change. License fees are set by the city manager and therefore do not require an ordinance change.

Related Revenue:	<u>\$ 83,370</u>	Animal license fees	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	<u>\$(0.0328)</u>	(0.31)%		
Activity: Animal Control				

## 3 of 5

This improvement package request is for a portable printer for Animal Control to keep in the Animal Control truck. Animal Control officers use tablets in the field and need to be able to print citations, forms, notices etc while they are personally working with residents. A portable printer alleviates having to go back to the office to prepare notices and other documentation and then mail the documents or make another trip to deliver the documents to the resident.

Related Cost:           \$     200 Tax Funds  
Property Tax Impact:   \$ 0.0001 —%  
Activity: Animal Control

Non-Recurring       **Recommend - Yes**

#### 4 of 5

This improvement package request is for a supply of leashes for animal control to use in the field, educate residents, provide to residents at City Expo and give to residents who do not have a leash. The leashes are printed with animal control's phone number and provide positive reinforcement when Animal Control officers are doing enforcement or education with residents. A supply of several 100 are ordered every few years to get a lower price.

Related Cost:           \$     650 Tax Funds  
Property Tax Impact:   \$ 0.0003 —%  
Activity: Animal Control

Non-Recurring       **Recommend - Yes**

#### 5 of 5

This improvement package would provide funds for tick removal kits to give away at City Expo and Health outreach events. A tick removal kit will contain a special tweezers, instructions and information about tick prevention and the infectious diseases tick carry such as Lyme disease and Rocky Mountain spotted fever.

Related Cost:           \$     500 Tax Funds  
Property Tax Impact:   \$ 0.0002 —%  
Activity: Community Health

Non-Recurring       **Recommend - Yes**

### Significant Line Items

#### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in annual increase of \$30,947 or 9.99%.
4. Five-Year Sick leave payout decreased from \$3,291 in FY 2020 to \$0 in FY 2021.
5. Overtime expense is unchanged from \$1,500 in FY 2020 to \$1,500 in FY 2021. FY 2019 actual was \$1,841.

#### **Supplies & Services**

6. Court Costs and Record Fees increased from \$18,653 in FY 2020 to \$24,905 in FY 2021 based on FY 2019 actual \$24,905. Beginning January 1, 2016, the court requires the \$85 filing fee for municipal infractions to be paid up front by the City. The Court then enters judgment, and if a defendant is found guilty, the defendant will pay a fine plus \$85 in court costs and the Court will distribute the fine portion and reimburse the City for the filing fee that was paid up front by the City. If a defendant is found not guilty, the City will pay for the court costs using the \$85 filing fee paid upfront instead of deducting the \$85 from the City's judgments, which was the process done by the Court previous to January 1, 2016. Departments that file municipal infractions must budget the upfront filing fee and a portion of the amount is reimbursed to the department going forward. The offsetting revenue is budgeted in Iowa District Court

Fines and is \$28,016 in FY 2021 . Due to time delay of reimbursements, the revenue received is more than the expense.

7. Payments to Other Agencies increased from \$188,691 in FY 2020 to \$191,083 in FY 2021 due to the annual consumer price index increase on the Humane Society contract. The FY 2021 Humane Society contracted budget is \$135,283. Most of these contracted services for animal control are expenses that the City would have within its organization regardless of who provides the services. In addition, there is \$50,000 budgeted for Crescent Community Health Center patient health and wellness programming operating expenses. There is also \$5,800 budgeted for the Visiting Nurse Association to provide medical case management of lead poisoned children, which is funded by the Iowa Department of Public Health grant.
8. Bill Collection Services increased from \$46,238 in FY 2020 to \$47,211 in FY 2021 based on FY 2019 actual \$47,211. This line item represents the amount paid to PetData Services for pet licensing.
9. Consultant Services increased from \$4,172 in FY 2020 to \$10,641 in FY 2021 based on FY 2019 actual \$10,369. This line item represents vet services for after hour veterinarian calls. This line item is also used for vet services for injured dogs or cats when the owner is unknown, rabies confinement of animals when the owner is unknown, wild animal confinement, and neglect cases of animals when being held waiting for a court appearance.
10. Education and Training increased from \$9,889 in FY 2020 to \$11,289 in FY 2021. This line item represents public health and nursing continuing education (\$350); National Animal Care & Control Training for Animal Control Officers (\$6,000); Iowa Department of Inspections and Appeals Training for Sanitarians (\$2,939); and Childhood Lead Poisoning Prevention Training and Lead and Healthy Homes Training (\$2,000) which is covered by a grant.

## Machinery & Equipment

11. Equipment replacement items include (\$3,200):

<u>Administration</u>		
(1) Smart Phone	\$	350
<u>Inspections</u>		
(1) Smart Phone	\$	375
<b>Recommended Improvement Packages</b>		<b>2,475</b>
Total	\$	<u>3,200</u>

## Revenue

12. Dog and cat license revenue increased from \$168,373 in FY 2020 to \$262,923 in FY 2021 based on FY 2019 actual of \$174,554.
13. Business license revenue increased from \$139,950 in FY 2020 to \$150,000 in FY 2021 due to the fee increase approved by the State of Iowa on January 1, 2019. FY 2019 actual was \$130,201.
14. Iowa District Court Fines increased from \$20,849 in FY 2020 to \$28,016 in FY 2021. FY 2019 actual was \$26,017. This revenue represents the reimbursement of the cost of Court Costs and Record Fees for municipal infractions fee paid up front by the City and then reimbursed to the City by the Court. Due

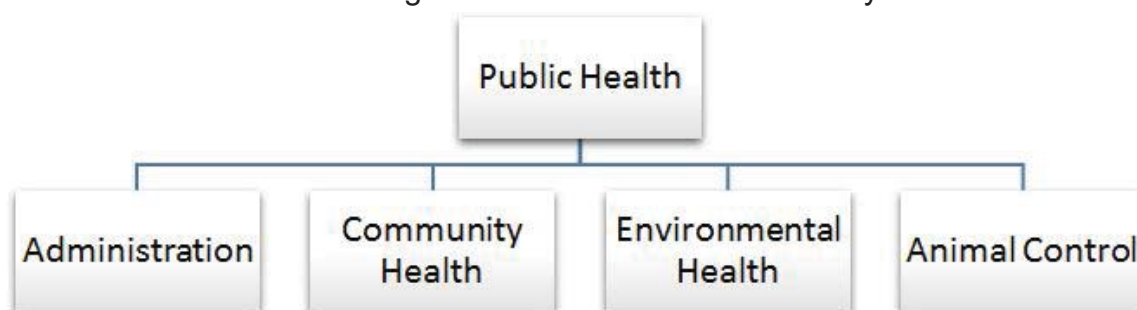

to time delay of reimbursements, the revenue received is more than the expense. A majority of the municipal infractions filed by Health Services are for failure to license a pet.

### **Miscellaneous**

15. The Animal Control activity is 71.3% self-supporting in FY 2021 versus 56.0% self-supporting in FY 2020.
16. The Inspection of Food Establishments activity is 73.9% self-supporting in FY 2021 versus 70.5% self-supporting in FY 2020.

# PUBLIC HEALTH

Public Health provides an effective service to protect, maintain and promote the physical and environmental health and well-being of the citizens of the community.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

### People

The Health Services Department strives to respond to conditions that affect the overall health of the community in a timely manner.

### Planning

- The Dubuque County Community Health Needs Assessment and Health Improvement plan is a community-wide effort to assess the community's health needs and decide how to meet them.
- The Dubuque County Health Care Preparedness Coalition is a multi-disciplinary partnership that assesses jurisdictional risk and responds cohesively to public health incidents and emergencies.

Green & Healthy Homes Initiative

### Partnerships

Partnerships allow public health to perform its activities in an effective, efficient, and inclusive manner. Some partners include the Crescent Community Health Center, Iowa Department of Public Health, Dubuque Community Schools, Dubuque Visiting Nurses Association, Dubuque County Health Department, Mercy Medical Center, Unity Point Health/Finley Hospital, and many others.

# PUBLIC HEALTH

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	5.58	5.86	6.14

## Resources and Property Tax Support

The Health Department is supported by 6.14 full-time equivalent employees, which accounts for 61.23% of the department expense as seen below. Overall, the departments' expenses are expected to increase by 6.34% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# PUBLIC HEALTH

## Administration/Community Health

### Mission & Services

Community Health provides assessment, assurance, and policy development to address public health problems and issues in the community. The [Health Services](#) Department works with the [Dubuque County Board of Health](#) to carry out public health essential services necessary for an effective public health system. Responsibilities include evaluating, reviewing, and updating animal, noise, nuisance, sewer, refuse, and food ordinances enforced by the Health Department.

# PUBLIC HEALTH

## Animal Control

### Overview

Animal Control enforces the City Animal Ordinance which provides for licensing of all cats and dogs, the prohibition of dogs and cats running at-large within the city, inoculation of all dogs and cats against rabies, investigation of animal bites and assurance of proper rabies confinement, prohibition of harboring a vicious or potentially vicious animal or dangerous animal and prohibition of animals causing serious disturbance or nuisance.

Animal Control Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$324,603	\$352,388	\$419,762
Resources	\$207,794	\$197,332	\$299,118

This improvement package would fund a train-the-trainer program to develop a culturally appropriate leadership development project to engage communities of color and other underrepresented communities to actively participate in civic life. Funds would be used to cover the costs of bringing two trainers to Dubuque for a two-day training program. The training would be offered to a combination of City staff who are involved in City Life and in training Board and Commission members, along with partners from local colleges. Tools and approaches learned in this training would then be adapted to be used for a variety of engagement purposes, including City Life, the potential establishment of a City Life 2.0 program for alumni of City Life, training for Board and Commission members, and/or training for community members engaged with local colleges and/or other partner institutions.

## Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution is unchanged from 9.44% in FY 2020. The employee contribution is unchanged from 6.29% in FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in annual increase of -\$5,860 or 9.99%.
4. The FY 2021 budget includes the following changes related to the personnel complement:

- a. -1.00 FTE Strategic Workforce Equity Coordinator was moved from Human Rights to the Human Resources Department (-\$97,078).

## **Supplies & Services**

5. Education and Training decreased from \$44,062 in FY 2020 to \$30,962 in FY 2021. This line item represents Annual Fair Housing Training (\$10,000); Strategic Workforce Development Coordinator training including Intercultural Competency Training of City Staff (\$0); and general Human Rights training including equity core team development, National Association for the Advancement of Colored People (NAACP) events, community engagement training, and the Martin Luther King, Jr. Breakfast (\$20,962).
6. Conferences increased from \$8,015 in FY 2020 to \$12,596 FY 2021. This line item represents the actual cost to attend the National League of Cities Conference in Tampa, FL, the Government Alliance on Race and Equity conference in Oakland, CA, Sustainable Communities Conference. This line item increase is caused by shifting funds which were previously funded in Education & Training and conference/travel budgeting for the Strategic Workforce Development Coordinator and Community Engagement Coordinator positions which were unfrozen in FY20.
7. Speakers and Programs decreased from \$14,540 in FY 2020 to \$12,040 in FY 2021. The Dispute Resolution Center Operating expense decreased from \$1,892 in FY 2020 to \$1,742 in FY 2021. The remaining budget represents two City Life programs and an interpretation service at City Life Programs in FY 2021 (\$7,958); interpreters for commission functions (\$340) and the Dubuque Community Police Relations Committee (\$2,000).
8. Pay to Other Agency is unchanged from \$12,000 in FY 2020. This line item includes \$6,000 for Faces and Voices Human Relations Event that currently is the annual the Reverend Doctor Martin Luther King Breakfast and \$6,000 for VISTA cost share. The VISTA cost share is unchanged from \$6,000 in FY 2020.
9. Printing and Binding is unchanged from \$5,967 in FY 2020 to \$5,967 in FY 2021. This line item provides for the printing of the Annual Report, brochures, training materials, and mailing materials.

## **Revenue**

10. Case processing revenue in FY 2021 is based on 12 employment cases reimbursed at \$200 per case (\$2,400) by the Iowa Civil Rights Commission.
11. General reimbursement revenue decreased from \$1,500 in FY 2020 to \$1,125 in FY 2021 based on FY 2019 actual of \$1,100. This revenue line reflects the reimbursement for Intercultural Competency training materials for four-day workshops.

# HUMAN RIGHTS DEPARTMENT

**Department Goal:** Human Rights partners to advance equity in City services and civic engagement through City and community partnerships. In all efforts, compliance with current civil rights laws is considered the bare minimum required, not the end goal.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

### PEOPLE

We **engage** traditionally marginalized communities to strengthen relationships, expand participation, and advance equity in City services.

### PLANNING

We **facilitate and consult** on Department and partner efforts to develop and implement equity plans.

INCLUSIVE  
INCLUSIVE  
INCLUSIVE  
dubuque

Connecting People • Strengthening Community

### PARTNERSHIPS

We **educate** individuals and **facilitate and consult** on cross-sector efforts to collectively advance equity.

# HUMAN RIGHTS DEPARTMENT

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	5.00	5.00	4.00

## Resources and Property Tax Support

The Human Rights Department is supported by 4.00 full-time equivalent employees, which accounts for 81.17% of the department expense as seen below. Overall, the departments' expenses are expected to decrease by -18.49% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# HUMAN RIGHTS DEPARTMENT

## Organizational Development

### Mission & Services

The Human Rights Department partners with other City Departments to advance equity understanding and actions amongst our employees, through service delivery, community engagement efforts, and grants and contracts.

Organization Development Funding Summary

### Improvement Package Summary

#### 1 of 7

This improvement request is for the purchase of software to support the library's marketing campaign to increase awareness and use of the library, as well as funding to support the monthly fees for Hot Spots. The library began a marketing campaign during the last quarter of 2018. At the close of FY 19, checkouts increased 4%, 466 new library cards had been issued, the number of visitors increased by 3,351, the number of visitors to the Maker Space increased 52%, digital checkouts increased by 55%, and 12 out of 17 informational databases realized a significant increase in use. This has taken place during a time when the majority of libraries have experienced flat or slight decreases in use. Marketing was conducted with digital media using everything from e-mail to Facebook to the library's website to Twitter. Management of the campaign was achieved through social media platform management software such as Zoho (\$300 annually), Ad Espresso, which manages social media advertisements (\$1,854 annually) and MailChimp, which manages email (\$1,140 annually). Hot Spots (\$1,800 annually) were introduced through a grant in FY 19 and 15 are available for checkout. Since they were introduced the waiting list consistently averages 14. Hot Spots provide the Internet access to citizens that would not have it otherwise. This request supports the City Council Goal of Diverse Arts, Culture, Parks, and Recreation Experiences and Activities.

Related Cost: \$ 5,094 Tax Funds Recurring  
 Property Tax Impact: \$ 0.002 0.02%  
 Activity: Library Administration

**Recommend - No**

## 2 of 7

This improvement request is for catering for the Iowa Library Association (ILA) Conference in October, 2020 at a reception hosted by Carnegie-Stout Public Library. The ILA Conference is expected to attract over 500 during the three days it is held. The host library typically has a reception during the evening on the first day of the conference. This request supports the City Council Goal for Diverse Arts, Culture, Parks, and Recreation Experiences and Activities.

Related Cost:           \$ 2,500 Tax Funds   Non-Recurring

**Recommend - Yes**

Property Tax Impact: \$ 0.001 0.01%

Activity: Library Administration

## 3 of 7

This improvement request is for a part-time employee in the Information Technology (IT) Activity. Currently this activity has two FTEs and two interns. The interns each work 10 hours per week. This activity also provides support for the Multicultural Family Center (averages about 2.5 calls per month). This position would be responsible for providing public service directly to library visitors by answering questions, troubleshooting their devices used to access library materials, and to provide classes, which were discontinued due to time constraints. This person would be responsible for responding to at least half of the IT tickets requesting support, which number over 4,600 annually. Additionally, this position would troubleshoot equipment in the library that is used by the public. This person would be able to have permissions and take on added responsibilities that the interns cannot currently have. This responsibility will provide for support with server maintenance, firewalls, switches, door/elevator access software, security cameras, as well as meeting rooms and program setups that require IT assistance (270 annually). This request supports the City Council Goal for Diverse Arts, Culture, Parks, and Recreation Experiences and Activities.

Related Cost:           \$ 24,512 Tax Funds   Recurring

**Recommend - No**

Property Tax Impact: \$ 0.0096 0.09%

Activity: Information Technology

## 4 of 7

This improvement level decision package request is to add four hours per week (208 hours annually) to the Confidential Account Clerk position in Library Administration. Changes in processes have increased the workload in Library Administration. Purchase card processing requires an average of 11 hours per month. This work was absorbed into the existing position. Additional processing of accounts payable (example of completing check batches) results in more time required for this task. The library averages 1,000 purchase orders a year and it is possible to receive up to 10 invoices for one purchase order. The average increase in work per week for the Confidential Account Clerk is 1.5 hours. This request supports the City Council goal of Financially Responsible, High-Performance Organization.

Related Cost:           \$ 3,398 Tax Funds   Recurring

**Recommend - No**

Property Tax Impact: \$ 0.0013 0.01%

Activity: Library Administration

## 5 of 7

This improvement request is for collection and maintenance support for the Bicycle Library. The Bicycle Library was purchased with grant funds in 2018. The grant covered the cost of the bike and after-sale items such as an umbrella, uniform, maintenance, and a collection of popular materials. The Bicycle Library is out in the community four to five times a week May through October. The Bike Peddler interacted with 3,411 people during 4 1/2 months in FY19. The Bicycle Library is an outreach program intended to meet people where they are - everywhere from the Farmers' Market to the Arboretum, and Jackson Park to the River Walk. The Bicycle Library is stocked with the newest material that is in high demand for all ages and for which there is likely a waiting list in the library building. Funding of this

improvement request will make it possible to purchase copies of the most current titles for the collection to keep it up to date. This request supports the City Council Goal for Diverse Arts, Culture, Parks, and Recreation Experiences and Activities.

Related Cost:            \$ 3,000 Tax Funds    Recurring  
Property Tax Impact: \$ 0.0012 0.01%  
Activity: Adult Services, Maintenance Services

**Recommend - Yes**

#### **6 of 7**

This improvement request is for the purchase of one laptop computer for the Circulation Activity. There is one computer in the Activity for 18 staff members and volunteers to work at during off-desk hours. This computer is also used as a second station to check in materials during busy times. The need for a computer by so many results in a backlog, which a laptop can mitigate. A laptop computer is preferred as it can also be used for outreach purposes. When the library has off-site library card sign-up programs (about one every six weeks) a laptop computer for the public is used, leaving one less for a library patron to check out. This request supports the City Council goal of Diverse Arts, Culture, Parks, and Recreation Experiences and Activities.

Related Cost:            \$ 2,800 Tax Funds    Non-Recurring  
Property Tax Impact: \$ 0.0011 0.01%  
Activity: Circulation Services

**Recommend - No**

#### **7 of 7**

This improvement request is for a full-time position in the Youth Services Activity to focus on service to teens. The Children's Services Activity oversees the Teen/Young Adult collection and plans programs for this audience. The focus of Children's Services is early literacy and it serves teens on a part-time basis, approximately 20 hours a week. The library has a beautiful space and collection for teens, but the service desk in this area has never been staffed. Teens are in the unattended space and often become disruptive. The situation is worsened when library staff intervene because the contact that they have with staff is usually negative. The teens using the library most often are those within walking distance of the library and is comprised disproportionately with those of a lower socio-economic status. A full-time library aide would work in this space exclusively, and the employee would build relationships with teens who visit as well as plan outreach programs and seek partnerships to grow attendance. To begin the position will offer five outreach programs and a minimum of two programs in the library per month. The library aide can offer after school activities and recreational programs while providing a safe space. Additionally, this position would free up 20 hours for staff in Youth Services, which would be used for more programming and outreach. At least 24 more education and enrichment programs for preschool and school age children would be created for the community and outreach to schools and area childcare agencies would be expanded. This request supports the City Council's Goal of Diverse Arts, Culture, Parks, and Recreation Experiences and Activities as well as being a High Performance City Organization.

Related Cost:            \$ 69,506 Tax Funds    Recurring  
Property Tax Impact: \$ 0.0273 0.26%  
Activity: Children Services

**Recommend - Yes**

### Significant Line Items

#### Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in annual increase of \$27,740 or 9.99%.
4. 50% Sick Leave Payout increased from \$0 in FY 2020 to \$5,814 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.
5. Overtime is unchanged from \$27,299 in FY 2020 to \$27,299 in FY 2021. FY 2019 actual was \$18,262.

#### Supplies & Services

6. Data Processing Equipment Maintenance Contracts increased from \$94,654 in FY 2020 to \$98,382 in FY 2021. FY 2019 actual was \$80,875. The items included are as follows:

Contract	Fiscal Year 2020 Budget	FY 2021 Requested	% Change From FY 2020 Budget
Overdrive Platform for Digital Material	\$ 6,120	\$ 6,120	— %
WebSense Spam Filter (65 Licenses)	\$ 1,625	\$ 1,625	— %
Talking Tech Maintenance	\$ 4,500	\$ 4,500	— %
Techlogic Hardware & Software	\$ 8,514	\$ 2,350	(72.40)% (a)
Sophos Firewall Maintenance	\$ 3,051	\$ 3,051	— %
Bywater ILS Support & Development	\$ 28,600	\$ 28,600	— %
Catalog Updates	\$ 2,112	\$ 2,112	— %
Security System Patches/Updates	\$ 2,631	\$ 2,631	— %
Globalcom Security Contract	\$ 1,200	\$ 1,200	— %
GO Daddy Accounts	600	600	— %
Envisionware Internet Management	3,300	4,025	21.97 % (b)
VM Ware	\$ 4,870	\$ 4,870	— %
Network Support - Alpha G-Deep Freeze	\$ 6,936	\$ 8,623	24.32 % (c)
Website Maintenance	\$ 5,600	\$ 5,744	2.57 % (d)
Infrastructure Switches Support	\$ 9,360	\$ 16,696	78.38 % (e)
Various Small Contracts	\$ 1,086	\$ 1,086	— %
Symantec Backup Solution	\$ 1,468	\$ 1,468	— %
Envisionware Credit Card Fees	\$ 1,188	\$ 1,188	— %
Meraki Wireless Gateway	\$ 1,818	\$ 1,818	— %
GoToMyPC License	\$ 75	\$ 75	— %
Total	\$ 94,654	\$ 98,382	3.94 %

(a) Techlogic Hardware and Software decrease based on renegotiating the contract and dropping maintenance fees on a few products no longer needed.

(b) Envisionware Internet Management increase due to mobile printing.

(c) Network Support - Alpha G-Deep Freeze due to fully funding Evanced in FY 2021.

(d) Website Maintenance contract was renegotiated at a lower price in FY 2020 with a small increase in FY 2021.

(e) Infrastructure switches support increased due to the SAN support annual contract, this budget for this hardware was supported under a three year maintenance contract when the SAN was first purchased, once that expired last year the additional cost was added to the FY 2021 budget. This contract will expire when the SAN is upgraded in FY 2022 and maintenance contract will be purchased with this budget.

7. Office Supplies increased from \$17,517 in FY 2020 to \$18,917 in FY 2021 based on FY 2019 actual. FY 2019 actual was \$18,784.
8. Postage increased from \$12,381 in FY 2020 to \$19,362 in FY 2021. FY 2019 actual was \$12,582 due to moving \$5,522 from the Bill Collection Services line item due to the Library changing to fine-free service. The collections for past due items has changed and there was an increase in notifications by letters when an account is frozen, and an invoice is sent as final notice. This has increased the need for postage.
9. Electricity increased from \$60,090 in FY 2020 to \$64,897 in FY 2021 based on FY 2019 actual plus 8%.
10. Gas decreased from \$26,129 in FY 2020 to \$23,363 in FY 2021 based on FY 2019 actual.
11. Speakers and Programs increased from \$17,146 in FY 2020 to \$17,229 in FY 2021. FY 2019 actual was \$18,307. This line item represents adult, families and children educational, recreational, and cultural programs
12. Property Maintenance increased from \$27,208 in FY 2020 to \$33,812 in FY 2021 based on FY 2019 actual. Increase due to boiler repairs.
13. HVAC Maintenance decreased from \$22,918 in FY 2020 to \$19,127 in FY 2021 based on FY 2019 actual.
14. Library Video Materials increased from \$63,138 in FY 2020 to \$66,470 in FY 2021 based on FY 2019 actual and moving \$2,550 from the processing materials line item.
15. Data Processing increased from \$26,635 in FY 2020 to \$28,049 in FY 2021 based on FY 2019 actual \$26,873 plus 4%.
16. Online Information Service increased from \$51,001 in FY 2020 to \$53,494 in FY 2021 based on FY 2019 actual plus 6.2% (Library Trade Almanac). This line item includes subscriptions to informational databases, online newspapers and periodicals, one subscription to Ingram Library Service software to assist with the selection and acquisition of new material, and one subscription to the homework help database "Tutor.com."
17. Library materials, excluding materials purchased by Library trust funds, increased from \$391,236 in FY 2020 to \$420,895 in FY 2021. Library materials are budgeted as follows:

Library Materials	FY 2019 Actual	Fiscal Year 2019 Budget	Fiscal Year 2020 Budget	FY 2021 Requested	% Change From FY 2020
Books	\$ 190,824	\$ 185,593	\$ 202,276	\$ 213,639	5.62%
Book Club	\$ 2,958	\$ 1,900	\$ 2,114	\$ 2,130	0.76%
Audiobooks	\$ 58,974	\$ 55,979	\$ 71,580	\$ 81,557	13.94%
e-Books	\$ 54,942	\$ 27,716	\$ 46,083	\$ 51,792	12.39%
Continuations	\$ 14,635	\$ 31,061	\$ 33,187	\$ 33,776	1.77%
Periodicals	\$ 34,625	\$ 35,886	\$ 35,979	\$ 37,996	5.61%
Total	356,958	338,135	391,219	420,890	7.58%

The library reviews the total materials budget when purchasing and budgeting for the various formats of material and allocates the funds to meet demand. The Library and Trade Book Almanac and School Library Journal publishes a library materials price index each year. The library evaluates the information and selects the increase/decrease that is the lowest of the two indexes depending on whether the price is associated with Adult, Children's or the Teen collection. In planning for Fiscal Year 2021, hardcover books are projected to increase 1.5% to 6.14%, mass market paperback books are projected to increase 0.2%, trade paperback books are projected to increase 4.5%, library binding is projected to increase 25.74%, e-Books are projected to increase 0.7%, CD audio books are projected to increase 14.1% to 16.68%, serials/continuations are projected to increase 1.5% to 3.0%, periodicals are projected to increase 5.8%, and graphic novels/comics are projected to decrease 3.08%.

18. General Library Trust expense decreased from \$157,580 in FY 2020 to \$80,374 in FY 2021. The balance of the Expendable Library Gift Trust Fund as of October 31, 2019 was \$1,152,171. The breakout of the balance by each Expendable Library Gift Trust Fund is as follows:

Library Gift Trust	10/31/2019 Balance
General Gift Trust	\$ 119,364
Walton Gift Trust	\$ 9,581
Mutschler Gift Trust	\$ 1,023,226
Total	\$ 1,152,171

Library Trust expenses budgeted include:

Library Trust Fund Budget	FY 2020	FY 2021
Part-Time Marketing Coordinator	\$ 38,600	\$ 40,600 *
Workers Compensation	\$ —	\$ 88
Office Supplies	\$ 1,050	\$ 657
Printing & Binding	\$ 1,000	\$ 2,305
Copying	\$ 3,000	\$ —
Program Supplies	\$ 3,500	\$ 5,500
Education & Training	\$ 2,500	\$ —
e-Books	\$ 15,000	\$ —
Speakers/Programs	\$ 8,000	\$ 8,000
Promotion	\$ 6,000	\$ 6,000

Library Trust Fund Budget	FY 2020	FY 2021
Online Info Service	\$ 8,000	\$ 6,000
Library Books	\$ 1,000	\$ 1,000
Property Maintenance	\$ 2,000	\$ 3,000
Marketing Consultant	\$ 43,000	\$ —
Contractor Services	\$ 5,000	\$ 5,000
Gift Cards	\$ 1,000	\$ —
Software	\$ 500	\$ —
Computer	\$ 2,500	\$ —
Scanner	\$ 2,500	\$ —
Misc. Equipment	\$ 1,000	\$ —
Construction	\$ 10,000	\$ —
Catering	\$ 2,000	\$ 2,000
Sales Tax	\$ 430	\$ 224
Total	\$ 157,580	\$ 80,374

**\* Part-time Marketing Coordinator is a two-year position thru Fiscal Year 2021. After Fiscal Year 2021, a decision will need to be made in regard to the part-time position.**

## Machinery & Equipment

19. Equipment replacement items include (\$77,720):

<u>Administration</u>

## Debt Service

20. FY 2021 annual debt service includes the following (\$223,463)

Amount	Debt Series	Source	Purpose	Final Payment	Call Date
\$ 202,400	2016B	GDTIF	Library Renovation	2023	2023
\$ 4,283	2019C	Sales Tax 20%	Library Improvements	2022	2022
\$ 16,780	2012E	Sales Tax 20%	Library Improvements	2027	2019
\$ 223,463	Total Library Annual Debt Service				

## Revenue

21. Book Fines increased from \$0 in FY 2020 to \$400 in FY 2021. FY 2019 actual was \$47,463. This line item represents reserved items not picked up (\$0.50 fine) and fines for items returned through the book drop that must be returned to a Library Clerk.

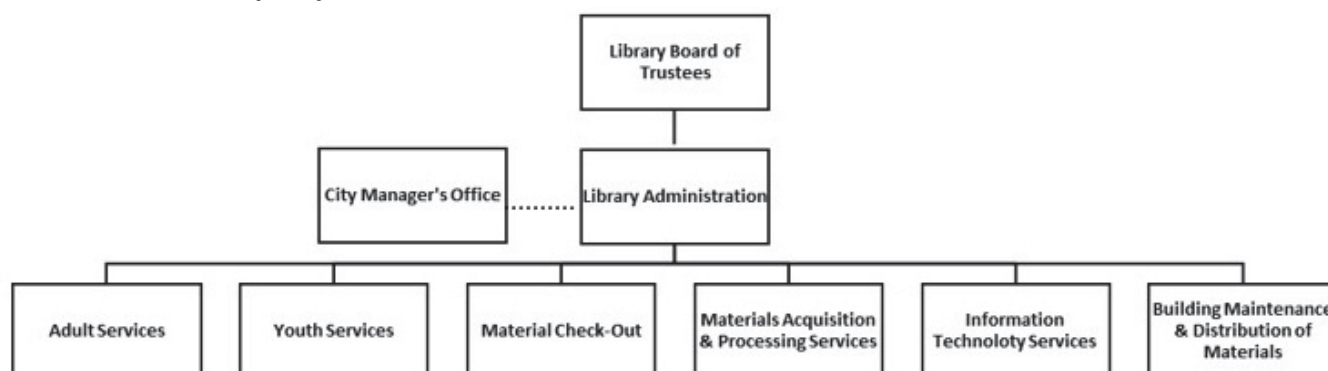

22. Nonresident Fees increased from \$12,825 in FY 2020 to \$19,000 in FY 2021 based on FY 2019 actual.

## Miscellaneous

23. The Library is 1.2% self-supporting in FY 2021 as compared to 2.6% self-supporting in FY 2020.

# CARNEGIE-STOUT PUBLIC LIBRARY

The Carnegie-Stout Public Library strives to improve the quality of life by providing resources that enhance and contribute to individual enjoyment, enlightenment and knowledge and that enhance the literacy of youth.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

**People:** Library staff members provide outreach through the delivery of materials to homebound residents, residential care facilities, nursing homes, Elm Street Correctional facility, and through the Bicycle Library. Services are provided at the Boys and Girls Club, Jefferson, Washington, and Eleanor Roosevelt Middle Schools, the Multicultural Family Center, and at pop-up locations via the Bike Library.

**Planning:** The Library Board will create a new strategic plan, which will be implemented in FY 2021

### Partnerships:

- Educational organizations: Dubuque Community School District, local colleges and universities and the public libraries in Dubuque County.
- Community non-profit organizations: Boys and Girls Club, Family History Center, AmeriCorps, AARP Foundation, Iowa Workforce Development, Quilts of Valor Foundation, Parents as Teachers, and more.
- Local businesses: Hy-Vee grocery stores, Kennedy Mall, KDTH Radio, Sedona Staffing, local credit unions and banks, and many retail businesses.

# CARNEGIE-STOUT PUBLIC LIBRARY

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	34.14	34.14	35.14

## Revenue and Property Tax Support

The Carnegie-Stout Public Library is supported by 35.14 full-time equivalent employees, which accounts for 64.81% of the department expense as seen below. Overall, the department expenses are expected to increase by 2.80% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# CARNEGIE-STOUT PUBLIC LIBRARY

### Improvement Package Summary

#### 1 of 4

This improvement request is for the Airport's direct financial sponsor support to the Great Lakes Chapter of the American Association of Airport Executives conference budget. The Dubuque Airport is hosting this conference in August of 2020. The Great Lakes Chapter is a not-for-profit professional organization which includes approximately 400 airports and industry-related members representing twelve Midwestern states and two provinces of Canada. The Chapter conducts an annual conference in one of the states or provinces that it represents. Those states are Nebraska, Iowa, Minnesota, Missouri, Michigan, Wisconsin, Illinois, North Dakota, South Dakota, Ohio, Indiana, Kentucky, and Ontario and Manitoba. The conference program includes a variety of topics covering items of current interest, sessions on federal programs, subjects of interest to Airport Boards and Commissions members and informational discussion sessions. This funding will relate to the City Council goal of generating additional tourism/consumer spending.

Related Cost:	<u>\$ 8,500</u>	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	<u>\$ 0.0033</u>	0.03%		
Activity: Administration				

## 2 of 4

This improvement package request is for Customer Experience/Customer Service Training Program for all airport employees and tenants. This will involve providing access to an outside trainer for employee proficiency development such as, professional communication abilities, consistency in "people skills", and help with supporting the Airport's "brand". This program is being initiated at the request of Greater Dubuque Development Corporation after discussions they have had with local businesses regarding Airport services and conveyed in their Existing Businesses Quarterly Report.

Related Cost:	<u>\$ 11,200</u>	Tax Funds	Recurring	<b>Recommend - No</b>
Property Tax Impact:	<u>\$ 0.0044</u>	0.04%		
Activity: Administration				

## 3 of 4

This improvement package request is for air service development studies used for "pitching" to airlines. The Airport needs to be prepared with research, statistics, analysis and planning reports. True Market Studies and Pro Formas will be used when meeting with prospective airlines and when writing grants for additional air service. These studies are industry standards and are well known and recognized by airlines and aviation officials. This additional funding will relate to the City Council goal of generating additional tourism/consumer spending through air service. This additional funding will relate to the City Council goal of generating additional tourism/consumer spending through air service.

Related Cost:	<u>\$ 19,000</u>	Tax Funds	Recurring	<b>Recommend - No</b>
Property Tax Impact:	<u>\$ 0.0075</u>	0.07%		
Activity: Administration				

## 4 of 4

This improvement request is for a digital cutting machine. Each piece of Airport equipment and machinery, such as tractors, trucks and vehicles are marked with an asset number. Each hangar is also marked with a number. This machine would provide for those needs and would also be capable of cutting metal and gaskets for equipment.

Related Cost:	<u>\$ 1,500</u>	Tax Funds	Non-Recurring	<b>Recommend - No</b>
Total Cost:	<u>\$ 1,500</u>			
Property Tax Impact:	<u>\$ 0.0006</u>	0.01%		
Activity: FBO Operations				

### Significant Line Items

#### Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in annual cost increase of \$17,520 or 9.99%.

4. Five-Year Retiree Sick leave payout decreased from \$2,611 in FY 2020 to \$0 in FY 2021.
5. Overtime expense is \$134,775 and unchanged from FY 2020. FY 2019 actual was \$113,442.

### Supplies & Services

6. Property Maintenance decreased from \$61,119 in FY 2020 to \$58,242 in FY 2021 based on FY 2019 actual.
7. Electricity increased from \$137,240 in FY 2020 to \$143,694 in FY 2021 based on FY 2019 actual plus 8%.
8. General Liability increased from \$69,106 in FY 2020 to \$70,723 in FY 2021.
9. Contractor Services increased from \$55,000 in FY 2020 to \$70,000 in FY 2021 due to the need to replace airfield runway painting. This line item also represents the annual runway/taxiway painting.
10. Motor Vehicle Fuel decreased from \$379,523 in FY 2020 to \$357,149 in FY 2021 based on FY 2019 actual. Motor Vehicle Fuel expense includes fuel purchased for Airport vehicle usage and Airport tenant fuel sales and is mostly offset by Motor Vehicle Fuel revenue received from tenants. In FY 2019 there was a net fuel cost of \$41,608; in FY 2020 there is projected net fuel revenue of \$19,586; and in FY 2021 there is projected net fuel cost of \$41,609. FY 2021 estimated usage is as follows: Airport Administration 200 gallons; Airport Operations and Maintenance 6,601 gallons; and FBO Operations 126,919 gallons (includes fuel sold to Airport tenants).
11. Aviation Fuel expense increased from \$1,280,381 in FY 2020 to \$1,512,009 in FY 2021 based on FY 2019 actual of 505,043 gallons sold. The purchase of Aviation Fuel is offset by Aviation Fuel Sales. FY 2019 actual Aviation Fuel Sales was \$2,422,736 with a net revenue of \$910,727; FY 2020 budgeted Aviation Fuel Sales is \$2,023,008 with projected net revenue of \$742,627; and FY 2021 budgeted Aviation Fuel Sales is \$2,422,736 with projected net revenue of \$910,727.
12. Promotion is \$91,793 in FY 2021 and is unchanged from FY 2020. FY 2019 actual was \$122,581. Fixed Base Operations promotion of \$2,877 is unchanged from FY 2020.

The history of promotion spending is as follows:

Fiscal Year	Property Tax	Air Service Development Program*	Total Promotion
2021	\$ 91,793	\$ —	\$ 91,793
2020	\$ 91,793	\$ 35,000	\$ 126,793
2019	\$ 75,151	\$ 15,000	\$ 90,151
2018	\$ 115,960	\$ 28,000	\$ 143,960
2017	\$ 95,250	\$ 25,000	\$ 120,250
2016	\$ 92,990	\$ —	\$ 92,990
2015	\$ 115,730	\$ —	\$ 115,730

Fiscal Year	Property Tax	Air Service Development Program*	Total Promotion
2014	\$ 119,669	\$ —	\$ 119,669
2013	\$ 105,026	\$ —	\$ 105,026
2012	\$ 130,090	\$ —	\$ 130,090
2011	\$ 134,147	\$ 20,000	\$ 154,147
Total Promotion	\$ 1,075,806	\$ 123,000	\$ 1,198,806

\*In FY2020 the name of this grant changed from the Air Service Sustainment Grant to the Air Service Development Program.

13. Aviation Fuel Flow increased from \$126,261 in FY 2020 to \$159,787 in FY 2021 based on FY 2019 actual.

### Machinery & Equipment

13. Equipment Replacements for FY 2021 includes (\$176,811):

<u>Airport Administration</u>	
Smart Phone (3)	\$ 1,215
<u>Fixed Base Operations</u>	
Smart Phone (1)	\$ 405
Aircraft Towbars	\$ 1,500
Handheld Radios	\$ 1,800
Safety Equipment	\$ 220
Shop Equipment	\$ 200
<u>Airport Operations</u>	
John Deere 4720 Tractor	\$ 45,350
Smartphones (3)	\$ 1,215
Shop Equipment	\$ 3,000
Snow V Push Blade	\$ 7,200
Airfield Signage	\$ 5,000
Safety Equipment	\$ 1,000
Handheld Radios	\$ 500
Security Cameras and Terminal Monitors	\$ 15,000
Zero Turn Mower and Mower for 4720 Tractor	\$ 40,816
<u>Terminal Building Maintenance</u>	
Shop Equipment	\$ 150
Emergency Generator	\$ 12,240
Terminal Deice Truck Burner Chamber	\$ 40,000
Total	<u>\$176,811</u>

## Debt Service

14. FY 2021 annual debt service includes the following (\$316,183):

Amount	Debt Series	Source	Purpose	Final Payment	Call Date
\$ 26,043	2017A	Sales Tax 20%	Airport Improvements	2030	2025
\$ 153,878	2012C	PFC	New Terminal	2032	2019
\$ 10,480	2012C	Sales Tax 20%	Airport Improvements	2032	2019
\$ 60,863	2014B	Sales Tax 20%	Airport Improvements	2029	2021
\$ 42,828	2016C	PFC	Terminal Roads/Apron	2036	2024
\$ 8,942	2020	Sales Tax 20%	Runway Lighting	2040	
\$ 13,149	2020	Sales Tax 20%	Snow Removal Equip	2040	
<u>\$ 316,183</u>	Total Airport Annual Debt Service				

## Revenue

15. TSA Rent increased from \$49,419 in FY 2020 to \$49,495 in FY 2021 based on FY 2019 actual.
16. Car Rental increased from \$95,000 in FY 2020 to \$102,421 in FY 2021 based on FY 2019 actual.
17. FAA Office rent decreased from \$25,127 in FY 2020 to \$0 in FY 2021 due to the FAA no longer being located in the terminal building.
18. American Eagle is unchanged from \$79,000 in FY 2020 to \$79,000 in FY 2021.
19. Aircraft Service fees decreased from \$79,000 in FY 2020 to \$72,000 in FY 2021 based on FY 2019 actual of \$72,000.
20. Aviation Fuel Sales increased from \$2,023,008 in FY 2020 to \$2,422,736 in FY 2021 based on FY 2019 actual and is offset by Aviation Fuel expense.
21. Auto Gas Fuel Sales increased from \$359,937 in FY 2020 to \$398,758 in FY 2021 based on FY 2019 actual and is offset by Motor Vehicle Fuel expenses.
22. Farm Land Rent increased from \$100,526 in FY 2020 to \$125,782 in FY 2021 based on FY 2019 actual of \$125,782. In FY2019 the Airport bid this out and the three-year contract increased.
23. Army Reserve Center lease is \$45,000 and unchanged from FY 2020.
24. University of Dubuque lease increased from \$116,000 in FY 2020 to \$133,000 in FY 2021 due to the University occupying new building.
25. Fuel flow increased from \$126,261 in FY 2020 to \$159,787 in FY 2021 based on FY 2019 actual and is offset by Aviation Fuel Flow expense.

**Miscellaneous**

26. The Airport Department budget with abated debt is 90% self-supporting in FY 2021 versus 87% self-supporting in FY 2020.

# DUBUQUE REGIONAL AIRPORT

The Dubuque Regional Airport provides quality, viable, competitive Airport services and facilities while promoting sustainable economic development within the region.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

# DUBUQUE REGIONAL AIRPORT

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	17.96	19.16	19.16

## Resources and Property Tax Support

The Airport is supported by 19.16 full-time equivalent employees, which accounts for only 31.28% of the department expense as seen below. Overall, the departments' expenses are expected to increase by 5.54% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# DUBUQUE REGIONAL AIRPORT

## Airport Administration

### Mission & Services

The Dubuque Regional Airport is owned by the City of Dubuque and is operated and managed by an Airport Commission as a department of the City of Dubuque. Responsibilities include management and control of all Airport employees, facilities, property and legislative priorities.

The Airport tenants include commercial airline service with American Airlines providing regional jet service through Chicago O'Hare International Airport and leisure flights with Sun Country Airlines to Laughlin, NV and Gulfport/Biloxi, MS. The University of Dubuque fields a fleet of approximately 26 light aircraft and 5 helicopters for their aviation program. Multiple local companies base their corporate aircraft fleet at the Airport while other smaller general aviation aircraft are based locally and have aircraft maintenance services provided by a privately-owned company.

Administration Funding Summary

## Dubuque Jet Center

### Mission & Services

The Airport Commission operates the Dubuque Jet Center which offers a Fixed Based Operation (FBO) to assist with all general aviation needs. The FBO normally operates 17 hours a day (24 hours with notice) providing sales of aviation fuel, ground handling, hangaring and concierge services for general aviation, corporations, and the commercial airlines. The FBO makes arrangements for catering, car rental, hotels, chartering services, recommends places to visit, restaurants to dine, directions to local facilities and attractions, as well as calls for reservations and shuttles.

# DUBUQUE REGIONAL AIRPORT

## Airport Operations and Maintenance

### Overview

Dubuque Regional Airport Operations and Maintenance Staff provide an airport which is open to the flying public year-round by ensuring Airport safety and compliance and is responsible for meeting FAA Part 139 compliance standards for all the runways, taxiways, navigational aids, fueling agents, firefighting, parking areas and roadways, as well as ensuring compliance with EPA, OSHA, DNR, FCC, NFPA, Spill Prevention Control Program and Storm Water Pollution Prevention Plan, ADA, and TSA requirements.

24-hour coverage is provided by three Operations Specialists whose duties include aircraft rescue and firefighting services (ARFF), medical first responder and security services for certified air carriers. Airport Maintenance is responsible for maintaining the Airport in an operationally safe, secure, and efficient manner by providing for the maintenance of runways and taxiways, parking lots, entrance road, supervision of farm lease operations, weed and grass control, snow/ice removal on both landside and airside areas including all Airport owned buildings, aircraft hangars and the Commercial Airline Terminal.

The Airport is required to have an annual FAA inspection for Part 139 compliance. This incorporates everything the Airport can control such as pavement conditions, maintenance, emergency procedures, lighting, navigational aids, and equipment to maintain these items as well as all the buildings necessary to house equipment and staff. The Airport is unable to control outside influences such as aircraft arrivals and departures.

Operations and Maintenance Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$1,095,133	\$1,080,576	\$1,104,287

### Improvement Package Summary

#### **1 of 7**

This improvement level decision package request would provide funding for an expanded camera system in the first floor hallway and the new Utility Billing cashier area in the Finance Department. This request would include 8 cameras. The Finance Department will be remodeled winter/spring 2020 to address employee safety, security, and more efficient space use. The proposed design changes the layout of the customer counter for the cashiers. The additional cameras will help cashiers and other members of the Finance Department monitor activity in the first floor hallway and allow the cashiers to be able to see customers approaching their windows. The first year of camera maintenance cost is included in the purchase of the camera. Estimated camera maintenance in Fiscal Year 2022 is \$1,181.

Property Tax Impact:	\$ 0.0024	0.02%		
Activity: Accounting				

## 2 of 7

This improvement level decision package request would provide funding for a seasonal twenty hour per week (0.51 FTE) Finance Intern (NA-38F). The Finance Department currently has one twenty hour per week intern (0.49 FTE). The intern assists the accountants to perform a wide variety of tasks including auditing accounts payable, auditing purchasing card statements, preparation of audit workpapers, scanning, and various monthly reporting and reconciliations. The second Finance Intern would also become involved in Utility Billing. The Finance Department has been successful in partnering with the local colleges to find highly qualified intern candidates. Interns provide low-cost options for reducing employee workload, improving unseen processes, and finding great talent. An additional seasonal intern would open possibilities to new and unique talent that is not found through traditional hiring methods, help reduce overall accountant workload, provide mentoring and management experience for the accountants supervising the intern position, and provide the Finance Department with a fresh perspective and a new way to solve problems. The 2015 National Association of Colleges and Employers (NACE) Internship & Co-op Survey found that more than half of employers had a higher five-year retention rate from employees that were hired through internship programs. Interns are eager to learn, ready to work, and most want the chance to prove their value. The non-recurring expenses include a computer and a desk phone.

Activity: Accounting				

## 3 of 7

This improvement level decision package request would provide funding for additional overtime for Utility Billing staff meetings. This request is to fund one hour staff meeting per month (twelve staff meetings) for seven Utility Billing employees. The staff meetings for Utility Billing must be held prior to or after business hours in order to include all staff members. Regular staff meetings are important and have a positive impact on the department. Staff meetings help keep everyone informed and up to date, allow staff to collaborate as a team by providing feedback, sharing ideas and asking questions. When staff is included in discussions and decisions of certain issues, it is good for morale and motivation. The purpose of the Utility Billing staff meetings are to share goals and make sure every team member follows policies and procedures and knows the strategy of the department. In addition, the staff meetings may be used for training opportunities.

Property Tax Impact:	<u>\$ —</u>	—%		
Activity: Utility Billing				

## 4 of 7

This improvement level decision package request would provide funding for an increase in the education and training budget for both accounting and utility billing staff. The current budget for education and training is \$3,600 for Accounting and \$2,700 for Utility Billing. An organization that invests in training shows their employees that they care about continual development and progress. In turn this makes employees more engaged in the organization and therefore more motivated. Employees then become more efficient and better equipped to deal with the challenges of their jobs. To determine what training should be provided, a training needs assessment would be completed. Initial training in Utility Billing

would focus on customer service training. Specific customer service training programs focus on improving communication, listening, problem-solving and organizational skills. Training employees on the same set of competencies gives them a standard process to deal with customers and creates a sense of team spirit. The increased motivation and engagement coupled with the new skills creates improved customer service in the organization. Through effective training, customer service representatives increase their ability to resolve issues and decrease the number of return calls. Often, trained employees are able to address the concern at the first point of contact, which greatly increases customer satisfaction. The improved manner that employees interact with customers leads to the customer feeling appreciated and respected. Accounting staff training would focus on preparation of the Certified Annual Financial Report (CAFR), general accounting skills, theoretical and practical understanding of data and analytics, strong written and oral communication skills, how to manage numbers and people, and integration of technology into business processes.

Property Tax Impact:	\$ 0.0006	0.01%		
Activity: Accounting and Utility Billing				

## 5 of 7

This improvement request is for an e-signature software application. The City would use the e-signature software application tools to build systems of agreement, which digitize the creation, signing and management of legal documents. These systems integrate with existing digital processes, so when a citizen submits a form via a website, for example, that form can be automatically routed to the appropriate staff for approval, with legally binding signatures collected digitally. The system also has workflow management to track where the document is waiting for approval, even if the document is waiting for a user action outside of the organization. The system can then notify the citizen, track fees owed and paid, and keep all relevant information updated. Such systems improve service to individuals, who can be approved for applications more quickly, for example, and business owners, who will find it easier to apply for licenses and respond to RFPs. Meanwhile, staff have more time to serve residents and address business processes, rather than deal with the management of paper approvals and filing. Based on studies of governments that utilize e-signature software applications, the typical savings is \$35.16 per document, including dollar cost savings, productivity gains and additional revenue or tax dollars received. The average reduction in turnaround time is nine days. There is also a 92 percent reduction in errors, such as missing or incorrect information.

Related Cost:	\$ 30,000	Tax Funds	Recurring	<b>Recommend - No</b>
Related Revenue:	\$ 15,099	Administrative Overhead	Recurring	
Net Cost:	<u>\$ 14,901</u>			
Property Tax Impact:	\$ 0.0059	0.06%		
Activity: Accounting				

## 6 of 7

This improvement level decision package request would provide funding for the purchase of two uniform shirts with the City of Dubuque logo for all members of the Finance Department. The Finance Department provides customer service for Utility Billing and for internal departments. In addition, Finance, Budget and Utility Billing participate in community outreach throughout the year. Finance employees who dress alike are easily identified as employees in the department. Uniform shirts promote a sense of team spirit and a sense of belonging. This, in turn, can improve worker productivity. Uniform shirts help instill a sense of pride and responsibility and can convert employees into ambassadors outside the actual workplace.

Related Cost:	\$ 700	Tax Funds	Recurring	<b>Recommend - Yes</b>
Related Cost:	\$ 350	Enterprise Funds	Recurring	
Related Revenue:	\$ 352	Administrative Overhead	Recurring	
Net Cost:	<u>\$ 698</u>			
Property Tax Impact:	\$ 0.0001	—%		
Activity: Accounting and Utility Billing				

## 7 of 7

This improvement level decision package request is for the creation of an Office of Innovation, which would be a division of the Finance Department. This request would fund a full-time Chief Innovation Officer (GE-40B) and a full-time Senior Performance and Management Specialist (GE-36B). The Office of Innovation would identify improvements in the efficiency and effectiveness of City services and business processes. The primary focus of this group is to improve City operations at less cost. The team would be comprised of experienced professionals who are trained in process improvement methodologies and have diverse backgrounds. The team would serve as internal consultants to City departments and work closely with senior management to recommend strategies for improvement. The essential job functions of the Office of Innovation include developing an annual innovation work plan focused on improving the delivery of municipal services; analysis of policies, practices, system, procedures, workload standards, and organizational structures; design of benchmark surveys and quantitative techniques to improve the productivity and quality of operations and build an effective workforce; recommendation of innovative management strategies and complex departmental turnaround plans; inspections of business processes and service delivery methods to help identify efficiencies and reduce cost; analytical research and recommendation of alternatives on various public administrative functions and service delivery activities; evaluation of staffing requests and recommendation of staffing levels to ensure the efficient and effective utilization of human resources; and organizational improvement recommendations. The tools that would be used by the Office of Innovation include performance audits, staff interviews and on-site observation, project management, best practice research and surveys, strategic planning and prioritization, process mapping, empathy mapping/voice of the customer, and trend analysis, cost analysis and forecasting. This improvement package supports the City Council goal of Financially Responsible, High Performance City Organization: Sustainable, Equitable and Effective Service Delivery - Financially Sound and responsible City government and Service Value for taxes and fees. The recurring cost represents the employee cost of the two full-time positions as well as the monthly data plan for the two tablets and monthly phone plan. The non-recurring cost represents the purchase of two computers, two tablets, one smartphones, two desk phones, two desks and chairs, and office space construction or rental. The Office of Innovation would need to be located outside the Finance Department due to the space constraints in the department.

Related Cost:	\$118,543	Tax Funds	Recurring	<b>Recommend - No</b>

Activity: Office of Innovation				

## Significant Line Items

### Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.

2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in annual cost increase of \$48,766 or 9.99%.
4. Overtime is increased from \$6,000 in FY 2020 to \$6,900 in FY 2021. FY 2019 actual was \$3,133.
5. 50% Sick Leave Payout increased from \$0 in FY 2020 to \$1,768 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.
6. During FY 2020, the following personnel changes were approved:
  - a. -1.0 FTE Full-Time Budget Manager position eliminated (-\$110,696)
  - b. +1.0 FTE Full-Time Budget/Financial Analyst position focused on budget added (+\$86,712)
  - c. +1.0 FTE Full-Time Budget/Financial Analyst position focused on grants added (+\$86,712)
  - d. -0.75 FTE Part-Time Confidential Account Clerk position eliminated (-\$40,009)
  - e. +1.0 FTE Full-Time Confidential Account Clerk position added (+\$69,157)

### **Supplies & Services**

7. Electric Franchise Fee Refund decreased from \$650,166 in FY 2020 to \$590,850 in FY 2021 based on FY 2019 actual \$547,083 plus 8%.
8. Gas Franchise Fee Refund decreased from \$54,540 in FY 2020 to \$49,045 in FY 2021 based on FY 2019 actual \$49,045.
9. Postage and Shipping decreased from \$134,698 in FY 2020 to \$129,342 in FY 2021 based on FY 2019 actual \$117,668 plus 10%.
10. Data Processing increased from \$77,814 in FY 2020 to \$80,393 in FY 2021. This line item represents the recharge of Information Services staff time related to processing checks, system back-ups and daily production for the Superior financial software.
11. Software License increased from \$212,359 in FY 2020 to \$231,926 in FY 2021. This line item includes Central Square Financial Software (\$56,633); eCivis Grant Software (\$33,000); Creditron (\$5,085); Workiva Wdesk (\$40,850); Balancing Act (\$5,500), Multifunction Copier Accounting Software (\$108); Budget and Planning Integration (\$75,000), and Indirect Cost Software (\$15,750).
12. Investment Management Fees decreased from \$136,000 in FY 2020 to \$75,000 in FY 2021 based on FY 2019 Actual of \$66,969.
13. Programming increased from \$36,828 in FY 2020 to \$38,071 in FY 2021. This line item represents the recharge of Information Services staff time related to the maintenance the Central Square financial software.
14. Credit Card Charge increased from \$30,000 in FY 2020 to \$51,000 in FY 2021 based on FY 2019 of \$60,087. The credit card vendor charges a \$4.95 per transaction fee directly to the utility billing customer for online and phone payments and retains the fee as part of their contract. The City does not receive a convenience charge related to credit card transactions. In addition, the City absorbs a \$0.25 per e-check transaction for online and phone utility bill payments. When customers pay in person, the City must absorb the credit card transaction fee.

## Machinery & Equipment

15. Equipment replacement items at the maintenance level include (\$26,874):

<u>Accounting/Payroll/Treasury</u>	
Chairs	\$ 7,475
Desk Phone	\$ 250
Smartphone	\$ 350
<u>Budget</u>	
Desk Phone	\$ 250
<u>Utility Billing/Parking Tickets</u>	
Chairs	\$ 2,925
Calculator	\$ 350
Desk Phone	\$ 250
Recommended Improvement Package	\$ 15,024
Total	<u>\$ 26,874</u>

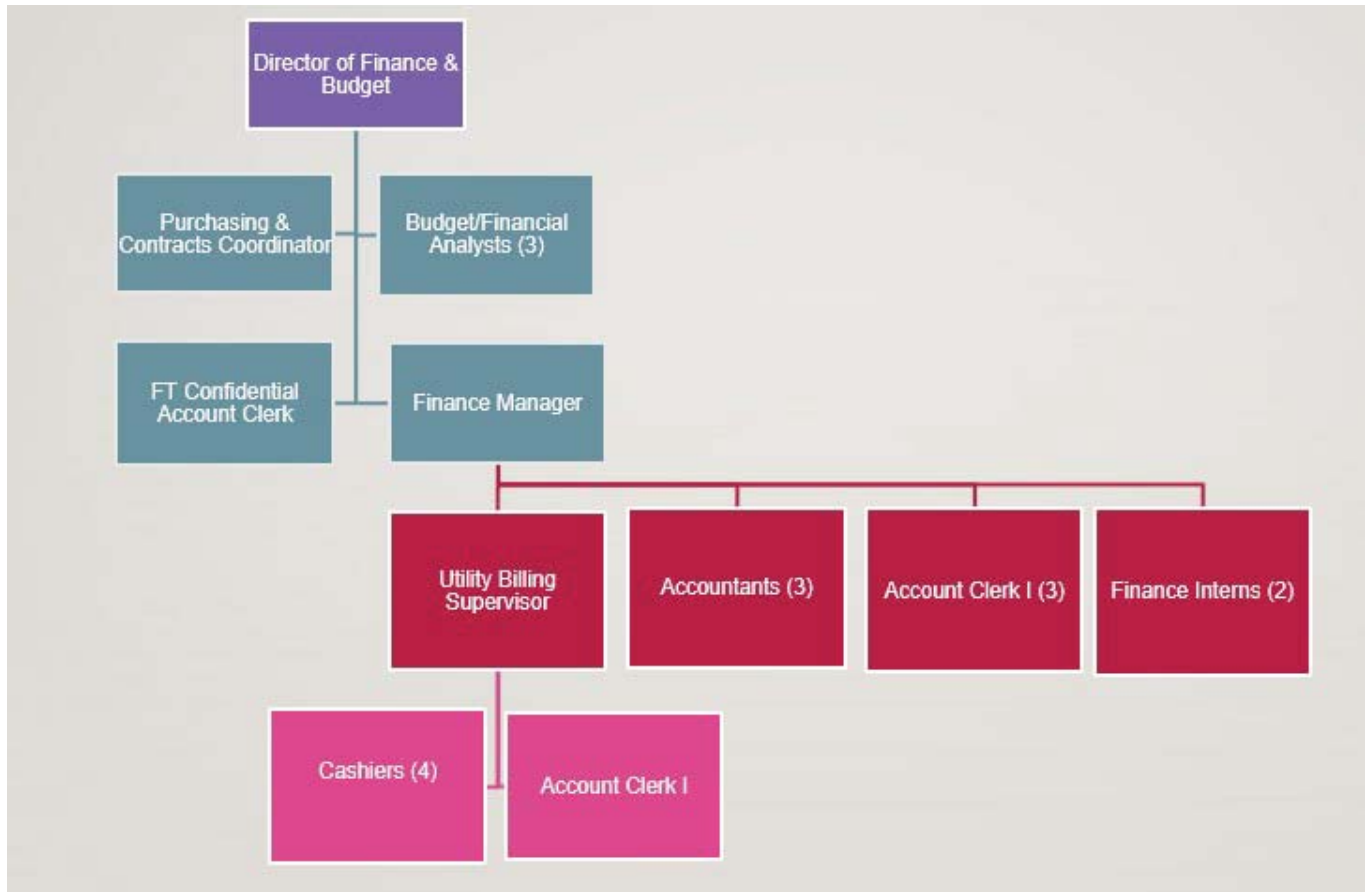

## Debt Service

16. Annual debt service payment includes the following (\$199,906):

Amount	Debt Series	Source	Purpose	Final Payment	Call Date
\$ 199,906	2016A G.O.	Debt Levy	Franchise Fee Settlement	2035	2024
\$ 199,906	Total Finance Debt Service				

## Revenue

17. Franchise Fees increased from \$4,794,979 in FY 2020 to \$5,398,786 in FY 2021 based on FY 2019 actual of \$5,360,429 plus 1%.
18. Penalties increased from \$19,590 in FY 2020 to \$22,115 in FY 2021 based on FY 2019 actual of \$22,213 which represents administrative collection fees and administrative fees for tax liens.
19. Credit Card Fee increased from \$10,000 in FY 2020 to \$12,000 in FY 2021 based on FY 2019 actual of \$11,443. The credit card vendor charges a \$4.95 per transaction fee directly to the utility billing customer for online and phone payments and retains the fee as part of their contract. The City does not receive a convenience charge related to credit card transactions. In addition, the City absorbs a \$0.25 per e-check transaction for online and phone utility bill payments. When customers pay in person, the City must absorb the credit card transaction fee.
20. Revenue received from Enterprise Funds for Utility Billing and administrative overhead charges increased from \$1,592,008 in FY 2020 to \$1,704,079 in FY 2021.

# FINANCE DEPARTMENT

## Budget

### Mission & Services

The Budget Office is responsible for the preparation, development, reconciliation, compliance, and implementation of the City's annual operating and five-year capital budgets. Included in this work is the development of all budget reporting guidelines, debt issuance, and compliance with Local and State reporting requirements.

In addition, the Budget Office coordinates with various City departments with reporting and filing obligations of alternative funding sources such as grants and user fees. Maintenance of the five-year financial plan is critical in providing decision makers with strategic financial information. Budget staff regularly monitor and report on operating and capital budget activities, as well as report on debt-related activities.

Budget Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested

# HOW TO USE THIS POLICY BUDGET DOCUMENT

## PURPOSE

The Policy Budget defines goals and objectives for all City departments and activities, relates them to cost and resource requirements and attempts to establish measures for evaluating accomplishment. Specific improvement packages are developed and included in the Policy Budget for alternative funding and service levels. The Policy Budget document shows the budget by line item for each Department and provides a basis for fiscal control once the budget is adopted.

The Policy Budget emphasizes objectives, accomplishments, and alternative funding and service levels and is intended to keep the attention of the City Council and public on the major policy decisions involving what services the City government will provide, who will pay for them, and the implications of such decisions.

## FORMAT

The Policy Budget is organized by Department/Division and provides detail for all activities that make up each Department/Division. Each Department/Division tab includes the following information:

- 1) **Department/Division Financial Summary:** The ***budget highlights*** portion of the Department Summary reflects total expenses for the maintenance level budget (cost to continue at the same level of service) and approved improvement packages for all activities within the Department by expenditure category (employee expense, supplies and services, machinery and equipment, and debt service), and the funding sources that pay those expenses. The property tax portion of the funding is reflected, noting the increase or decrease from the prior years adopted budget. For Departments which are self supporting (i.e. Water, Water Pollution Control, Refuse (part of Public Works), Cable TV, Transit, Parking), the net operating surplus/deficit is reflected, noting the increase or decrease in the fund from the prior years adopted budget.

This summary displays all ***Improvement Packages*** submitted by Department/Division Managers, with a notation of whether they were recommended by the City Manager, and then approved by the City Council. Those noted with a 'YES' were added to the maintenance level budget and are reflected in the Department Funding Summary and those noted with a 'NO' were not approved.

And finally, this summary explains ***significant line item detail*** by expenditure category, notable revenue changes, and miscellaneous information regarding the maintenance level budget. These are the review notes prior to adding any improvement packages.

- 2) **Memo Addressing Budget Issue (optional):** If there is an important budget issue that needs further explanation, a memo will be provided.
- 3) **Department's Organizational Chart (optional):** Shows how a Department is structured. Usually included for larger more complex Departments.

- 4) **Department/Division's Highlights of Prior Year's Accomplishments and Future Initiatives:** This is a written narrative that highlights the Department's prior year accomplishments and what Departments plan on accomplishing in the near future.
- 5) **Department/Division's Goals and Performance Measures by Activity:** This is a written activity statement and a matrix for each activity which includes activity objectives, relationship to City Council Goals & Priorities, and key performance indicators (KPIs).. Performance measures are included for each activity to evaluate activities and ensure that the approved levels of funding yield the expected results. Battery icons for each KPI visually indicate how well an objective is doing and represent the following:

		
On Track	Improving	Needs Work

- 6) **Recommended Operating Revenue Budget by Department/Division:** This report reflects line item revenue detail at the Department/Division level (combines all activities for each line by fund). Two years actual revenues, prior year adopted revenues and the recommended revenue for the new budget year are reflected.
- 7) **Recommended Operating Expenditure Budget by Department/Division:** This report reflects line item expenditure detail at the Department/Division level (combines all activities for each line by fund). Expenses are grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 8) **Recommended Operating Expenditure Budget by Activity and Funding Source:** This report reflects expenses grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) for each activity within the Department/Division, and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 9) **Personnel Complement at Department/Division and Activity Level:** These reports reflect positions budgeted at the Department/Division level and the Activity level, by funding source. Total Full Time Equivalents (FTE) and wages with longevity expense are shown for each position for two years prior year adopted FTE and expenses, and the recommended FTE and related expense for the new budget year.
- 10) **Capital Improvement Projects by Department/Division:** This report lists all Capital Improvement Project totals for two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 11) **Five Year Capital Improvement Program Summary by Department/Division:** This report lists all Capital Improvement Projects budgeted in the new budget year and planned for the next four years.

## Improvement Package Summary

### 1 of 1

This improvement package would increase dwelling license fees by \$5, increase rooming unit license by \$5, and decrease structure license by \$5. A single family rental would have no change, a duplex would have a 6% increase, tri-plex would have a 10% increase, 4-plex would have a 12% increase, 12-plex would have a 17% increase, and 10 rooming units would have a 25% increase from the current annual licensing fees.

Related Revenue:	\$ 38,725	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ (0.0152)	(0.15)%		
Activity:	General Housing Inspection			

## Significant Line Items

### Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$49,892 or 9.99%.
4. 50% Sick Leave Payout increased from \$0 in FY 2020 to \$1,250 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.
5. The Lead-Based Paint Hazard Control Grant Program was awarded in FY19. An increase in full-time equivalents relating to this grant are as follows:
  - a. +0.25 FTE Grants Supervisor (+\$26,396)
6. During Fiscal Year 2020, the following personnel changes were approved (net change +1.70 FTE):
  - a. -1.0 FTE Resiliency Grant Administrator position eliminated (-\$90,868)
  - b. +1.0 FTE Resiliency Coordinator position added (+\$89,767)
  - c. +1.0 FTE Assistant Housing Director position added (+\$111,632)
  - d. +1.0 FTE Nuisance Specialist position added (+68,513)
  - e. -0.30 FTE Seasonal Inspector I position eliminated (-\$11,067)
7. The Fiscal Year 2021 budget includes the following changes in the funding allocation of positions:
  - a. Inspector I Position
    - i. +0.20 FTE to Section 8 Fund (+\$18,006)
    - ii. -0.20 FTE from General Fund (-\$18,006)
  - b. Inspector I Position Upgraded to Inspector II Position (+\$5,477)
    - i. +1.00 FTE to General Fund (+\$95,218)
    - ii. -1.00 FTE from CDBG Fund (-\$95,218)
  - c. Family Self-Sufficiency Coordinator (2 Positions)
    - iii. -1.00 FTE to Section 8 Fund (-\$75,503)
    - iv. +1.00 FTE from General Fund (+\$75,503)
  - d. General Housing Specialist
    - i. +0.80 to CDBG Fund (+\$76,842)
    - ii. -0.80 from General Fund (-\$76,842)

## Supplies & Services

8. Mainstream Vouchers Housing Assistance Payments increased from \$168,912 in FY 2020 to \$180,228 in FY 2021. FY 2019 actual was \$165,032. This line item represents special vouchers for disabled households only and is based on 40 vouchers that are available to be used. The revenue is based on Fiscal Year 2019 actual housing assistance paid and actual vouchers utilized.
9. Port-Out Voucher Housing Assistance Payments decreased from \$640,284 in FY 2020 to \$363,648 in FY 2021 based on 26 units per month (52 units in FY20). FY 2019 actual was \$438,469. Housing and Urban Development regulations require port outs to other areas when requested unless there is a freeze on the housing assistance payment subsidy amounts. Other housing authorities are absorbing the housing assistance payments as they have not done in the past and the cost is double of what it is in Dubuque.
10. Tenant Protection Housing Assistance Payments decreased from \$27,480 in FY 2020 to \$21,084 in FY 2021 based on 6 units per month (8 units in FY 2020). FY 2019 actual was \$26,479.
11. Homeowner Housing Assistance Payments decreased from \$42,600 in FY 2020 to \$38,952 in FY 2021 based on 10 units per month (13 units in FY 2020). FY 2019 actual was \$38,469. This line item represents assistance for a Assisted Housing participants to buy a house.
12. Port-in Voucher Assistance Payments decreased from \$6,261 in FY 2020 to \$0 in FY 2021. FY 2019 actual was \$0. The City is absorbing vouchers to increase utilization which decreases this line item but increased the HUD Administrative Fee revenue line item. This line item is the projected housing assistance payments for administering other Housing Agencies' vouchers within the City of Dubuque. The City of Dubuque is not reimbursed by the other Housing Agencies because the vouchers are absorbed into the City's Housing Choice Voucher Program as soon as ported in.
13. Housing Assistance Payments increased from \$4,411,433 in FY 2020 to \$4,696,818 in FY 2021. FY 2021 is based on 793 vouchers and FY 2020 was based on 779 vouchers. FY 2019 actual was \$4,081,951. These housing assistance payments exclude any payments for mainstream, port-out, port-in, tenant protection, and homeowner assistant payments which are budgeted in separate line items.
14. In total for all types of vouchers, the City is authorized to use 1,072 vouchers and is at 902 vouchers as of October 2019 and has budgeted for 892 vouchers in FY 2021.
15. Family Self-Sufficiency Payments decreased from \$130,306 in FY 2020 to \$115,654 in FY 2021 based on the projected amount earned and to be paid out to participants from HUD housing assistance payments. FY 2019 actual was \$98,614. Family Self-Sufficiency contracts are for a term of five years and there are several contracts that are at the end of their term and the participants will graduate from the program and will earn the Family Self-Sufficiency escrow.
16. The budgeted administrative cost of the Housing Choice Voucher Program increased from \$807,237 in FY 2020 to \$928,187 in FY 2021. Administrative revenue of the Housing Choice Voucher Program decreased from \$710,099 in FY 2020 to \$625,360 in FY 2021. The resulting Housing Choice Voucher Program deficit increased from \$97,138 in FY 2020 to \$302,827 in FY 2021. This deficit is funded by property taxes.

## Machinery & Equipment

17. Equipment replacement items include (\$56,298):

<u>Housing Equipment Replacements</u>	
<u>General Housing Administration</u>	
Smart Phone (.25)	\$ 88
Projector	\$ 1,700
Conference Room Chairs (4)	\$ 1,000
Lobby Furniture (3)	\$ 1,500
<u>CDBG Housing Administration</u>

<u>General Housing Inspection</u>	
Smart Phones (3.20)	\$ 1,400
<u>Federal Building Maintenance</u>	
Custodial Equipment	\$ 9,600
<u>Vacant Abandoned Property</u>	
Relocations	\$ 4,950
<u>Lead Hazard Control Grant</u>	
Relocations	\$ 18,000
Smartphones (3.00)	\$ 1,050
<u>HUD Resiliency</u>	
Smart Phone	\$ 350
Total Equipment	<u>\$ 56,298</u>

## Revenue

18. Federal Building Leases decreased from \$338,961 in FY 2020 to \$331,028 in FY 2021. The detail of the lease revenue is as follows:

Tenant	FY 2021
Juvenile Court	\$ 62,700
Bellstar Media	\$ 2,100
Dubuque Area Labor Management Council	\$ 8,928
Dubuque County Task Force	\$ 18,900
United States Post Office	\$ 238,400
Total	<u>331,028</u>

19. The Lead Hazard Control Program was awarded \$2,999,968 million for lead hazard reduction and \$581,000 for health and safety repairs and remediation's from HUD in FY 2019. The City and partner match is \$648,454. The grant performance period is 42 months from April 1, 2019 through September 30, 2022. In this performance period, 120 units will have Lead Hazard Control and Healthy Home interventions completed.
20. HUD Resiliency grant funds of \$43,482 will be received in FY 2021 for the Resiliency Coordinator employee expense. In FY 2021, \$48,140 in administrative expenses will need to be covered by the General Fund.
21. Community Development Block Grant (CDBG) revenue is received annually from the U.S. Department of Housing and Urban Development (HUD). The FY 2021 allocation is expected to be \$1,080,989 based on the FY 2020 actual. CDBG is used to fund eligible operating and capital improvement programs. CDBG requirements separate dollars under three categories of spending: Administration, Public Service and Uncapped. The only category that affects the general fund is spending for administration.
22. HUD Voucher Administration Fee increased from \$566,697 in FY 2020 to \$578,599 in FY 2021. FY 2019 actual was \$544,349. Housing administrative fees increased due to HUD increasing the percentage of the administrative fee funded. In calendar year 2018, HUD funded 79% of the administrative fee and in calendar year 2019 HUD funded 81%.
23. HUD Housing Assistance Payments increased from \$5,192,686 in FY 2020 to \$5,193,234 in FY 2021. FY 2019 actual was \$4,614,007. These revenues are based on the number of vouchers budgeted for all types of vouchers, which is 892 in FY21 Budget. The FY 2020 budget was based on 909 vouchers. In calendar year 2019, the City is at 902 vouchers.
24. Family Self-Sufficiency Program participant escrow paid by HUD increased from \$60,204 in FY 2020 to \$63,936 in FY 2021 based on calendar year May - September 2019 averages. FY 2019 actual was \$75,696. There are 71 participants currently enrolled in the FSS program and one or two additional participants signing contracts in December. In calendar year 2017, there were 90 participants served and to-date in calendar year 2018 there were 81 participants served. When a participant increases household income their HUD housing assistance payment is reduced and put into an escrow for the participant.

25. The following chart shows the changes in inspection revenue (FY 2021 budget based on FY 2020 budget and FY 2019 actual):

	FY 2019 Actual	FY 2020	FY 2021	Change
Rental Licenses	\$ 270,860	\$ 354,650	\$ 393,375	\$ 38,725
Dwelling Inspection Fee	\$ 36,190	\$ 134,060	\$ 134,060	\$ —
Complaint Inspection Fee	\$ 1,275	\$ 2,000	\$ 1,275	\$ (725)
Penalties	\$ 11,441	\$ 22,480	\$ 22,480	\$ —
Court Costs	\$ 23,684	\$ 24,374	\$ 33,684	\$ 9,310
Total Inspection Revenues	\$ 308,325	\$ 490,710	\$ 528,710	\$ 47,310

### Miscellaneous

26. General Housing Inspection is 90.1% self-supporting in FY 2021 versus 84.9% self-supporting in FY 2020.

# HOUSING AND COMMUNITY DEVELOPMENT

The Housing and Community Development Department creates safe, healthy, affordable housing for all that promotes strong, sustainable, and inclusive communities.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

# HOUSING AND COMMUNITY DEVELOPMENT

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	23.82	27.30	29.00

## Resources and Property Tax Support

The Housing Department is supported by 29.00 full-time equivalent employees, which accounts for only 28.75% of the department expense as seen below. Overall, the departments' expenses are expected to increased by 1.52% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# HOUSING AND COMMUNITY DEVELOPMENT

## Administration and Community Development

### Mission & Services

Housing & Community Development staff work closely with residents, non-profits, neighborhood groups, businesses, resident, and neighborhood partners to coordinate local, state, and federal resources to meet community needs. We strive to create a more viable community by providing safe, affordable housing and while expanding economic opportunities for residents in all neighborhoods. The Department supports several boards and commissions working to advance the goals of the City of Dubuque. Through the boards and commissions, citizens can provide input on the policies that shape the City's housing and community development strategies.

Administration and Community Development Funding Summary

# HOUSING AND COMMUNITY DEVELOPMENT

## Neighborhood Revitalization

### Mission & Services

Neighborhood Revitalization staff assists [homeowners](#) and rental property owners in rehabbing properties to comply with all code regulations, rehabilitation standards, weatherization, beautification, accessibility and lead-based paint removal. Federal, state and local funds are utilized for rehabilitation of housing to revitalize neighborhoods and create affordable housing for new and existing homeowners and rental property owners. Projects range from minor home improvements to large-scale housing rehabilitation to preserve the historic character of the neighborhood. Staff also assist [homebuyers](#) with initiatives to help purchase a home. The [HOME Workshop](#) is a requirement of all rehabilitation programs and is facilitated by staff.

Neighborhood Revitalization Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested

# HOUSING AND COMMUNITY DEVELOPMENT

## Safe & Healthy Housing

### Mission & Services

Housing code enforcement and grant-funded programs provide specialized services to ensure the City's residents have safe, healthy, and resilient affordable housing options. Through the adoption of the International Property Maintenance Code in 2016, the minimum housing standards for rental properties are more clear and consistent, and require more skillful repairs for code violations. Federal funding through grants totaling over \$11 million allows private home owners and property owners with rentals to make their units lead-safe, eliminate healthy homes deficiencies, and to ensure the home is resilient to heavy rain events. Funds are disbursed through forgivable loans, easing the cost-burden for low-income individuals and families. Activities include: [rental licensing, inspections](#) and code enforcement, the [Lead and Healthy Homes Program](#), and the [Bee Branch Healthy Homes Resiliency Program](#).

Safe and Healthy Housing Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$867,089	\$1,182,973	\$1,252,724
Resources	\$682,621	\$1,017,777	\$1,095,004

### Performance Measures

#### City Council Goal: Sustainable Environment

- Activity Objective: Reduce the number of lead-poisoned children, work and school absenteeism, hospital and emergency visits, and occurrence of medical problems by performing inspections that identify and correct safety and health hazards in a residential unit.**

Performance Measure (KPI)	Target	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
% Children with Elevated Blood Level (EBL) (national average is 1.6%)*	<1%	Not Published	1.4%	1.2%	

- Activity Objective: Promote sustainable, safe, healthy, resilient, efficient and affordable housing and neighborhoods.**

# of dwellings visited by inspection staff	2,760	2,072	2,050	1,855	
--	-------	-------	-------	-------	---

- Activity Objective: Increase the number of resilient households through the Bee Branch Healthy Homes Program**

# of applications approved (Cumulative)	280	20	70	180	
# of unit repairs completed (Cumulative)	275	17	62	160	
# of advocacy assessments (Cumulative)	220	13	59	153	

\*The Centers for Disease Control and Prevention now recognizes a reference level of greater than 5 ug/dl to identify children with higher than average blood lead levels. The 2007 Iowa Department of Public Health shows 78.1% of children under the age of 6 with a confirmed EBL > 5 ug/dl. This lower value will allow children with lead exposure to receive earlier action to reduce detrimental effects.

# HOUSING AND COMMUNITY DEVELOPMENT

## Assisted Housing

### Mission & Services

Assisted Housing Programs improve the lives of people living in poverty by building community partnerships and creating a community where all have the opportunity to contribute and succeed. Housing stability is provided from US Department of Housing and Urban Development (HUD) funding for [rental assistance](#). Activities include the Housing Choice Voucher Program, Project-Based Assisted Housing Programs, Continuum of Care Homeless Assistance.

Assisted Housing Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested

### Improvement Package Summary

#### 1 of 4

This improvement request is for upgrading the Zoning Enforcement Officer's vehicle from a compact car to a sport utility vehicle (SUV). Poor traction, low clearance and lack of all-wheel drive hinders ability to perform field inspection duties for code enforcement staff. This vehicle must drive in alleys in all areas of the city in all weather conditions. A larger, all-wheel drive vehicle is a better, safer choice and will enable staff to better perform field inspections in inclement weather conditions. Building Services requested and purchased vehicle upgrades to SUVs in 2019 for the same reason. The City's Equipment Maintenance Supervisor performed an inspection of the 2009 Ford Focus SE and approved replacement of the vehicle. The amount requested is for the cost difference to upgrade to an SUV. This improvement package supports the City Council's goal of financially responsible, high-performance city organization.

Related Cost:	\$ 11,690	Tax Funds	Non-Recurring	<b>Recommend - No</b>
Related Revenue:	\$ 4,910	Administrative Overhead	Non-Recurring	
Net Cost:	<u>\$ 6,780</u>			
Property Tax Impact:	\$0.0027	0.03%		
Activity: Development Services				

## 2 of 4

This improvement request is for a three-year contract with Teska Associates to continue to serve as the collective Impact project manager, data manager, and facilitator for Imagine Dubuque: Implementation, which is a Top Priority on the City Council's 2019-2021 Policy Agenda. Creating and managing Collective Impact requires a separate organization and staff with a very specific set of skills to serve as the backbone for the entire initiative. Coordination takes time and none of the participating organizations or City departments have the time needed to dedicate to this. The expectation that collaboration can occur without a supporting infrastructure is one of the most frequent reasons for failure. Having served as the project manager for creation of Imagine Dubuque 2037: A Call to Action, the 2017 Comprehensive Plan, and then leading the Collective Impact initiative for Imagine Dubuque: Implementation, Teska Associates is best qualified to continue in this role to maintain community momentum and empowerment. The contract would incur an expense of \$25,000 per year for three years. This improvement package supports the City Council's goal of engage contracted and purchased services partners in advancing Council goals and community betterment.

Related Cost:	\$25,000	Tax Funds	Recurring for 3 years	<b>Recommend - Yes</b>
Related Revenue:	\$10,500	Administrative Overhead	Recurring for 3 years	
Net Cost:	<u>\$14,500</u>			
Property Tax Impact:	\$0.0057	0.05%		
Activity:	Planning/Historic Preservation			

## 3 of 4

This request is for an innovation partnership contract with Creative Adventure Lab of Dubuque to create a Community Empowerment process to engage stakeholders in actionable solutions and implementation strategies to support Imagine Dubuque: Implementation, a Top Priority on the City Council's 2019-2021 Policy Agenda. The City Council has a unique opportunity to inspire continued activity and engagement within the City organization and among community stakeholders, many of whom helped create Imagine Dubuque 2037: A Call to Action, the 2017 Comprehensive Plan. This innovation partnership will identify and execute a successful strategy that both encourages productive community participation and results in community empowerment to move forward with the Call to Action to realize the Plan's recommendations. This process will involve a series of innovation sessions engaging a diverse mix of community participants - City staff, nonprofits, residents, etc. – working collaboratively on specific recommendations in key focus areas of the Plan. The amount requested would provide for a one-year contract based on the proposal. This improvement package supports the City Council's goal of engage contracted and purchased services partners in advancing Council goals and community betterment.

Net Cost:	<u>\$14,500</u>			
Property Tax Impact:	\$ (0.005)	(0.05)%		
Activity:	Planning/Historic Preservation			

## 4 of 4

This improvement request is for a 4% increase in Development Services fees to reflect actual processing costs based on FY2021 wages and benefits. Planning Services staff reviewed the fees charged for applications processed for the Zoning Advisory Commission, Zoning Board of Adjustment, and Historic Preservation Commission, and reviewed by Planning Services staff. The 4% increase is

based on an average 2% annual increase over 2 years, since fees were last raised in FY2019. With the 4% fee increase, annual revenue is estimated to increase by \$1,896. As an equity measure, fees for Special Exceptions and Design Reviews continue to be set at 50% of actual costs because most customers are from low to moderate income neighborhoods. This request supports the City Council's goal of financially responsible, high-performance City organization.

<b>Development Services</b>	<b>Current</b>	<b>FY 2021 Proposed 4% Fee Increase</b>	<b>Increase Amount</b>

**Recommend - Yes**

### **Significant Line Items**

#### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in annual cost increase of \$11,680 or 9.99%.
4. Five-Year Retiree Sick leave payout increased from \$0 in FY 2020 to \$14,718 in FY 2021.
5. 50% Sick leave payout increased from \$0 in FY 2020 to \$3,713 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.

#### **Supplies & Services**

6. Software License expense increased from \$13,736 in FY 2020 to \$14,856 in FY 2021 based on FY 2020 plus 8%.
7. Pay to Other Agency increased from \$30,548 in FY 2020 to \$31,700 in FY 2021 for East Central Intergovernmental Association (ECIA) annual dues.
8. Travel Conferences increased from \$6,500 in FY 2020 to \$8,400 in FY 2021 based on actual cost for staff to attend state-wide preservation conferences, the American Planning Association conference, and the National Preservation conference. The National Preservation conference is a biannual conference held in Fiscal Year 2021.
9. Data Processing Equipment Maintenance Contracts increased from \$9,459 in FY 2020 to \$10,068 in FY 2021. Departments receive recharges for maintenance agreement costs on City wide software based on the number of users in their department.
10. General Liability Insurance decreased from \$4,520 in FY 2020 to \$4,450 in FY 2021.
11. Court Costs and Record Fees decreased from \$3,990 in FY 2020 to \$3,321 in FY 2021 based on FY 2019 Actual. Beginning January 1, 2016, the court requires the \$85 filing fee for municipal infractions to be paid up front by the City. The Court then enters judgment, and if a defendant is found guilty, the defendant will pay a fine plus \$85 in court costs and the Court will distribute the

fine portion and reimburse the City for the filing fee that was paid up front by the City. If a defendant is found not guilty, the City will pay for the court costs using the \$85 filing fee paid upfront instead of deducting the \$85 from the City's judgments, which was the process done by the Court previous to January 1, 2016. Departments that file municipal infractions must budget the upfront filing fee and a portion of the amount is reimbursed to the department going forward. The offsetting revenue is budgeted in Iowa District Court Fines and is \$1,069 in FY 2021 . Due to time delay of reimbursements, the revenue received is less than the expense.

## **Machinery and Equipment**

12. The total equipment requested is as follows (\$24,816):

<u>Administration</u>	
Smart Phone	350
Chairs/Desks	322
<u>Development Services</u>	
Smart Phone	\$ 350
Projector	\$ 500
Chairs/Desks	1,290
Vehicle Replacement	20,536
<u>City Planning/Historic Preservation</u>	
Projector	\$ 500
Chairs/Desks	\$ 968
Total	<u>\$ 24,816</u>

## **Revenue**

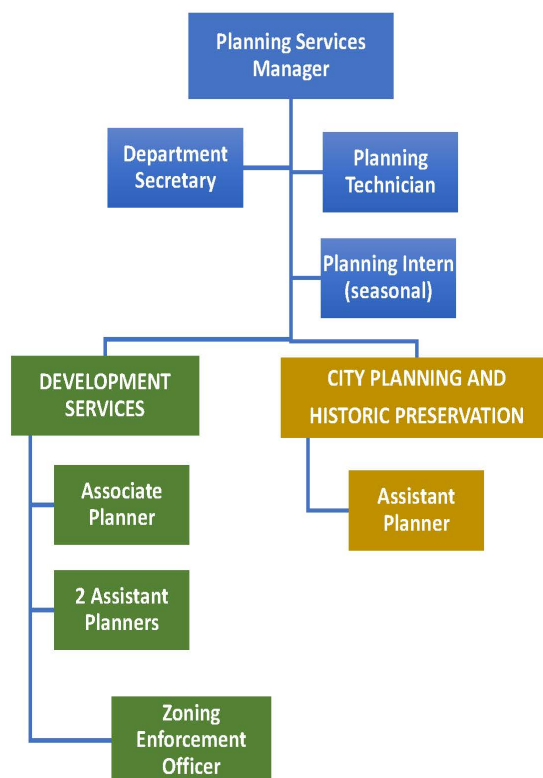

13. Zoning administrative fees decreased from \$31,027 in FY 2020 to \$29,896 in FY 2021 based on FY 2019 actual.
14. Revenue received from Enterprise Funds for administrative overhead charges increased from \$361,570 in FY 2020 to \$401,643 in FY 2021.

# PLANNING SERVICES

The mission of the Planning Services Department is to provide friendly, knowledgeable and professional City Planning, Historic Preservation and Development Services to city residents to ensure a Viable, Livable and Equitable Dubuque. Planning Services staff works in partnership with volunteer city residents on the Zoning Advisory Commission, Zoning Board of Adjustment, Historic Preservation Commission, and Long Range Planning Advisory Commission to accomplish this mission.

# PLANNING SERVICES

## SUCCESS IS ABOUT PEOPLE, PLANNING AND PARTNERSHIPS LEADING TO OUTCOMES

### PEOPLE

Planning Services staff interacts daily with customers to facilitate review of residential, office, commercial, institutional and industrial development proposals through an open, transparent, service-oriented process. Staff resolves zoning enforcement issues by working with residents and businesses to achieve voluntary compliance. Staff also works with the Zoning Advisory Commission and Zoning Board of Adjustment by facilitating neighborhood input on development proposals to:

- promote a sound, safe, healthy, and sustainable community,
- encourage good development and support the conscientious developer,
- protect existing property values and uses, and

### PLANNING

Planning Services staff works with the Long-Range Planning Advisory Commission to create a viable, livable, and equitable community and plan for a better future through the long-term Comprehensive Plan and strategic short-term plans for urban renewal and revitalization.

Planning Services staff works with the Historic Preservation Commission to protect, promote and enhance the historic, cultural and aesthetic resources that make Dubuque a unique, identifiable and vital community through preservation planning, design guidelines, technical assistance and financial incentives.

### PARTNERSHIPS

Planning Services staff collaborates with City departments; local, state and federal agencies; private sector and non-profits to facilitate development, enhance neighborhood quality, and support regional efforts. Major collaborations include: sustainability, annexation, riverfront development, downtown and neighborhood revitalization, public health, watershed management, and regional parks, open space and bike/hike trail systems.

# PLANNING SERVICES

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	8.38	8.38	8.38

## Resources and Property Tax Support

The Planning Services Department is supported by 8.38 full-time equivalent employees, which accounts for 82.81% of the department expense as seen below. Overall, the department's expenses are expected to decrease by (2.39)% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# PLANNING SERVICES

## Development Services

### Mission & Services

Development Services focuses on fostering and building partnerships with residents, business owners, entrepreneurs and developers through the efficient, knowledgeable and professional facilitation and coordination of public and private development activities in the city. This is achieved by providing accurate information concerning City plans, policies and ordinances to the [Zoning Board of Adjustment](#), [Zoning Advisory Commission](#) and the City Council, and to other City staff, developers, applicants, and residents. Staff is continually working to build relationships with the community at large by encouraging voluntary compliance with the City's zoning code to improve the quality of life in our neighborhoods and business districts.

Development Service Funding Summary

### Improvement Package Summary

#### **1 of 6**

This improvement package provides for the purchase of a tablet for the Arts & Cultural Affairs Coordinator. Having access to all emails and files will streamline work during and between meetings.

Related Cost:	\$ 920	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Related Cost:	\$ 120	Tax Funds	Recurring	
Total Cost:	<u>\$ 1,040</u>			
Property Tax Impact:	\$ 0.0004	—%		
Activity: Economic Development				

## 2 of 6

This improvement package provides for Arts Mean Business (AMB) activities which seek to nurture relationships between the arts and business sectors and provide opportunities for students and area creatives to gain new business skills and exposure to career opportunities. AMB activities have been facilitated by the Office of Arts and Cultural Affairs with planning and implementation support from a collective of citizen volunteers since 2016; activities have traditionally included an Arts and Business Luncheon, a Career in the Arts panel for students, and an Business of the Arts Academy skills building workshop for artist. To date, these activities have been self-funded through ticket sales and sponsorships from area businesses but no funds have been dedicated to planning and promotion efforts that must take place; a \$25 fee to attend the Luncheon and \$15 fee for skills building workshop will continue to offset expenses with fee waivers available for those in need. In past years, the Luncheon has attracted on average 100, the Academy typically engages 40. In FY21, the AMB planning committee advises building on the positive response to prior years' activities by holding additional business skills for creatives workshops on a regular basis to create year-round continuity of AMB activities and strengthen the resiliency and impact of Dubuque's creative economy. This year, AMB will partner with Springboard for the Arts to deliver programs; AMB seeks to engage Springboard for the Arts to bring their 12-step Work of Art workshop series to Dubuque over the course of 24-months starting in Spring 2020. A nominal fee will be charged to attend these events but as activities will be directed towards students, artists, and creative entrepreneurship, the planning committee feels it is important for that fee to be no more than \$5 per workshop. By fostering relationships, building new skills, and partnering with professional organization whose work is devoted to developing and drawing attention to the creative economy, AMB activities support many of the priorities of the Arts and Culture Master Plan which was adopted by the City Council in 2016. AMB activities also support City Council goals of Robust Local Economy, Partnership for a Better Dubuque, and Diverse Arts, Culture, Parks, and Recreation Experiences and Activities.

## 3 of 6

This improvement package provides additional funds for the the Art on the River (AOTR) program. The increase will allow for an increase in the stipends to the exhibiting artists (from \$1500 to \$1800 per artist), expand paid promotional efforts, and incorporate activities directed at diverse populations (cultural arts entertainment at Grand Opening) and youth (curriculum and exhibition to increase engagement with teens and college students). AOTR will enter it's 15th year in 2020. The program continues to be a fully accessible arts activity that can be enjoyed by all ages, all income levels, and people of all backgrounds; it engages citizens and tourists alike with an installation of sculptures along the Mississippi Riverwalk at the Port of Dubuque. AOTR was originated and supported through a block CIP grant, averaging \$35,000 in program expenses annually; some revenue was collected in that time through the sale of sculptures. Upon CIP being exhausted, an improvement package was approved which funded AOTR through City operating funds at \$30,000. Those funds have been stretched to maximize impact and expand outreach but it remains insufficient for the longevity and momentum of the program and limits outreach and inclusive engagement opportunities that could enhance the program's overall impact. In FY20, funds were carried over from the previous years operating budget to support the incorporation of an inclusion style show partnering with local businesses and feature models from

all walks of life at the Grand Opening event. Feedback received from some of the 200+ reception attendees was extremely favorable to this additional element. In honor of the program's 15th anniversary, the AOTR planning committee has requested an increase to support for participating artists so that it is an exhibition that artists continue to seek to be part of. The Planning Committee has also advised broadening the promotional efforts to celebrate the program's 15th anniversary; in 2019, the Arts and Cultural Affairs Coordinator was awarded the State of Iowa Travel Iowa Tourism Grant program for \$5000 to support overall promotional efforts. The Planning Committee would also like to build on the positive feedback from the inclusive style show by incorporating a similar element in the 2020 Grand Opening event. The Planning Committee would also like to build on the positive feedback from the inclusive style show by incorporating a similar element in the August 2020 Grand Opening event and seeks to implement a civic engagement project with youth at the Alternative Learning Center and the Multicultural Family Center in conjunction with next year's AOTR program. This civic engagement project will provide an opportunity for youth to create and exhibit public art inspired by next year's AOTR theme; the Arts and Cultural Affairs Coordinator in collaboration with the Human Rights Office and in partnership with the Loras College Civic Scholars program will begin the development and implementation of this pilot project in FY20 but will carry its results and expenses into FY21. Increased support for participating artists, broader promotional efforts, and activities dedicated to engaging new audiences will elevate a program that continues to support the City Council's goals of a Vibrant Community (walkability, safe location), Sustainable Environment (AOTR draws people to the Mississippi Riverwalk and thus increases enjoyment / appreciation for the river), Diverse Arts, Culture, Parks, and Recreation Experiences and Activities, and Partnership for a Better Dubuque (AOTR is produced through the collaborative planning efforts of City Staff, a variety of City Departments, and engaged citizen volunteers).

Activity: Arts and Cultural Affairs				

#### 4 of 6

This improvement package provides an increase in the funds available to be granted out to Dubuque arts and culture organizations via the Operating Support (OS) funding program through the Office of Arts and Cultural Affairs. OS funds have been made available since 2005 through an annual application process to arts-centered 501(c)3's in the City of Dubuque who are providing arts and cultural programs. All grants are reviewed and scored by a panel independent of staff or the Arts Commission. In FY05, \$200,000 was distributed to 12 organizations; in FY13, OS funds were increased by \$10,000 to \$210,000 and supported 10 organizations. The amount being requested annually has steadily increased as new organizations have been established and existing organizations have thrived, and thus their operating budgets and programs have expanded. In FY20, OS grants could only meet 68.3% of the funding requested by applying organizations; City OS decreased for 8 organizations from the year prior, having a potential negative impact on their programming, staffing, and organizational health. Organizations will continue to be limited to receiving \$30,000 or a maximum 6% of their operating budget. To support the increase in funding available, the Office of Arts and Cultural Affairs will implement an annual reporting process in order to measure the outcomes being achieved by grantees, especially as it relates to accessibility of programs, diversity of audiences, and economic impact of the organizations programs related to jobs, audience spending, and tourism dollars. This request supports the City Council Goal of Diverse Arts, Culture, Parks, and Recreation Experiences and Activities by

providing essential support to Arts and Culture organizations to help sustain their operations in providing revenue that might otherwise be made up through admission and activities fees which is an equity burden for low income residents. Arts Operating Funds also support the City Council goals of Robust Local Economy as OS grants support organizational staffing; Vibrant Community through support safe, accessible activities that positively impact the brain health of those that participate in them.

Related Cost:	\$ 40,000	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.0157	0.15%		
Activity: Arts and Cultural Affairs				

## 5 of 6

This improvement request is for continuing operating support for the Fountain of Youth. The mission of the Fountain of Youth is to change mindsets that contribute to generational poverty. The Fountain of youth offers programs (Real Talk, Getting in Tune, and Partners in Change) that are personalized with a one on one approach and focus on embracing an accomplished mindset, focusing on quality of life, and gaining financial and employment success. The Fountain of Youth's request is to fund \$126,507 in 2020; \$271,043 in 2021; \$387,149 in 2022; \$463,311 in 2023; and \$542,336 in 2024. This recommendation is to fund \$40,000 recurring beginning in Fiscal Year 2021.

Related Cost:	\$ 40,000	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.0157	0.15%		
Activity: Economic Development				

## 6 of 6

This improvement request is for two years operating support for the Dubuque Dream Center (Fiscal Years 2021 and 2022). The Dubuque Dream Center is a Community Outreach Center committed to mobilizing youth and families to build on Dr. King's Dream of transforming communities by embracing, empowering, and unifying those who live there. In order to progress towards sustainable income to continue to provide quality and affordable care to the children of working families, the Dream Center is seeking to become a licensed child care facility and generate funding support from the State of Iowa by 2021. The Dream Center seeks to become a Licensed Child Care Facility in order to generate income to serve low income and working families who need our support, but struggle to afford quality after school and summer care. The Dream Center's request is 33% of the operational budget, or \$264,000 for 1-2 years beginning in 2020 (Attachment I). The transitional funding would support 88 low income working families with students ranging from early childhood to elementary school ages. This recommendation is to fund \$40,000 for two years beginning in Fiscal Year 2021.

Related Cost:	\$ 40,000	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.0157	0.15%	(For Two Years)	
Activity: Economic Development				

## **Significant Line Items**

### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$3,215 or 9.99%.

### **Supplies and Services**

4. Payments to Other Agencies provide for TIF backed economic development grants. Rebate payments count against the City's statutory debt limit unless there is a non-appropriation clause approved in the development agreement and in that case only the current annual payment counts against the City's statutory debt limit. The City began using non-appropriation clauses in development agreements beginning in January 2013.

The grant estimates totaling \$1,285,308 in FY 2021 in the Greater Downtown TIF district are to:

The grant estimates in FY 2021 in the Rustic Point Housing TIF district are to:  
Derby Grange LLC \$2,681 (last payment in 2030). In addition, \$10,723 will be generated for public improvements and \$6,600 for low and moderate-income projects.

- Travel City Business decreased from \$35,370 in FY 2020 to \$34,635 in FY 2021. This line item represents the budget for federal initiatives (\$24,000); Diversity Summit sponsorship (\$5,000); Diversity Summit registration for leadership team (\$5,000); Growing Sustainable Communities Conference (\$435), and Arts and Cultural Affairs (\$200). FY 2020 included \$735 for the Iowa League of Cities Conference hosted in Dubuque.

6. Contracted Services increased from \$1,868,956 in FY 2020 to \$1,893,561 in FY 2021. The following service agreements are budgeted in Economic Development in FY 2021:

Contracted Services Agency	FY 2020	FY 2021	Change	%
Travel Dubuque	\$ 1,121,130	\$ 1,145,392	\$ 24,262	2 %
Dubuque Area Labor Management Council	\$ 30,000	\$ 30,000	\$ —	— %
Dubuque Main Street	\$ 76,653	\$ 79,336	\$ 2,683	4 %
Fountain of Youth	\$ —	\$ 40,000	\$ 40,000	100 %
Dubuque Dream Center	\$ —	\$ 40,000	\$ 40,000	100 %
Greater Dubuque Development Corporation	\$ 470,613	\$ 395,613	\$ (75,000)	(16)%
Prosperity Eastern Iowa	\$ 5,085	\$ 5,085	\$ —	— %
Access Dubuque	\$ 5,475	\$ 8,135	\$ 2,660	49 %
America's River Festival*	\$ 10,000	\$ —	\$ (10,000)	(100)%
Inclusive Dubuque	\$ 75,000	\$ 75,000	\$ —	— %
Project Hope	\$ 75,000	\$ 75,000	\$ —	— %
<b>Total</b>	<b>\$ 1,868,956</b>	<b>\$ 1,893,561</b>	<b>\$ 24,605</b>	<b>1.30 %</b>

These contracted services for Economic Development are expenses that the City would have within its organization regardless of who provides the services.

\*America's River Corporation has chosen not to do a festival in the Port of Dubuque.

## Debt Service

7. The FY 2021 annual debt service includes (\$3,409,758):

Amount	Debt Series	Source	Purpose	Final Payment	Call Date
\$ 82,400	G.O. 2017A	GDTIF	Town Clock Plaza	2021	2025

\$ 91,928	Planned	GDTIF	Parking Ramp	2040	
<u>\$ 3,409,758</u>	Total Economic Development Annual Debt Service				

In addition, Greater Downtown TIF will transfer to the Debt Service fund as reflected in other departmental budgets (\$3,134,487) to pay a portion of the America's River Fund debt (\$339,900); Library Renovation debt (\$202,400); Port of Dubuque Parking Ramp (\$2,013,875); Intermodal Facility (\$298,312); and Downtown Parking Ramp Debt (\$280,000). The Port of Dubuque Parking Ramp debt is reimbursed by the Diamond Jo through a minimum assessment agreement and an annual shortfall payment.

## Machinery and Equipment

- The total equipment requested is as follows:

<b>Recommended Improvement Packages</b>	<u>920</u>
Total	<u>\$ 920</u>

## Revenue

- The payment from Dubuque Initiatives for processing of payments has increased from \$27,400 in FY 2020 to \$29,094 in FY 2021.
- Farmland Rent increased from \$49,708 in FY 2020 to \$74,475 in FY 2021 based on FY 2019 actual of \$74,475. This line item represents rent of farmland in Dubuque Industrial Center West that has been acquired but not developed.

## IMPACTING YOUTH. STRENGTHENING FAMILIES. BUILDING COMMUNITY.

### Dream Center Operational Budget Fundraising Strategies

73%

Private Donors

19%

Grants

8%

other

The DC raises 73% of our operational budget through fundraising from generous private donors from the community of Dubuque to support low income and working families who need affordable care for their children. 19% Grants. 8% other.

### Dream Center Sustainable Income Plan for Operations

In order to progress towards **sustainable income** to continue to provide **quality and affordable care** to the children of working families, the DC is seeking to **become a Licensed Child Care Facility** and generate funding support from the State of Iowa **by 2021**.

### Transitional Income Support Need and Updated Operational Request from City of Dubuque

The DC seeks to become a Licensed Child Care Facility in order to generate income to serve low income and working families who need our support, but struggle to afford quality after school and summer care.

City Funding will Support

88

Low Income Students

The Dream Center Currently serves

190

Students K-12th Grade

As a City Top Priority, the Dubuque Dream Center is asking the City of Dubuque for 33% of its' operational budget, \$264,000.00 for 1-2 years beginning in 2020. This transitional funding will support 88 low income working families with students ranging from early childhood to elementary school ages. The Dream Center's goal is to become Licensed Child Care Site by 2021.

## IMPACTING YOUTH. STRENGTHENING FAMILIES. BUILDING COMMUNITY.

### Who is Served and Impacted by City support?

These 88 low income students are children K-5th grade who were most recently added from our waiting list with the help of one-time gifts from generous donors. Presently there are 90 K-5th grade students on our waiting list. The Dream Center is in need of temporary support to serve these students and their families as we seek to become a Licensed Child Care Site and receive income from the State of Iowa.

*The Dream Center becoming a licensed childcare facility means access to affordable childcare for working families. From the mid-1970s to 2012, workforce participation rates for mothers of young children rose from 40% to 65%. In Iowa, 3 out of 4 households with children under age 6 have all parents working yet childcare is inaccessible to many who need it.*

### Dream Center Program Cost per Student and Services Provided

The operational **expense per student for the Dream Center is \$3,000 per year** for year-round services that includes:

### Original City Proposal

On September 10th, 2019 the Dream Center originally requested **52% of its' operational budget \$406,600** that would have supported and sustained 135 K-5th grade students and 10 students would have been enrolled from our waiting list. The Dream Center would still welcome and gratefully accept the original requested funds, however we would also be grateful for the **minimum request of \$264,000 to support 88 students for 2020 and an additional \$264,000 for 2021.**

IMPACTING YOUTH. STRENGTHENING FAMILIES. BUILDING COMMUNITY.

## STUDENT SPONSORSHIPS

**\$3,000.00**

supports one student for a year  
of Dream Center programming.

**\$1,500.00**

supports one student through a 9-month school  
year session of Dream Center programming.

**\$500.00**

supports one student through  
a session of program meals each day.

**\$150.00**

supports one student's enrichment activities  
ream Center programming.

**\$50.00**

supports one student's academic and character development  
curriculum through a year of Dream Center programming.

## TEAM SPONSORSHIPS

**\$30,000.00**

supports a team of 10 students for  
a year of Dream Center programming.

**\$20,000.00**

supports six students for  
a year of Dream Center programming.

**\$10,000.00**

supports three students for  
a year of Dream Center programming.

## Arts & Cultural Affairs

### Mission & Services

The Office of Arts & Cultural Affairs, with oversight from the Arts and Cultural Affairs Advisory Commission, aims to strengthen access to diverse and equitable arts and cultural programming throughout the community while fostering sustainability and collaboration throughout the non-profit and for-profit arts and culture sector. This work improves the quality of life for residents of Dubuque, helps to attract and retain a talented workforce, and provides a fertile ground for the growth of creative entrepreneurship. Specifically, the Office of Arts & Cultural Affairs manages the annual Art on the River public art program, administers two City grant programs awarded to local arts and cultural organizations, hosts educational and networking events that create connection between the arts and business sectors, and oversees the implementation of the City's [Arts and Culture Master Plan](#).

Arts & Cultural Affairs Funding Summary

Total Cost:	<u>\$ 974</u>			
Property Tax Impact:	\$ 0.0004	—%		
Activity: Transportation Administration/Parking Administration				

## Transit Significant Line Items

### Transit Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense is increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$17,054 or 11.26%.
4. Overtime is unchanged from \$17,273 in FY 2020 to \$17,273 in FY 2021. FY 2019 actual was \$31,505.
5. Holiday Overtime unchanged from \$11,867 in FY 2020 to \$11,867 in FY 2021. FY 2019 actual was \$11,708.
6. Unemployment Insurance increased from \$16,117 in FY 2020 to \$21,253 in FY 2021 based on FY 2019 actual.

### Transit Supplies & Services

7. General Liability Insurance Expense decreased from \$39,607 in FY 2020 to \$39,476 in FY 2021 based on FY 2019 actual plus 5%.
8. Electricity Utility Expense decreased from \$40,020 in FY 2020 to \$39,484 in FY 2021 based on FY 2019 actual of \$36,560 plus 8%.
9. Diesel Fuel increased from \$267,387 in FY 2020 to \$302,623 in FY 2021 based on FY 2019 actual of \$288,213 increased 5%.
10. Tire Expense decreased from \$57,690 in FY 2020 to \$46,118 in FY 2021 based on FY 2019 actual. This line item represents the Goodyear tires lease and is based on miles driven.

11. Motor Vehicle Maintenance increased from \$396,095 in FY 2020 to \$504,858 in FY 2021 based on FY 2019 actual plus 2%.
12. Motor Vehicle Maintenance Outsourced is unchanged from \$90,934 in FY 2020 to \$90,934 in FY 2021 based on FY 2020 budget. FY 2019 actual was \$58,924.
13. Software License increased from \$69,163 in FY 2020 to \$71,150 in FY 2021 based on FY 2020 budget plus 3%. This line item represents security camera annual maintenance, route planning software license and scheduling software license.
14. Sidewalk Snow Removal increased from \$6,920 in FY 2020 to \$53,841 in FY 2021 based on FY 2019 actual. This line item represents the contracted services agreement for snow removal of sidewalks.

### Transit Debt Service

15. FY 2021 annual debt service includes the following (\$340,687):

Amount	Debt Series	Source	Purpose	Final Payment	Call Date
\$ 298,312	2012A G.O.	GDTIF	Intermodal Facility	2031	2021
\$ 3,039	2014B G.O.	Sales Tax 20%	Roof Improvements	2034	2021
\$ 11,562	2018A G.O.	Sales Tax 20%	Radio Replacements	2038	2026
\$ 6,484	2019A G.O.	Sales Tax 20%	Midtown Transfer	2039	2026
\$ 21,290	2020 G.O.	Sales Tax 20%	Vehicle Replacements	2040	
\$ 340,687	Total Transit Annual Debt Service				

### Transit Revenue

16. Federal operating assistance is now based on a comparison of larger cities. Previously the allocation was based on population and population density. Federal operating assistance is allocated on the federal fiscal year of October through September. Final FTA allocations for FY 2021 should be received by March 2020. FY 2021 estimated Federal Operating Assistance is based on FY 2020 allocation of \$1,253,787. FY 2019 actual was \$1,180,951. FTA Operating funds require 50% local match.
17. State operating assistance increased from \$284,640 in FY 2020 to \$310,285 in FY 2021 based on FY 2020 revised. FY 2019 actual was \$283,220.
18. Federal pass-thru grant increased from \$58,167 in FY 2020 to \$68,114 in FY 2021. This line item \$60,614 preventative maintenance grant. FTA pass through grants require 20% local match.
19. MiniBus passenger-related revenues FY 2021 budget is based on FY 2019 actual. There has been a shift in Medicaid fares, more passengers are now using MiniBus instead of Fixed-Route. Staff have worked to diversify and improve accurate coding of sources of revenue. The following revenue line items make-up MiniBus passenger-related revenues:

Revenue Type	FY 2018	FY 2019	FY 2020 Budget	FY 2021	% Change From FY 2020 Budget
MiniBus Fares	\$ 114,301	\$ 121,465	\$ 107,975	\$ 121,465	12.49%
MiniBus Contract	\$ 18,948	\$ 16,443	\$ 15,642	\$ 16,443	5.12%
MiniBus Medicaid Fares	\$ 16,284	\$ 34,683	\$ 31,572	\$ 34,683	9.85%
<b>Total Mini-Bus Revenues</b>	<b>\$ 149,533</b>	<b>\$ 172,591</b>	<b>\$ 155,189</b>	<b>\$ 172,591</b>	<b>11.21%</b>

Fixed-Route passenger-related revenues have increased over the past four years through continuation of agreements with three colleges pre-paid unlimited ride passes. There has been a shift in Medicaid fares, more passengers are now using MiniBus instead of Fixed-Route.

The following revenue line items make-up Fixed-Route passenger-related revenues:

Revenue Type	FY 2018	FY 2019	FY 2020 Budget	FY 2021	% Change From FY 2020 Budget
Passenger Fares	\$ 187,216	\$ 188,125	\$ 192,426	\$ 188,125	-2.24%
Private Participant	\$ 84,280	\$ 84,280	\$ 84,280	\$ 84,280	—%
Fixed Route Medicaid	\$ 33,975	\$ 19,365	\$ 18,090	\$ 19,365	7.05%
<b>Total Fixed Route Revenues</b>	<b>\$ 305,471</b>	<b>\$ 291,770</b>	<b>\$ 294,796</b>	<b>\$ 291,770</b>	<b>-1.03%</b>

20. Reimbursements from the Greater Downtown TIF for the downtown service routes is unchanged from \$134,704 in FY 2020 to (\$134,704) in FY 2021.

### **Parking Significant Line Items**

#### **Parking Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense is increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost savings of \$10,814 or 11.26%.
4. Overtime unchanged from \$4,000 in FY 2020 to \$4,000 in FY 2021. FY 2019 actual was \$3,458.
5. Retiree Five-Year Sick leave payout decreased from \$9,274 in FY 2020 to \$2,853 in FY 2021.
6. Workers Compensation increased from \$5,631 in FY 2020 to \$5,675 in FY 2021. FY 2019 actual was \$6,042.

## Parking Supplies & Services

7. Property Insurance decreased from \$99,656 in FY 2020 to \$89,821 in FY 2021 based on FY 2019 actual plus 5%. Parking is charged 21% of the property insurance cost for the Jule Operations and Training Center which is shared between the Transit and Parking funds.
8. Electrical Utility Expense increased from \$217,700 in FY 2020 to \$255,659 in FY 2021 based on FY 2019 actual of \$236,719 plus 8%. Parking is charged 21% of the electricity cost for the Jule Operations and Training Center which is shared between Transit and Parking funds.
9. Snow Removal Plowing increased from \$51,522 in FY 2020 to \$146,258 in FY 2021 based on FY 2019 actual.
10. Snow Removal Sidewalks increased from \$19,270 in FY 2020 to \$109,749 in FY 2021 based on FY 2019 actual.
11. Credit Card Charge increased from \$39,641 in FY 2020 to \$46,727 in FY 2021 based on FY 2019 actual.
12. Elevator Maintenance increased from \$27,187 in FY 2020 to \$31,649 in FY 2021 based on FY 2019 actual.
13. Contract Custodial is unchanged from \$30,682 in FY 2020 to \$30,682 in FY 2021 based on FY 2020 budget.
14. Camera Maintenance increased from \$52,163 in FY 2020 to \$60,077 in FY 2021 based on FY 2019 actual.
15. Property Maintenance increased from \$33,609 in FY 2020 to \$65,736 in FY 2021 based on FY 2019 actual.

## Parking Machinery & Equipment

16. Equipment replacement items include (\$173,894):

<u>Parking Administration</u>	
Smartphone (1)/Desk Phones (4)	\$ 1,350
<u>Parking Maintenance</u>	
Technician Truck	\$ 39,000
Smartphones (2)/Desk Phones (2)	\$ 1,200
<u>Meter Enforcement</u>	
Compact Car	\$ 18,910
<u>Port of Dubuque Ramp</u>	
(56) Security Cameras	\$ 50,008
<u>Intermodal Facility</u>	
(29) Security Cameras	\$ 63,426
<b>Recommended Improvement Packages</b>	54,206
<b>Total Equipment</b>	<b>\$ 228,100</b>

## Parking Debt Service

17. Debt issues and their debt service payments for the Parking Division include (\$2,848,847):

Amount	Debt Series	Source	Purpose	Final Payment	Call Date
\$ 51,100	G.O. 2012I	Parking Fees	5th St/Iowa Ramp	2021	2019
\$2,013,875	Revenue 2007	GDTIF	Port of Dubuque Ramp	2037	2019
\$ 38,222	Revenue 2008	Parking Fees	Lot 9	2023	
\$ 636,050	G.O. 2017A	Parking Fees	Central Ramp	2029	2025
\$ 53,462	G.O. 2018A	Parking Fees	POD Ramp Repairs	2026	2026
\$ 4,198	G.O. 2018A	Parking Fees	Re-Lamp Iowa Street Ramp	2031	2026
\$ 13,748	G.O. 2019C	Parking Fees	Locust Security Cameras	2033	2026
\$ 23,705	G.O. 2014C	Parking Fees	Parking Improvements	2034	2021
\$ 14,487	G.O. 2014B	Parking Fees	Parking Improvements	2034	2021
<b>\$2,848,847</b>	<b>Total Parking Annual Debt Service</b>				

Greater Downtown TIF will contribute \$2,013,875 in FY 2021 towards parking debt service for the Port of Dubuque Ramp which is covered by a minimum assessment agreement paid by Boyd gaming and a supplemental payment. Greater Downtown TIF will also contribute \$280,000 towards downtown parking ramp debt service.

## Parking Revenue

18. Significant changes in operating budget revenue projections based on actual trends include:

Area	FY 2020	FY 2021	Change	FY 2019 Actual
Locust Street Ramp	\$ 311,675	\$ 315,963	\$ 4,288 (a)	\$ 317,296
Iowa Street Ramp	\$ 453,798	\$ 449,031	\$ (4,767) (a)	\$ 449,131
5th St. Ramp	\$ 366,111	\$ 333,013	\$ (33,098) (a)	\$ 333,013
Five Flags Ramp	\$ 108,324	\$ 122,487	\$ 14,163 (a)	\$ 122,487
Port of Dubuque Ramp	\$ 164,274	\$ 165,192	\$ 918 (a)	\$ 165,292
Central Ramp	\$ 339,268	\$ 326,697	\$ (12,571) (a)	\$ 326,697
Intermodal Ramp	\$ 118,940	\$ 74,044	\$ (44,896) (a)	\$ 72,123
Parking Lots	\$ 145,824	\$ 169,876	\$ 24,052 (a)	\$ 169,873
Street Parking Meters	\$ 742,536	\$ 766,617	\$ 24,081 (b)	\$ 766,770
Residential Parking District	\$ 19,756	\$ 18,331	\$ (1,425) (c)	\$ 18,331
Parking Ticket Fines	\$ 262,641	\$ 280,267	\$ 17,626 (d)	\$ 281,302
<b>Total</b>	<b>\$ 3,033,147</b>	<b>\$ 3,021,518</b>	<b>\$ (11,629)</b>	<b>\$ 3,022,315</b>

- a. Parking Ramp revenue is based on FY 2019 actual.
- b. Street Parking Meter revenue is based on FY 2019 actual.
- c. Residential Parking District is based on FY 2019 actual.
- d. Parking Ticket Fines is based on FY 2019 actual.

### Bus Maintenance

#### Mission & Services

The Public Works Mechanics and Service Workers, led by the Vehicle Maintenance Supervisor, conduct all maintenance of transit vehicles. Primary responsibilities are preventative maintenance inspections and major and minor repairs to various vehicle systems, including purchasing and stocking parts and supplies in accordance with Federal Transit Administration (FTA) and City of Dubuque policies. Service workers also conduct cleaning of fixed-route vehicles and facilities, which include benches, shelters, the bus storage facility and The Jule's three transfer locations at JFK Circle, Delhi, and at the Intermodal Center.

Bus Maintenance Funding Summary

### Central Business District Parking

#### Mission & Services

The Central Business District is composed of the Downtown area, the Port of Dubuque and the Historic Millwork District. Parking issues include variable on-street paid parking in the commercial district, residential permit parking, parking validation programs, parking requirements for new development, a parking information campaign, increasing the parking inventory, shared parking arrangements and additional enforcement of existing regulations. The Parking Division manages thirteen parking lots in the downtown area and two in the Port of Dubuque. Off-street parking (ramps and lots) provide monthly, daily, hourly and event parking services to downtown area residents, workers, and visitors so they can park their vehicles in secure, customer friendly and well maintained parking facilities.

Central Business District Parking Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested

# HOW TO USE THIS POLICY BUDGET DOCUMENT

## PURPOSE

The Policy Budget defines goals and objectives for all City departments and activities, relates them to cost and resource requirements and attempts to establish measures for evaluating accomplishment. Specific improvement packages are developed and included in the Policy Budget for alternative funding and service levels. The Policy Budget document shows the budget by line item for each Department and provides a basis for fiscal control once the budget is adopted.

The Policy Budget emphasizes objectives, accomplishments, and alternative funding and service levels and is intended to keep the attention of the City Council and public on the major policy decisions involving what services the City government will provide, who will pay for them, and the implications of such decisions.

## FORMAT

The Policy Budget is organized by Department/Division and provides detail for all activities that make up each Department/Division. Each Department/Division tab includes the following information:

- 1) **Department/Division Financial Summary:** The ***budget highlights*** portion of the Department Summary reflects total expenses for the maintenance level budget (cost to continue at the same level of service) and approved improvement packages for all activities within the Department by expenditure category (employee expense, supplies and services, machinery and equipment, and debt service), and the funding sources that pay those expenses. The property tax portion of the funding is reflected, noting the increase or decrease from the prior years adopted budget. For Departments which are self supporting (i.e. Water, Water Pollution Control, Refuse (part of Public Works), Cable TV, Transit, Parking), the net operating surplus/deficit is reflected, noting the increase or decrease in the fund from the prior years adopted budget.

This summary displays all ***Improvement Packages*** submitted by Department/Division Managers, with a notation of whether they were recommended by the City Manager, and then approved by the City Council. Those noted with a 'YES' were added to the maintenance level budget and are reflected in the Department Funding Summary and those noted with a 'NO' were not approved.

And finally, this summary explains ***significant line item detail*** by expenditure category, notable revenue changes, and miscellaneous information regarding the maintenance level budget. These are the review notes prior to adding any improvement packages.

- 2) **Memo Addressing Budget Issue (optional):** If there is an important budget issue that needs further explanation, a memo will be provided.
- 3) **Department's Organizational Chart (optional):** Shows how a Department is structured. Usually included for larger more complex Departments.
- 4) **Department/Division's Highlights of Prior Year's Accomplishments and Future Initiatives:** This is a written narrative that highlights the Department's prior year accomplishments and what Departments plan on accomplishing in the near future.

- 5) **Department/Division's Goals and Performance Measures by Activity:** This is a written activity statement and a matrix for each activity which includes activity objectives, relationship to City Council Goals & Priorities, and key performance indicators (KPIs).. Performance measures are included for each activity to evaluate activities and ensure that the approved levels of funding yield the expected results. Battery icons for each KPI visually indicate how well an objective is doing and represent the following:

		
On Track	Improving	Needs Work

- 6) **Department/Division's Goals and Performance Measures by Activity:** This is a written narrative for each activity that explains the goal, describes the purpose, and explains the service objectives of each activity. Performance measures are included for each activity to evaluate activities and ensure that the approved levels of funding yield the expected results.
- 7) **Recommended Operating Revenue Budget by Department/Division:** This report reflects line item revenue detail at the Department/Division level (combines all activities for each line by fund). Two years actual revenues, prior year adopted revenues and the recommended revenue for the new budget year are reflected.
- 8) **Recommended Operating Expenditure Budget by Department/Division:** This report reflects line item expenditure detail at the Department/Division level (combines all activities for each line by fund). Expenses are grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 9) **Recommended Operating Expenditure Budget by Activity and Funding Source:** This report reflects expenses grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) for each activity within the Department/Division, and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 10) **Personnel Complement at Department/Division and Activity Level:** These reports reflect positions budgeted at the Department/Division level and the Activity level, by funding source. Total Full Time Equivalents (FTE) and wages with longevity expense are shown for each position for two years prior year adopted FTE and expenses, and the recommended FTE and related expense for the new budget year.
- 11) **Capital Improvement Projects by Department/Division:** This report lists all Capital Improvement Project totals for two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 12) **Five Year Capital Improvement Program Summary by Department/Division:** This report lists all Capital Improvement Projects budgeted in the new budget year and planned for the next four years.

# **Purchase of Services**

This page intentionally left blank.

---

**DEPARTMENT/DIVISION:** Purchase Of Services

**RESPONSIBILITY:** Chris Lester, Community Development Specialist

---

Purchase of services activities are those services that the City feels fit the goals and priorities of the City and are not required to be provided or would not be provided in the normal course of City business. In Fiscal Year 2014, an application process was implemented for the funding of purchase of service agencies.

The FY 2021 budget recommends an allocation of \$100,000 in General Fund and \$47,961 in Community Development Block Funds for a total of \$147,961 to fulfill some of the recommendations of the Community Development Advisory Commission.

The recommendation of the Community Development Advisory Commission will be made to City Council after the FY 2021 budget is adopted on March 26, 2020.

The following purchase of service agencies have received funding in the past:

Agency	FY 2020	Funding Source
The Dubuque Dream Center	\$15,760	General Fund
East Central Development Corporation	\$15,760	General Fund
Fountain of Youth	\$15,760	General Fund
Four Oaks Family & Children's Services	\$15,760	General Fund
Lutheran Services in Iowa	\$4,800	General Fund
Opening Doors	\$15,760	General Fund
Retired and Senior Volunteer Program	\$4,880	General Fund
Riverview Center	\$15,760	General Fund
St. Mark Youth Enrichment	\$15,760	General Fund
<b>Total</b>	<b>\$120,000</b>	

Contracted services are services that the City would have within its organization regardless of who provides the service. Contracted services in many cases leverage other resources that would not normally be available to the City. An example is the Dubuque Humane Society which provides a heightened level of service for animal control over what the City would provide for animals.

The following agencies have received or are being recommended to receive funding as contracted services within other departments:

Agency	Department	FY 2020	FY 2021	Funding Source
America's River Corporation	Economic Development	\$10,000	\$—	General Fund
Community Foundation of Greater Dubuque - Project HOPE	Economic Development	\$75,000	\$75,000	General Fund

<b>Total</b>		<b>\$ 2,651,141</b>	<b>\$ 2,509,534</b>	

# PURCHASE OF SERVICE

Purchase of services activities are those services that the City feels fit the goals and priorities of the City and are not required to be provided or would not be provided in the normal course of City business. In Fiscal Year 2014, an application process was implemented for the funding of purchase of service agencies.

## Resources and Property Tax Support

Purchase of Services is supported by no full-time equivalent employees. Pay to other agencies accounts for 100% of the department expense as seen below. Overall, the departments' expenses are expected to increase by 13.82% in FY 2021 compared to FY 2020.

### Improvement Package Summary

#### **1 of 1**

This improvement level decision package provides for the third and final phase of surveillance cameras. This phase will place nine (9) cameras inside the historic Five Flags Theater, at the Majestic and Bijou Rooms as well as the hallway entrances to dressing areas in the arena and theater. These cameras are for internal controls, as well as monitoring common public areas, entrances and exits to the building. ASM Global, the management company, performed a risk assessment audit with police, fire and Homeland Security. The assessment recommended cameras in specific locations. This improvement supports the City Council high priority goal of surveillance camera funding under the Vibrant Community: Healthy and Safe goal. There will be a recurring cost of approximately \$963 a year for these cameras. The first year is included in the purchase price.

Related Cost:	<u>\$ 13,500</u>	Tax Funds	Non-Recurring	<b>Recommend - No</b>
Property Tax Impact:	\$ 0.0053	0.05%		
Activity: Civic Center Operations				

### Significant Line Items

#### **Background**

- History: The City has contracted the firm, ASM Global (formerly SMG), after Council approval in April 2004, to privately manage Five Flags Civic Center. ASM Global's original five year private management agreement began on July 1, 2004 and ended June 30, 2009. The current agreement expired June 30, 2014 and was extended for another five-year period ending June 30, 2019 and the five-year extension as executed for a period ending June 20, 2024.

2.

## Five Flags Property Tax Support

\*ASM Global (formerly SMG) took over managing Five Flags on July 1, 2004.

Actual expenses were higher in FY 2005 due to the transitioning of the employees. There were additional costs relating to unemployment insurance, vacation payoffs and prior year expenses.

### Employee Expense

3. FY 2021 employee expense reflects a 1.5% wage package increase.
4. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.

### Supplies & Services

5. **Benchmark Calculation:** The benchmark is the amount the City sets for ASM Global (formerly SMG) of property tax needed to operate the Five Flags Civic Center. The original benchmark and formula for adjustment was established in the 2004 agreement with ASM Global. ASM Global is challenged to spend less than the Benchmark, thereby reducing the amount of property tax support needed. The benchmark is calculated by taking total expense less earned revenue for the Civic Center, to get the property tax support. This calculation was completed in the beginning by taking the average actual property tax support spent in FY 2002, 2003, and 2004 (\$682,091) and then increased annually by an inflation factor. This amount includes ASM Global's projected management fee of \$102,924 in FY 2021. The Benchmark fee is set for the purpose of the budget with an estimated CPI and then adjusted by the actual May CPI after the budget is adopted to arrive at the actual Benchmark and management fee.
6. ASM Global's (formerly SMG) goal is to come in under the benchmark, but if the benchmark is not met, the City of Dubuque must pay any amount over the benchmark. ASM Global's (formerly SMG) incentive to meet the benchmark gives them \$.50 of every dollar under the benchmark.

**Annual Benchmark Set for SMG:** In FY 2014 the benchmark was \$852,040 (prior year plus the May CPI of 1.4%), in FY 2015 the benchmark was \$869,933 (prior year plus the May CPI of 2.1%), in FY 2016 the benchmark was \$869,933 (prior year plus the May CPI of 0%), in FY 2017 the benchmark was \$878,632 (prior year based on May CPI of 1%), in FY 2018 the benchmark was \$895,326 (prior year based on May CPI of 1.9%), in FY 2019 the benchmark was \$920,395 (prior year based on May CPI of 2.80%), in FY 2020 the benchmark was \$936,962 (prior year based on May CPI of 1.80%), and the FY 2021 benchmark is anticipated to be \$955,701 (prior year and anticipated May CPI of 2.00%).

**Actual Benchmark:** It should be noted that the first year (FY 2005) of management, actual expenses were higher due to the transitioning of the employees. There were additional costs relating to unemployment insurance, vacation payoffs and prior year expenses that did not count against the benchmark. The Five Flags Civic Center was also under renovation soon after SMG (ASM Global) started. It was expected that the first year of management would cost more. Also, the budget was initially set with the management fee (\$75,000) added on top of the set benchmark. It was determined that the benchmark should already include ASM Global's (formerly SMG) management fee, and the actual benchmark was adjusted accordingly with the additional budget going back into General Fund.

Following is a summary of annual results of the benchmark to date that reflects SMG has met the benchmark since 2006 with the exception of FY 2019. FY 2019 included a polar vortex weather event affecting utility costs and event financial performance as well as repairs to the facility due to the age and status of the Five Flags building. Since FY 2005, SMG (ASM Global) has beat the benchmark by a total of \$174,490:

### ASM Global (formerly SMG) Benchmark Payout

 50% Benchmark Paid

**Analysis of Results to Date:** When reconciling annual property tax support spent to the benchmark each year, the City adjusts the expenses for items that do not count against the benchmark (expenses that are the responsibility of the City). These expenses have included the initial cost of transitioning employees (unemployment insurance, vacation payoffs) and some equipment items not yet paid as of the transitioning date. Following is a summary reflecting the

amount the City has actually paid over or under the benchmark, with these adjustments taken out expenses that do not count against benchmark:

## ASM Global (Formerly SMG) Property Tax Support Compared to Benchmark

### Debt Service

7. FY 2021 Annual debt service is as follows (\$43,929):

Amount	Debt Series	Payment Source	Purpose	Final Payment	Call Date
\$ 35,121	2019C G.O.	Sales Tax 20%	Civic Center Improvements	2030	2026
\$ 8,808	2019B G.O.	Sales Tax 20%	Chair Platform Section 3	2039	2039
<u>\$ 43,929</u>	Total Civic Center Annual Debt Service				

# LEISURE SERVICES FACILITY DIVISION

The Facility Division provides for the effective and efficient maintenance of buildings and equipment and administration of management contracts for Five Flags Civic Center and Grand River Center, ensuring facilities and programs that provide an increased QUALITY OF LIFE and creates opportunities for both citizens and visitors.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

### PLANNING

Planning is necessary to develop an ongoing capital improvement plan to keep up each building. SMG and Platinum Hospitality work together and separately to provide venues for conferences, weddings, family events, trade shows, entertainment, business meetings, events and more. Each works to meet the needs of individuals, businesses and event planners.

### PEOPLE

The Grand River Center as the conference and education center and Five Flags as the civic center both provide increased quality of life for the residents of Dubuque as well as positive visitor experiences for travelers to the area.

### PARTNERSHIPS

Efforts are coordinated with the Dubuque Area Visitor and Convention Bureau. Often local professionals represent their professional association to bring their state and/or national conference to Dubuque. Partners at Five Flags include many theatrical and performing groups.

## LEISURE SERVICES FACILITY DIVISION

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	0.15	0.15	0.15

### Property Tax Support

The Leisure Services Facilities Division is supported by 0.15 full-time equivalent employees. Supplies and services accounts for 92.13% of the department expense as seen below. Overall, the department's expenses are expected to decrease by -6.24% in FY 2021 compared to FY 2020.

### Expenditure by Category by Fiscal Year

# LEISURE SERVICES FACILITY DIVISION

## Mission & Services

The Facility Management Division of the Leisure Services Department strives to provide venues for community and civic activities, entertainment, and cultural events and activities. The division promotes events and activities that bring tourists and generate spending in the community and ensure the centers are well-maintained and professionally managed to ensure attendees have a positive experience.

Five Flags Civic Center is a City owned building managed day-to-day by ASM Global located in the heart of downtown. It is a multipurpose facility which hosts sporting events, theatrical performances, concerts, meetings and conventions, high school and community college graduations, sporting events and much more. Five Flags Civic Center features an arena, historic theater, meeting rooms and intimate performance stage called the Bijou Room.

The Grand River Center is a City owned building managed by Platinum Hospitality. Dubuque's iconic convention and education center is located in the Port of Dubuque overlooking the Mississippi River and Riverwalk. The conference center has meeting rooms, a ballroom and exhibit hall allowing a variety of uses of the space for large and small events.

Leisure Services initiates capital improvement projects for these facilities ensuring the long-term viability and functionality of these buildings.

Percent Increase (Decrease)				0.6%

### Improvement Package Summary

#### 1 of 1

This improvement level decision package is for eighteen (18) security cameras to be placed inside the Grand River Center (GRC). Currently the GRC has cameras on the loading dock and an internal system for the employee service back of house. The internal system was installed in 2003 with only minor updates since that time. The safety and security of the many citizens and visitors to the Grand River Center is of utmost importance. No security monitoring system is in place for all the public areas, as well as entrances and exits of the building. This is phase 1 of a 3 phase project focusing on cabling and servers which is necessary for all 3 phases. It focuses on the back of the house. There will be a recurring cost of approximately \$1,925 a year that would start in FY 2022. The first-year license cost is included in the purchase price. This improvement supports the City Council goal Vibrant Community: Healthy and Safe as well as the management agenda high-priority goal of surveillance camera funding.

Related Cost: \$ 31,730 Tax Funds Non-Recurring **Recommend - No**  
Property Tax Impact: \$ 0.0125 0.12%  
Activity: Conference Center

### Significant Line Items

#### Supplies & Services

1. Platinum Hospitality privately manages the Grand River Center. The following expenses are the responsibility of the City based on the Facility Management Agreement:
  - 50% of energy costs (gas and electric) are estimated to be \$180,002 in FY 2020 and are projected to be \$168,644 in FY 2021. Electric decreased from \$138,651 in FY 2020 to \$136,594 in FY 2021 based on FY 2019 actual. Natural Gas decreased from \$41,351 in FY 2020 to \$32,050 in FY 2021 based on FY 2019 actual.
  - Insurance costs (property and general liability) are estimated to be \$45,791 in FY 2020 and are projected to be \$45,791 in FY 2021. An appraisal of all city buildings was completed during FY 2018. Property insurance cost is now allocated to departments based on the appraised value of the building and square footage used by each department.

- During FY 2013 an agreement was renegotiated to require a payment of 25% instead of 50% of the actual Hotel/Motel Tax generated by the Grand Harbor Hotel. Payments and budget are as follows:

FY 2018 - \$88,310  
 FY 2019 - \$79,343  
 FY 2020 - \$88,310 (Budgeted)  
 FY 2021 - \$79,343 (Projected)

2. As per the Management Agreement, the repairs and maintenance limit and aggregate will increase by the CPI as of July 1 each year. The City is responsible for repairs and maintenance in excess of \$1,128 individually and \$16,924 in aggregate for the fiscal year. Historical actual maintenance costs have been as follows:

FY 2018 - \$94,972  
 FY 2019 - \$109,742  
 FY 2020 - \$170,000\* (Budgeted)  
 FY 2021 - \$129,000\*\* (Projected)

\*FY 2020 included an additional \$55,000 to overhaul chiller number 2.

\*\*FY 2021 includes an additional \$27,000 to rebuild air handling unit number 3.

## Equipment

3. The following equipment will be replaced in FY 2021 (\$90,846):

Exhibit Hall Projector	\$ 71,000
Ice Cubers (2)	\$ 14,447
Garbage Disposals	\$ 5,399
Total Equipment	<u>\$ 90,846</u>

## Debt Service

4. FY 2021 Annual Debt Service is as follows (\$30,506):

Amount	Debt Series	Payment Source	Purpose	Final Payment	Call Date
\$ 2,729	2019C G.O.	Sales Tax 20%	Conference Center Improvements	2027	2026
<u>\$ 27,777</u>	2019B G.O.	Sales Tax 20%	Energy Improvements	2039	2039
<u>\$ 30,506</u>	Total Conference Center Annual Debt Service

### Improvement Package Summary

#### **1 of 9**

This improvement request is for the removal of tree stumps along City streets and on other City properties. With the increased mortality rate of Emerald Ash Borer (EAB), the backlog of stumps has increased significantly. Tree removal has been the priority with stumps being left behind for a later date. Some of these stumps are also impacting the Engineering Department's sidewalk program. Sidewalks need to be replaced and the Forestry Activity is actively removing ash trees. This does not allow time for stump removal. The funds would be used to prioritize the stumps that need to be removed and hire a contractor to grind them. This will decrease the liability of someone tripping over a stump or a raised sidewalk that needs to be repaired. It will increase the efficiency of the sidewalk program to hire out the stump grinding versus waiting for the Forestry activity to fit it into their schedule. This request supports the City Council Goal of Vibrant Community: Healthy and Safe by removing stumps in a timely manner to reduce liability concerns.

Property Tax Impact:	\$ 0.0157	0.15%		
Activity: Forestry				

#### **2 of 9**

This improvement request is for staff and maintenance costs for the Veterans Memorial Project on Chaplain Schmitt Island. An improvement package was approved in FY 2020 for one month of seasonal staff (.05 FTE or 110 hours) and maintenance cost. The project was slated to be completed in May of 2020 but has been delayed. This request would provide for the remaining 11 months of staffing (.53 or 1,210 hours) and maintenance, although the project will not be complete by the beginning of FY 2021. The entire cost of staff and maintenance will be reimbursed through the DRA. The enhancements to the area will require additional maintenance and staff time to keep the Veterans Memorial plaza area beautiful. This request supports the

City Council Goal of Diverse Arts, Culture, Parks, and Recreation Experiences and Activities by providing a beautifully maintained Veterans Memorial for all residents and visitors to enjoy.

Activity: Veterans Memorial Park

### 3 of 9

This improvement request is for the addition of pet friendly amenities throughout the City. A Pet Friendly Community Assessment was completed in 2019. The assessment was broken into four parts including Parks, Shelters, Homes and Businesses. The Pet Friendly Community Committee is recommending additional pet friendly amenities throughout the community. This would include amenities such as pet waste stations, and educational signage. Costs include purchase and installation of the amenity as well as maintenance of those amenities (i.e. pet waste bags). This request supports the City Council goal of Livable Neighborhoods and Housing: Great place to Live by providing amenities for pets in all neighborhoods throughout the City.

Related Cost:	\$ 15,000	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.0059	0.06%		

Activity: Park Areas & Maintenance

### 4 of 9

This improvement request is for contract services of snow removal on the new hike/bike trail that is to be built along Chavenelle Road in Dubuque Industrial Center West (DICW). The trail that is to be constructed in 2020 will be from Radford Road to Seippel Road and is approximately 8,357 feet long and 10 feet wide. Approximately 1,367 feet of the new trail is outside of the area covered by the Dubuque Industrial Center West covenants. The request is based on an average of 25 snow falls. Revenue would not be reflected until FY 22 when companies in DICW are billed for FY21. This request supports the City Council Goal of Financially Responsible, High Performance City Organization: Sustainable, Equitable, and Effective Service Delivery by ensuring timely snow removal from the trail.

Related Cost:	\$4,000	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.0016	0.01%		

Activity: DICW Maintenance

### 5 of 9

This improvement request is for installation of two forced-air gas heaters in the greenhouse. An improvement level package was approved in FY 2019 to install heaters in the greenhouse. These two additional heaters would complete the conversion of boiler heat in the greenhouse to natural gas. It is also anticipated that these heaters will save approximately \$1,000 in gas utility costs annually. This request support the City Council Goal of Financially Responsible, High Performance City Organization: Sustainable, Equitable, and Effective Service Delivery by reducing costs paid for by city residents through the general fund.

Related Cost:	\$ 7,000	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>

**6 of 9**

This improvement level decision package is for consultant fees for park planning for Washington Park. Washington Park is Dubuque's oldest platted park. The park serves as an event space year-round with events such as Food Truck Friday, Dubuque Fine Arts Festival, Art in the Park - Snow Sculpting and more. It is also home to many political events and protests as well as Hospice Tree of Life memorial service. The use of this public square has increased and changed over the years. It's visibility as a main entry point to downtown Dubuque is important to the community and travelers. The park location is near many employees and employers and potentially could be used more during lunch hours, as well as nights and weekends by those living near the area with more downtown area dwellers. An engaging park planning process would assist in updating the park to better handle the current and future events and activities. The Dubuque Museum of Art has committed \$10,000 to assist with planning. This improvement level package relates to City Council goal Partnership for a Better Dubuque: Building Our Community that is Viable, Livable and Equitable. Partnerships abound in the use of Washington Park as described and in the future.

Related Cost:	\$ 10,000	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>

Activity: Park Administration				

**7 of 9**

This improvement request is for a mobile air compressor. The Park Division currently borrows an air compressor from the Public Works Department in the fall to blow out irrigation and water lines as a part of the winterization process. Typically this is a time when these compressors are most needed by Public Works and other departments for similar reasons. This 185 CFM air compressor would serve multiple uses. It would be used to blow out all the Park Division water lines and irrigation systems including the irrigation system in the Bee Branch Creek Greenway. The compressor would be also used to blow out the water lines at the Port of Dubuque Marina. The compressor would allow for more timely usage to ensure that nothing freezes before temperatures get too cold. This air compressor would also be used for other park maintenance projects including sidewalk replacements. This improvement request supports the City Council Goal of Financially Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery by reducing possible increased maintenance costs related to irrigation and water lines freezing and requiring repair.

Related Cost:	\$ 25,000	Tax Funds	Non-Recurring	<b>Recommend - No</b>

Activity: Park Areas & Maintenance				

**8 of 9**

This improvement request provides for removing some vegetation and removal and treatment of invasive plants along the Highway 20 corridor from Locust Street to Grandview Ave. The edges of the woodland areas have begun to "creep" into the maintained areas of landscaping along the corridor. The invasive species have been spreading and a multi-year treatment approach is needed. The request would provide funds to hire a contractor to remove some of this creep as well as remove some of the invasive plants that are thriving. This will improve the overall look of the corridor as well as remove unwanted and invasive vegetation along the corridor. This request support the City Council Goal of Sustainable Environment: Preserving and Enhancing Natural Resources by enhancing the beauty of the Highway 20 corridor and removing unwanted and invasive plants.

Related Cost:	\$ 50,000	Tax Funds	Recurring	<b>Recommend - No</b>

#### 9 of 9

This improvement request provides for an increase in pavilion fees at all Park Division facilities. The fees for pavilion rentals were last standardized and increased as a part of the FY19 budget. Fees were adjusted in April of 2019 and the reservation timeframe was also reduced from 23 months in advance to 11 months in advance. The proposed fee increase includes a 10% increase for rentals over \$100 and a 20% increase for rentals under \$100. The fee increase would be implemented in the spring of 2021. The estimated increase in revenue for the fee increase based on calendar year 2019 pavilion rentals is approximately \$11,000.

### Significant Line Items

#### Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$42,143 or 11.26%.
4. Five-Year Retiree Sick leave payout increased from \$16,614 in FY 2020 to \$19,773 in FY 2021.
5. Overtime expense is unchanged from \$21,936 in FY 2020 to \$21,936 in FY 2021. FY 2019 actual was \$32,327.
6. Workers Compensation increased from \$58,282 in FY 2020 to \$61,507 in FY 2021. The Iowa Workers Compensation law changed effective July 1, 2017. This law change reduced the amount of liability employers incur for certain work-related injuries. FY 2019 actual was \$65,588.

#### Supplies & Services

7. Pay to Other Agency unchanged from \$50,000 in FY 2020 to \$50,000 in FY 2021. This line item represents part-time staffing and utilities expenses for the EB Lyons Interpretive Center.
8. General Liability Insurance decreased from \$29,682 in FY 2020 to \$29,462 in FY 2021.
9. Electric Utility Expense increased from \$104,561 in FY 2020 to \$114,764 in FY 2021 based on FY 2019 actual of \$106,264 plus 8%.
10. Machinery/Equipment Maintenance decreased from \$45,678 in FY 2020 to \$42,589 in FY 2021 based on three-year average.
11. Property Maintenance increased from \$176,810 in FY 2020 to \$186,212 in FY 2021. Park Areas and Maintenance increased \$5,000 due to one-time expenses in FY 2020 for preparation of the Iowa

League of Cities Conference hosted in Dubuque. This line item includes general park maintenance, parking lot and trail striping, sidewalk renovation, playground maintenance, playground mulch, seal coating trails and parking lots, and electrical and plumbing repairs.

12. Motor Vehicle Maintenance decreased from \$32,786 in FY 2020 to \$23,299 in FY 2021 based on a three year average. FY 2019 actual was \$18,904.
13. Motor Vehicle Fuel Expense increased from \$56,587 in FY 2020 to \$59,615 in FY 2021 due to new truck purchased for Bee Branch maintenance through an FY 2020 improvement package.
14. Landscape, Fertilizer and Plants decreased from \$113,226 in FY 2020 to \$85,557 in FY 2021. Port of Dubuque decreased \$(5,000) due to one-time expenses in FY 2020 related to the Iowa League of Cities Conference hosted in Dubuque. Greenhouse decreased \$20,000 due to one-time summer biking events held in Dubuque in FY 2020. Stormwater decreased \$1,819 based on a 3-year average.
15. Tree Maintenance is unchanged from \$59,500 in FY 2020 to \$59,500 in FY 2021. FY 2019 Actual was \$90,095. This line item includes contracted tree and stump removal near power lines (\$10,000), ash tree treatment (\$4,500), and ash tree removal (\$45,000).
16. Contractor Services decreased from \$40,571 in FY 2020 to \$37,218 in FY 2021. FY 2019 Actual was \$18,939. This line item includes playground mulch installation, roundabout maintenance, and Bee Branch hanging baskets.
17. Lawn Care Services unchanged from \$64,604 in FY 2020 to \$64,604 in FY 2021 based on FY 2020 budget. FY 2019 Actual was \$45,848. This line item is for contracted lawn care for smaller parks.
18. Property Insurance increased from \$28,179 in FY 2020 to \$38,582 in FY 2021. FY 2019 Actual was \$36,744.

## **Machinery & Equipment**

19. Equipment replacement items are requested for \$339,800 for:

<b><u>Forestry</u></b>	
Chain Saws	\$ 1,700
12 Ton Chipper Truck	\$ 80,000
<b><u>Park Patrol</u></b>	
Body Armor	\$ 650
Body Cameras	\$ 2,000
<b><u>Park Areas &amp; Maintenance</u></b>

\$ 13,622	2014B G.O.	Sales Tax 20%	Park Improvements	2034	2021
\$ 13,514	2016C G.O.	Sales Tax 20%	Ham House Improv.	2036	2024
\$ 91,065	2019B G.O.	Sales Tax 20%	Skate Park	2039	2039
<b><u>\$ 184,784</u></b>	<b>Total Park Annual Debt Service</b>				

### Revenue

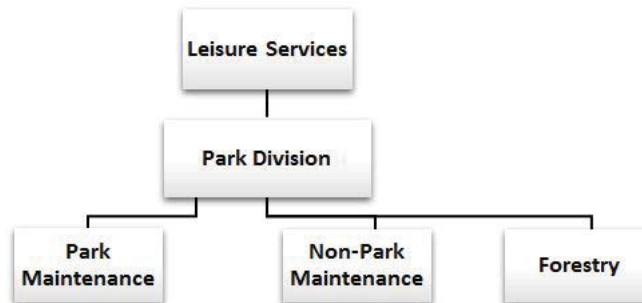

21. Property Lease for rental of land at Murphy Park for a cell phone tower increased from \$23,347 in FY 2020 to \$24,047 in FY 2021 based on a 3% increase over FY 2020 per the lease agreement.
22. Camping Fees decreased from \$69,026 in FY 2020 to \$66,284 in FY 2021 based on a six year average. FY 2019 revenue was \$33,439.
23. Park Entrance Fees decreased from \$40,097 in FY 2020 to \$37,876 in FY 2021 based on a three year average. FY 2019 actual was \$33,137.
24. Pavilion Fees increased from \$75,650 in FY 2020 to \$77,315 in FY 2021 based on a three year average. FY 2019 revenue was \$63,196.
25. Private Participant increased from \$55,638 in FY 2020 to \$92,059 in FY 2021. This line item represents the maintenance that is billed to the businesses in the Technology Park and the Industrial Center West. This is calculated by taking the previous Fiscal Year's expenses times percentage of land.

### Miscellaneous

26. The Park Division budget for FY 2021 is 16.37% self-supporting versus 12.10% self-supporting in FY 2020.

# LEISURE SERVICES PARKS DIVISION

The Parks Division enables and fosters full enjoyment of the parks, open spaces, and recreational facilities of Dubuque in a manner that demonstrates and fulfills the city's commitment to social equity, economic viability and environmental responsibility.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

### PEOPLE

Provide service in the most efficient manner and help Dubuque citizens gain a greater knowledge and appreciation of what is involved in providing the park system. Volunteers are utilized whenever possible.

### PLANNING

Planning is essential for existing and new development of all areas maintained by the Park Division. The City, community and other organizations work together to provide viable, equitable, and sustainable areas for the public to enjoy.

### PARTNERSHIPS

The Park Division works with various State, County, Private, and Non-Profit entities. This is to ensure sound development and management of all City assets maintained and operated by the Park Division. Some of these include: Dubuque County, Iowa Department of Natural Resources, Hillcrest Family Services, Dubuque Arboretum, Four Mounds Foundation, and the Dubuque Historical Society.

# LEISURE SERVICES PARKS DIVISION

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	36.68	36.48	37.01

## Resources and Property Tax Support

The Park Division is supported by 37.01 full-time equivalent employees, which accounts for 61.95% of the department expense as seen below. Overall, the departments' expenses are expected to increase by 6.67% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# LEISURE SERVICES PARKS DIVISION

## Parks Maintenance

### Mission & Services

Park Maintenance provides daily maintenance and security of all parks, park and building repairs and improvements, grounds maintenance, trail maintenance, emergency storm damage response/repair, park inspections, athletic field and court maintenance, snow removal, equipment and playground maintenance and maintenance of water features and irrigation systems. It also includes maintenance of all park equipment and vehicles. Also included is assistance with maintenance of Recreation facilities.

**Areas include:** Maintenance staff maintains 16 community parks, 6 neighborhood parks, 25 mini parks, 5 new parcels for park development and a Pet Park for a total of 974 acres. Other maintenance responsibilities include 3.4 miles of median strips, 12 miles of roadway, 5 miles of sidewalks, 27 miles of off-road paved multi-use trails and 40 other areas.

## Improvement Package Summary

### 1 of 9

This improvement request is for the creation of a full-time Teen Coordinator for the Leisure Services Department. Staff reviews programs on an annual basis to provide the best possible, high quality equitable programs and services. Within the proposed FY21 employee expense estimates, staff could re-allocate 41% of seasonal staff (NA-45C) time to reduce the cost to create a full-time position and increase the effectiveness of our teen programming. A crucial part to the increased success of these teen programs is the staff that coordinate them. This is crucial to establish a consistent face and representation of the Department with the teens. The goal is to reduce turnover in these positions on an annual basis so that the teens can develop a relationship with our staff which in turn will increase retention within the programs and strengthen our engagement efforts. There are a couple concerns with a position as crucial as this only being part-time. One is that the position itself may not prove attractive to the type of qualified and dedicated staff person needed to be effective due to its part-time nature which may also create high turnover. Second, with a limited amount of hours annually, the type of engagement and personal connection with the teens would be limited as much of the time would need to be used to develop and organize these programs. From working with MFC staff to develop this position, staff feels that the most effective and consistent solution to providing in-depth relationships and program expansion, these efforts would benefit from a full-time coordinator. This supervisor would be "housed" in the Recreation Division as part of the Recreation team and would work closely with MFC, AmeriCorps and Recreation staff as well as community partners such as the Dream Center, Four Mounds, etc. to effectively program for and engage the teen community. This request supports the City Council goals of Diverse Arts, Culture, Parks, and Recreation Experiences and Activities, Partnership for a Better Dubuque and Vibrant Community.

### 2 of 9

This improvement package request is for the addition of an Arts & Culture Supervisor position for the Recreation Division. The improvement package request relates directly to the funding request for arts and cultural programming (improvement request 5 of 11 in this outline) and is requested to be funded in tandem with that request. Over the past year, the Leisure Services and Economic Development Departments worked together to review and assess how the City can create partnerships and help accomplish the Arts and Culture Master Plan and Community Enactment Strategy. The Economic Development Department hired a full-time Arts & Cultural Affairs Coordinator in FY 2020 with a main focus for on economic growth around arts and culture. To compliment these efforts, a second Arts and Culture position is proposed to be housed within the Leisure Services Department to focus on programming, events, and partnership development to expand arts and culture to youth in the community. Potential opportunities and goals for this position may include providing innovative and low-cost/free arts and cultural performances and programming to inspire the community; enlivening parks and public spaces through smaller arts and cultural performances and events; facilitating social connections, human development and lifelong learning through art; harnessing the power of partnerships through both community-designed projects and collaborations with regional and statewide entities; promoting civic responsibility for the arts system as the City does so with the parks; providing a diverse range of recreation and cultural arts programs that meet the leisure needs of Dubuque residents, while promoting knowledge, personal growth, health and more; and enhancing the connection between

arts and culture. In addition this position also supports three of the Leisure Services Department's Equity Plan Goals which include: increasing access to culturally and linguistically responsive services for communities of color and refugee and immigrant communities; strengthening outreach and public engagement for communities of color and refugee and immigrant communities; and providing equitable access to City services to all residents. This request supports the City Council goal of Diverse Arts, Culture, Parks, and Recreation Experiences and Activities, the Arts and Culture Master Plan, as well as the Leisure Services Equity Plan.

Activity: Recreation Administration, Recreation Classes

### 3 of 9

This improvement request is for programming funding for the requested Arts & Culture Program Coordinator (improvement request 4 of 11 in this outline) and is directly related to that improvement package request and recommended to be funded in tandem with that request. The amount requested includes \$20,000 for contractual programming instructors, \$10,000 for pay to other partner agencies for programming production, and \$5,000 for program materials and supplies. It is also estimated this improvement package would generate approximately \$12,500 in additional revenue annually based on the assumption that 50% of contractual programs are offered at no cost and 50% of contractual programs would charge participation fees. This programming is intended to provide innovative and low-cost/free arts and cultural performances; provide a diverse range of recreation and cultural arts programs that meet the leisure time needs of Dubuque residents, while promoting knowledge, personal growth, health and more; and enhance the connection between arts and culture through partnerships. In addition, this programming would support three of the Leisure Services Department's Equity Plan Goals, which include: increase access to culturally and linguistically responsive services for communities of color and refugee and immigrant communities; strengthen outreach and public engagement for communities of color and refugee and immigrant communities; and provide equitable access to City services to all residents. This request supports the City Council goal of Diverse Arts, Culture, Parks, and Recreation Experiences and Activities, the Arts and Culture Master Plan, as well as the Leisure Services Equity Plan.

Property Tax Impact:	\$ 0.0089	0.09%		

Activity: Recreation Administration, Recreation Classes

### 4 of 9

This improvement request is for funding for department leadership to visit other leading cities throughout the country who are actively advancing equity in their park & recreation departments. Through National Conferences such as GARE and NRPA (National Recreation and Park Association), staff have met and/or heard from other organizations throughout the country providing impactful and innovative practices to solve complex equity issues. In contrast, and through observations/communications with local departments, there are few Iowa Park and Recreation Departments doing similar work. The ability to meet with other cities throughout the country and/or Midwest will allow for intentional conversation around these best practices in an effort to better understand how Dubuque can implement more impactful equitable change. For example, some of the leading cities are: Grand Rapids, MI; Raleigh, NC; Portland, OR; Madison, WI; St Paul, MN; Philadelphia, PA; and Arlington, TX. This request supports

City Council goal Partnership for a Better Dubuque: Building Our Community that is Viable, Livable and Equitable.

**Recommend - No**

#### **5 of 9**

This improvement request is for the addition of 50 annual household scholarships. Over the last three years, 150 qualifying low-income households annually have taken advantage of this CDBG-funded scholarship program. These \$125 scholarships create opportunities for low-income families to participate in any of the Recreation Division's 400+ programs and services. These opportunities have directly resulted in an annual increase in programming participation throughout the years. This increase in participation not only exposes these participants to programs and services that they might normally not benefit from, but it also equitably expands the participation demographic, demonstrating an increase in interaction amongst the entire community. This request supports the City Council goal of Diverse Arts, Culture, Parks, and Recreation Experiences and Activities.

#### **6 of 9**

This improvement request is for engineering consulting services related to evaluation of permanent methods and costs of supports for mechanical room equipment in the Mystique Community Ice Center. It also shall provide for research of options to develop conceptual cost estimates and comparisons for permanent solutions related to settling in specific areas of the ice arena. This request supports City Council goal Partnership for a Better Dubuque: Building Our Community that is Viable, Livable and Equitable by providing data and information and researching the best alternatives and estimated costs related to the Mystique Ice Arena owned by the City and leased to Dubuque Community Ice and Recreation Inc.

**Recommend - No**

#### **7 of 9**

The improvement level decision package request is for a vehicle to be used by the Recreation Division and Multicultural Family Center (MFC) to transport the Rec & Roll trailer as well as materials and supplies to programs and services. When the Rec & Roll trailer program began in 2017, it was present at 19 events and programs throughout the community. By the 2019 season, it became part of over 55 community events and programs and has proved to be a positive benefit for community and partner engagement. Testimonials from the community have expressed the positive impact of the trailer on attracting participants and encouraging conversation. Currently, the trailer has been delivered and returned throughout Dubuque by the Park Division Manager and, when available, the Park Patrol since they are the only Leisure Services staff available after hours with truck access. Due to the trailer's demand, this has added over 200 hours to their everyday responsibilities. With a Recreation Division vehicle able to haul the trailer, it would divert those hours away from Park staff and allow for Recreation staff to provide that service. In addition, having a larger vehicle will also provide available transportation for staff to deliver seasonal brochures and program supplies. This vehicle can also provide for transportation for other City business such as conferences, classes, and other trainings which is now all being done with private vehicles. The MFC also has a need for a vehicle for similar reasons. With the

increase in community programming and events, MFC staff are constantly transporting supplies (especially on the weekends).

The vehicle would be a ¾ ton truck with a lift gate and tow package. Based on the current price estimates for Park Division truck replacements, this vehicle would cost approximately \$35,000. This truck would also be wrapped with a similar design to the Rec & Roll Trailer which will serve as an additional marketing tool to create awareness of the Leisure Services Department and the trailer. This decision package directly relates to the City Council Goals: Partnership for a Better Dubuque; Diverse Arts, Culture, Parks, and Recreation Experiences and Activities; High-Performance City Organization (effective service delivery).

#### 8 of 9

This Improvement Level request provides for funding to staff and transportation for up to 700 children in 2<sup>nd</sup> grade for all 13 elementary schools for free learn-to-swim lessons. These staffing levels are based off of a 5:1 student to instructor ratio for a 4-session program per school.

Too often each summer, saves/rescues are made by the lifeguards at both Sutton and Flora pools. The vast majority of these interactions are with youth who do not possess the critical skills and/or knowledge to effectively and safely participate in open aquatic activities. Many of these youth are entering the pool facility for the first time with little to no supervision from the parent or caregiver. Learning to swim is a life skill. Interaction with water and the fun/joy that one observes when others are participating makes the activity enticing. In a community on the river, where intentional or unintentional contact with water is a possibility, having these basic skills could be lifesaving.

Offering a free Learn to Swim by 3<sup>rd</sup> Grade program in a partnership with the Dubuque Community School District could provide this basic knowledge and skills. The result for the patron is a more enjoyable and safe interaction with aquatics activity. For the City's pool system, this introduction could result in less save interactions with the swimmers and more time for the patrons to swim (as during most saves, activity in the pool is stopped). This request supports the City Council goals of Diverse Arts, Culture, Parks, and Recreation Experiences and Activities and Partnership for a Better Dubuque: Building our Community that is Viable, Livable and Equitable.

#### 9 of 9

This improvement request is for an increase in operating revenue for the Bunker Hill Golf Course through increases in the following fees; \$1 increase for 18-hole daily rounds, \$2 increase for PGA rounds, and a \$10 increase on all annual passes. The sum of these fee increases would equate to \$11,695 in additional revenue based on the FY 2021 usage estimates. In addition, this request also includes a \$1 increase on daily 1/2 cart rentals. This would generate \$6,900 based on FY 2021 usage estimates. This request supports the City Council goal of Financially Responsible, High-Performance City Organization.

## **Significant Line Items**

### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$3,116 or 11.26%.
4. Workers Compensation increased from \$32,551 in FY 2020 to \$32,823 in FY 2021. The Iowa Workers Compensation law changed effective July 1, 2017. This law change reduced the amount of liability employers incur for certain work-related injuries. FY 2019 actual was \$36,315.

### **Supplies & Services**

5. Sales Tax collected on goods and services decreased from \$49,163 in FY 2020 to \$41,998 in FY 2021. FY 2019 actual was \$43,818. This line item is off-set by the revenue for sales tax collected.
6. Electrical Utility Expense increased from \$73,249 in FY 2020 to \$87,693 in FY 2021 based on FY 2019 actual of \$84,220 plus 4%.
7. Natural Gas Utility Expense decreased from \$31,712 in FY 2020 to \$27,901 in FY 2021 based on FY 2019 actual of \$27,936.
8. Property Maintenance decreased from \$44,151 in FY 2020 to \$38,100 in FY 2021. FY 2019 actual was \$32,187. This line item traditionally represents payments towards swimming pool maintenance, golf course grounds maintenance, Marina Maintenance and Allison Henderson/Comiskey Park maintenance.
9. Off Road Vehicle Fuel increased from \$73,220 in FY 2020 to \$75,000 in FY 2021 and Diesel Fuel decreased from \$25,782 in FY 2020 to \$18,750 in FY 2021 due to the industry's decrease in diesel-reliant vessels. This expenditure represents fuel sold to boaters at the Port of Dubuque Marina and is offset by \$125,000 in revenue from the sale of fuel.
10. Turf Chemicals unchanged from \$30,031 in FY 2020 to \$30,031 in FY 2021. FY 2019 actual was \$28,977.
11. Food Products increased from \$42,126 in FY 2020 to \$48,145 in FY 2021 based on current year's sales. FY 2019 actual was \$49,138. This budget is offset by the revenue from sales of this product.
12. Beer Products decreased from \$54,566 in FY 2020 to \$53,168 in FY 2021 based on current year's sales. FY 2019 actual was \$51,248. This budget is offset by the revenue from sales of this product.
13. Beverage and Ice decreased from \$24,303 in FY 2020 to \$20,561 in FY 2021 based on current year's sales. FY 2019 actual was \$19,630. This budget is offset by the revenue from sales of this product.
14. Credit Card Charges increased from \$21,937 in FY 2020 to \$23,023 in FY 2021 based on FY 2019 actual of \$24,714.

15. Program Equipment and Supplies increased from \$74,213 in FY 2020 to \$84,276 in FY 2021. This line item includes the Third Grade Level Reading Program for \$26,000 and the remainder of the budget is for concession supplies, bases, basketballs, volleyballs, nets, first-aid supplies, trophies, community engagement Rec & Roll events, and other playground equipment.
16. Pro Shop Merchandise decreased from \$52,153 in FY 2020 to \$43,000 in FY 2021 based on current demand for special order through the golf course. FY 2019 actual was \$30,488. This budget is offset by the revenue from Pro Shop Sales, golf fee revenue, event revenue and certificates.
17. Game Officiating Services unchanged from \$36,670 in FY 2020 to \$36,670 in FY 2021. FY 2019 actual was \$31,151.
18. Machinery and Equipment Rental increased from \$41,511 in FY 2020 to \$42,351 in FY 2021 based on FY 2019 actual. This line item is for the lease payments on sixty golf carts, tournament golf carts, beverage carts and cart maintenance, and portable restroom rentals.
19. Pay to Other Agency increased from \$147,605 in FY 2020 to \$152,783 in FY 2021. The decrease is based on larger contractual partners whom which Recreation Classes are no longer offered through. This line item represents the Four Mounds Day Camp (\$44,450), ice rental (\$10,000), Americorps 3rd Grade Reading (\$20,000), Americorps Playground Programs (\$32,986), Hills and Dales Senior Center (\$18,200), Iowa State University Extension programs (\$2,000), Northeast Iowa School of Music (\$3,000), Recreation Classes (Creative Adventure Labs Partnership, Montessori Cooperative classes, Dubuque County Extension Contracted Classes) (\$20,000), therapeutic and after school programs facility payments for off site programs (\$1,624), and after school sports programs at Prescott and Lincoln (\$523).
20. Instructors increased from \$71,348 in FY 2020 to \$92,162 in FY 2021. FY 2019 actual was \$66,905. This line item represents after school sports coaches, sports camps, LEAP program, dance instructors, and other recreational class/program instructors.
21. Machinery and Equipment Maintenance increased from \$20,005 in FY 2020 to \$20,704 FY 2021. This line item represents marina machinery and equipment maintenance, fire suppression replacements, golf course equipment maintenance and repairs, swimming pool equipment maintenance, concession stand equipment replacements, and scoreboard maintenance.
22. Promotion decreased from \$21,216 in FY 2020 to \$19,216 in FY 2021. This line item represents print and digital marketing for recreational programs, events, and classes, brochures and mailings, and radio and print advertisements.

### **Machinery & Equipment**

23. Equipment replacement items include (\$77,650):

<u>Recreation Administration</u>	
Vacuum	\$ 350
<u>Golf Maintenance</u>	
Trailer	\$ —
Greens Mower	\$ 52,000
Table Saw	\$ 500
Trimmers	\$ 500

Flora/Sutton Security Cameras	\$ 2,800
<u>Adult Athletics</u>	
Miscellaneous Equipment	\$ 1,500
Line Strip Equipment	\$ 1,500
<b>Total Equipment</b>	<b><u>\$ 77,650</u></b>

### Debt Service

24. FY 2021 Annual debt service is as follows (\$16,484):

Amount	Debt Series	Payment Source	Purpose	Final Payment Year	Call Date
\$ 1,484	2012D G.O.	Sales Tax 20%	Recreation Improvements	2027	2019
\$ 1,269	2012E G.O.	Sales Tax 20%	Recreation Improvements	2022	2019
\$ 13,731	2014B G.O.	Sales Tax 20%	Recreation Improvements	2034	2021
<u>\$ 16,484</u>	Total Recreation Annual Debt Service				

## Revenue

25. Total revenue for Golf Operations and Maintenance increased from \$917,492 in FY 2020 to \$934,492 in FY 2021.
- a. Golf Cart Rentals increased from \$217,510 in FY 2020 to \$227,850 in FY 2021 based on FY 2021 cart rental estimates of: 10 18-Hole carts at \$30 each; 6,900 18-Hole Half Carts at \$15 each; 55 9-Hole Carts at \$20 each; 7,200 9-Hole Half Carts at \$10 each; 130 punch cards at \$230 each; 21 season passes at \$650 each, and 100 pull carts at \$5 each. FY 2019 Actual was \$207,340.
  - b. Golf Beer Sales increased from \$127,556 in FY 2020 to \$130,501 in FY 2021 based on FY 2019 actual of \$130,501.
  - c. Pro Shop Sales increased from \$64,543 in FY 2020 to \$68,795 in FY 2021 based on FY 2019 Actual of \$68,795.
  - d. Golf Fees increased from \$349,491 in FY 2020 to \$353,685 in FY 2021 based on the number of rounds played and passes sold during FY 2019. FY 2019 Actual was \$329,003.
  - e. Golf event revenue increased from \$39,142 in FY 2020 to \$40,689 in FY 2021 based on FY 2019 actual.
26. Swimming revenue decreased from \$359,215 in FY 2020 to \$333,326 in FY 2021.
- a. Swimming Annual Passes decreased from \$92,055 in FY 2020 to \$74,118 in FY 2021 based on prior two years of participant numbers. FY 2019 actual was \$66,483.
  - b. Flora Daily Fees decreased from \$85,666 in FY 2020 to \$82,050 in FY 2021 based on prior two years of participant numbers. FY 2019 actual was \$76,962.
  - c. Sutton Daily Fees decreased from \$31,170 in FY 2020 to \$28,214 in FY 2021 based on prior two years of participant numbers. FY 2019 actual was \$27,949.
  - d. Pool Concessions decreased from \$51,000 in FY 2020 to \$50,000 in FY 2021 based on estimated gross sales of \$36,000 at Flora Pool and \$15,000 at Sutton Pool. FY 2019 actual was \$41,605.
  - e. Swim Lesson Registrations decreased from \$80,294 in FY 2020 to \$72,589 in FY 2021 based on registrations for water exercise decreasing from 50 registrations in FY 2020 to 25 registrations in FY 2021 (-\$625), aquatots registrations decreasing by 54 (-\$1,350), and preschool registrations decreasing by 163 (-\$4,075). FY 2019 actual was \$65,906
27. Adult Athletics revenue decreased from \$100,508 in FY 2020 to \$96,142 in FY 2021.
- a. Softball Entry Fees decreased from \$52,208 in FY 2020 to \$49,208 in FY 2021 based on 8 less teams in softball leagues budgeted. FY 2019 actual was \$48,765.
  - b. Basketball Entry Fees decreased from \$30,600 in FY 2020 to \$26,400 in FY 2021 based on 6 less teams in adult basketball league budgeted.
  - c. Adult Winter Volleyball Leagues increased from \$4,000 in FY 2020 to \$6,630 in FY 2021 based on 14 additional teams budgeted in adult winter volleyball league.
28. Youth Sports revenue decreased from \$41,929 in FY 2020 to \$30,135 in FY 2021.
- a. After School Sports decreased from \$30,630 in FY 2020 to \$17,500 in FY 2021 based on an 116 fewer participants budgeted in track & field and 36 fewer participants budgeted in basketball. FY 2019 actual was \$24,433.
29. Port of Dubuque Marina revenue decreased from \$208,278 in FY 2020 to \$181,026 in FY 2021 .

- a. Marina Fuel Sales is decreased from \$130,000 in FY 2020 to \$125,000 in FY 2021. This line item is based on the expense budget of fuel plus a 25% mark-up. FY 2019 actual was \$74,136 and FY 2018 was \$125,037.
- b. Marina Dock Fees is decreased from \$47,390 in FY 2020 \$31,250 in FY 2021. This line item is based on the current year's sales as well as the current interest in seasonal slip rentals. FY 2019 actual was \$18,522 and FY 2018 was \$25,070.
- c. Marina Beverage and Ice Sales is decreased from \$7,500 in FY 2020 to \$5,775 in FY 2021. This line item is based on the current year's sales and on average a 65% mark-up on the cost of the product. FY 2019 actual was \$5,881 and FY 2018 was \$6,621.

30. The following chart shows the history of property tax support for the Port of Dubuque Marina:

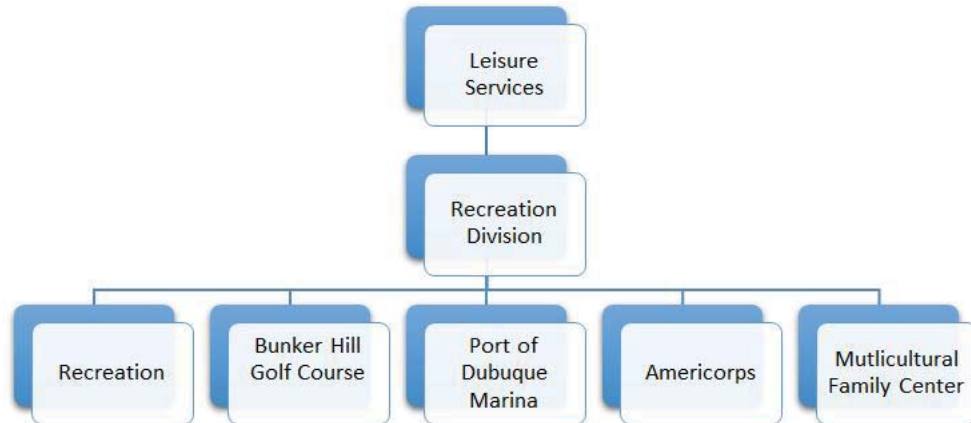

### Miscellaneous

31. The FY 2021 percent self-supporting for the various Recreation Activities compared to FY 2020 percent self-supporting is as follows:

Activity	FY 2021	FY 2020

### Significant Line Items

#### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$2,920 or 11.3%.

#### **Supplies & Services**

4. Utilities expense increased from \$16,102 in FY 2020 to \$41,719 in FY 2021 based on FY 2019 actual of \$20,042. Building expansion and increase in operating hours will result in increased utility costs beginning in FY 2020.
5. Property Insurance and Maintenance decreased from \$12,879 in FY 2020 to \$19,908 in FY 2021 based on FY 2019 actual of \$11,249. Building expansion and increase in operating hours will result in increased property insurance and property maintenance costs beginning in FY 2020.

#### **Revenue**

6. General Reimbursement Revenue includes contributions from the Multicultural Family Center Board of Directors for the Step Coordinator in the amount of \$8,596.

## Multicultural Family Center (MFC)

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	3.41	4.05	4.05

### Mission & Services

Our mission is to empower all families and community members of Dubuque to reach their potential and build unity through diversity, equity and inclusion. The Center serves as an inviting and inclusive place to stimulate connections and foster intercultural engagement. With the expansion to the MFC's physical space, the center will emphasize serving teen-aged populations in quality out-of-school enrichment programming that includes life skill development, social and emotional learning and post secondary career exploration training.

Multicultural Family Center Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested

# HOW TO USE THIS POLICY BUDGET DOCUMENT

## PURPOSE

The Policy Budget defines goals and objectives for all City departments and activities, relates them to cost and resource requirements and attempts to establish measures for evaluating accomplishment. Specific improvement packages are developed and included in the Policy Budget for alternative funding and service levels. The Policy Budget document shows the budget by line item for each Department and provides a basis for fiscal control once the budget is adopted.

The Policy Budget emphasizes objectives, accomplishments, and alternative funding and service levels and is intended to keep the attention of the City Council and public on the major policy decisions involving what services the City government will provide, who will pay for them, and the implications of such decisions.

## FORMAT

The Policy Budget is organized by Department/Division and provides detail for all activities that make up each Department/Division. Each Department/Division tab includes the following information:

- 1) **Department/Division Financial Summary:** The ***budget highlights*** portion of the Department Summary reflects total expenses for the maintenance level budget (cost to continue at the same level of service) and approved improvement packages for all activities within the Department by expenditure category (employee expense, supplies and services, machinery and equipment, and debt service), and the funding sources that pay those expenses. The property tax portion of the funding is reflected, noting the increase or decrease from the prior years adopted budget. For Departments which are self supporting (i.e. Water, Water Pollution Control, Refuse (part of Public Works), Cable TV, Transit, Parking), the net operating surplus/deficit is reflected, noting the increase or decrease in the fund from the prior years adopted budget.

This summary displays all ***Improvement Packages*** submitted by Department/Division Managers, with a notation of whether they were recommended by the City Manager, and then approved by the City Council. Those noted with a 'YES' were added to the maintenance level budget and are reflected in the Department Funding Summary and those noted with a 'NO' were not approved.

And finally, this summary explains ***significant line item detail*** by expenditure category, notable revenue changes, and miscellaneous information regarding the maintenance level budget. These are the review notes prior to adding any improvement packages.

- 2) **Memo Addressing Budget Issue (optional):** If there is an important budget issue that needs further explanation, a memo will be provided.
- 3) **Department's Organizational Chart (optional):** Shows how a Department is structured. Usually included for larger more complex Departments.
- 4) **Department/Division's Highlights of Prior Year's Accomplishments and Future Initiatives:** This is a written narrative that highlights the Department's prior year accomplishments and what Departments plan on accomplishing in the near future.

- 5) **Department/Division's Goals and Performance Measures by Activity:** This is a written activity statement and a matrix for each activity which includes activity objectives, relationship to City Council Goals & Priorities, and key performance indicators (KPIs).. Performance measures are included for each activity to evaluate activities and ensure that the approved levels of funding yield the expected results. Battery icons for each KPI visually indicate how well an objective is doing and represent the following:

		
On Track	Improving	Needs Work

- 6) **Department/Division's Goals and Performance Measures by Activity:** This is a written narrative for each activity that explains the goal, describes the purpose, and explains the service objectives of each activity. Performance measures are included for each activity to evaluate activities and ensure that the approved levels of funding yield the expected results.
- 7) **Recommended Operating Revenue Budget by Department/Division:** This report reflects line item revenue detail at the Department/Division level (combines all activities for each line by fund). Two years actual revenues, prior year adopted revenues and the recommended revenue for the new budget year are reflected.
- 8) **Recommended Operating Expenditure Budget by Department/Division:** This report reflects line item expenditure detail at the Department/Division level (combines all activities for each line by fund). Expenses are grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 9) **Recommended Operating Expenditure Budget by Activity and Funding Source:** This report reflects expenses grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) for each activity within the Department/Division, and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 10) **Personnel Complement at Department/Division and Activity Level:** These reports reflect positions budgeted at the Department/Division level and the Activity level, by funding source. Total Full Time Equivalents (FTE) and wages with longevity expense are shown for each position for two years prior year adopted FTE and expenses, and the recommended FTE and related expense for the new budget year.
- 11) **Capital Improvement Projects by Department/Division:** This report lists all Capital Improvement Project totals for two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 12) **Five Year Capital Improvement Program Summary by Department/Division:** This report lists all Capital Improvement Projects budgeted in the new budget year and planned for the next four years.

Estimated Fiscal Year 2020 Draw Down/Addition for Operating Budget			(340)	
Balance July 1, 2021 (\$15,000 Designated)		20% Working Cash Balance is \$42,668	\$ 56,939	

### Significant Line Items

#### **Property Tax Support**

- Property tax support is unchanged from 104,400 in FY 2020 to 104,400 in FY 2021.
- HAZMAT expense remains at \$200,000 in FY 2021 and is offset by Hazardous Materials (HAZMAT) reimbursement revenue of \$200,000. This will allow the Dubuque County Emergency Management Agency Commission to recover costs for all agencies involved in a hazardous materials incident in the county. The Emergency Management Agency per Dubuque County code of ordinances will gather all agencies costs for response and then will invoice the responsible party. Once paid, the Commission will deposit the check and then reimburse all fire, Emergency Medical Service, Hazardous Material Teams, cities and Emergency Management Agency for their costs of response. The HAZMAT budget gives the Emergency Management Agency the spending authority in the event of a major event or multiple events.

## **Machinery and Equipment**

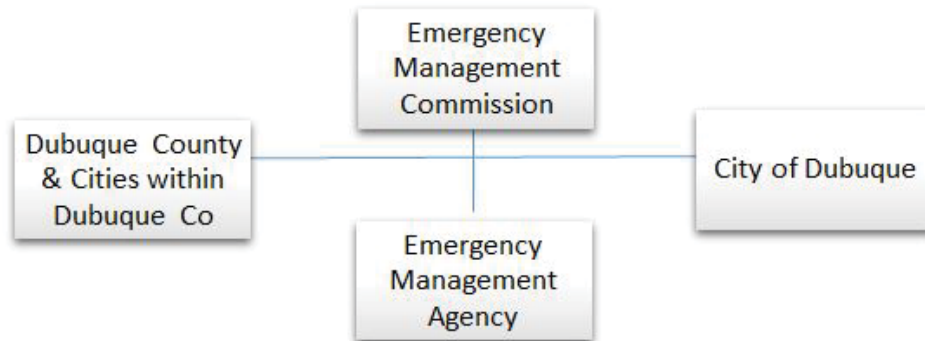

3. FY 2021 equipment replacements include: computers (\$5,000) and office equipment (\$500).

## **Revenue**

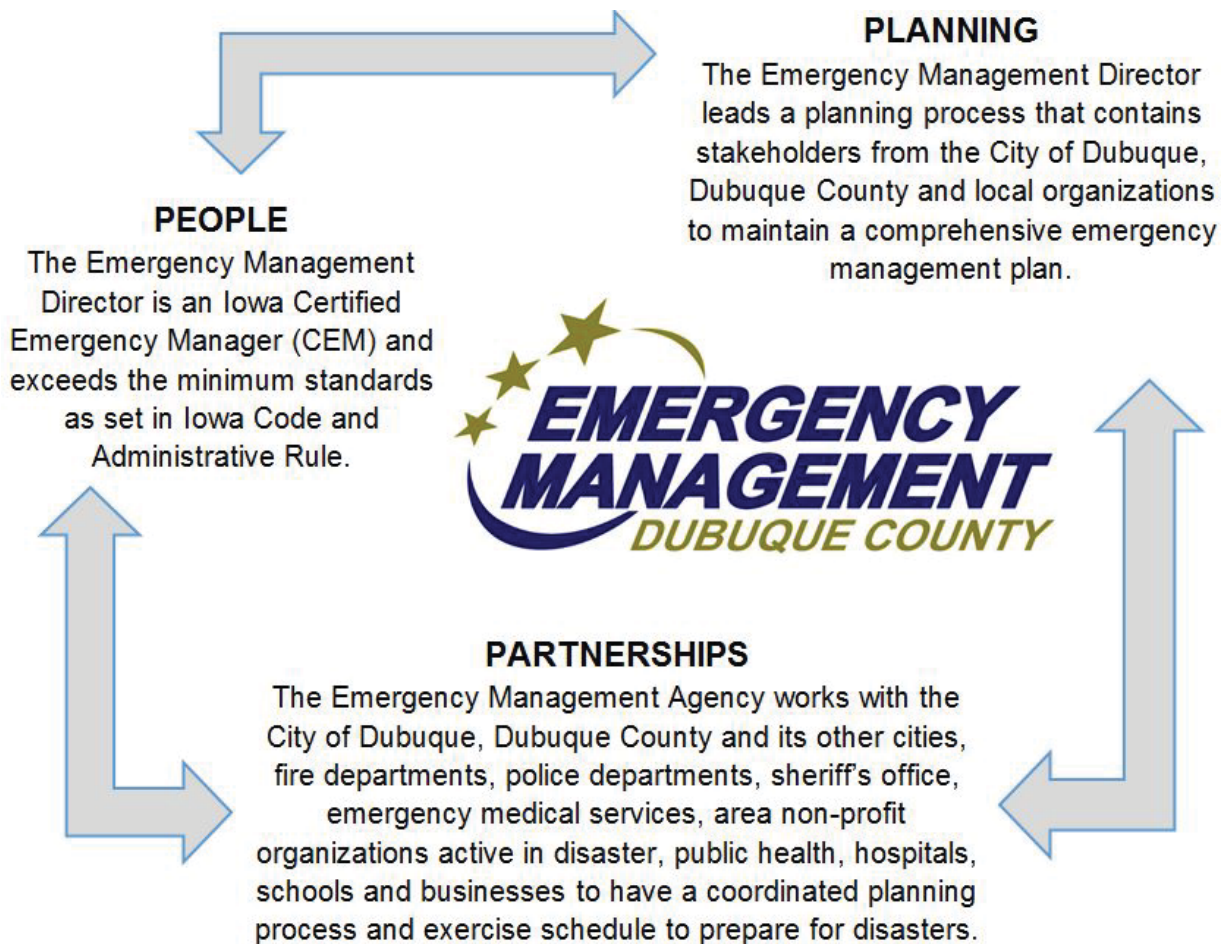

4. Federal funding is anticipated to be unchanged at \$39,000 in FY 2021, which amounts to 18.3% of the total budget excluding HAZMAT of \$200,000 for FY 2021. In FY 2020, the federal share supported 17.7% of the total budget excluding HAZMAT of \$200,000.
5. The City's participation of \$104,400 is unchanged from FY 2020 participation of \$104,400 and reflects 59.9% of the total budget excluding HAZMAT of \$200,000 and Federal funding of \$39,000 in FY 2021 as opposed to 57.7% of the total budget excluding HAZMAT of \$200,000 and Federal Funding of \$39,000 in FY 2020.
6. The County share of \$69,600 is unchanged from FY 2020 share of \$69,600 and reflects 39.9% of the total budget excluding HAZMAT of \$200,000 and Federal funding of \$39,000 in FY 2021 as opposed to 38.5% of the total budget excluding HAZMAT of \$200,000 and Federal Funding of \$39,000 in FY 2020.
7. Cash balances of \$7,000 are being used in the FY 2021 operating budget. The goal is to keep the working cash balance at approximately 20% of the annual operating budget excluding HAZMAT expenses which are reimbursed. In FY 2021, the working cash balance is \$56,939 which is 27% of the annual operating budget. The working cash balance was increased to 20% in Fiscal Year 2019 based on Moody's Investors Service's standard for Aaa rated entities to maintain a 20% cash reserve. The City and County agreed to this approach and the minimum balance to be maintained in the Emergency Management Fund.

# EMERGENCY MANAGEMENT

Through an all hazards approach, resilience is the basis for capacity of local jurisdictions to plan, prepare for, respond to, and recover from disasters in a coordinated response.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

# EMERGENCY MANAGEMENT

## Resources and Property Tax Support

The Emergency Management Agency will gather agency costs for response to a disaster and then will invoice the responsible party. The HAZMAT budget gives the Emergency Management Agency the spending authority in a major event or multiple events.

## Expenditures by Category by Fiscal Year

# EMERGENCY MANAGEMENT

## Mission & Services

Emergency Management provides a comprehensive emergency management program that includes planning, training, response, recovery and mitigation from natural and human made disasters. With a focus of building a resilient community, the emergency management director coordinates emergency preparedness training, national incident management training and disaster recovery training for cities, staff, emergency responders and citizens.

## Performance Measures

### City Council Goal: Financially Responsible, High-Performance Organization

	Performance Measure (KPI)	Target	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
1	<b>Activity Objective: Maintain a comprehensive local emergency management program to provide an adequate level of disaster preparedness that exceeds State and Federal planning, training and exercise requirements and minimizes the impact of natural and human-made disasters.</b>

### Improvement Package Summary

#### **1 of 4**

This improvement request is for hiring a company to preform Quality Assurance on calls for the Communication Center. This would provide Quality Assurance on all calls received by the Communications Center. The company will log in and review cases from Emergency Police Dispatch, Emergency Fire Dispatch and Emergency Medical Dispatch. The company will then provide scorecards for each case and each dispatcher would be able to review their compliance scores. This will provide the dispatchers with analysis on things they do well and things they need improvement on. The company will do this on a weekly basis and will provide necessary feedback on areas where help is needed. This will be done so that all dispatchers are using and following the protocols. These protocols follow national criteria for questioning and providing pre-arrival and post-dispatch instructions to the caller. These are designed to assist in providing officer/firefighter safety as well as providing safety to the citizens of and visitors to Dubuque.

By using the National Q Company, this will relieve some of the workload off of an already stressed Communications Center leadership staff. In order for this to be done internally, it would require a full-time staff person to conduct quality assurance reviews on a weekly basis. If this were to be done with current staffing levels, it would require each of the four Lead Dispatchers to be taken off a radio for one shift per week to listen to a percentage of the calls and fill out a Quality Assurance scoring and feedback form. Additionally, peer-to-peer evaluation would cause differences in each scorer and the scores would not be consistent. The Dubuque Fire Chief and Police Chief are also in support of this improvement package. The Fire Chief expects these protocols, as well as the Quality Assurance that this company will provide, will assist in the Fire Department's process of becoming accredited. In providing Quality Assurance, the Communications Center staff will be better equipped to handle all types of calls. They will provide better services to the citizens of and visitors to Dubuque and Dubuque County.

This improvement package supports the City Council goal of Vibrant Community: Healthy and Safe. This is one of the Management In Progress Goals for 2018-2020: Vibrant Community: Health and Safe: Communication National Quality Assurance: Funding.

Related Cost:	\$ 68,310	Tax Funds	Recurring	<b>Recommend - No</b>
Related Revenue:	\$ 22,770	Dubuque County	Recurring	
Net Cost:	<u>\$ 45,540</u>			
Property Tax Impact:	\$ 0.0179	0.17%		
Activity: Emergency Communications				

## 2 of 4

This improvement request is for providing funding for a consulting stipend for a physician/Medical Director for the Communication Center. Dr. Jill Hunt from Unity Point Health previously served as the Volunteer Medical Director until her retirement in 2018. This stipend would help offset the cost for education or increased involvement in the Communications Centers medical training. Additionally, this stipend would make it easier to recruit licensed physicians for this position. This request supports City Council Goal of Financially Responsible, High Performance City Organization: Sustainable, Equitable and Effective Service Delivery.

Related Cost:	\$ 2,400	Tax Funds	Recurring	<b>Recommend - Yes</b>
Related Revenue:	\$ 800	Dubuque County	Recurring	
Net Cost:	<u>\$ 1,600</u>			
Property Tax Impact:	\$ 0.0006	0.01%		
Activity: Emergency Communications				

## 3 of 4

This improvement request is for installing high-density fiberglass sound panels on the walls of the Communication Center. Due to past construction and changes in number of monitors hanging on the walls, the old sound barriers do not fit the current lay out and additional staffing has resulted in increased volume during busy times. This improvement package would install new sound barriers to help absorb background noise in the Communication Center to ensure background sound is not transmitted on the radio and respondents can clearly hear dispatcher information. This improvement request supports the City Council goal of Vibrant Community: Healthy and Safe.

Related Cost:	\$ 2,400	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Related Revenue:	\$ 800	Dubuque County	Non-Recurring	
Net Cost:	<u>\$ 1,600</u>			
Property Tax Impact:	\$ 0.0006	0.01%		
Activity: Emergency Communications				

## 4 of 4

This improvement level request is for stipends for non-bargaining unit Lead Dispatchers who train new staff. Lead Dispatchers who help train new staff currently do not receive any incentive to help train. This improvement level request would provide each Lead trainer one hour of compensatory time or one hour of pay at regular rate for every 10 hours that they train new dispatchers. Each new dispatcher undergoes approximately 750 hours of training. Leads, as well as other senior dispatchers, do the training. There is often an overlap of several new employees in training at a time. This request supports

City Council goal of Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Efficient Service Delivery.

Related Cost:	\$ 1,063	Tax Funds	Recurring	<b>Recommend - Yes</b>
Related Revenue:	\$ 354	Dubuque County	Recurring	
Net Cost:	<u>\$ 709</u>			
Property Tax Impact:	\$ 0.0003	—%		
Activity: Emergency Communications				

### **Significant Line Items**

#### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$27,542 or 9.99%.
4. Overtime expense is unchanged from \$5,391 in FY 2020 to \$5,391 in FY 2021. FY 2019 actual was \$7,483.
5. Five-Year Retiree Sick leave payout decreased from \$1,087 in FY 2020 to \$362 in FY 2021.
6. 50% Sick leave payout increased from \$0 in FY 2020 to \$2,117 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.

#### **Supplies & Services**

7. Office Equipment Rental is decreased from \$12,456 in FY 2020 to \$11,616 in FY 2021 based on estimated cost. This line item represents the costs for the rental of the T-1 line provided by the state through the National Crime Information Center/Iowa Computer (NCIC). The direct line provides the City with access to the computer system for law enforcement related items such as but limited to wanted/missing person, vehicle registrations, driver's licenses, and other law enforcement information from Iowa and nationally.
8. Software License decreased from \$31,441 in FY 2020 to \$18,849 in FY 2021. In FY 2020 there were one-time purchases of an additional CAD license and additional ProQA license.
9. Education and Training decreased from \$14,340 in FY 2020 to \$9,340 in FY 2021. This line item represents the cost of required emergency response training.
10. Conferences is decreased from \$12,000 in FY 2020 to \$8,000 in FY 2021. Regional and national conferences for the Association of Public-Safety Communications Officials-International and the Sungard training for the public safety software is budgeted.

## Machinery & Equipment

11. Equipment replacement items at the maintenance level include (\$350):

(1) Smartphone      \$350

12. Dispatcher computers are replaced through 911 surcharge funds. It is important to note that most of the Equipment for the 911 center comes from 911 Board which is a County-wide Board. The 2 computers and 2 monitors used to monitor traffic cameras are replaced through the City's general fund in the city-wide computer replacement capital improvement project.

## Debt Service

13. FY 2021 annual debt service is as follows (\$15,420):

Amount	Debt Series	Payment Source	Purpose	Final Payment	Call Date
\$ 15,420	2012D G.O.	Sales Tax 20%	Tower Relocation	2027	2019
<b>\$ 15,420</b>	<b>Total Emergency Communications Annual Debt Service</b>				

## Revenue

14. The Joint Communications Payment represents the amount Dubuque County pays for the support of the 911 center. It is 1/3 of the total operating estimate for FY 2021 of \$540,089 (FY 2020 was \$531,718). As the expenses increase or decrease, so does the County's share.

# EMERGENCY COMMUNICATIONS

Ensure the appropriate response is dispatched that meets or exceeds the expectations and needs of the public that is requesting service through effective and efficient dispatching of emergency personnel to the scene.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

### People

The Emergency Communications Center works with citizens and emergency responders to ensure the needs of the community are met.

### Planning

The Communications Center works with different agencies in the Dubuque area to ensure that all emergency needs are provided when requested by citizens and visitors of Dubuque.

### Partnerships

The Emergency Communications Department partners with many City, County, and State departments as well as 11 non-profits and organizations throughout the City and County to provide quality services that are consistent with the City Council goals and priorities.

# EMERGENCY COMMUNICATIONS

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	18.28	19.28	19.28

## Debt and Resources

The Emergency Communication Department is supported by 19.28 full-time equivalent employees, which accounts for 94.26% of the department expense as seen below. Overall, the department's expenses are expected to increase by 3.62% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# EMERGENCY COMMUNICATIONS

## Mission & Services

The Emergency Communications Center employees are the first of the first responders. We are committed to answering all 9-1-1 and non-emergency calls with professionalism, integrity and compassion while efficiently dispatching police, fire and emergency medical services. Customer service is essential to our success, so we treat each caller with empathy and respect. Dedicated and highly trained professionals routinely offer life-saving medical instructions in addition to providing accurate public safety information. The Emergency Communications Center is also the after hours answering point for most city services. The Communications Center is responsible for all the 911 phone and radio equipment used in Dubuque County. Service is provided 24/7.

Emergency Communications Position Summary	
	FY 2021
Emergency Communications Manager	1.00
Lead Public Safety Dispatcher	4.00
Public Safety Dispatcher - FT	10.00
Public Safety Dispatcher - PT	3.55
Records Clerk - PT	0.73
<b>Total Full-Time Equivalent Employees</b>	<b>19.28</b>

## Performance Measures

### City Council Goal: Financially Responsible, High-Performance Organization

## Improvement Package Summary

### 1 of 1

This improvement request supports funding for additional overtime for Patrol Officers during the summer months of FY 2021, beginning July 1, 2020 and ending June 30, 2021. The department anticipates an increase in scheduled community events that will impact the community by increasing the number of visitors during the summer months, requiring increased police officer presence beyond regularly scheduled shift hours. This request supports the City Council Goal of Vibrant Community, Healthy and Safe, with accompanying objectives of ensuring a safe and secure community environment, and maintaining an appropriate level of personnel and fleet to respond safely and appropriately to calls for service. The department is estimating 20 officers will be needed with an average of eight overtime hours at the current overtime rate, and accompanying fringe benefits to include Social Security, and retirement as determined by MFPRSI.

## Significant Line Items

### Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. Fire and Police Retirement rates in FY 2021 increased from 24.41% to 25.31% or a increase of 3.69%; a cost of \$148,555. The history of the change in rates is as follows:

Fiscal Year	Previous Rate	New Rate	% Change	\$ Change
2011	17.00%	19.90%	17.06%	\$ 197,987
2012	19.90%	24.76%	+24.42%	\$ 337,609
2013	24.76%	26.12%	+5.49%	\$ 99,325
2014	26.12%	30.12%	+15.31%	\$ 299,175
2015	30.12%	30.41%	+0.96%	\$ 180,505
2016	30.41%	27.77%	-8.68%	\$ -191,341
2017	27.77%	25.92%	-6.66%	\$ -148,288
2018	25.92%	25.68%	-0.93%	\$ -19,457
2019	25.68%	26.02%	1.32%	\$ 160,410
2020	26.02%	24.41%	-6.19%	\$ 69,279
2021	24.41%	25.31%	3.69%	\$ 148,555

4. The City portion of health insurance expense is increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$150,392 or 11.26%.
5. Police Injuries decreased from \$86,934 in FY 2020 to \$85,330 in FY 2021 based on a five year average of actual expenditures.
6. Overtime increased from \$130,827 in FY 2020 to \$158,484 in FY 2021. FY 2019 actual was \$165,610.
7. Reimbursable Overtime decreased from \$201,092 in FY 2020 to \$188,056 in FY 2021. FY 2019 actual was \$289,716. This line item is the reimbursed overtime for Mercy, Q Casino, and other privately sponsored events covered by the police department that are directly reimbursed by private entities.
8. Holiday Pay decreased from \$439,682 in FY 2020 to \$434,857 in FY 2021. FY 2019 actual was \$358,533. This line item fluctuates depending on what weekday the holidays fall on.
9. Five-Year Retiree Sick leave payout increased from \$56,813 in FY 2020 to \$59,959 in FY 2021.
10. 50% Sick leave payout increased from \$0 in FY 2020 to \$25,628 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.

11. Insurance Premiums increased from \$18,717 in FY 2020 to \$19,091 in FY 2021. The Fire and Police stop loss insurance premium is an ineligible expense under the worker's compensation reserve and is budgeted separately in this line item.
12. The Fiscal Year 2020 budget approved an improvement level decision package to provide funding for the expansion of the Dubuque Police Department School Resource Officer (SRO) Program. To spread the expenses over time, three SRO's will be added over three consecutive years: Fiscal Year 2020, Fiscal Year 2021, and Fiscal Year 2022 budget. The Dubuque Community School District (DCSD) will gradually pay 50% of the salary of the existing SRO Corporal, and the DARE Officer. This DCSD payment will be implemented in increments of 45% of 50% reimbursement in year 1, or Fiscal Year 20, 75% of 50% reimbursement in year 2, or Fiscal Year 21, and 100% of 50% reimbursement in year 3, or Fiscal Year 22.
  - a. The Fiscal Year 2021 reflects the addition of one SRO officer (+1.0 FTE and +\$102,535).

### **Supplies & Services**

13. Education and Training decreased from \$207,701 in FY 2020 to \$185,166 in FY 2021. This line item includes mandatory and required training which fluctuates annually and is dependent on certifications, promotions, and retirements.
14. Data Processing Equipment Maintenance Contracts increased from \$50,216 in FY 2020 to \$54,076 in FY 2021 based on software and the number of licenses allocated to the Police Department.
15. Police Liability Insurance increased from \$48,183 in FY 2020 to \$50,592 in FY 2021 based on FY 2019 actual plus 5%.
16. Property Maintenance increased from \$357,245 in FY 2020 to \$416,114 in FY 2021. This line item pays the County of Dubuque for annual maintenance (\$219,512) to the shared Dubuque Law Enforcement Center (DLEC). The increased expense is the Police Department portion (29.3%) of the lighting replacement project (\$103,127).
17. Motor Vehicle Fuel increased from \$131,474 in FY 2020 to \$135,024 in FY 2021 based on FY 2019 actual of \$137,835 plus 2%.
18. Motor Vehicle Maintenance increased from \$142,344 in FY 2020 to \$146,945 in FY 2021 based on FY 2019 actual plus 2%.
19. Software License Expense increased from \$195,208 in FY 2020 to \$219,333 in FY 2021. This line item represents Public Safety Software \$147,900, Smart 911 software \$10,250, Criminal Investigation software \$16,575, and Patrol software \$44,608.
20. Programming increased from \$115,409 in FY 2020 to \$117,742 in FY 2021. This line item represents the recharge of Information Services staff time related to the maintenance of software.
21. Ammunition is unchanged from \$46,197 in FY 2020 to \$46,197 in FY 2021. FY 2019 actual was \$33,372. This line item represents the cost of all Police firearms.

22. Pay to Other Agency decreased from \$207,142 in FY 2020 to \$66,020 in FY 2021. This line item represents one-third share of the Drug Task Force office expense, fifty percent share of the Dubuque Drug Task Force Coordinator position, and annual continuation fees for accreditation.

# DUBUQUE POLICE DEPARTMENT

The Mission of the Dubuque Police Department is to provide a safe and secure environment for citizens, visitors and guests so they can experience a stable, thriving community free of danger, injury or threat of harm.

## SUCCESS IS ABOUT PEOPLE, PLANNING, AND PARTNERSHIPS LEADING TO OUTCOMES

### People

The Dubuque Police Department offers seven opportunities for the community to become involved in policing: Auxiliary Police, Citizen's Police Academy, Youth Academy, School Resource Officers, Social Media Outreach, Dubuque Police Ride Along Program, and Police Explorer Program.

### Partnerships

The Dubuque Police Department utilizes partnerships with other federal, local, and state entities, private organizations and individuals to support the City Council Goal of Livable Neighborhoods.

### Planning

The Dubuque Police Department supports the City Council Goal of Vibrant Community: Healthy and Safe by working with all City Departments and community partners to ensure professional police service.

# DUBUQUE POLICE DEPARTMENT

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	119.56	120.56	121.56

### Revenue and Property Tax Support

The Police Department is supported by 121.56 full-time equivalent employees, which accounts for 85.42% of the department expense as seen below. Overall, the department's expenses are expected to increase by 2.42% in FY 2021 compared to FY 2020.

### Expenditures by Category by Fiscal Year

# DUBUQUE POLICE DEPARTMENT

## Administration

### Overview

The Police Department is responsible for providing community service and protection, creating a safe and secure environment for the citizens we serve. It also provides for maintenance, equipment, materials, supplies and repairs necessary for the operation of the department at the Dubuque Law Enforcement Center; as well as completing all requirements to maintain our status as an accredited law enforcement agency. Service is provided 24/7. Police Administration oversees five divisions within the department: Community Oriented Policing, Criminal Investigation, Patrol, Staff Services and Special Units. Staff Services encompasses Records and Identification and Training activities.

## Community Oriented Policing

### Mission & Services

[Community Oriented Policing](#) promotes positive relationships between police and community, establishing a problem solving philosophy by addressing the causes of crime and encourages long-term innovative problem solving, and improving law enforcement-community partnerships with better quality communication. This activity enhances police services by shifting the focus of police work from responding to individual incidents to addressing problems identified by the community and emphasizing the use of problem-solving approaches to supplement traditional law enforcement. This is demonstrated by [involvement with the City of Dubuque Housing Department, School Resource Officers](#), Public Information, and involvement with landlords and neighborhood associations.

Community Oriented Policing Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$ 1,376,164	\$ 1,614,153	\$ 1,744,320

### Improvement Package Summary

#### 1 of 10

This improvement request is for the addition of one firefighter position related to the Fire Station Expansion. This position is the second year of a five-year effort to increase the number of positions in anticipation of staffing additional fire and/or ambulance units. The position will increase the number of days where staffing is above minimum and also reduce the use of overtime during the build-up period before a fire station is built. This request supports the City Council goal of Vibrant Community, Healthy and Safe.

Related Cost: \$ 87,713 Tax Funds Recurring  
 Property Tax Impact: \$ 0.0345 0.33%  
 Activity: Fire Training

**Recommend - Yes**

#### 2 of 10

This improvement request is for implementation of an Employee Health and Wellness Program. A Request for Proposals (RFP) would be developed to select a provider to implement the program. The request funds occupational health services that include: health risk analysis, fluid sampling and biometrics, EKG, and physical exams in year one. The second year would include all above services plus a work performance evaluation. In FY 2022 and beyond the annual cost would be \$35,500 so all services can be repeated each year. This request seeks to reduce acute and chronic illnesses and injury, reducing the occurrence of lost-day injuries and illness. The program also is expected to address mental and emotional health of employees and follows the recommendations of the Occupational Safety and Health Administration (OSHA) and the National Fire Protection Association (NFPA). The services requested are designed specifically for firefighters and address unique health issues such as exposure to hazardous substances and occupational injury prevention. In addition, the requested program addresses each individual with a personalized health report and improvement plan. The requested program is supported by the employee union and endorsed by both the International Association of Firefighters and the International Association of Fire Chiefs. This request supports the City Council goal Vibrant Community: Healthy and Safe and Financially Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery.

Related Cost:	\$ 31,000	Tax Funds	Recurring	<b>Recommend - No</b>
Related Cost Savings:	\$ 4,680	Tax Funds	Recurring	
Total Cost:	<u>\$ 26,320</u>			
Property Tax Impact:	\$ 0.0104	0.10%		

Activity: Fire Training (Expense), Fire Suppression (Cost Savings)

### 3 of 10

This improvement request is for costs associated with attending conferences related to the accreditation process. The requested amount includes estimated conference and travel costs for two employees. The department is pursuing accreditation through the Commission on Fire Accreditation International. Attending the conferences will enhance the department's ability to be successful in this endeavor. This request supports the City Council goal Financially Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery.

Related Cost:	\$ 2,000	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.0008	0.01%		

Activity: Fire Administration

### 4 of 10

This improvement request is for a powerload cot lifting device for the fourth ambulance. Only one ambulance is not equipped with this device which lifts the ambulance cot (with patient) into and out of the vehicle. The device has been successful in reducing employee injury rates and providing safer transport of ambulance patients. This ambulance will remain in the fleet for several more years and the powerload device can be transferred to a new ambulance at trade-in time. This project supports the City Council goal Vibrant Community, Healthy and Safe.

Related Cost:	\$ 28,000	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.011	0.11%		

Activity: Ambulance

### 5 of 10

This improvement request is for the addition of patient positioning devices that work in conjunction with automated CPR devices. The request would purchase four devices (one for each ambulance) for use during cardiac arrest/CPR incidents. Based on the latest research and practices for patient care in cardiac arrest events, this device provides a controlled "heads up" position of the patient during mechanical CPR administration. The use of such devices improves patient outcomes by reducing intercranial pressure while increasing blood flow to the brain and vital organs. This request supports the City Council goals Vibrant Community: Healthy and Safe.

Related Cost:	\$ 24,000	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$ 0.0094	0.09%		

Activity: Ambulance

### 6 of 10

This improvement request is for a license for the Fire Department to access the city fleet maintenance program (Collective Fleet). This will allow the Fire Department to monitor repairs and scheduled maintenance of Fire Department vehicles in the Public Works Fleet Maintenance system. This request would replace paper reports and emails as the primary form of requesting repair services. The access also allows fire personnel to preview upcoming scheduled maintenance to better direct day-to-day service delivery and emergency vehicle availability. This project includes an annual software maintenance cost of \$500 beginning in FY 2022. This project supports the City Council goal Financially Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery.

Related Cost: \$ 1,500 Tax Funds Recurring  
 Total Cost: \$ 1,500  
 Property Tax Impact: \$ 0.0006 0.01%  
 Activity: Fire Administration

**Recommend - Yes**

#### 7 of 10

This improvement request is for a software program to schedule firefighting personnel and assist in staffing documentation and record keeping. Selected program will integrate with the current reporting system and dispatch program to provide automatic upload of vehicle staffing from the schedule. This provides accuracy in reports while also reducing the report completion time. Day-to-day staffing is better organized and tracked with improved ability to document leave and work trade events. This project includes an annual software maintenance cost of \$500 beginning in FY 2022. This request supports the City Council goal Financially Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery.

Related Cost: \$ 5,000 Tax Funds Non-Recurring  
 Related Cost: \$ 500 Tax Funds Recurring  
 Total Cost \$ 5,000  
 Property Tax Impact: \$ 0.002 0.02%  
 Activity: Fire Suppression

**Recommend - Yes**

#### 8 of 10

This improvement request is for installation of a mezzanine above a portion of the apparatus parking area inside Fire Headquarters. Due to the need to maintain various supplies and spare equipment, storage space is currently insufficient at Fire Headquarters. Fire Headquarters is land-locked and using a mezzanine would be a cost-effective way to add storage space. The request would create an expanded metal mezzanine over a portion of the apparatus floor allowing for storage of small items such as hazardous materials supplies, chemical suits, firefighting foam concentrate, and spare firefighting tools. It would also expand the area available to store fire protective clothing. Due to high ceilings, the mezzanine would allow for apparatus to still be parked below without loss of functionality. This request supports the City Council goal Financially Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery.

Related Cost: \$ 28,000 Tax Funds Non-Recurring  
 Property Tax Impact: \$ 0.011 0.11%  
 Activity: Fire Suppression

**Recommend - No**

#### 9 of 10

This improvement request is for upgrade of the small SUV used by the Assistant Fire Marshal to a crew cab pickup truck. The current vehicle has been approved for replacement in FY21. The department has identified a need to separate soiled protective gear and investigation tools and evidence from the passenger compartment of the vehicle, which is not possible in a small SUV. This vehicle is also used to transport the large cases containing props for public education (hazard house and fire extinguisher prop). However, the current small SUV is unable to hold the large transport cases holding these devices. The vehicle is also designated for use for out-of-town travel to schools and conferences, therefore the ability to transport four employees and their respective fire gear and luggage is desirable. This request supports the City Council goal Vibrant Community, Healthy and Safe.

Related Cost: \$ 3,000 Tax Funds Non-Recurring  
 Property Tax Impact: \$ 0.0012 0.01%  
 Activity: Fire Prevention

**Recommend - No**

#### 10 of 10

This improvement request is for adding a second drone (unmanned aerial vehicle) to the Fire Department compliment. This request would provide a drone with the ability to operate with both a regular camera and infrared camera simultaneously. The current unit is not capable of this, and must be returned to base to switch out cameras. The ability to use both is ideal for night operations and hazardous materials incidents. The flying time is improved with a new drone and a second allows for distribution of this equipment within the city, thereby reducing deployment logistics and time. This request supports the City Council goal Vibrant Community: Healthy and Safe.

Related Cost: \$ 6,000 Tax Funds Non-Recurring  
 Property Tax Impact: \$ 0.0024 0.02%  
 Activity: Ambulance and Fire Training

**Recommend - No**

### Significant Line Items

#### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. Fire and Police Retirement rates in FY 2021 increased from 24.41% to 25.31% or increase of 3.69%; a cost of \$60,471.

The history of the change in rates is as follows:

Fiscal Year	Previous Rate	New Rate	% Change	\$ Change
2011	17.00%	19.90%	17.06%	\$ 166,238
2012	19.90%	24.76%	24.42%	\$ 279,685
2013	24.76%	26.12%	5.49%	\$ 79,641
2014	26.12%	30.12%	15.31%	\$ 288,363
2015	30.12%	30.41%	0.96%	\$ 29,399
2016	30.41%	27.77%	(8.68)%	\$ (149,604)
2017	27.77%	25.92%	(6.66)%	\$ (75,018)
2018	25.92%	25.68%	(0.93)%	\$ (3,696)
2019	25.68%	26.02%	1.32%	\$ 68,432
2020	26.02%	24.41%	(6.19)%	\$ (64,866)
2021	24.41%	25.31%	3.69%	\$ 60,471

4. The City portion of health insurance expense is increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$144,940 or 11.26%.
5. Insurance Premiums increased from \$14,089 in FY 2020 to \$14,371 in FY 2021. This line item is the Fire stop loss insurance premium which is an ineligible expense under the worker's compensation reserve.
6. Retiree Five-Year Sick leave payout expense decreased from \$71,474 in FY 2020 to \$55,921 in FY 2021.

7. 50% Sick Leave Payout increased from \$0 in FY 2020 to 28,819 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.
8. Police/Fire Injuries increased from \$106,878 in FY 2020 to \$118,279 in FY 2021 based on a ten-year average.
9. Overtime is increased from \$139,544 in FY 2020 to \$145,744 in FY 2021. FY 2019 actual was \$204,273.
10. Overtime - CPAT training is unchanged from \$6,500 in FY 2020 to \$6,500 in FY 2021. FY 2019 actual was \$5,749 because there was not an entrance exam in Fiscal Year 2018.

## **Supplies & Services**

11. Uniform Purchases decreased from \$88,020 in FY 2020 to \$83,000 in FY 2021. FY 2021 replacements include new uniform purchases for five new hires and replacement of boots and helmets (10 years old). In addition, this line item includes funding for third-party testing for degradation of existing gear.
12. Education and Training increased from \$76,221 in FY 2020 to \$84,892 in FY 2021. Fire Administration decreased \$4,000 due to a one-time FY 2020 expense of Dale Carnegie training for two new command staff. Fire Training increased \$14,050 which is related to transferring three trainings from the Ambulance line item which include GEMS EMS, Cardiac Arrest Training Conference, and Iowa-Wisconsin EMS Conference for four members (\$3,280). Ambulance decreased \$3,930 due to transferring some training expenses to the Fire Training line item.
13. Motor Vehicle Fuel increased from \$46,516 in FY 2020 to \$53,582 in FY 2021 based on FY 2019 actual of \$54,219.
14. Motor Vehicle Maintenance increased from \$181,596 in FY 2020 to \$190,379 in FY 2021 based on FY 2019 actual of \$193,567.
15. Software License Expense decreased from \$73,697 in FY 2020 to \$66,952 in FY 2021. The decrease is related finishing implementation of the new public address (PA) automated "911" and finalizing the annual software maintenance cost and elimination of the Firehouse CAD interface.
16. General Liability Insurance decreased from \$78,390 in FY 2020 to \$77,579 in FY 2021 based on FY 2020.
17. Electricity Utility Expense increased from \$46,397 in FY 2020 to \$60,173 in FY 2021 based on FY 2019 actual of \$55,715 plus 8%.
18. Bill Collection Services decreased from \$62,497 in FY 2020 to \$58,141 in FY 2021 based on FY 2019 actual. This line item represents the Life Quest billing service for Ambulance.
19. Motor Vehicle Maintenance Outsourced decreased from \$64,502 in FY 2020 to \$57,233 in FY 2021 based on a three-year average less one-time major repairs.
20. Ambulance Medical Supplies increased from \$49,356 in FY 2020 to \$51,208 in FY 2021 based on FY 2019 actual plus 10%. This line item represents medical supplies for four ambulances.

21. Property Maintenance increased from \$27,500 in FY 2020 to \$37,750 in FY 2021. This increase is related to additional FY21 items which include Station 3 sidewalk repair (\$3,250), Station 2 door seal replacements (\$1,000), and HQ plumbing fixture replacements (\$1,500).
22. Data Processing Equipment Maintenance Contracts increased from \$34,516 in FY 2020 to \$35,944 in FY 2021 based on FY 2019 actual of \$35,164 plus 4%.

## Machinery & Equipment

23. Equipment replacement items include (\$329,950):

<u>Fire Administration</u>	
Smartphone	\$ 350
<u>Fire Training</u>	
Smart Phone	\$ 350
<u>Fire Suppression</u>	
Confined Space Equipment	\$ 2,100
Furniture (Beds, Chairs)	\$ 14,450
Technical Rescue Truck	\$ 45,000
Brush Truck	\$ 35,000
Saws (2)	\$ 3,000

<b>Recommended Improvement Packages</b>	<b>\$ 29,000</b>
<b>Total Equipment</b>	
	<b>\$ 329,950</b>

## Debt Service

24. FY 2021 Annual Debt Service Payments are as follows (\$197,214):

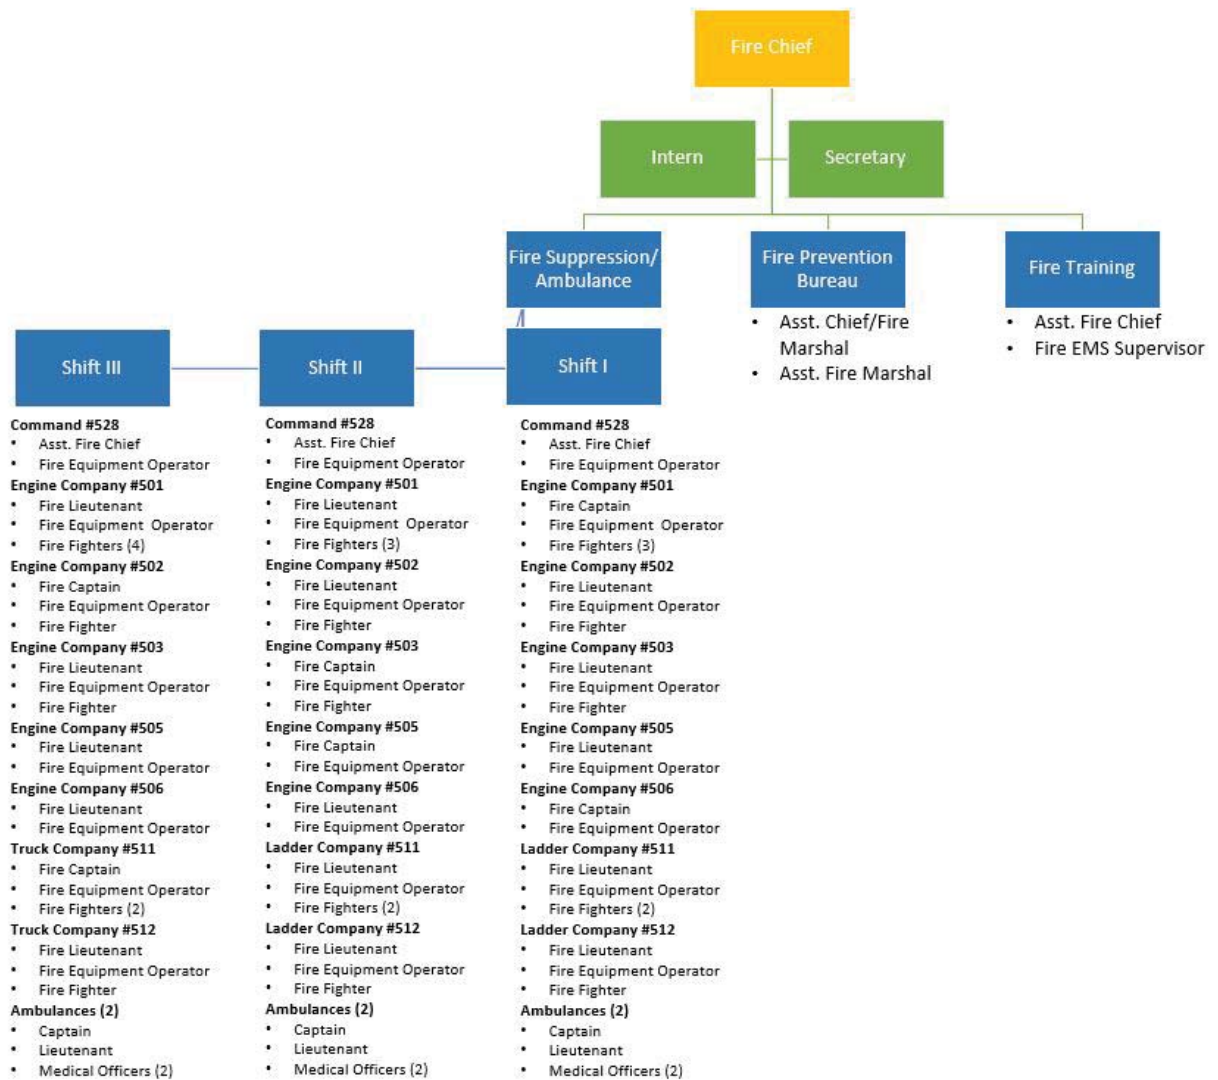

Amount	Debt Series	Source	Purpose	Final Payment	Call Date
\$ 87,882	2017A G.O.	Tax Levy	Pumper Truck	2029	2025
\$ 20,443	2019C G.O.	General Fund	Station #4/Pumper Truck	2027	2026
\$ 33,605	2014B G.O.	Sales Tax 20%	Fire Improvements	2034	2021
\$ 20,550	2017B G.O.	Sales Tax 20%	Ambulance Replacement	2028	2025
\$ 13,466	2019A G.O.	Sales Tax 20%	Quick Response Pumper	2039	2026
\$ 16,694	Planned 2020	Sales Tax 20%	Pumper Truck	2040	
\$ 4,574	Planned 2020	Sales Tax 20%	HVAC Headquarters	2040	
<u>\$ 197,214</u>	Total Fire Annual Debt Service				

## Revenue

25. County Share of HAZMAT team support decreased from \$74,290 in FY 2020 to \$72,387 in FY 2021. FY 2019 actual was \$79,677. Funding represents one-third of the cost for consumable equipment and one-third of one-third of labor costs for six positions.

26. Ambulance Fees decreased from \$1,457,685 in FY 2020 (\$245 per call) to \$1,177,685 in FY 2021 (\$265 per call). FY 2019 Actual was \$1,104,932. In FY 2020, \$216,837 was added for Ground Emergency Medical Transport (GEMT) and FY 2021 GEMT payment is projected to be \$227,629. GEMT is a federally-funded supplement to state Medicaid payments to EMS providers transporting Medicaid patients (there will also be some retroactive payments that as of yet undetermined). The projection is also based on call volume and average pay back. Ambulance calls decreased from 4,924 in FY 2020 to 4,800 calls in FY 2021. It is projected that more patients will be paying with Medicaid and Medicare which pay below the standard rate.

# FIRE DEPARTMENT

Dubuque Fire Department works to protect, assist and educate our community and visitors with pride, skill and compassion.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

**People**  
Provide quality assistance and solutions to our citizens and visitors who often have nowhere to turn in time of need. We engage the community through school groups, neighborhoods, and community activities.

**Planning**  
Prepare and train with other city departments, county agencies, health care providers, and private agencies to assure quick response to disasters and emergencies affecting the community.

**Partnerships**  
Create and maintain strong relationships with area Fire, EMS, law enforcement, utilities, and health care providers to assure the best-possible response to emergencies.

# FIRE DEPARTMENT

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	90.16	91.16	92.16

## Revenue and Property Tax Support

The Fire Department is supported by 92.16 full-time equivalent employees, which accounts for 87.0% of the department expense as seen below. Overall, the department's expenses are expected to increase by 5.66% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# FIRE DEPARTMENT

## Fire Administration

### Mission & Services

Fire Administration is responsible for developing long and short-range goals for fire and EMS service, establishing policy for 24-hour per day operations and conducting all other administrative duties of the Fire Department.

Administration Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested

# FIRE DEPARTMENT

## Training

### Mission & Services

The training activity provides relevant training to the members of the fire department in all disciplines of our response to assure excellent skill levels are maintained. In addition to member training this activity is also responsible for testing of apparatus pumps, hose, and ladders. Training oversees promotional testing, entrance examinations, company training, and the new member training academy. The training officer also serves as the department safety officer, and hazardous materials response coordinator and provides training to other city department employees.

Training Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested

## Emergency Medical Services (Ambulance)

### Mission & Services

The ambulance activity is committed to safeguarding our citizens and visitors by providing excellence in pre-hospital emergency medicine. The ambulance service delivers efficient, prompt advanced life support and transportation in times of medical and traumatic need in both emergency and non-emergency situations. Two paramedics staff each of the ambulances along with a first arriving fire engine staffed with a paramedic.

Emergency Medical Services Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$1,659,696	\$1,738,607	\$1,858,261

# FIRE DEPARTMENT

## Fire Suppression

### Mission & Services

The Fire Suppression activity protects life and property by responding to all types of calls for service. Call types include but are not limited to: fires, hazardous material releases, specialized rescues and emergency medical responses with the EMS activity resources. In addition the suppression activity performs fire inspections and hydrant maintenance, personnel training and maintains/cleans all buildings, vehicles and equipment assigned. The activity is provided from 6 fire station locations using 19 vehicles and 73 personnel to maintain 24 hour per day availability.

Fire Suppression Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$8,375,946	\$8,366,048	\$8,853,958

Fire Lieutenant	14.00
Firefighter	26.00
<b>Total FT Equivalent Employees</b>	<b>74.00</b>

### Performance Measures

#### City Council Goal: Vibrant Community - Healthy & Safe

	Performance Measure (KPI)	Target	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
1	<b>Activity Objective: Control fires while still small, keeping property damage to a minimum for property owners</b>					
	% of structure fires controlled within the room-of-origin	65% +	86%	79%	80%	
	Moderate-Risk Effective Response Force (ERF) arrival time from 911 call pick up (90th Percentile)	10:20	15:50	14:15	14:00	

# FIRE DEPARTMENT

## Fire Prevention

### Mission & Services

The Fire Prevention Bureau is committed to preventing fires before they occur through community education involving schools, neighborhood associations, civic groups and businesses. Fire prevention is also achieved through safety inspection of occupancies. If a fire does occur the Fire Marshal's office will investigate fire cause and origin of the affected property. Working with other city departments the Fire Marshal's office reviews new construction and improvement plans in an effort to promote a safe working environment and continued operation.

Fire Prevention Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$310,290.21	\$318,745	342,310
Resources	\$10,201	\$3,830	4,660

Fire Prevention Position Summary	
	FY 2021
Fire Marshall	1.00
Assistant Fire Marshall	1.00
<b>Total FT Equivalent Employees</b>	<b>2.00</b>

### Performance Measures

#### City Council Goal: Vibrant Community - Healthy & Safe

Performance Measure (KPI)	Target	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
<b>1 Activity Objective: Improve exterior fire escape code compliance.</b>					
# of completed fire escape inspections	8	7	11	8	
<b>2 Activity Objective: Ensure building safety and fire code enforcement for businesses.</b>					
# of fire inspections completed annually to maintain a 3-year inspection cycle for businesses	900	1676	1485	1400	
<b>3 Activity Objective: Maintain a robust program to install smoke detectors in targeted occupancies</b>					
# free smoke detectors installed	400	480	798	500	
# of households receiving smoke detectors	100	117	179	100

\*Includes budgets for maintaining City Hall, City Hall Annex, Multicultural Family Center, 5th St Restroom & Ice Arena.

\*\* Federal Building Maintenance Activity was moved to the Housing Department in FY 2009 with the exception that Federal Building Maintenance personnel remains in Building Services.

---

### Improvement Package Summary

#### **1 of 3**

This improvement level request is for a full-time secretary for the Building Services Department. This position is essential to meeting current and future expectations for levels of service. The Building Services Department does not currently have a secretary and the department Permit Clerk, Building Inspectors, and Manager currently handle administrative duties. This is no longer sustainable based on the workload of permit processing and inspection demands. FY19 inspections were 9% higher than the previous 4 -year average. FY20 year-to-date data shows a 10% increase in permits from the same time last fiscal year. Permits issued in FY19 increased 14% from the previous 5-year average. Increases in permits result in increasing demands placed on the permit clerk, inspectors, and management. The department also receives a large number of phone calls and walk-in customers. A designated secretary would ensure customers can always access the department and would relieve other Building Services employees from being pulled away from regular job duties to perform administrative assistance. This position is also instrumental to implementing improvements in the inspection process including a centralized scheduling process. It is planned this position will use the Accela software permitting system to coordinate and schedule inspections. The request supports City Council goals for a Financially Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery.

Related Cost:	\$	43,250	Tax Funds	Recurring	<b>Recommend - No</b>
Related Cost:	\$	9,902	Tax Funds	Non-Recurring	
Total Cost:	\$	<u>53,152</u>			
Property Tax Impact:	\$	0.0209	0.20%		

Activity: Administration

## 2 of 3

This improvement request is for GPS Fleet Management Software. Verizon Wireless Reveal Now Fleet Tracking Software will allow Building Services Staff to track and locate vehicles in the field. It will improve fleet operations, worker productivity, and encourage safe driving. The software will allow staff to see real time driver locations and track speeds, idling, and driving behaviors. This will improve efficiency of inspection fleet and field service management.

Related Cost:	\$	1,380	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$	0.0005	—%		

Activity: Code Enforcement (Building, Electrical, Plumbing)

## 3 of 3

This improvement level request is for a full-time custodian. The Facilities Management Staff currently consists of one full-time maintenance person and four full-time custodians. Custodial staff currently clean and maintain 137,000 square feet of space. The colts building remodel will add approximately 11,000 square feet of space, including six new bathrooms, a kitchen, and new office and meeting space. The majority of space will be used as a community center which will have significant custodial requirements. In addition, once the renovation of the Colts building is complete, the hours of the Multicultural Family Center (existing and new) will double. Custodial Staff capacity is not sufficient based on current responsibilities. The Building Services Department cannot maintain our facilities to expectations without additional support. For context, according to the International Facilities Management Association, a custodian can adequately clean approximately 25,000 square feet per workday. By these standards, staffing levels should currently equate 5.5 custodial FTE's. Once the MFC build-out is complete, Building Services will be responsible for maintenance of 148,000 square feet. Industry standards would suggest a custodial staff of 6 FTE's. The requested position will bring the department to 5 FTE's and is required to maintain current service levels.

Related Cost:	\$	62,789	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	\$	0.0247	0.24%		

Activity: Facilities Maintenance

## Significant Line Items

### Employee Expense

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.

3. The City portion of health insurance expense is increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$16,057 or 11.26%.

### **Supplies & Services**

4. Property Maintenance decreased from \$61,040 in FY 2020 to \$59,142 in FY 2021. This line item represents lighting and electrical repairs, rug cleaning service, permit and inspection fees, HVAC maintenance, boiler inspection, annual backflow testing, annual window cleaning, plumbing repairs, winterizing drinking fountains and other repairs and maintenance.
  - a. City Hall Maintenance decreased from \$32,420 in FY 2020 to \$27,366 FY 2021 based on a three-year average historical cost.
  - b. 5th Street Restrooms increased from \$850 in FY 2020 to \$1,208 in FY 2021 based on a three-year average historical cost.
  - c. City Hall Annex decreased from \$9,570 in FY 2020 to \$9,500 in FY 2021 based on a three-year average historical cost.
  - d. Multicultural Family Center increased from \$3,700 in FY 2020 to \$6,568 in FY 2021 based on the completion of the renovated additional space in 2020.
  - e. Shot Tower is unchanged from \$1,000 in FY 2020 to \$1,000 in FY 2021. This line item represents the cost of graffiti repair and general maintenance.
  - f. General Building Maintenance unchanged from \$13,500 in FY 2020 to \$13,500 in FY 2021. This line item is for any significant repairs to City owned buildings.
5. Equipment Maintenance Contracts increased from \$10,685 in FY 2020 to \$11,451 in FY 2021. This budget represents quarterly alarm monitoring, outdoor camera annual maintenance, weekly boiler checks, and generator inspection and testing.
6. Software License increased from \$38,964 in FY 2020 to \$41,184 in FY 2021. This line item represents Building Services' share of Accela permitting software.
7. Electricity increased from \$73,410 in FY 2020 to \$101,420 in FY 2021 based on FY 2019 actual of \$80,388 plus an increase for the renovated additional space at the Multicultural Family Center in 2020 plus 8%.
8. Natural Gas increased from \$16,268 in FY 2020 to \$24,308 in FY 2021 based on FY 2019 actual of \$18,400 plus an increase for the renovated additional space at the Multicultural Family Center in 2020 plus 8%.
9. Stormwater increased from \$38,964 in FY 2020 to \$41,184 in FY 2021 based on FY 2019 actual billed SFU's, times the planned Stormwater rate of \$8.29 per SFU for FY 2021.
10. Property Insurance decreased from \$25,882 in FY 2020 to \$12,099 in FY 2021 based on FY 2019 actual plus 5%.
11. Telephone increased from \$11,266 in FY 2020 to \$14,768 in FY 2021 based on FY 2019 actual of \$11,005 plus an increase for the renovated additional space at the Multicultural Family Center.

## Machinery & Equipment

- Equipment replacement items include (\$27,600):

<u>Administration</u>		
Smart Phone	\$	350
<u>Plumbing/Mech. Code Enforcement</u>		
Smart Phone	\$	350
<u>Building Code Enforcement</u>		
AWD SUV	\$	26,900
<u>Federal Building Maintenance Maintenance</u>		
Commercial Floor Scrubber + Carpet Cleaner	\$	—
Total Equipment		<u>\$ 27,600</u>

## Debt Service

- FY 2021 annual debt service includes the following (\$109,325):

Amount	Debt Series	Source	Purpose	Final Payment	Call Date
\$ 4,201	2017A G.O.	Sales Tax 20%	Smart Meters	2030	2025
\$ 56,091	2018B G.O.	Sales Tax 20%	Engine House #1	2031	2018
\$ 25,698	2012D G.O.	Sales Tax 20%	City Hall Tuckpointing	2032	2019
\$ 23,335	2019C G.O.	Sales Tax 20%	City Hall HVAC	2034	2021
<u>\$ 109,325</u>	Total Building Services Annual Debt Service				

## Revenue

- Building Permits increased from \$467,589 in FY 2020 to \$559,631 in FY 2021 based on FY 2019. Building Permit Fees fluctuate significantly based on private party building demand throughout the city. A building permit fee increase began in FY 2020 and will complete in FY 2021.
- Plan Check Fees decreased from \$35,960 in FY 2020 to \$34,000 in FY 2021 based on FY 2019 actual.
- Electrical Permits decreased from \$81,134 in FY 2020 to \$76,369 in FY 2021 based on FY 2019 actual.
- Mechanical Permits increased from \$65,966 in FY 2020 to \$69,281 in FY 2021 based FY 2019 actual.

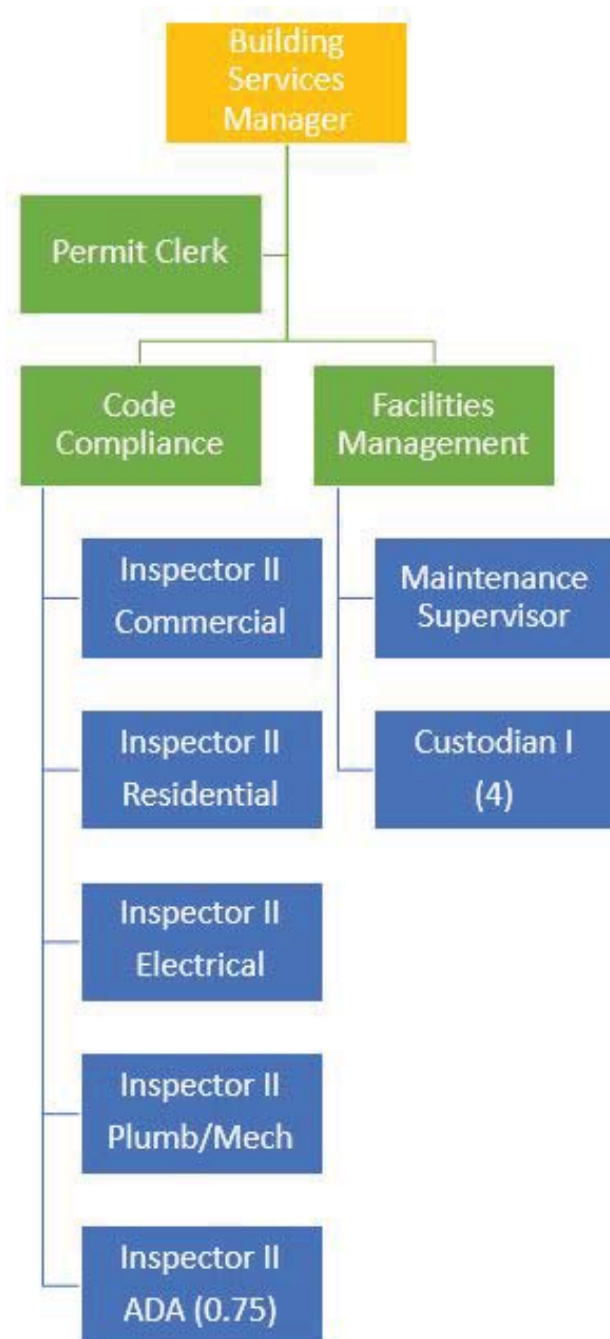

17. Plumbing Permits increased from \$58,526 in FY 2020 to \$66,005 in FY 2021 based on FY 2019 actual.
18. The Inspections maintenance level budget is 94.49% self-supporting in FY 2021 as compared to 85.60% self-supporting in FY 2020.

# BUILDING SERVICES

The mission of the Building Services Department is to provide exceptional professional and responsive building services for residents, contractors, and developers in the City of Dubuque. These services protect and enhance the investment, safety, welfare, equity and resiliency of our community. Through these efforts, the Building Services Department supports healthy and viable neighborhoods and businesses.

The Building Services Department delivers its mission through two core services: Construction Services and Facility Management.

# BUILDING SERVICES

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

### People

- Interact daily with citizens, contractors, developers, architects, engineers, and other business professionals offering them outstanding service on demand.
- Providing our permit applications and contractors with quality and informative inspections ensuring their projects meet all codes providing safe structures for for the community
- Effective communication and collaboration with other City departments ensuring an efficient delivery of service to support a financially sound, high-performing city organization

### Planning

- Building Services participates in Design Review Team meetings during the preliminary design phase offering insight and solutions from a code perspective
- Preserve historic structures by utilizing the Existing Building Code and Historical Property compliance method during the Plan Review
- Promote an inclusive community for all by reviewing projects to meet ADA and Fair Housing Regulations and provide financial assistance through the Downtown ADA Assistance Program
- Ensure our facilities are properly maintained, project long-term facility management budgeting and planning, offering our citizens and employees a clean and safe facility.

### Partnerships

The Building Services Department coordinates with many construction professionals, non-profits, public and private sector agencies and residents. The Building Services Department views its role in these relationships as partnerships for development.

# BUILDING SERVICES

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	11.75	11.75	11.75

## Resources and Property Tax Support

The Building Services Department is supported by 11.75 full-time equivalent employees, which accounts for 66.50% of the department expense as seen below. Overall, the department's expenses are expected to increase by 2.28% in FY 2021 compared to FY 2020.

## Expenditures by Category by Fiscal Year

# BUILDING SERVICES

## Code Compliance

### Mission & Services

Building code compliance begins with permit application and plan review. The department serves as liaison between all other city departments with a role in construction regulation and review. The department guides customers through the process and advises on all building code matters in a concise, timely, and informative manner to ensure a positive customer experience. Our Department performs plan review and inspections for all construction projects including; building, mechanical, electrical, plumbing, solar, signs, fire systems, and ADA compliance. Other activities include supporting appeals boards, supporting the Fats, Oils, and Grease (FOG) program, enforcing property maintenance codes, licensing storage containers, and managing the Downtown ADA and Lighting incentive programs.

Code Compliance Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$799,724	\$844,299	\$863,186
Resources	\$816,766	\$722,728	\$815,600

Code Compliance Position Summary	
	FY 2021
Building Services Manager	1.00
Permit Clerk	1.00
Inspector II--FT	4.00
Inspector II--PT	0.75
<b>Total Full-Time Equivalent Employees</b>	<b>6.75</b>

# BUILDING SERVICES

## Facility Management

### Overview

Building Services Department provides custodial and building maintenance services for City Hall, City Hall Annex, Historic Federal Building, Ruby Sutton Building, 5<sup>th</sup> Street Restrooms, Bunker Hill, Allison Henderson Park and the Dubuque Shot Tower. In total staff cleans and maintains over 150,000 square feet of public and office space. Responsibilities include routine custodial services, maintenance, repairs, and monitoring of HVAC systems. Staff schedules routine maintenance on our generators, elevators, HVAC equipment, fire alarm and sprinkler systems, backflow valves, and security systems.

Facility Management Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$357,894	\$381,042	\$415,788
Resources	\$250,086	\$231,525	\$235,629

Facility Management Position Summary	
	FY 2021
Maintenance Worker	1.00
Custodian	4.00
<b>Total Full-Time Equivalent Employees</b>	<b>5.00</b>

### Performance Measures

# HOW TO USE THIS POLICY BUDGET DOCUMENT

## PURPOSE

The Policy Budget defines goals and objectives for all City departments and activities, relates them to cost and resource requirements and attempts to establish measures for evaluating accomplishment. Specific improvement packages are developed and included in the Policy Budget for alternative funding and service levels. The Policy Budget document shows the budget by line item for each Department and provides a basis for fiscal control once the budget is adopted.

The Policy Budget emphasizes objectives, accomplishments, and alternative funding and service levels and is intended to keep the attention of the City Council and public on the major policy decisions involving what services the City government will provide, who will pay for them, and the implications of such decisions.

## FORMAT

The Policy Budget is organized by Department/Division and provides detail for all activities that make up each Department/Division. Each Department/Division tab includes the following information:

- 1) **Department/Division Financial Summary:** The ***budget highlights*** portion of the Department Summary reflects total expenses for the maintenance level budget (cost to continue at the same level of service) and approved improvement packages for all activities within the Department by expenditure category (employee expense, supplies and services, machinery and equipment, and debt service), and the funding sources that pay those expenses. The property tax portion of the funding is reflected, noting the increase or decrease from the prior years adopted budget. For Departments which are self supporting (i.e. Water, Water Pollution Control, Refuse (part of Public Works), Cable TV, Transit, Parking), the net operating surplus/deficit is reflected, noting the increase or decrease in the fund from the prior years adopted budget.

This summary displays all ***Improvement Packages*** submitted by Department/Division Managers, with a notation of whether they were recommended by the City Manager, and then approved by the City Council. Those noted with a 'YES' were added to the maintenance level budget and are reflected in the Department Funding Summary and those noted with a 'NO' were not approved.

And finally, this summary explains ***significant line item detail*** by expenditure category, notable revenue changes, and miscellaneous information regarding the maintenance level budget. These are the review notes prior to adding any improvement packages.

- 2) **Memo Addressing Budget Issue (optional):** If there is an important budget issue that needs further explanation, a memo will be provided.
- 3) **Department's Organizational Chart (optional):** Shows how a Department is structured. Usually included for larger more complex Departments.

- 4) **Department/Division's Highlights of Prior Year's Accomplishments and Future Initiatives:** This is a written narrative that highlights the Department's prior year accomplishments and what Departments plan on accomplishing in the near future.
- 5) **Department/Division's Goals and Performance Measures by Activity:** This is a written activity statement and a matrix for each activity which includes activity objectives, relationship to City Council Goals & Priorities, and key performance indicators (KPIs).. Performance measures are included for each activity to evaluate activities and ensure that the approved levels of funding yield the expected results. Battery icons for each KPI visually indicate how well an objective is doing and represent the following:

		
On Track	Improving	Needs Work

- 6) **Recommended Operating Revenue Budget by Department/Division:** This report reflects line item revenue detail at the Department/Division level (combines all activities for each line by fund). Two years actual revenues, prior year adopted revenues and the recommended revenue for the new budget year are reflected.
- 7) **Recommended Operating Expenditure Budget by Department/Division:** This report reflects line item expenditure detail at the Department/Division level (combines all activities for each line by fund). Expenses are grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 8) **Recommended Operating Expenditure Budget by Activity and Funding Source:** This report reflects expenses grouped by category (employee expense, supplies and services, machinery and equipment, debt service, and transfers) for each activity within the Department/Division, and displays two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 9) **Personnel Complement at Department/Division and Activity Level:** These reports reflect positions budgeted at the Department/Division level and the Activity level, by funding source. Total Full Time Equivalents (FTE) and wages with longevity expense are shown for each position for two years prior year adopted FTE and expenses, and the recommended FTE and related expense for the new budget year.
- 10) **Capital Improvement Projects by Department/Division:** This report lists all Capital Improvement Project totals for two years actual expenses, prior year adopted expenses and the recommended expense for the new budget year.
- 11) **Five Year Capital Improvement Program Summary by Department/Division:** This report lists all Capital Improvement Projects budgeted in the new budget year and planned for the next four years.

### Improvement Package Summary

#### 1 of 11

This improvement package would provide funding for Cartegraph or other applicable software licenses to help to efficiently manage and report on daily operations including generation of work orders, preventative and corrective maintenance orders, inventory management, job costing, procurement management (quotation and requisition processes) and scheduling and service requests. This follows the City Council Goal and High Priority of a Citywide Departmental Work Order System Implementation.

Related Cost:	<u>\$45,000</u>	Water User Fees	Non-Recurring	<b>Recommend - Yes</b>
Water Rate Impact:	0.56%			
Activity: Administration				

#### 2 of 11

This improvement package would provide funding systematically upgrade the two ruggedized cell phones to smartphones and provides service for six additional smartphones for the water distribution crew. Smartphones would enable the crews to have access to WebQA and GIS mapping during the response to an emergency improving the time with which it takes to locate isolation valves. The City operations would be improved with decreased response times to emergency sites and the community would benefit from a shortened interruption of water service in the event of a water main break. In addition, Web QA notifications would come directly to the staff member. WebQA is currently used as the department work order system. As work orders are available electronically, the crew would be able to view the order, complete and close it, thereby improving response times in the City's WebQA process. This request follows the City Council Goal and Priority of Sustainable Environment: Preserving and enhancing Natural Resources to readily respond to provide safe, dependable drinking water and using affordable technology for water activities.

Related Cost:	\$ 4,992	Water User Fees	Recurring	<b>Recommend - Yes</b>
Related Cost:	\$ 700	Water User Fees	Non-Recurring	
Total Cost:	<u>\$ 5,692</u>			
Water Rate Impact:	0.07%			
Activity: Distribution				

### 3 of 11

This improvement package would provide funding two additional smartphones for the Water Plant Operators Special Assignment. These will enable the Water Plant Operators to respond to requests from the Electrical and Mechanical Staff as needed. Due to the need for Water Plant Operators Special Assignment to work away from the Water Treatment Plant in the field, it is important that they can be reached while out in the field to respond to water quality concerns and request assistance when needed. The operators are currently using their personal cell phones while working out in the field. This request follows the City Council Goal and Priority of Sustainable Environment: Preserving and enhancing Natural Resources to readily respond to provide safe, dependable drinking water and using affordable technology for water activities.

Related Cost:	\$ 1,248	Water User Fees	Recurring	<b>Recommend - Yes</b>
Related Cost:	\$ 700	Water User Fees	Non-Recurring	
Total Cost:	<u>\$ 1,948</u>			
Water Rate Impact:	0.02%			
Activity: Plant Operations				

### 4 of 11

This improvement package would provide funding for a tablet to be used by the Operators Special Assignment at the Water Plant and out in the field. This will enable data to be collected directly from the Well Sites, the distribution sites, the pump stations and customer properties in response to water quality concerns. Distribution testing and sampling data will be used for trend analysis and completion of the monthly operating reports that are submitted monthly to the Department of Natural Resources to ensure the drinking water treatment process is compliant with all standards listed in the City's operating permit. Continued and improved data collection and entry ensure continued compliance of the City with its regulatory requirements stipulated by the Safe Drinking Water Act as enforced by the United States Environmental Protection Agency and the Iowa Department of Natural Resources. This improvement supports the City Council Goal and Priority of Sustainable Environment: Preserving and Enhancing Natural Resources providing safe, dependable drinking water using affordable technology for water activities.

Related Cost:	\$ 120	Water User Fees	Recurring	<b>Recommend - Yes</b>
Related Cost:	\$ 950	Water User Fees	Non-Recurring	
Total Cost:	<u>\$ 1,070</u>			
Water Rate Impact:	0.01%			
Activity: Plant Operations				

### 5 of 11

This improvement package would provide funding for leadership development for the City of Dubuque Water Department Leadership Team. The primary area of emphasis for maintaining positive momentum includes implementation of strategic priorities and reinforcing the Work of Leaders model of Vision, Alignment, and Execution. Fairchild Coaching recommends using the framework of Vision, Alignment and Execution, Work of Leaders will encourage City of Dubuque Water Dept. leaders to understand their own leadership behaviors and how these behaviors impact their effectiveness. This follows the City Council Goal and priority of being Financially Responsible, High Performance City Organization: Provide City services responsive to the community.

Related Cost:	<u>\$10,713</u>	Water User Fees	Recurring	<b>Recommend - Yes</b>
Water Rate Impact:	0.13%			
Activity: Administration\Meters\Distribution\Operations				

#### 6 of 11

This improvement package provides funding for the purchase of cut off saw. The addition is a Chain saw Style, unlike the existing one and will be run by hydraulics not gas, which makes it much safer for the Distribution Crew when using it. This improvement supports the City Council Goal and Priority of Sustainable Environment: Preserving and Enhancing Natural Resources providing safe, dependable drinking water using affordable technology for water activities.

Related Cost:	<u>\$ 4,200</u>	Water User Fees	Non-Recurring	<b>Recommend - Yes</b>
Water Rate Impact:	0.05%			
Activity: Water Distribution				

#### 7 of 11

This improvement package would provide funding for the purchase of a new ground penetrating radar. As the City purchased other utilities, the Distribution Staff has found the field record documentation of these utilities to be unsatisfactory. This ground penetrating radar would be used to assist in the field locating new utilities and document them to our GIS record system, providing accurate records. This ground penetrating radar tool can also be shared with other City Departments in locating their utilities. This request supports the City Council Goal and Priority of a Financially Responsible, High Performance City Organization: Sustainable, Equitable, and Effective Service Delivery.

Related Cost Savings:	<u>\$30,000</u>	Water User Fees	Recurring	<b>Recommend - Yes</b>
Water Rate Impact:	0.37%			
Activity: Distribution				

#### 8 of 11

This improvement package would provide funding to upgrade the 3/4 ton truck to a utility truck. This vehicle has met or exceeded the time frame for trade in and is not equipped to perform the necessary functions that are required of the Water Distribution Crew. This package would ensure that the needs of citizens are met in a timely manner. This improvement supports the City Council Goal and Priority of Sustainable Environment: Preserving and Enhancing Natural Resources providing safe, dependable drinking water using affordable technology for water activities.

Related Cost:	<u>\$34,028</u>	Water User Fees	Recurring	<b>Recommend - Yes</b>
Water Rate Impact:	0.42%			
Activity: Meters				

#### 9 of 11

This improvement package would provide funding to upgrade the 3/4 ton 4X4 Super Cab truck to a Utility Truck, 4X4 450 Series, Regular Cab with a 10' Utility box with crane, ladder rack, front mount valve turner and Hydraulic motor pump. The existing vehicle has exceeded the time frame for trade-in and is currently rusting out around the wheel wells. This vehicle is not capable of performing the functions needed for the Water Distribution Crew. This improvement supports the City Council Goal and Priority of being a Sustainable Environment: Preserving and Enhancing Natural Resources providing safe, dependable drinking water using affordable technology for water activities.

Related Cost:	<u>\$40,000</u>	Water User Fees	Recurring	<b>Recommend - Yes</b>
Water Rate Impact:	0.50%			
Activity: Distributions				

**10 of 11**

This improvement package would provide funding to upgrade the replacement of the 2002 Freightliner Tandem Dump Truck to a Tandem Truck that has greater horse power and larger carrying capacity to meet the needs of the Water Distribution division enabling them to better serve the citizens of Dubuque. This truck would be equipped with a snow plow to assist Public Works on snow events equal to or greater than 8 inches. This improvement supports the City Council Goal and Priority of Sustainable Environment: Preserving and Enhancing Natural Resources providing safe, dependable drinking water using affordable technology for water activities.

Related Cost:	<u>\$40,000</u>	Water User Fees	Recurring	<b>Recommend - Yes</b>
Water Rate Impact:	0.50%			
Activity: Distributions				

**11 of 11**

This improvement package would provide funding for Backhoe/Loader to be replaced by a Skid Steer with a rubber track, bucket and broom attachments with a trailer. The Backhoe/Loader is a 1999 John Deere 410 4X4 Extend a hoe with ride control. This vehicle has exceeded the standard time frame for trade in. It has maximized its hours and is developing maintenance issues representative to its age. It is functionally obsolete, replacing this with a fully equipped Skid Steer will optimize the work completed by the Distribution Crew. The Skid Steer replacement for this will operate with better efficiency within the Water Distribution Department. This request follows the City Council Goals and Priorities of being Financially responsible, High-Performing City Organization: Sustainable, Equitable and Effective Service Delivery.

Related Cost:	\$ 55,000	Water User Fees	Non-Recurring	<b>Recommend - Yes</b>
Related Savings:	<u>\$ 90,000</u>	Water User Fees	Non-Recurring	
Net Savings:	<u>\$ 35,000</u>			
Water Rate Impact:	(0.43)%			
Activity: Distribution				

### Significant Line Items

**Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$37,744 or 11.26%.
4. Overtime is unchanged from \$94,040 in FY 2020 to \$94,040 in FY 2021 . FY 2019 actual was \$108,641.
5. Five-Year Retiree Sick leave payout is decreased from \$32,007 in FY 2020 to \$29,299 in FY 2021.
6. 50% Sick Leave Payout is increased from \$0 in FY 2020 to \$2,097 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.
7. During Fiscal Year 2020, the following personnel changes were approved (net change -0.30 FTE):
  - a. -0.80 FTE Part-Time Water Meter Service Worker position eliminated (-\$60,913)

- b. +0.50 FTE Part-Time Water Distribution Maintenance Worker position added (+\$32,733)

## **Supplies & Services**

8. Property Insurance decreased from \$66,812 in FY 2020 to \$59,548 in FY 2021 based on FY 2019 actual plus 5%.
9. Electricity Utility Expense increased from \$628,223 in FY 2020 to \$678,511 in FY 2021 based on FY 2020 budget plus 8%. FY 2019 actual was \$668,403.
10. Sales Tax expense decreased from \$520,583 in FY 2020 to \$461,701 in FY 2021 based on decreased consumption plus an increase in water rates in FY 2021 of 5%. This expense is directly offset by sales tax revenue.
11. Machinery and Equipment Maintenance increased from \$69,816 in FY 2020 to \$83,952 in FY 2021 based on FY 2019 actual of \$87,994. This line item represents wells, filters, pumps, generators, chemical unloading and storage, chemical feed equipment, chlorinators, lime slackers, clarifiers, air compressors and air system components, telemetry, HVAC, elevator, computer maintenance, sludge plant, electrical controls, and sensors.
12. Costs for Fluoride, Phosphate, Chlorine, Lime, and Polymer expense (water processing materials) decreased from \$433,950 in FY 2020 to \$430,663 in FY 2021. FY 2019 actual was \$379,114. Chlorine decreased from \$40,000 in FY 2020 to 37,480 in FY 2021.
13. Hauling Services increased from \$148,250 in FY 2020 to \$157,815 in FY 2021 based on FY 2019 actual plus 4%. The amount of hauled tons of lime sludge is highly variable from year to year and is based on hauling approximately 15,000 tons per year. FY 2019 actual expense was \$151,610.
14. Consultant Services increased from \$0 in FY 2020 to \$62,464 in FY 2021. FY 2019 actual was \$47,769. This line item represents special plant operating services and consultant services as well as conducting a leak survey (\$29,000) every three years, next scheduled in FY 2021.
15. Software decreased from \$88,625 in FY 2020 to \$64,701 in FY 2021 due to the one-time cost in FY 2020 to replace the unsupported Access database currently used for the collection of water treatment process data (-\$26,980).
16. Property Maintenance decreased from \$65,560 in FY 2020 to \$36,995 in FY 2021 based on FY 2019 actual less the one-time expense of \$20,000 for the third floor restoration at the Water Plant and a decrease in the cost of the mowing contract. This line item represents the contract for building and grounds maintenance for Eagle Point Plant, sludge plant, storage tanks, reservoirs, booster stations, well houses (\$535 per week for 32 weeks in FY 2021 as compared to \$1,335 per week for 26 weeks in FY 2020).
17. Pipe Special Fittings is unchanged from \$79,332 in FY 2020 to \$79,332 in FY 2021 based on FY 2020 budget. FY 2019 actual was \$89,509. This line item represents the purchase of water pipe, special fitting and tapping material for the distribution system. There is associated revenue budgeted in taps (\$26,591) and taps services (\$35,121).
18. Valves increased from \$24,192 in FY 2020 to \$44,192 in FY 2021 due to adding \$20,000 for Water Treatment Plant and pump station ongoing valve replacement and maintenance. FY 2019 actual was \$64,236. This line item represents the material cost only for valves in the distribution system (9 valves) and ongoing valve replacement and maintenance internally in the plant.

19. Environment Testing/Monitoring decreased from \$60,000 in FY 2020 to \$41,604 in FY 2021 based on FY 2019 actual of \$39,892 plus 4%. This line item represents the cost of samples due to boil advisories, chlorine monitoring, increased testing for expansion of system, and water quality testing using the Heterotrophic Plate Count (HPC) test. The HPC test detects the growth of pathogens beyond bacteria testing, that might be present, which is especially important after main breaks, loss of pressure, and following new connections. HPC testing is conducted twice per month or as needed following an emergency.

## Machinery & Equipment

20. Equipment replacement items at the maintenance level include (\$1,339,511):

<u>Administration</u>	
Smartphone (1)	\$ 350
<u>Meters</u>	
(1) Smartphone	\$ 350
3/4 Super Cab 4X4 Truck	\$ 90,000
Large Water Meters	\$ 27,000
<u>Plant Operation &amp; Maintenance</u>	
Laboratory Equipment	\$ 5,800
3/4 Super Cab 4X4 Truck	\$ 40,000
<u>Water Distribution System</u>	
3/4 Super Cab 4X4 Truck	\$ 160,000
Hydrants	\$ 31,500
Gas Safety Monitor	\$ 950
Smartphone (1)	\$ 1,050
Tandem Dump Truck with Snow Plow	\$ 130,000
Backhoe	\$ 90,000
<u>Annual Maintenance Projects</u>	
Pump Replace Vacuum Filter	\$ 15,000
Large Valve Replacement (2)	\$ 20,000
Water Main Replacements (Repair of 70 mains)	\$ 350,000
Water Meter Replacement	\$ 176,661
Large Water Meters	\$ 75,000
Water Valve Box Maintenance (Public Works)	\$ 20,000
Water Meter Testing	\$ 25,000
<b>Recommended Improvement Packages</b>	<b>\$ 45,950</b>
Total	<b><u>\$ 1,339,511</u></b>

## Debt Service

## Revenue

22. Water User Fees increased from \$8,161,223 in FY 2020 to \$8,990,033 in FY 2021 based on the FY 2021 projected rate increase of 5% and a 1% decrease in consumption in FY 2020.
23. Flat Rates increased from \$18,389 in FY 2020 to \$20,769 in FY 2021 based on FY 2019 actual of \$20,769. This charge is for customers purchasing bulk water. Rates are set by City ordinance.
24. Fire Protection Rates increased from \$170,410 in FY 2020 to \$174,459 in FY 2021 based on FY 2019 actual of \$174,459. This fee is the demand charge for fire sprinkler head connection. The rates are set by City ordinance.
25. Taps decreased from \$33,000 in FY 2020 to \$26,591 in FY 2021 based on FY 2019 actual of \$26,591. This fee is charged to customers for 3/4" to 1" taps and represents the cost of labor and materials. The rates are set by City ordinance.
26. Tap Service increased from \$14,500 in FY 2020 to \$35,121 in FY 2021 based on FY 2019 actual of \$35,121. This fee is charged to customers for 2" taps and represents the actual cost of labor and materials. The rates are set by City ordinance.
27. Connection Charge Front Footage is unchanged from \$55,000 in FY 2020 to \$55,000 in FY 2021 based on a three-year average and planned new subdivisions. FY 2019 actual was \$144,708. This fee is charged to a new user when a connection is made to the City water supply. This represents the user share of the cost of the installation of the water main. Rates are set by City ordinance.
28. Backflow Prevention Administrative Fees increased from \$74,175 in FY 2020 to \$76,025 in FY 2021 based on actual number of accounts. FY 2019 actual was \$73,578. This is the \$25 annual fee charged to all customers with a backflow device.
29. Penalties for late payments increased from \$84,383 in FY 2020 to \$95,739 in FY 2021 based on FY 2019 actual of \$95,739.

30. Tower Monthly Rental increased from \$101,495 in FY 2020 to \$103,795 in FY 2021 based on water lease contract amounts. FY 2019 actual was \$141,804.
31. Sales Tax Collected decreased from \$520,583 in FY 2020 to \$461,701 in FY 2021 based on the rate increase for water fees. This line item off-sets the sales tax expense.

## Administration

### Mission & Services

The City of Dubuque Water Department is dedicated to producing and delivering drinking water that is in compliance with all state and federal drinking water standards. We continually strive to adopt new and better methods of delivering the best quality drinking water to the citizens of Dubuque in the most cost-effective manner. Water Department Administration is responsible for the preparation of operating and capital budgets, interacting with the state and federal regulatory agencies, evaluation and coordination of treatment facility operations and the water distribution system functions.

## Plant Operations and Maintenance

### Overview

Plant Operations and Maintenance ensures that water used for domestic, commercial and industrial purposes is high quality and is supplied to meet the needs our community. We are responsible for the management of equipment and treatment process of the City's drinking water in compliance with all federal and state water quality standards.

Over 200 tests per day are performed by water treatment plant operators. In addition to these tests, the Dubuque W&RRC Laboratory performs over 60 bacteriological analysis of the drinking water on a monthly basis. Other compliance-related testing is performed by the University of Iowa Hygienic Laboratory. All of these analytical measures ensure the water reaching homes is of drinking-water quality.

Plant Operations and Maintenance Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$2,427,854	\$2,468,782	\$2,510,781

## Water Distribution

### Mission & Services

The function of the Water Distribution Team is to safely transport potable water from the source to point of use. Distribution is also responsible for the machinery, equipment, materials and personnel required to repair main breaks; install water mains, control valves and fire hydrants and assist other sections of the Water Department. It is our goal to operate and maintain a water distribution system consistent with established procedures recognized by the American Water Works Association for efficient management practices and to meet Federal, State and local rules and regulations.

Water Distribution Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$2,691,664	\$2,328,838	\$2,817,199
Resources	\$9,299,582	\$10,378,220	\$11,192,514

Water Distribution Position Summary	
	FY 2021
Equipment Operator II	2.00
Water Distribution Maintenance Worker	4.00
Water Distribution Maintenance Worker	0.50
Water Distribution Foreman	1.00
Water Distribution Supervisor	1.00
Water Engineering Assistant	1.00
Custodian I	0.07
<b>Total FT Equivalent Employees</b>	<b>9.57</b>

### Performance Measures

#### City Council Goal: Financially Responsible, High-Performance Organization

Performance Measure (KPI)	Target	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
<b>1 Activity Objective: Ensure the integrity of the distribution system piping system.</b>					
# of breaks per 100 miles of pipe	<11	21	19	23	
Operation & 10% of system valves annually	775	128*	134*	775	
Hydrant effectiveness (out of service rate) <1% or 25FH	<1%	<1%	0%	<1%	
O&M costs for water per 100 miles of pipe (thousands per 100 miles)	<343**	398	311	508	

\* Insufficient data recorded during the reporting period.

\*\* Based on 3year running average

*The Water Department's Distribution Crew is available 24/7/365 to repair water mains and reduce service outages, minimizing the time customers are without water.*

**DID YOU KNOW?** The distribution system is composed of 325 miles of water mains ranging in diameter from 4" up to 30"; 7,750 control valves; and 2,541 fire hydrants

# WATER DEPARTMENT

## Water Meters & Backflow Prevention

### Mission & Services

The Water Meter Team provides dependable meter operations and maintenance. The work performed includes installation, testing, cleaning, repairing and and reassembling meters as required. The Meter Team also addresses pressure issues, performs water use investigations and manages the Backflow Prevention Program. The work is conducted in compliance with local, state and federal requirements.

Water Meters Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$517,031	\$494,598	\$539,806
Resources	\$151,704	\$119,138	\$141,279

Water Meters Position Summary	
	FY 2021
Water Meter Repair Worker I	2.00
Water Meter Repair Worker II	1.00
Water Meter Inspector	0.00
Water Distribution Maintenance Worker	1.00
Total Full-Time Equivalent Employee's	4.00

### Performance Measures

#### City Council Goal: Sustainable Environment

Performance Measure (KPI)	Target	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
<b>1 Activity Objective: Minimize the possibility of contamination in the distribution through the installation of backflow prevention devices.</b>					
High Hazard services, by definition, to participate in the backflow prevention program	100%	98%	99%	98%	

#### City Council Goal: Financially Responsible, High-Performance Organization

<b>1 Activity Objective: Respond to customer inquiries in a timely manner to maintain consumer confidence in the water utility.</b>					
Respond to technical meter service issues per 1,000 accounts	<150	137	178	199	
Enhanced meter reading accuracy, larger users: O&M on all large meters (>3") per AWWA standards (lg meter/yr)	24/yr	N/A	12/yr	24/yr

### Improvement Package Summary

#### 1 of 2

This improvement request is for an arc flash risk assessment of 17 lift stations (including 181 individual devices) and the WRRC Facility (including 710 individual devices). The assessment consists of the following 3 phases: Phase 1 - Data collection, Phase 2 - Engineering Analysis, Phase 3 - Labels, Label Deployment, and Training. OSHA requires employers to perform a PPE hazard assessment to determine necessary PPE. This assessment satisfies OSHA and NFPA 70E requirements for the assessment of workplace electrical safety. The assessment provides information and training necessary to maintain adequate protection for employees working on or around electrical components.

Related Cost:	<u>\$71,500</u>	Sanitary User Fee	Non-Recurring	<b>Recommend - Yes</b>
Sanitary User Fee Impact	0.71%			
Activity: Plant Operations				

#### 2 of 2

This improvement request is for four tablets with data service and one smartphone with voice and data service. The improvement will supply two Equipment Mechanics with one tablet each, one tablet for Operations staff, and one tablet and one smartphone for the Maintenance Supervisor. This will improve efficiency and connectivity by allowing staff to directly input work order details into the asset management system. Staff will also use equipment to research and source parts, communicate with staff and vendors. The improvement supports a data driven asset and facility management system.

Related Cost:	\$4,060	Sanitary User Fee	Non-Recurring	<b>Recommend - Yes</b>
Related Cost:	\$1,824	Sanitary User Fee	Recurring	
Total Cost:	<u>\$5,884</u>			
Sanitary User Fee Impact	0.06%			
Activity: Plant Operations				

### **Significant Line Items**

#### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense is increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$21,900 or 11.26%.
4. Overtime is unchanged from \$59,350 in FY 2020 to \$59,350 in FY 2021. FY 2019 actual was \$96,032.
5. Five-Year Retiree Sick leave payout increased from \$11,225 in FY 2020 to \$15,211 in FY 2021.
6. 50% Sick Leave Payout increased from \$0 in FY 2020 to \$3,740 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.

#### **Supplies & Services**

7. Property Insurance decreased from \$79,951 in FY 2020 to \$74,466 in FY 2021 based on FY 2019 actual plus 5%.
8. Sales Tax increased from \$324,762 in FY 2020 to \$345,618 in FY 2021 based on increased consumption. This expense is directly offset by sales tax revenue.
9. Electricity Utility Expense increased from \$424,777 in FY 2020 to \$579,001 in FY 2021 based on FY 2019 actual \$536,112 of plus 8%. Electrical expense for the W&RRC plant in FY 2021 is \$270,181, which includes decreased microturbine output and \$66,957 for the estimated BioResource Development electrical usage which will be reimbursed on a monthly basis. The lift station electrical expense in FY 2021 is estimated to be \$241,863..
10. Gas Utility Expense increased from \$87,710 in FY 2020 to \$109,180 in FY 2021 based on FY 2019 actual.
11. Property Maintenance increased from \$66,350 in FY 2020 to \$66,831 in FY 2021 based on FY 2019 actual.
12. Machinery and Equipment Maintenance increased from \$309,625 in FY 2020 to \$317,935 in FY 2021. FY 2019 actual was \$333,007. This results from increasing digester cleaning (+\$40,000) based on FY 2020 year-to-date actual costs, increasing pump, grinder, and mixer maintenance (+\$24,000) due to more frequent repair of equipment due to heavy wear from grit from I&I, and increased primary and final clarifier maintenance due to increased grit from I&I (+\$10,000). There is

a cost savings in this line item of \$50,000 due to the purchase of a pump trailer through an FY20 CIP. This line item represents samplers and lab equipment maintenance (\$3,174), digester cleaning (\$100,000), pump, grinder and mixer maintenance (\$60,000), primary and final clarifier maintenance (\$20,000), boiler treatment (\$6,000), siloxane media replacement (\$31,255), hydrogen sulfide media replacement (\$97,178), ultraviolet lamp replacement (\$25,500), water based parts washer maintenance (\$3,328), citric acid (\$1,000), backflow testing (\$2,500), monthly jetting of digester heat exchanger (\$3,000), and HVAC maintenance (\$15,000).

13. Equipment Maintenance Contract Expense decreased from \$77,293 in FY 2020 to \$76,490 in FY 2021 based on FY 2019 actual of \$72,867 plus 5%.
14. Lift Station Maintenance decreased from \$138,155 in FY 2020 to \$124,595 in FY 2021 based on a three year average. FY 2019 actual was \$112,200.
15. Polymer Expense increased from \$226,100 in FY 2020 to \$237,073 in FY 2021 based on FY 2019 actual of \$249,550 and adjusted for lower bid results in FY 2020.
16. Liquid Oxygen increased from \$427,536 in FY 2020 to \$467,041 in FY 2021. The FY 2021 budget includes \$28,362 for tank rental and \$438,679 for oxygen based on the expected loading and an 11.8% increase in bulk oxygen implemented in FY 2020. FY 2019 actual was \$420,741.
17. Hauling Service increased from \$274,300 in FY 2020 to \$304,900 in FY 2021. The increase is due to increased hauling due to digester cleanout and increased sludge production. This line item also contains bio-solids management fixed costs and hauling of drying pad material.

## **Machinery & Equipment**

18. Equipment replacement items include (\$28,380):

<u>Administration</u>	
Smart Phone	\$ 210
<u>Plant Operations</u>	
Shop Equipment	\$ 10,000
Cell Phones	\$ 2,980
<u>Environmental Monitoring</u>	
Laboratory Equipment	\$ 10,800
Smart Phone	\$ 210
<u>Fats, Oil, Grease</u>	
Test Equipment	\$ 500
<b>Recommended Improvement Packages</b>	<b>\$ 3,680</b>
<b>Total Equipment</b>	<b>\$ 28,380</b>

## Debt Service

19. Annual debt service payments for FY 2021 are as follows (\$5,336,494):

Amount	Debt Series	Source	Purpose	Final Payment	Call Date
\$ 61,050	G.O. 2017A	Sanitary Fees	Sanitary Sewer Improvements	2030	2025
\$ 94,990	G.O. 2018A	Sanitary Fees	Sanitary Sewer Improvements	2031	2026
\$ 44,086	G.O. 2012E	Sanitary Fees	Sanitary Forcemain Repairs	2032	2019

\$ 218,708	SRF 2009	Sanitary Fees	Meter Change-Out	2031	
\$ 3,697,220	SRF 2010	Sanitary Fees	W&RRC Plant Upgrade	2039	
\$ 186,320	SRF 2013	Sanitary Fees	W&RRC Cogeneration	2033	
\$ 168,660	SRF 2018	Sanitary Fees	Kerper Boulevard Sanitary	2038	
\$ 24,873	Planned	Sanitary Fees	Sanitary Projects	2040	
\$ 49,838	Planned	Sanitary Fees	Sanitary Projects	2041	
<u>\$ 5,336,494</u>	Total Sanitary Annual Debt Service				

## Revenue

20. Sewage Fees increased from \$10,116,942 in FY 2020 to \$10,954,278 in FY 2021 based on a 5.00% rate increase in FY 2021 and a 1% decrease in consumption in FY 2020.
21. Sewage dumping fees decreased from \$130,148 in FY 2020 to \$120,634 in FY 2021 based on FY 2019 actual of \$120,634.
22. Late Payment Penalties decreased from \$126,353 in FY 2020 to \$118,344 in FY 2021. The decrease is due to Rousselot installing a system improving industrial pre-treatment compliance.
23. The Water and Resource Recovery Center's pre-treatment largest industrial customers projected changes in revenues as follows:
- Prairie Farms increased from \$424,132 in FY 2020 to \$494,324 in FY 2021 based on FY 2020 year-to-date revenue plus 4%.
  - Inland Protein decreased from \$191,967 in FY 2020 to \$163,518 in FY 2021 based on FY 2020 year-to-date revenue tracking lower (\$13,102 per month) plus 4%.
  - Rousselot is increased from \$882,331 in FY 2020 to \$1,021,890 in FY 2021 based on FY 2020 year-to-date revenue tracking higher (\$81,882 per month) plus 4%.
24. High Strength Waste revenue decreased from \$189,644 in FY 2020 to \$171,999 in FY 2021 based on FY 2019 actual of \$171,999. This revenue represents other entities paying the City to take high strength waste which will be used in the anaerobic digesters to generate additional energy using the micro-turbines.
25. Gas Revenue decreased from \$221,609 in FY 2020 to \$158,686 in FY 2021. This line item represents 5% of the gross revenue for BioResource Development (\$12,000), lease of the site (\$10,000), staff time reimbursement (\$3,000), reimbursement of gas (\$51,023) and electric cost (\$82,663).

26. Fats, Oils and Grease Permit and Dumping fees decreased from \$24,614 in FY 2020 to \$23,996 in FY 2021 based on FY 2019 actual of \$23,996.

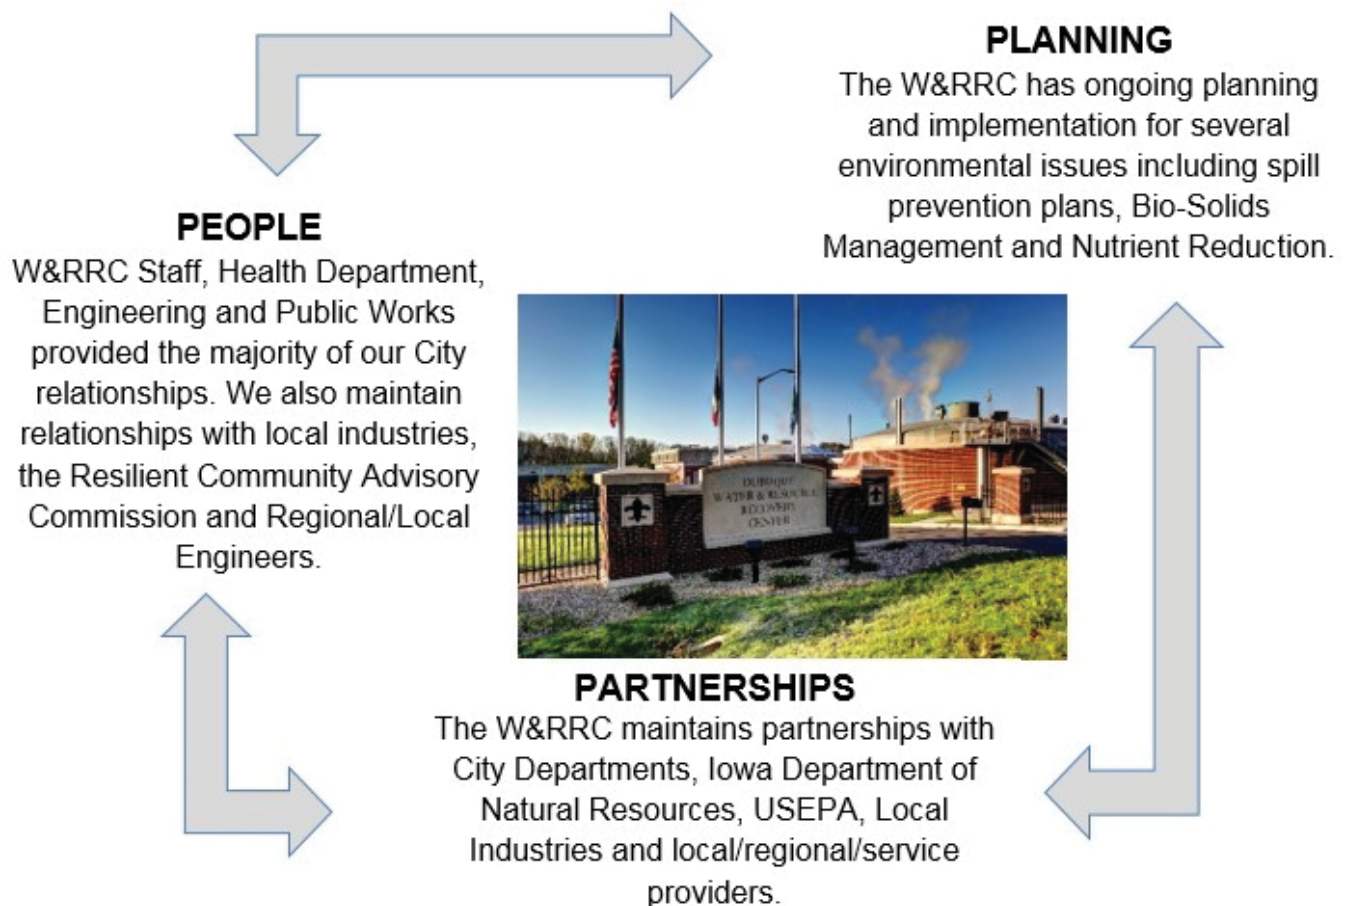

This page intentionally left blank.

# WATER & RESOURCE RECOVERY CENTER

The Water & Resource Recovery Center uses mechanical, physical, and biochemical processes to clean the wastewater produced by the community before it is returned to the environment. The process provides opportunities to extract resources from the water for use within the Center and the surrounding community.

## SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

# WATER & RESOURCE RECOVERY CENTER

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	15.00	15.00	15.00

## Resources

The Water Resource Recovery Center is supported by 15.00 full-time equivalent employees, which accounts for 25.91% of the department expense as seen below. Overall, the department's expenses are expected to increase by 5% in FY 2021 compared to FY 2020.

## Expenditures and Debt by Fiscal Year

# WATER & RESOURCE RECOVERY CENTER

## Operations and Maintenance

### Mission & Services

Operations and maintenance of the W&RRC consists of maintaining equipment and records necessary to collect, convey, treat and release the liquid wastes discharged into the sanitary sewer system as required by state and federal regulatory agencies at the lowest possible cost while sustaining appropriate maintenance programs for plant reliability; operating and maintaining 20 pumping stations located throughout the City of Dubuque; Repairing and maintaining all equipment required for the successful and efficient operation of the W&RRC. Stocking essential spare parts and maintaining records for effective operation of the W&RRC.

Operations and Maintenance Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$9,175,924	\$9,289,084	\$9,632,726
Resources	\$12,665,967	\$12,738,062	\$13,660,476

Operations and Maintenance Position Summary	
	FY 2021
WRRC MANAGER	1.00
MAINTENANCE SUPERVISOR WWT	1.00
W&RRC OPERATIONS SUPERVISOR	1.00
EQUIPMENT MECHANIC - WWT	2.00
INDUSTRIAL ELECTRONICS TECH	1.00
WRRC OPERATOR CERT GR II	2.00

CONFIDENTIAL ACCOUNT CLERK	1.00
<b>Total FT Equivalent Employees</b>	<b>11.00</b>

### Performance Measures

#### City Council Goal: Sustainable Environment

	Performance Measure (KPI)	Target	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
<b>1</b>	<b>Activity Objective: Maintain proper operation and maintenance of pumping stations throughout the City to ensure untreated wastewater is not discharged to streets, storm sewers, or creeks/rivers.</b>					
	# of avg. gallons of wastewater treated per day (in millions)	7	7.13	9.17	9.30	
	# of pumping station failures/outage incidents	0	4	4	3	
	# of operators with at least Grade II Certification	5	4	4	4	
<b>3</b>	<b>Activity Objective: Increase energy production for use at the W&amp;RRC.</b>					
	% of energy needs self-produced by the W&RRC	68.3	51.8	33.7	36.4	

# WATER & RESOURCE RECOVERY CENTER

## Environmental Monitoring

### Mission & Services

The Environmental Monitoring Section performs the chemical, biological and bacterial sampling and analysis associated with the operations of the W&RRC and assists in the operations of additional City Departments and the community by providing analytical services.

The function of the program is to eliminate from industrial sources those materials which may cause pass through and/or interference with the operation of the City of Dubuque's Publicly Owned Treatment Works. The program is aimed at eliminating Sanitary Sewer Overflows caused by the discharge of excessive amount of fats, oils and greases into the sanitary sewer system.

Environmental Monitoring Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$443,802	\$462,900	\$457,918
Resources	\$188,001	\$158,258	\$142,147

Environmental Monitoring Position Summary	
	FY 2021
Lab Supervisor	1.00
Lab Technician	2.00
Environmental Coordinator	1.00
<b>Total FT Equivalent Employees</b>	<b>4.00</b>

### Performance Measures

#### City Council Goal: Sustainable Environment

	Performance Measure (KPI)	Target	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
1	<b>Activity Objective: Maintain a Fats, Oil, and Grease (FOG) Program to protect the sanitary sewer system from blockages caused by excessive buildup, helping eliminate sanitary sewer overflows.</b>					
	# of sanitary sewer overflows caused by fats, oils, and grease	0	0	1	0	
2	<b>Activity Objective: Ensure a safe water supply in support of the Water Department.</b>					
	# of avg. water samples analyzed per week from various locations in the City	16	16	16	16

## Improvement Package Summary

### General Fund

#### **1 of 6**

This improvement request is for the Assistant Public Works Director to participate in Laserfiche software conference. This professional development will assist in streamlining processes and data capture capabilities to mitigate duplication in workflows and minimize human error. Laserfiche conference offers a variety of courses in workflow management and software engineer specific to the needs of Public Works to increase service level. This request supports the City Council goal of Financially Responsive, High Performance City Organization, Equitable and Effective Service Delivery.

Related Cost:	<u>\$ 3,600</u>	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	<u>\$ 0.0014</u>	0.01%		
Activity: Administration				

#### **2 of 6**

This improvement request is to provide funds for additional training for traffic signal technicians. This request allows one technician each year to attend the Traffic Expo in Reno, Nevada sponsored by the International Municipal Signal Association. This expo will provide technicians with technical training on the maintenance of traffic signal and street lighting controller systems. The Traffic Expo will also provide the opportunity for technicians to network with national experts and review new equipment used for traffic control and street lighting systems. This request supports the City Council goal of Financially Responsive, High Performance City Organization, Sustainable, Equitable and Effective Service Delivery.

Related Cost:	<u>\$ 3,500</u>	Tax Funds	Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	<u>\$ 0.0014</u>	0.01%		
Activity: Administration				

#### **3 of 6**

This improvement package is for the Assistant Public Works Director to complete a Data Analytics certificate program. This program is designed to assist with organizations becoming data-driven and high-performing focusing in the ability to: interpret data to inform business decisions, recognize trends, detect outliers, and summarize data sets, analyze relationships between variables, develop and test hypotheses, craft sound survey questions and draw conclusions from population samples, and implement regression analysis and other analytical techniques in Excel. This request supports the City Council goal of Financially Responsive, High Performance City Organization, Sustainable, Equitable and Effective Service Delivery.

Related Cost:	<u>\$ 1,600</u>	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Property Tax Impact:	<u>\$ 0.0006</u>	0.01%		
Activity: Administration				

#### **4 of 6**

This improvement request is for the Assistant Public Works Director to participate in the Cartegraph software conference. This professional development will assist in streamlining processes and data capture capabilities to mitigate duplication in workflows and minimize human error. Cartegraph conference offers a variety of courses in workflow management and software engineer specific to the needs of Public Works to increase service level. This request supports the City Council goal of Financially Responsive, High Performance City Organization, Equitable and Effective Service Delivery.

Related Cost:	<u>\$ 3,100</u>	Tax Funds	Recurring	<b>Recommend - No</b>
Property Tax Impact:	<u>\$ 0.0012</u>	0.01%		
Activity: Administration				

**5 of 6**

This improvement request is for the creation of one additional Traffic Signal Technician II position in the Public Works Department. This staffing level increase is requested to meet the rising demand for maintenance related to the traffic signal, street light and camera systems. In 1982 the department had two traffic signal technicians who maintained 70 controlled intersections and 65 streetlights. Over the last 38 years the system has increased in size to 115 controlled intersections, 2,484 streetlights and over 1,500 cameras while staffing levels have not increased. This funding request would increase the staffing level of our traffic signal technicians from two to three. This request is related to the council goal of Financially Responsible, High Performance City Organization, Sustainable, Equitable and Effective Service Delivery. The outcome of this request is to have a well-maintained City infrastructure.

**6 of 8**

This improvement request is for the creation of one full-time Data Analyst and Supervisor position in the Public Works Department. This staffing level increase is requested to meet the rising demand for data driven results. Since 2015, internal data entry has increased 54.5% amongst the 2.0 FTEs designated customer-oriented positions. In order to keep up with the needs of a growing municipality and fleet maintenance, the Data Analyst will focus on analysis and problem solving as it relates to data, types of data, and relationships among data elements within a business system or IT system. The goal is to lessen or mitigate reactionary maintenance that depletes emergency funds and previously allocated monies. This request is related to the council goal of financially responsible, high performance city organization, sustainable, equitable and effective service delivery. The outcome of this request is to have a well maintained City infrastructure and fleet, based on data driven proactive maintenance, while providing excellent customer service by guiding customer service oriented positions.

**7 of 8**

This improvement request is for the purchase of one tablet and a yearly data plan for the tablet. The tablet would be used by the Public Works Field Supervisor to access mobile GIS used to locate underground utilities while working in the field. Access to mobile GIS by field staff make the employee more efficient in the field when following up on citizen requests that are related to underground utilities. This request supports the City Council goal of Financially Responsible, High-Performance City Organization, Sustainable, Equitable and Effective Service Delivery.

Activity: Street Maintenance				

## 8 of 8

This improvement request is for an additional Utility Worker Apprentice position for the street maintenance activity. The Public Works Department is faced with a shortage of diverse and qualified entry level applicants. The department currently has one Utility Worker Apprentice position and this request is to create a second position in the street maintenance activity. This position allows the department to build a diverse workforce by providing structured and supervised on-the-job training and classroom-related training through a partnership with IowaWorks and NICC, union representatives, and Public Works field staff. This request supports the City Council goal of Financially Responsible, High Performance City Organization, Sustainable, Equitable and Effective Service Delivery.

Related Cost:                      \$    56,554    Road Use Tax                      Recurring                      **Recommend - No**  
Activity: Street Maintenance

## Landfill

### 1 of 1

This improvement request is for additional funding for training the landfill foreman. The request provides funding for the landfill foremen to attend the ISOSWO spring and fall conferences. One of the ways to provide learning opportunities for a talented but untrained workforce is to provide peer to peer training available by attending conferences related to their fields of responsibility. These training events will provide the landfill foreman needed continual training opportunities. This request supports the City Council goal of Financially Responsible, High-Performance City Organization, Sustainable, Equitable and Effective Service Delivery.

Related Cost:                      \$    1,240    Landfill Fund                      Recurring                      **Recommend - Yes**  
Activity: Landfill

## Solid Waste Collection Fund

### 1 of 1

This improvement request is for the Resource Management and Coordinator to participate in the Leading, Educating and Developing (LEAD) program. Lead is a one-week leadership training program that focusing on training public leaders how to create effective, high performance local governments.

Below are general topic and themes for the program:

- Engagement in the Workforce
- Organizational Assessment
- Team Development
- The Learning Cycle/The Learning Organizations
- Leadership at all Level and the Network Talent Model-Microbusiness in Local Government
- Emotional Intelligence

This request supports the City Council goal of Financially Responsible, High Performance City Organization, Sustainable, Equitable and Effective Service Delivery.

Related Cost:                      \$    4,650    Solid Waste User Fees                      Non-Recurring                      **Recommend - Yes**  
Solid Waste Rate Impact:                      0.13%  
Activity: Solid Waste Collection

## Significant Line Items

### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020. The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense is increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$188,697 or 11.26%.
4. Workers' Compensation increased from \$338,053 in FY 2020 to \$357,578 in FY 2021. FY 2019 actual was \$362,857. The Iowa Workers Compensation law changed effective July 1, 2017. This law change reduced the amount of liability employers incur for certain work-related injuries.
5. Overtime is unchanged from \$324,391 in FY 2020 to \$324,391 in FY 2021. FY 2019 actual was \$551,017.
6. Five-Year Retiree Sick leave payout decreased from \$40,307 in FY 2020 to \$37,321 in FY 2021.
7. During Fiscal Year 2020, the following personnel changes were approved (net change +0.32 FTE):
  - a. -0.68 FTE Part-Time Clerical Assistant position eliminated (-\$21,478)
  - b. +1.0 FTE Full-Time Secretary position added (+\$70,012)

### **Supplies & Services**

8. General Liability Insurance decreased from \$140,398 in FY 2020 to \$139,050 in FY 2021 based on FY 2019 actual plus 5%.
9. Property Insurance decreased from \$99,011 in FY 2020 to \$66,850 in FY 2021. The decrease is due to the pollution liability policy paid for the Landfill in FY 2020, which is an expense every three years.
10. Repair Parts and Supplies increased from \$96,477 in FY 2020 to \$112,807 in FY 2021 based on FY 2019 actual of \$105,071. Floodwall increased \$7,364 based on FY 2019 actual. Sanitary Sewer Maintenance increased \$3,061 based on FY 2019 actual. Landfill decreased \$2,642 based on FY 2019 actual.
11. Electric Utility Expense increased from \$148,968 in FY 2020 to \$160,731 in FY 2021. This line item represents lighting at the Municipal Services Center and the Central Street Storage Facilities (formally the Jule Bus Facility on Central Avenue) and payments to Eagle Point Energy. FY 2019 actual was \$164,919. Floodwall increased from \$34,233 in FY 2020 to \$42,412 in FY 2021. Storm Sewer increased from \$1,469 in FY 2020 to \$1,963 in FY 2021. Landfill increased from \$16,436 in FY 2020 to \$20,164 in FY 2021 and Landfill Gas System increased from \$5,657 in FY 2020 to \$7,476 in FY 2021.
12. Street Lighting increased from \$650,451 in FY 2020 to \$870,536 in FY 2021 based on FY 2019 actual less one-time expenses plus additional street lights that were added plus 10%. The street lighting budget is split \$35,506 general fund and \$834,850 Road Use Tax fund in FY 2021.

13. Property Maintenance decreased from \$236,351 in FY 2020 to \$202,689 in FY 2021. FY 2019 actual was \$141,306. Public Works Garage decreased \$(24,663) based on FY 2019 . Solid Waste Collection decreased \$(5,710) which is a net result of an additional \$15,000 for painting and paving of the Municipal Services Center parking lots and reducing by \$20,000 for the one-time expense of caulking repair to the Municipal Services Center in FY2020. Port of Dubuque decreased -\$16,560 based on FY2019 one-time expenses for conference preparation.
14. Motor Vehicle Fuel increased from \$259,157 in FY 2020 to \$311,432 in FY 2021 based on FY 2020 actual plus 20%. FY 2019 actual was \$384,708.
15. Motor Vehicle Maintenance decreased from \$480,340 in FY 2020 to \$440,940 in FY 2021 based on FY 2019 actual of \$432,293 plus 2%.
16. Motor Vehicle Maintenance Outsourced decreased from \$115,509 in FY 2020 to \$111,329 in FY 2021 based on FY 2019 actual plus 1%.
17. Machinery and Equipment Maintenance increased from \$648,041 in FY 2020 to \$676,884 in FY 2021. FY 2019 actual was \$736,241. Snow and Ice Control increased \$36,508 based on a three-year average. Garage increased \$9,432 based on FY 2019 actual. Storm Sewer maintenance increased \$5,359 based on a 3-year average.
18. Machinery and Equipment Maintenance Outsourced decreased from \$151,759 in FY 2020 to \$89,476 in FY 2021. FY 2019 actual was \$109,517. Sanitary Sewer Maintenance decreased \$2,077 based on FY 2019 actual. Landfill decreased \$84,956 based on FY 2019 actual and a new bulldozer and new compactor under warranty. Snow and Ice Control increased \$21,472 based on FY 2019 actual.
19. Asphalt decreased from \$729,214 in FY 2020 to \$712,960 in FY 2021 based on purchasing 13,145 tons of hot and cold mix asphalt, completing five center line street miles, and a 6% increase over FY 2019 bid prices. FY 2019 actual was \$506,878 (\$506,878 Road Use Tax Funds and \$0 Community Development Block Funds).
20. Concrete decreased from \$154,591 in FY 2020 to \$138,174 in FY 2021 based on buying 1,500 cubic yards of concrete and k-crete and based on FY 2019 actual of \$137,067 plus 1%.
21. Stone increased from \$109,746 in FY 2020 to \$118,393 in FY 2021 based on FY 2019 actual of \$106,255. This line item represents the purchase of 2,700 tons of stone for street maintenance (\$36,704), stone for repairing sanitary sewer and storm sewer street excavations (\$3,021), and stone for resurfacing Landfill gravel roads and cell face access lanes (\$78,668).
22. Road Salt for Snow and Ice Control increased from \$333,905 in FY 2020 to \$350,955 in FY 2021. Road Salt increased \$17,050 based on the purchase of 5,500 tons of road salt at \$63.81 per ton (In FY 2020 budget is based on the purchase of 5,500 tons at \$60.71 per ton).
23. Road Salt for Bid Partners increased from \$151,775 in FY 2020 to \$478,575 in FY 2021. Bid partner salt increased \$326,800 based on the purchase of 7,500 tons at \$63.81 per ton (In FY 2020 the budget is based on the purchase of 2,500 tons at \$60.71 per ton) which is off-set from the revenue of salt purchased by bid partners.
24. Consulting Engineers decreased from \$207,927 in FY 2020 to \$161,454 in FY 2021. FY 2019 actual was \$109,829. The majority of this line item is for the engineering consulting firm contracted by the Landfill to complete bi-annual IDNR engineer's reports, hydrological monitoring reports, and air permit reports and the management of the landfill gas collection system. The decrease is due to

a one-time expense of \$40,000 included in the Landfill budget in FY2020 for anticipated engineering fees for a corrective action project.

25. Landfill Fees increased from \$498,734 in FY 2020 to \$521,342 in FY 2021. FY 2019 actual was \$504,824. Solid Waste Collection increased \$22,781 based on FY 2019 actual tons collected of 11,569 at the estimated FY 2021 fee per ton of 36.19 (2% increase).
26. Payment to Iowa DNR unchanged from \$304,500 in FY 2020 to \$304,500 in FY 2021. FY 2019 actual was \$296,912. This line item represents the amount paid by the Landfill based on tonnage. FY 2021 is based on 145,000 tons at \$2.10 per ton and FY 2020 was based on 145,000 tons at \$2.10 per ton.
27. Pay to Other Agency increased from \$235,588 in FY 2020 to \$343,285 in FY 2021. FY 2019 actual was \$216,408. This line item includes the processing and marketing of recyclable materials of \$60,943 based on FY 2019 actual, Landfill quarterly tonnage payments to Delaware county \$15,985, Landfill collection and disposal of household, farm and small business chemicals, fluorescent light bulbs, paint and medical sharps \$80,737, E-waste contractor for \$78,580 based on FY 2019 actual plus 3.00%, Rural Recycling transportation and processing of 14 recyclables drop off sites \$107,040 (increase from 10 recyclable drop off sites in FY 2020).
28. The administrative overhead recharge increased from \$1,443,513 in FY 2020 to \$1,612,328 in FY 2021.
29. Hauling Services decreased from \$68,630 in FY 2020 to \$53,027 in FY 2021. FY 2019 actual was \$83,315. The decrease is due to snow removal in the Port of Dubuque moved from this line item to the snow plowing line item. This line item represents snow removal in downtown streets and alleys (\$50,000) and a private contractor to haul stone from area quarries for the Landfill (\$3,027).

## **Machinery & Equipment**

30. Equipment replacement items (\$218,401) includes:

<b>Public Works Equipment Replacements</b>		
<b><u>Administration</u></b>		
Smart Phone (2)	\$	692
<b><u>Riverfront Management</u></b>

\$ 4,745	G.O. Series 2017A	Solid Waste Fees	Solid Waste Trucks	2031	2025
\$ 2,531	G.O. Series 2018A	Sales Tax 20%	Radio Replacement	2028	2026
\$ 309,334	Dubuque County - G.O. Series 2014	Landfill Fees	Landfill Improvements	2034	2022
\$ 354,025	Dubuque County - G.O. Series 2016	Landfill Fees	Landfill Improvements	2036	2024
<u>\$ 803,259</u>	Total Public Works Annual Debt Service				

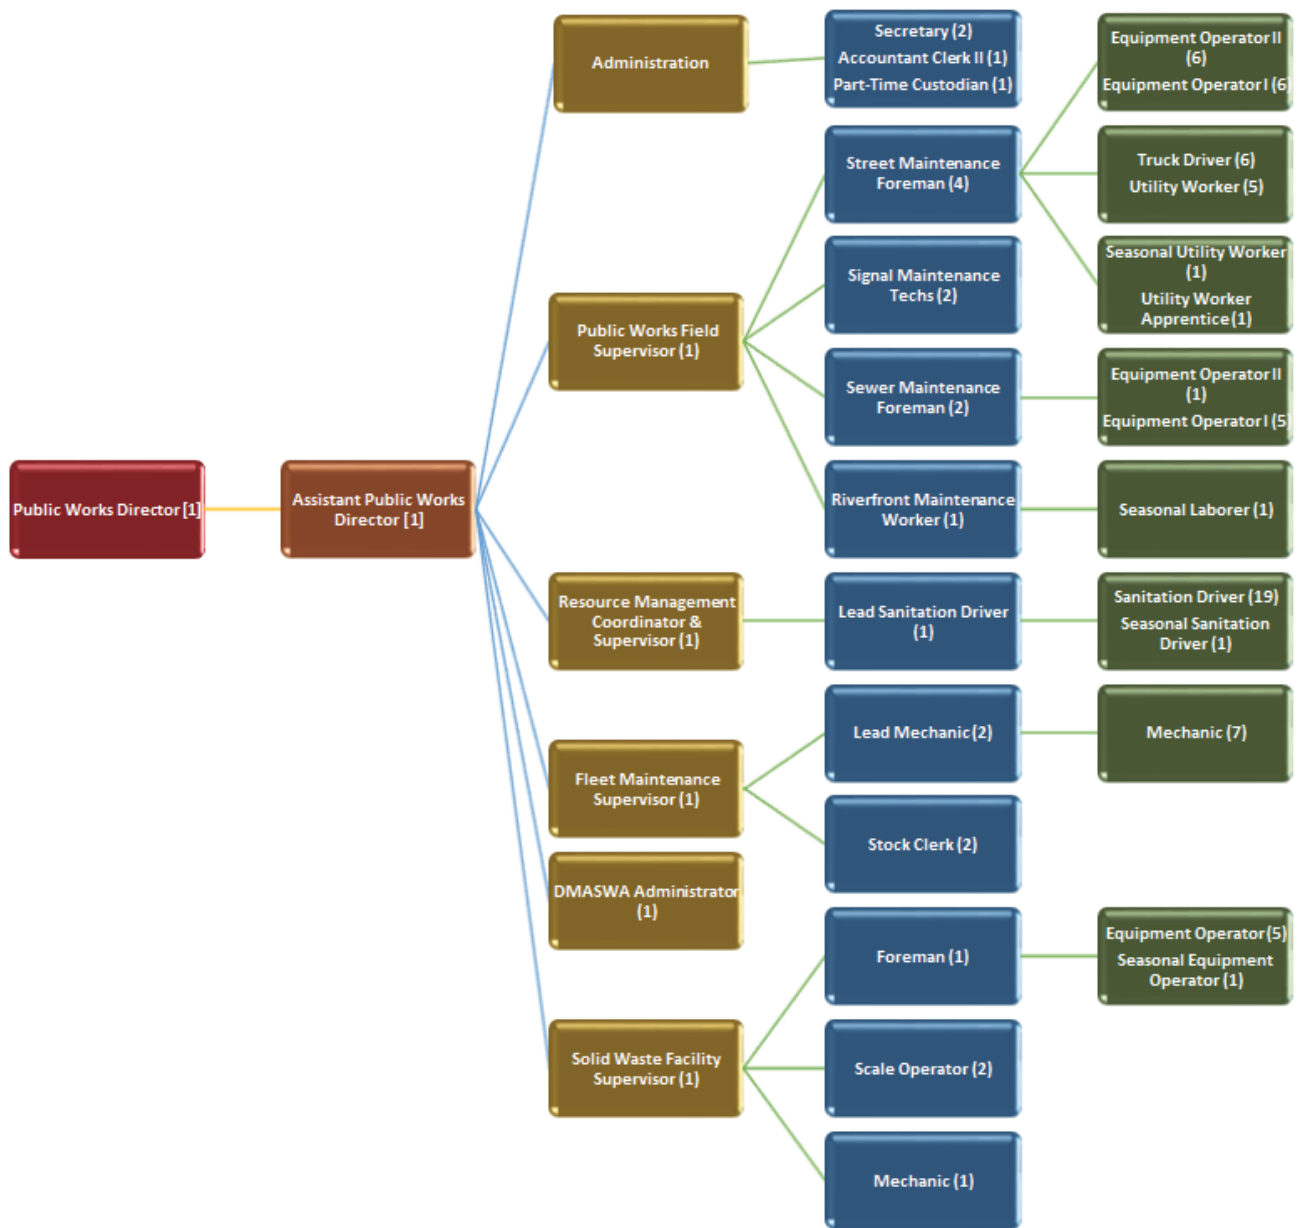

## Revenue

31. Solid Waste monthly base fees increased from FY20 Budget of \$3,488,744 to \$3,708,036 in FY 2021 which is a \$219,292 increase in revenue. This line item is based on FY 2019 actual of \$3,386,383 plus the FY 2020 rate increase of 1.63% and the FY 2021 recommended rate increase of 7.68%.
32. Tipper Carts and extra/oversize can subscriptions increased from \$566,143 in FY 2020 to \$737,976 in FY 2021 based on FY 2019 actual of \$627,215 and the addition of 250 additional cart services added in FY 2020.
33. Refuse Single Use Stickers decreased from \$101,457 in FY 2020 to \$97,960 in FY 2021 based on FY 2019 actual of \$97,960.
34. Yard Waste Annual Sticker/Single Use/Brush Ties decreased from \$125,117 in FY 2020 to \$123,966 in FY 2021 based on a three-year average. FY 2019 actual was \$120,799.
35. Purina Drive Salt Operations represent the purchase and sale of salt for the City's bid partners. The FY 2021 budget includes \$478,575 in salt sales, \$45,300 in salt handling fees, and \$37,050 in salt storage.
36. The Solid Waste Agency payment decreased from \$4,185,735 in FY 2020 to \$4,167,572 in FY 2021. Departmental employees operate the landfill, yard waste, e-waste, recycling drop-off and household hazardous regional collection center facilities owned by the Dubuque Metropolitan Area Solid Waste Agency (DMASWA). Department employees also provide education and communication support services. The department is compensated for all operating expenses incurred. Revenue estimates are based on anticipated tonnages and fee schedule for FY 2021.

37. Garage personnel maintain and repair vehicles and equipment of all city departments and divisions except Airport. Labor costs are assessed using actual time charged out to each department at projected FY 2021 overhead rate of \$74.36 which is unchanged from the FY 2020 overhead rate of \$74.36. Revenue is also received from recharges to users for parts and fuel purchased from the vehicle maintenance garage inventory.

The following is a summary of the operating expenses and revenues for the City Garage:

<b>City Garage</b>	<b>FY 2019 Actual</b>	<b>FY 2020 Budget</b>	<b>FY 2021 Requested</b>	<b>% Change From FY 2020 Budget</b>
<u>Expenses</u>				
Employee Expense	1,009,553	1,017,538	1,048,574	3.1 %
Supplies and Services	157,478	187,639	168,062	(10.4)%
Garage Stores	1,030,187	982,039	1,052,870	7.2 %
Machinery and Equipment	45,188	5,000	31,050	521.0 %
Total Expenses	2,242,406	2,192,216	2,300,556	4.9 %
<u>Resources</u>				
Specialized Services	1,202,340	1,255,489	1,270,922	1.2 %

<b>Total FT Equivalent Employees</b>	<b>5.00</b>

### Performance Measures

#### City Council Goal: Financially Responsible, High-Performance Organization

	Performance Measure (KPI)	Target	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
<b>1</b>	<b>Activity Objective: Provide effective and timely response to resident requests for information and service to avoid disruption in residents' daily lives.</b>					
	Avg. time to respond to resident requests for non-emergency action	< 96 hrs	N/A	75 hrs	72 hrs	
	% of phone support answer rate	>95%	N/A	N/A	70%	
	# of requests for service for Public Works (via online Citizen Support Center)	N/A	10,522	10,945	11,500	N/A

*Citizens frequently assume that the many essential services provided by the Public Works Department are supported by 24/7 staffing. Since that is not the case, responses to citizen inquiries and requests for non-essential service can take as long as 96 hours to complete.*

# PUBLIC WORKS

## Street Maintenance

### Mission & Services

Provide for the safe and efficient movement of motor vehicles on City streets and alleys and the safe movement of pedestrians on public sidewalks and steps maintained by the department. Also, safeguard public health and provide for the general welfare of residents and visitors to the community through street sweeping and weed-cutting on City-owned properties and along City right-of-way. Responsibilities include [street maintenance](#), street cleaning, [snow and ice control](#), [street light and traffic light maintenance](#), and [street signs and markings](#).

Street Maintenance Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$5,790,316	\$5,964,661	\$6,156,354

## Sewer Maintenance

### Mission & Services

Sewer Maintenance provides for a safe and clean municipal environment by inspecting, cleaning and repairing Dubuque's sanitary and storm water sewers. Dubuque's sanitary sewer system 309 miles of gravity-flow pipe and 7,642 manholes. Department workers also inspect, clean and repair Dubuque's stormwater sewer system, which consists of 152 miles of pipe, 6,301 catch basins, and 1,997 manholes.

Sewer Maintenance Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$1,090,002	\$1,016,780	\$952,998
Resources	\$1,090,002	\$1,016,780	\$952,998

Sewer Maintenance Position Summary	
	FY 2021
Foreman - Sanitary	0.92
Foreman - Storm	0.82
Field Supervisor - Storm	0.00
Equipment Operator I - Sanitary	2.97

## Solid Waste Resource Management

### Mission & Services

The Solid Waste Resource Management Activity provides City [curbside collection](#) services that reduce public health risks and improve community livability, while seeking to optimize materials diversion away from landfilling. The [Public Works Department](#) provides equitable refuse collection and disposal service to over 20,000 residential and small business customers through the City's Pay-As-You Throw (PAYT) program. Other responsibilities include: monitoring City compliance with all collection-related environmental and safety regulations, facilitating community aesthetic improvements, providing for efficient [collection of recyclable materials](#), [large item collection](#), and curbside collection of [yard debris](#) materials (grass, leaves and brush), [food scraps](#), and compostable paper.

Resource Management Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$3,990,536	\$3,949,508	\$4,247,491
Resources	\$4,383,908	\$4,400,323	\$4,800,653

Resource Management Position Summary	
	FY 2021
Resource Management Coordinator	1.00
Lead Sanitation Driver	1.00
Sanitation Driver	17.00
Sanitation Laborer	1.00
Custodial I	0.08
Seasonal Sanitation Driver	0.67
<b>Total FT Equivalent Employees</b>	<b>20.75</b>

### Performance Measures

#### City Council Goal: Sustainable Environment

	Performance Measure (KPI)	Target	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
<b>1</b>	<b>Activity Objective: Increase overall waste diversion rate of City collection materials by 1% per capita annually.</b>					
	% of refuse as the total municipal materials collected	-1% Annually	72%	73%	72%	
	% of recycling as the total municipal materials collected	Maintain	20%	19%	19%	
	% yard waste and food scrap as the total municipal materials collected	+1% Annually	8%	8%	9%	
	# of downloads of City's <a href="#">ReThink Waste</a> app	+131 Annually	783	1,069	1,200	
<b>2</b>	<b>Activity Objective: Increase expanded use of City-owned wheeled collection carts.</b>					
	# of refuse - wheeled cart subscribers (64-gal + 96-gal)	+450 Annually	1,686	2,217	2,667	
	# of recycling - wheeled cart subscribers (95 gal)	+30 Annually	1,317	1,601	1,630

## Improvement Package Summary

### **1 of 10**

This improvement request is to upgrade an existing, vacant position within the Engineering Department from an Engineering Technician (GE-31) to Civil Engineer (GE-38). The Civil Engineer position would be staffed with an individual with environmental/water resource expertise. The Civil Engineer would oversee activities associated with the compliance with the City's National Pollution Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) permit and that portion of the City's NPDES wastewater treatment permit (and associated consent decree with the EPA) related to the sanitary sewer collection system. In addition, the improvement request would provide an additional \$50,000 for growing the City's partnership with Dubuque County and the Dubuque Soil & Water Conservation District through an existing 28e agreement. The total cost of the improvement package (recurring) would be \$66,449.00, split between the stormwater utility (+\$19,731) and sanitary sewer (+\$46,736) funds.

Related Cost:	\$5,485	Sanitary User Fee	Recurring	<b>Recommend - Yes</b>
Related Cost:	\$46,344	Internal Service Fund	Recurring	
Related Cost:	\$65,969	Stormwater User Fee	Recurring	
Related Cost Savings:	\$48,722	Stormwater User Fee	Recurring	
Total Cost:	<u>69,076</u>			
Stormwater User Fee Impact	1.36%			
Sanitary User Fee Impact	0.54%			
Activity: Stormwater/Sanitary				

## 2 of 10

This decision package would provide for a full-time employee in the position of Camera Systems Technician (Camera and Traffic Networking GE-28B). The city has roughly 1,200 cameras to manage. Approximately 2 - 5% of the cameras are down at any one time. Maintenance of the existing system is overwhelming field staff constantly and additional help is needed to fulfill new camera requests while also providing assistance to the maintenance and upgrading of existing systems. The addition of a Camera Systems Technician would significantly reduce camera downtime, and improve the reliability and functionality of the citywide traffic camera surveillance system. This position would be utilized to shorten camera repair response time, while at the same time reduce ongoing installation and maintenance costs associated with outsourcing these services to commercial vendors. Currently many of the City's cameras and associated networking equipment are out of service on a regular basis. The lack of available city staff to respond to service requests leads to a delay in restoration of services, sometimes taking weeks at a time to restore equipment. The City of Dubuque's camera surveillance system is heavily leveraged by many departments and has become a key component of the City's public safety infrastructure. The system is used daily for several observational tasks including dispatcher reference, vehicle accident investigations, traffic flow improvement operations, drug task force investigations, construction project inspection, construction contractor claims investigation, emergency management storm event tracking, parking division monitoring and various other types of criminal investigations. The Camera Systems Technician would provide the following services to the department:

1. Configure, install and test low voltage communications.
2. Install and configure IP equipment in the field and in the Traffic Operations Center. This includes items such as cameras, network equipment, vehicle detection sensors, street lighting controllers, and other camera and vehicle transportation control system equipment.
3. Install and maintain automated control systems operation for enhance traffic flow, including, but not limited to: radio, cellular, fiber, and Ethernet communications systems, programmable logic controller hardware and software maintenance.
4. Knowledge and hands on experience of surge protection including proper grounding and bonding techniques to provide greater protection to City infrastructure from lightning strikes.
5. Application of the NEC, NEMA and MUTCD standards to the traffic camera surveillance system.
6. Knowledge and experience in servicing fiber optic communication systems.
7. Electrical schematic and construction plan reading.
8. Construction inspection related to traffic camera surveillance systems.

This improvement package supports the organizational goal of Financially Responsible City Government and High Performance City Organization and Partnership for a Better Dubuque, and Connected Community. It also aides in the Management Agenda High Priority of Community Security /Surveillance System Expansion because it will allow new camera placements at a quicker rate, higher quality data provided with timely equipment upgrades, and an additional staff member to aide in all aspects of camera maintenance.

Related Cost:	\$33,777	General Fund	Recurring	<b>Recommend - Yes</b>
Related Cost:	\$32,672	Internal Service Fund	Recurring	
Related Cost:	\$10,300	General Fund	Non-Recurring	
Total Cost:	<u>\$76,749</u>			
Property Tax Impact:	\$ 0.0173	0.17%		
Activity: Traffic Engineering				

### 3 of 10

This decision package would provide for the upgrading from a small car to a small 4-wheel drive pickup. The traffic engineer position needs to ability to go onto unimproved construction sites, jump curbs, etc in performance of their work. Additionally, a small car is not conducive to carrying traffic paint and aerosol cans, lathe, flags and other equipment. This vehicle also would carry the engineering department drone and requires more room than a small car. This improvement directly relates to Connected Community.

Related Cost:	\$ 7,500	Tax Funds	Non-Recurring	<b>Recommend - No</b>
Property Tax Impact:	\$ 0.003	0.03%		
Activity: Traffic Engineering				

### 4 of 10

This decision package would provide for additional funding to maintain and rehab ditches within city right-of-way or on city property. Maintenance includes such things as mowing, vegetation removal, debris removal. Rehab includes minor grading and re-seeding. The additional funding will allow the City to hire contractors to better maintain ditches that are part of the overall public municipal separate storm sewer system (MS4) permitted as part of the federal clean water act. Currently, the City has been allocating \$5,000 per year for this activity. The addition \$10,000 will allow the City to address more ditch maintenance related issues on a more timely basis.

Related Cost:	\$ 10,000	Stormwater User Fee	Recurring	<b>Recommend - Yes</b>
Stormwater User Fee Impact	0.21%			
Activity: Stormwater				

### 5 of 10

This improvement package would provide the funding to join the Iowa Stormwater Education Partnership (ISWEP). ISWEP is a member-driven organization formed in 2004 to address the educational needs of cities and others impacted by federal stormwater regulations. ISWEP focuses on two things: creating and providing its members with educational tools and resources and providing training. The educational tools can be used to help inform the public about the importance of clean stormwater and how to prevent pollution and soak up more rainfall and . They have been developed for various target audiences including city staff and councils, homeowners, builders, developers, contractors, business owners, and children. The training programs help to establish statewide standards to assist with implementation of stormwater regulations that includes the use and maintenance of appropriate pollution prevention practices. Events are held across the state every year. Additional training events address green infrastructure and urban stormwater management. The majority of Municipal Storm Sewer System (MS4) cities in Iowa are members of ISWEP. We are also comprised of educational organizations, professional firms, businesses, and individuals. Even though Dubuque has a robust stormwater and watershed program, citizens would benefit from further enhanced programs. Membership will also allow for the City to better share and collaborate with other communities across the state who deal with similar opportunities and challenges as Dubuque.

Related Cost:	<u>\$ 5,250</u>	Stormwater User Fee	Recurring	<b>Recommend - Yes</b>
Stormwater User Fee Impact	0.11%			
Activity: Stormwater				

## 6 of 10

This improvement package would provide the funding for adding automatic vehicle monitoring technology to all department vehicles. On a daily basis the Engineering Department staff make numerous daily trips from city hall to various project and inspection sites. For most personnel in the office, a trip into the field often results at multiple location stops during one trip. If better information was available relative to which staff were actively working in certain areas of the city, new requests for inspections or site visits could be dispatched by department administration staff in a much more efficient way. By eliminating unnecessary travel time, staff productivity will be increased.

Related Cost:	\$ 6,000	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>
Related Cost:	\$ 1,000	Stormwater User Fees	Non-Recurring	
Related Cost:	\$ 1,500	Sanitary User Fees	Non-Recurring	
Related Cost:	\$ 1,440	Tax Funds	Recurring	
Related Cost:	\$ 240	Stormwater User Fees	Recurring	
Related Cost:	\$ 360	Sanitary User Fees	Recurring	
Total Cost:	<u>\$ 10,540</u>			
Property Tax Impact:	\$ 0.0029	0.03%		
Stormwater User Fee Impact:	0.03%			
Sanitary User Fee Impact:	0.02%			
Activity: Project Engineering				

## 7 of 10

This decision package is for limited grant funding to assist low to moderate income individuals who lack financial capacity to pay for clearing of snow from sidewalks along public roadways. In past years the City has had to direct hire contractors to remove snow from public sidewalks adjacent to private residences. In some situations age or a physical disability prevents some homeowners from removing the snow themselves. The Engineering Department has also found that some of these individuals do not have the option to request assistance from friends or family. If this request is approved an application and financial assistance program formula will be developed. Assistance will go directly toward offsetting the cost of snow removal on a one-time or two-time per season basis until all funding is exhausted.

Related Cost:	<u>\$ 5,000</u>	Tax Funds	Recurring	Recommend - Yes
Property Tax Impact:	\$ 0.002	0.02%		
Activity: Project Engineering				

## 8 of 10

This decision package is for a Traffic Intern (NA-34D, 624 hours annually, 0.30 FTE). This position would provide for an intern to be able to initially populate the database and make updates to reflect the continual changes that are happening as the result of new public-private partnerships, new city equipment installations, repairs, or modifications. The City's broadband public-private partnership initiative has been highly successful. In just the past two years the city has entered into numerous conduit or fiber optic cable sharing agreements with private entities that has resulted in a significant expansion of the City's fiber network or making multiple broadband service providers available to city businesses and residents. The time spent by city staff managing the locations and specific types of infrastructure shared as part of these agreements has grown significantly in the past two years. As future public-private partnerships are proposed, city staff is required to make trips to the field to inspect the roadside infrastructure in order to determine what city-owned broadband infrastructure is still remaining and available to be shared. In order to improve efficiently and best manage our infrastructure, the Engineering and Information Services Departments have recently invested in an industry specific software which actively manages fiber and conduit utilization in a database. Since none of the City's broadband infrastructure has been stored in this type of format, considerable time and effort is needed to initially populate the database with all

infrastructure that is owned by the City, including fiber counts, conduit configurations, traffic cabinets and server rack locations, rack mounted equipment at each location, and cable connections between various rack mounted equipment. An up-to-date and accurate database will save numerous hours of full time staff having to make site visits in order to assess and inventory existing city-owned broadband infrastructure.

Related Cost:	<u>\$ 10,438</u>	Tax Funds	Recurring	<b>Recommend - No</b>
Property Tax Impact:	\$ 0.0041	0.04%		
Activity: Traffic Engineering				

## 9 of 10

This decision package is for fire extinguisher for each department assigned vehicle. All the Engineering vehicles regularly visit construction sites which can be inherently dangerous. Having fire extinguishers readily available on construction sites is an industry best practice and if ever needed can be essential in extinguishing any potential fires before they grow into catastrophic events. Since the vehicles travel extensively throughout Dubuque on a daily basis, having a fire extinguisher on board also provides a secondary benefit to Dubuque residents if one were ever needed in an emergency and staff happened to be nearby.

Related Cost:	\$ 720	Tax Funds	Non-Recurring	<b>Recommend - Yes</b>

Property Tax Impact:	\$ 0.0003	0.004%		
Stormwater User Fee Impact:	0.003%			
Sanitary User Fee Impact:	0.002%			
Activity: Project Engineering				

## 10 of 10

This decision package is for software to manage critical fiber infrastructure. Most of today's critical infrastructure is controlled by complex network communications. These communications usually run via fiber optic and wireless connectivity. The platform for these communications is Ethernet which is comprised of a series of switches and computer equipment that runs across these communication lines. This same system connects employees together on their computers and phones also connects critical infrastructure used for water, flood control, storm sewer, wastewater, city surveillance, traffic control, Police and Fire communications, code blue phones and other critical public safety infrastructure. These systems will continue to grow and expand as the Internet of Things's expand. The importance of keeping these networks running at their optimal level is of vital importance. Troubleshooting these system to find the root cause of the network failure issue can be very laborious to nearly impossible without the supporting tools needed for this specialized task. This Path Solutions software was developed to resolve these critical network issues quickly and reduce the City's dependency on outside vendors for this type of help. In traffic, there is a vast network of equipment that demands constant care. There are intermittent users, which can actually create a void in performance since staff is not notified of issues when the problems arise. At times network problems occur when nobody is using or monitoring a particular network device. An example of this is the recording of surveillance footage on the video management software. Often staff is asked to pull footage of an occurrence that happened weeks ago. When pulling this footage, the video jumps and sometimes misses several seconds of video frames during critical moments that may be needed to solve a crime or accident investigation. These skipped frames are due to glitches in the network and can have various causes that are difficult to track down. Approval of this request would result

in higher network reliability and less money being spent on contracted vendors being hired to find network problems.

### Significant Line Items

#### **Employee Expense**

1. FY 2021 employee expense reflects a 1.5% wage package increase.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2020 The employee contribution of 6.29% is unchanged from FY 2020.
3. The City portion of health insurance expense is increased from \$921 in FY 2020 to \$1,013 in FY 2021 per month per contract which results in an annual cost increase of \$49,954 or 11.26%.
4. Overtime is unchanged from \$72,640 in FY 2020 to \$72,640 in FY 2021. FY 2019 actual was \$79,982.
5. Five-Year Retiree Sick leave payout decreased from \$11,977 in FY 2020 to \$11,976 in FY 2021.
6. 50% Sick Leave Payout increased from \$0 in FY 2020 to \$14,473 in FY 2021 based on FY 2020 actual to-date. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.
7. During FY 2020, the City Council approved a non-recurring engineering intern position to do a comprehensive update to the City's current policies and standards related to OSHA compliance and protection of the public during construction projects. This position will expire June 30, 2020. The elimination of this position in FY 2021 results in -0.25 FTE and a savings of \$9,982.
8. The Fiscal Year 2021 budget includes the following changes in the funding allocation of positions:
  - a. Civil Engineer I
    - i. +0.25 FTE to General Fund (+\$27,863)
    - ii. +0.15 FTE to Sanitary Sewer Internal Service Fund (+\$16,285)
    - iii. +0.20 FTE to General Project Engineering Internal Service Fund (+\$24,060)
    - iv. -0.05 FTE from Sanitary Sewer Fund (-\$5,429)
    - v. -0.10 FTE from Stormwater Fund (-\$10,858)
    - vi. -0.45 FTE from Stormwater Internal Service Fund (-\$51,921)
  - b. Civil Engineer II
    - i. +0.15 FTE to Stormwater Fund (+\$19,561)
    - ii. -0.15 FTE from General Fund (-\$19,561)
  - c. Engineering Technician
    - i. +0.03 FTE to Parking Fund (+\$2,774)
    - ii. +0.17 FTE to General Project Engineering Internal Service Fund (+\$15,716)
    - iii. +0.15 FTE to Sanitary Sewer Internal Service Fund (+\$13,867)
    - iv. -0.35 FTE from Stormwater Internal Service Fund (-\$32,357)

- d. Traffic Engineer
  - i. +0.10 FTE to General Project Engineering Internal Service Fund (+\$11,069)
  - ii. -0.10 FTE from General Fund (-\$11,069)
- e. Secretary
  - i. +0.55 FTE to General Fund (+\$38,669)
  - ii. +0.05 FTE to Stormwater Fund (+\$3,513)
  - iii. -0.20 FTE from Sanitary Sewer Fund (-\$14,060)
  - iv. -0.20 FTE from Sanitary Sewer Internal Service Fund (-\$14,061)
  - v. -0.20 FTE from Stormwater Internal Service Fund (-\$14,062)
- f. Confidential Account Clerk
  - i. +0.05 FTE to Sanitary Sewer Internal Service Fund (+\$3,016)
  - ii. +0.05 FTE to Stormwater Internal Service Fund (+\$3,017)
  - iii. -0.05 FTE from Sanitary Sewer Fund (-\$3,016)
  - iv. -0.05 FTE from Stormwater Fund (-\$3,017)

## Supplies & Services

9. Consultant Services is increased from \$72,051 in FY 2020 to \$85,801 in FY 2021. This line item represents Stormwater Maintenance (\$52,000), NPDES consultant services (\$7,250), Stormwater I&I Prevention (\$6,000), and Detention Basin Maintenance (\$3,936).
10. Inspection Reimbursement is unchanged from \$36,000 in FY 2020 to \$36,000 in FY 2021. This line item represents the refund to developers for subdivision inspection fees paid that were more than actual cost. There is offsetting revenue of \$65,000 in the Subdivision Inspection Fee revenue line item.
11. Pay to Other Agency is increased from \$67,957 in FY 2020 to \$117,957 in FY 2021. This line item represents the contract with East Central Iowa Association for transportation planning (\$20,000) and the Catfish Creek Watershed Partnership payment (\$97,957).
12. Grant expense increased from \$438,506 in FY 2020 to \$472,090 in FY 2021. This line item is the stormwater enterprise fund subsidies for low income households (\$34,326), residential farms (\$12,155), and property tax-exempt properties (\$400,609), lateral replacement assistance (\$10,000), as well as streambank rehabilitation grants (\$5,000) and rain gardens/barrel grants (\$5,000). The increase represents the planned increase in the Stormwater User Fee in FY 2021. There are 118 customers that receive the property tax-exempt subsidy, of which the top ten include schools, universities and hospitals, which account for 71% of the property tax-exempt subsidy paid. There are 18 customers that receive the residential farm subsidy and there are 465 customers that receive the low-income subsidy.
13. Sales Tax increased from \$166,099 in FY 2020 to \$178,403 in FY 2021 based on increased stormwater rates in FY 2021. This expense is directly offset by sales tax revenue.
14. Software License increased from \$162,194 in FY 2020 to \$181,200 in FY 2021. FY 2019 actual was \$89,026. In FY 2020, Milestone camera licenses increased \$22,000 and Milestone camera software maintenance was added for \$23,000. In FY 2021, Traffic Engineering increased \$20,699 due to an increase in the Milestone camera software (\$25,000) and a decrease in the Windows 2008 Server software (-\$7,800). Project Engineering increased \$6,467 due to an increase in the Drone Deploy license (\$500) and an increase in AutoCAD Civil 3D (\$4,527). Sanitary Sewer Engineering decreased \$(4,435) due to an increase in Win911pro (\$2,500), Mobile911 (\$1,200), an increase in hachWIMS custom report writer for SCADA (\$1,445), and an increase in Wonderware Historian Client (\$6,525). Stormwater decreased \$(4,003) due to adding 87 Milestone licenses for cameras.

15. Camera Maintenance decreased from \$63,592 in FY 2020 to \$60,400 in FY 2021. FY 2019 actual was \$26,094. Stormwater decreased \$3,192 due to moving camera annual software maintenance to the software maintenance line item. This line item represents maintenance contracts associated with the equipment and software used to run the Traffic Operations Center (\$36,500) and the Milestone Camera licenses (\$23,900).
16. Property Tax increased from \$87,645 in FY 2020 to \$89,498 in FY 2021. FY 2019 actual was \$85,092. This line item represents the property taxes paid on property that the City leases to other entities and is offset by lease revenue.
17. Education and Training increased from \$48,988 in FY 2020 to \$49,246 in FY 2021 based on FY 2020 plus 1%.
18. Conferences increased from \$31,526 in FY 2020 to \$35,264 in FY 2021. Project Engineering increased \$3,738 due to adding the ESRI User Conference and American Association of Highway Transportation Officials GIS-T symposium for the Engineering Technician.
19. Machinery and Equipment Maintenance increased from \$52,895 in FY 2020 to \$63,137 in FY 2021. FY 2019 actual was \$35,231. Stormwater increased \$8,242 due to adding a budget for the Bee Branch Pump Station maintenance and repairs (\$8,242). Traffic Engineering increased \$2,000 for traffic counter maintenance.

## **Machinery & Equipment**

20. Equipment replacement items include (\$747,433):

<b>Equipment Replacements</b>	
<b>Engineering Administration</b>	
Chairs/Desks	\$ 1,000
Label Maker	\$ 200
Spiral Binding System	\$ 2,500
Emergency Radio	\$ 3,800
Smart Phone	\$ 700
<b>Project Engineering General Fund</b>	
Digital Cameras (1)	\$ 200
ASTM Manuals/Lab Equipment	\$ 1,000
Desks/Chairs	\$ 1,000
Metal Detector	\$ 900
Auto Levels (2)	\$ 300
Motorola Radius Radios (2)	\$ 1,000
Ford Connect Van	\$ 38,000
Security Cameras (7)	\$ 8,400
Smart Phones (10)	\$ 3,850
<b>Traffic Engineering General Fund</b>	
Computer	\$ 2,400
2008 Toyota Prius	\$ 17,500
<b>Traffic Engineering Road Use Tax Fund</b>	

<b>Equipment Replacements</b>	
Label Printer	\$ 200
PTZ Cameras (2)	\$ 22,400
Battery Back-Up Systems (5)	\$ 25,000
Milestone Video Servers (4)	\$ 30,000
Virtual Servers (4)	\$ 8,000
Network Switch - City Hall	\$ 8,150
Network Switch - Operations and Maintenance (2)	\$ 16,275
Network Switch - Brocade Fiber (2)	\$ 11,500
HP Video Monitor CPU (2)	\$ 10,000
Axis Servers (10)	\$ 6,500
Wireless Point to Point (2)	\$ 10,000
Hardened Intersection Switches (17)	\$ 51,000
Nitek Extenders for cameras (5)	\$ 5,000
Data Collector	\$ 10,000
Milestone SAN - 2 CHASSIS	\$ 120,000
Mobile GPS (5)	\$ 2,100
ITERIS Cameras (4)	\$ 4,800
Axis Cameras (91)	\$ 109,200
Batteries (60)	\$ 12,000
APC Battery Back-Up (1)	\$ 3,000
Traffic Counters (3)	\$ 4,500
Smart Phone (1)	\$ 350
<b>Project Engineering Sanitary Sewer Fund</b>	
E-One Pumps (3)	\$ 6,000
Gas Air Meters (4) & Field Safety Equipment	\$ 2,400
Smart Phones (2)	\$ 1,050
<b>Project Engineering Stormwater Fund</b>	
Label Maker	\$ 200
Level Transducers	\$ 2,500
Weather Station	\$ 1,100
Smart Phones (2)	\$ 700
<b>Annual Projects</b>	
General Sanitary Sewer Repairs/Maintenance	\$ 92,868
General Stormwater Repairs/Maintenance	\$ 50,000
Detention Basin Maintenance	\$ 15,000
<b>Recommended Improvement Packages</b>	<b>\$ 22,890</b>
<b>Total Equipment</b>	<b>\$ 747,433</b>

## Debt Service

21. Annual Debt Service Payments for FY 2021 are as follows (\$6,448,888):

Amount	Debt Series	Source	Purpose	Final Payment	Call Date
\$ 23,876	2017A G.O.	Sales Tax 30%	Fiber Optic & Street Light	2029	2025
\$ 193,600	2017A G.O.	Stormwater Fees	Stormwater Improvements	2029	2025
\$ 876,221	2017A G.O.	GDTIF/General	America's River Project	2021	2021
\$ 420	2017A G.O.	Sales Tax 30%	Street Improvements	2030	2025
\$ 55,048	2006 SRF	Stormwater Fees	North Catfish Creek	2030	
\$ 115,520	2009 SRF	Stormwater Fees	West 32nd Detention Basin	2030	
\$ 71,155	2018A G.O.	Sales Tax 30%	Southwest Arterial	2031	2026
\$ 158,122	2018A G.O.	Stormwater Fees	Stormwater Improvements	2031	2026

<b>\$ 6,448,888</b>	<b>Total Engineering Annual Debt Service</b>				

## Revenue

22. Riverfront Leases increased from \$2,270,423 in FY 2020 to \$2,678,025 in FY 2021 based on the projected revenue which is as follows:

Riverfront Lease	FY20 Budget	FY21 Budget
Artco Fleeting Service	\$ 1,050	\$ 1,200
Colleen Bradley Lindstrom	\$ 3,600	\$ 3,600
Dubuque Marina	\$ 31,653	\$ 32,128
Dubuque Terminals - South Port Inland	\$ 13,900	\$ —
Dubuque Terminals Dove Harbor	\$ 121,890	\$ 123,718
Dubuque Yacht Basin	\$ 24,813	\$ 195,300
Flint Hill Resources	\$ 676,700	\$ 686,850
Freebird II, LLC - Lease 2	\$ 6,792	\$ —
Freebird III, LLC	\$ 58,000	\$ —
Hodge Transit Warehouse Co	\$ 355,064	\$ 360,390
Klauer Manufacturing	\$ 100	\$ 100
Riverboat Twilight	\$ 5,500	\$ 5,300

<u>Riverfront Lease</u>	<u>FY20 Budget</u>	<u>FY21 Budget</u>
Gavilon - 7th Street	\$ —	\$ 107,500
Gavilon - Purina Drive	\$ —	\$ 178,750
Gavilon - Land By City Salt Pile	\$ 264,180	\$ 268,143
Gavilon Dove Harbor	\$ 537,540	\$ 545,603
Thompson Truck and Trailer LLC	\$ 7,341	\$ 7,451
Port of Dubuque Brewery Development	\$ 62,100	\$ 62,100
Diamond Jo Patio Lease	\$ 25,000	\$ 25,000
Platinum Holdings LLC	\$ 75,200	\$ 74,892
Total	\$ 2,270,423	\$ 2,678,025

23. Wharfage Fees on Leased Property increased from \$123,000 in FY 2020 to \$148,024 in FY 2021 and is dependent on how much business is being conducted at the Wharf.

<u>Wharfage Fees on Leased Property</u>	<u>FY20 Budget</u>	<u>FY21 Budget</u>
Freebird II, LLC - Lease 2	\$ 22,000	\$ —
Gavilon - 7th Street	\$ —	\$ 53,008
Gavilon Dove Harbor	\$ 65,000	\$ 40,968
Gavilon - Salt Site	\$ 16,000	\$ 33,048
Flint Hill Resources	\$ 20,000	\$ 21,000
Total	\$ 123,000	\$ 148,024

24. Non-Riverfront Lease increased from \$135,138 in FY 2020 to \$137,923 in FY 2021.

<u>Non-Riverfront Lease</u>	<u>FY20 Budget</u>	<u>FY21 Budget</u>
Dubuque Rescue Mission	\$ 1	\$ 1
HHH Enterprises	\$ 2,093	\$ 2,135
Hartig Drug	\$ 1,844	\$ 1,881
16th St. Detention Basin - Rainbo Oil	\$ 123,031	\$ 125,492
Interstate Power & Light Co (Graf Farm Solar)	\$ 8,169	\$ 8,414
Total	\$ 135,138	\$ 137,923

25. Fiber Leases increased from \$0 in FY 2020 to \$14,178 in FY 2021 based on FY 2019 actual.
26. Telecomm Leases increased from \$0 in FY 2020 to \$9,600 in FY 2021 based on FY 2019 actual.
27. Subdivision Inspection Fees decreased from \$100,000 in FY 2020 to \$65,000 in FY 2021 based on projected construction of subdivisions.
28. Stormwater Penalties increased from \$28,845 in FY 2020 to \$31,295 in FY 2021 based on FY 2019 actual of \$31,295.

29. The FY 2021 Stormwater User Fee increased from \$8.29 per SFU to \$8.85 per SFU, a 6.83% increase, consistent with Ordinance 16-14 passed on March 5, 2014.

	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Adopted Per Ordinance 21-12	\$ 8.50	\$ 9.00	\$ 9.00	\$ 9.00	\$ 9.00	\$ 9.00	\$ 9.00	\$ 9.00
Adopted Per Ordinance 16-14	\$ 6.38	\$ 6.81	\$ 7.27	\$ 7.76	\$ 8.29	\$ 8.85	\$ 9.00	\$ 9.00
% Decrease From Ordinance 21-12	-24.94%	-24.33%	-19.22%	-13.78%	-7.89%	-1.69%	—%	—%

\* The recommended rates for FY16 through FY20 reflect the rates previously established by Ordinance 16-14 following the State's approval of \$98.5 million in State Flood Mitigation state sales tax increment funds for the Bee Branch Watershed Flood Mitigation Project. Ordinance 21-12 was the ordinance adopted prior to the City receiving the Flood Mitigation grant.

# ENGINEERING DEPARTMENT

The mission of the Engineering Department is to promote public safety by providing engineering services related to the planning, development, construction, and maintenance of the City's public infrastructure systems.

# SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

## PEOPLE

Engineering continues in its emphasis on public information meetings concerning projects that have a significant impact on property owners. These meetings provide an opportunity for meaningful exchange between the City and property owners on the project scope and its impact.

## PLANNING

Engineering coordinates its project planning with multiple City Departments. In addition the department is involved in the Dubuque Metropolitan Area Transportation Study and works with the East Central Intergovernmental Agency in planning projects. This ensures a regional view is considered in project development.

## PARTNERSHIPS

The Engineering Department works with the Iowa Department of Transportation (IDOT), the Access Board, Federal Highway Administration (FHWA), East Central Intergovernmental Agency (ECIA), Dubuque County, Historic Preservation Commission, Neighborhood Groups, Tri-State Trail Vision and many other entities when planning and constructing projects.

# ENGINEERING DEPARTMENT

	FY 2019	FY 2020	FY 2021
Full-Time Equivalent	30.23	29.96	30.71

## Resources

The Engineering Department is supported by 30.71 full-time equivalent employees, which accounts for 58.20% of the department expense as seen below. Overall, the department's expenses are expected to increase by 3.19% in FY 2021 compared to FY 2020.

# ENGINEERING DEPARTMENT

## Activity: Right-of-way Management and Streets

### Mission & Services

These activities manage the public right-of-way so it is safe and accessible for all users and constructing and maintaining [streets](#) in a fiscally-responsible way that also provides safe and efficient transportation. Responsibilities include monitoring [right-of-way](#), [excavations](#), [sidewalk](#) inspections, appeals, management of compliance, utility locate services, and street and [alley](#) planning, inspection, reconstruction, and maintenance.

Right-of-way and Streets Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$2,642,157	\$2,056,049	\$2,200,504
Resources	\$(670,994)	\$1,221,090	\$(1,535,862)

# ENGINEERING DEPARTMENT

## Stormwater Management

### Mission & Services

The mission of the City's Stormwater Management Utility is to help protect the health of citizens and both the natural and built environment by designing, implementing, and maintaining an effective, efficient municipal stormwater management system. The City of Dubuque has the responsibility as private property owners: manage stormwater on its property. Programs include construction of new detention basins, extension of storm sewer systems, maintenance of ditches, sewers, and basins, and limiting pollutants associated with stormwater runoff.

Stormwater Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$4,662,633	\$5,275,137	\$5,612,766
Resources	\$4,662,633	\$5,275,137	\$5,612,766

<b>1 Activity Objective: Engineer, construct, and maintain facilities to mitigate the effects of flooding.</b>					
# of phases completed in Bee Branch Watershed Flood Mitigation Project	12	4	5	5	

#### City Council Goal: Connected Community

<b>2 Activity Objective: Design and oversee construction of street/public ROW drainage systems to mitigate flooding and make the street available to the public during a rain event.</b>					
% of storm sewer construction occurring in conjunction with street replacement	80	95	95	85	

# ENGINEERING DEPARTMENT

## Sanitary Sewer Collection

### Mission & Services

The City of Dubuque's Sanitary Sewer Collection system delivers wastewater to the Water and Resource Recovery Center (W&RRC) where it is treated in accordance with the federal Clean Water Act before being discharged in the Mississippi River. This activity defines and implements capital improvements to improve the City's existing sanitary sewer collection infrastructure and provides direction and standards for future expansion and connections to the system.

Sanitary Sewer Collection Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$159,603	\$557,989	\$603,695

# ENGINEERING DEPARTMENT

## Traffic Engineering

### Mission & Services

This Activity is responsible for overseeing the planning, inspection and daily operation of active projects for the movement of pedestrians, vehicular traffic, fiber optic expansion, street lighting, traffic signals, traffic controls, fiber optic and communications infrastructure, traffic and security cameras, traffic signage and pavement markings throughout the City and provides guidance to the Public Works Department. Other activities involve the review and recommendations for parking meter districts, residential parking districts and accessible parking spaces according to local, state and federal guidelines. This activity is highly called upon during emergency events and crises.

Traffic Engineering Funding Summary			
	FY 2019 Actual	FY 2020 Budget	FY 2021 Requested
Expenditures	\$82,968	\$153,780	\$196,937
Resources	\$7,200	\$17,681	\$17,893

Traffic Engineering Position Summary	
	FY 2021
Confidential Account Clerk	0.20
Utility Locator	0.25
Traffic Engineering Assistant	0.00
Traffic Engineering Assistant - Svc Fd	0.00
<b>Total FT Equivalent Employees</b>	<b>0.45</b>

### Performance Measures

#### City Council Goal: Financially Responsible, High Performance Organization

	Performance Measure (KPI)	Target	FY18 Actual	FY19 Actual	FY20 Estimate	Performance Indicator
1	<b>Activity Objective: Reduce energy and maintenance costs as well as increase safety by replacing existing street lights with LED lighting.</b>					
	% of city-owned lights converted to LED	100%	32%	51%	53%	

#### City Council Goal: Connected Community

2	<b>Activity Objective: Provide a road network that ensures a high level of safety for vehicles, cyclists, and pedestrians.</b>					
	% of signalized Intersections with Microwave Detection	100%	26%	29%	31%	
2	<b>Activity Objective: Continue growth of traffic operation cameras, security cameras, and fiber and conduit.</b>					
	% of signalized Intersections with security cameras	100%	N/A	74%	80%	
	# of miles annually of conduit installed	N/A	12.51	4.75	4.29

# **CITY OF DUBUQUE, IOWA**

## **Fiscal Year 2021-2025 Capital Improvement Program (CIP)**

**TO:** The Honorable Mayor and City Council Members

**FROM:** Michael C. Van Milligen, City Manager

Attached is the Fiscal Year 2021-2025 Capital Improvement Program (CIP). State law requires that a five-year CIP be adopted by the City Council after a public hearing. The required CIP public hearing will be held March 26, 2020, at the same time as the public hearing on the Fiscal Year 2021 Operating Budget.

The CIP, as the plan for the City's physical development effort, attempts to address a variety of needs that the City must meet if it is to maintain its physical facilities, meet its service commitments and provide for its future development. The CIP recommendation reflects the City's comprehensive plan and the goals and priorities established by the City Council and are shown in each of the State mandated budget program areas.

The Fiscal Year 2021 CIP budget recommendation of \$59,747,247 is a 4.43% increase from the Fiscal Year 2020 CIP budget of \$57,211,121.

For several years, the Mayor and City Council has been taking advantage of the historically low interest rates and investing in City infrastructure and economic development and redevelopment. At the 2015 City Council Goal Setting, the Mayor and City Council adopted debt reduction as a High Priority. This budget recommendation reflects that debt reduction priority.

While the City will issue \$54,821,719 in new debt in the recommended five-year CIP, mostly for fire truck and pumper replacements, fire station expansion, road improvements, sanitary sewer improvements, additional downtown parking, and maintenance of Five Flags (if the referendum does not pass), the City will access \$12,886,503 of previously issued state revolving fund loans as the related capital improvement projects progress, for a total of \$63,810,338 of debt in FY 2021-2025. The City will retire \$94,628,548 of existing debt, reducing the amount of City debt by \$26,920,326.

In this budget recommendation, the Mayor and City Council are currently reviewing for Fiscal Year 2021, the use of the statutory debt limit would be 47%, and by the end of the recommended 5-Year Capital Improvement Program (CIP) budget in Fiscal Year 2025, the City of Dubuque would be at 43% of the statutory debt limit. Projections out 10 years to Fiscal Year 2030 show the City of Dubuque at 22% of the statutory debt limit. This is an improvement on the debt reduction plan adopted in August 2015, that first began implementation in Fiscal Year 2016.

In this extremely low interest rate environment, the City had been increasing the use of debt to accomplish the projects that need to be done. To have any success, a community must have a sound infrastructure. The Mayor and City Council has recognized the infrastructure issues Dubuque faces and has been responsive. While there was some criticism of City use of debt to deal with those infrastructure challenges, that criticism fails to recognize that not financing the needed infrastructure maintenance and improvements is also a form of debt that is passed down to future generations. This was a strategic decision by the City Council realizing that infrastructure investment just gets more expensive over time for these

reasons: a) the older a piece of infrastructure gets and the more it is allowed to deteriorate increases costs; b) the longer the wait to invest in infrastructure the costs are increased by inflation; and c) If the investment in infrastructure is not made in this low interest rate environment this investment will eventually need to be made when interest rates are higher, thereby increasing costs. However, beginning in FY 2016 the City Council at their 2015 Goal Setting Session debt reduction was adopted as a High Priority. So the amount of outstanding debt began to decrease and in Fiscal Year 2021 the City will be issuing less debt than is retired and many projects will become pay-as-you-go.

The debt principal outstanding projected as of June 30, 2020, is currently \$260,864,394. The breakdown of the debt principle outstanding as of June 30, 2020, is as follows:

<b>Debt Obligation</b>	<b>6/30/2020 Principle Outstanding</b>
General Obligation Essential Corporate Purpose	\$ 87,271,829
Tax Increment Notes and Bonds	\$ 19,075,880
Economic Development TIF Rebate Agreements	\$ 7,653,959
General Fund Leases	\$ 155,000
Other Revenue-Backed Loans	\$ 3,639,903
Total Indebtedness Subject to Statutory Debt Limit of \$227,661,747	\$ 117,796,571
Percent of Statutory Debt Limit Used as of June 30, 2020	51.74%
Revenue Bonds	\$ 122,267,823
Debt Subject to Annual Appropriation	\$ 20,800,000
<b>Total City Indebtedness as of June 30, 2020</b>	<b>\$ 260,864,394</b>

The City will issue \$54,821,719 in new debt in the recommended 5-year CIP, mostly for fire truck and pumper replacements, fire station expansion, road improvements, sanitary sewer improvements, additional downtown parking, and maintenance of Five Flags (if the referendum does not pass).

Project	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025	Total

Water Roosevelt Water Tower SRF	\$ 1,304,749					\$ 1,304,749
Water CIWA Purchase & Improvements	\$ 1,060,000	\$ 1,030,000	\$ —			\$ 2,090,000
<b>Total Draw Downs</b>	<b>\$ 9,857,413</b>	<b>\$ 3,029,090</b>	<b>\$ —</b>	<b>\$ —</b>	<b>\$ —</b>	<b>\$12,886,503</b>

The City will retire \$94,628,548 of existing debt over the next five-years (FY21-FY25).

The following chart shows the net reduction of debt from Fiscal Year 2021 - Fiscal Year 2025:

Project	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025	Total
New Debt	\$ 7,644,863	\$ 17,660,356	\$ 16,328,300	\$ 12,166,200	\$ 1,022,000	\$ 54,821,719
Previously Issued SRF Draw Downs	\$ 9,857,413	\$ 3,029,090	\$ —	\$ —	\$ —	\$ 12,886,503
Retired Debt	-\$18,195,851	-\$17,065,073	-\$18,646,375	-\$19,995,470	-\$20,725,779	-\$94,628,548
<b>Net Debt Reduction</b>	<b>-\$693,575</b>	<b>\$3,624,373</b>	<b>-\$2,318,075</b>	<b>-\$7,829,270</b>	<b>-\$19,703,779</b>	<b>-\$26,920,326</b>

There was a 5.11% increase in assessed value effective January 1, 2019, which is the assessment the Fiscal Year 2021 statutory debt limit is based on. The statutory debt limit effective June 30, 2021 is \$239,298,248. **The City will be at 46.67% of statutory debt limit by June 30, 2021.** In Fiscal Year 2015 the City was at 89.89% of statutory debt limit, so **46.67% in Fiscal Year 2021 is a 43.22% decrease in use of the statutory debt limit.**

The ten year history of the City's use of the statutory debt limit is as follows:

FY 11	FY 12	FY 13	FY 14	FY 15	FY 16	FY 17	FY 18	FY 19	FY 20
64.14%	69.69%	84.31%	83.87%	89.89%	86.13%	69.47%	63.42%	56.32%	51.74%

The five year projection of the City's use of the statutory debt limit from Fiscal Year 2021–2025 including all planned debt issuances subject to the statutory limit and assuming a 2% growth in the City's assessed valuation beginning in Fiscal Year 2021 is as follows:

FY 21	FY 22	FY 23	FY 24	FY 25
46.67%	50.04%	46.56%	42.50%	42.77%

The following chart shows Dubuque's relative position pertaining to use of the statutory debt limit for Fiscal Year 2021 compared to the other cities in Iowa for Fiscal Year 2019 with a population over 50,000:

**Fiscal Year 2019 Legal Debt Limit Comparison for Eleven Largest Iowa Cities**

Rank	City	Legal Debt Limit (5%)	Statutory Debt Outstanding	Percentage of Legal Debt Limit Utilized
11	Des Moines	\$ 577,394,243	\$ 393,570,000	68.16%
10	Sioux City	\$ 213,569,727	\$ 144,100,000	67.47%
9	Davenport	\$ 330,626,114	\$ 211,165,000	63.87%
8	Waterloo	\$ 191,406,282	\$ 108,225,490	56.54%
7	Cedar Rapids	\$ 518,039,169	\$ 271,585,000	52.43%
6	Ankeny	\$ 245,580,138	\$ 126,830,000	51.65%
5	W. Des Moines	\$ 359,449,675	\$ 184,720,000	51.39%
<b>4</b>	<b>Dubuque (FY21)</b>	<b>\$ 239,298,248</b>	<b>\$ 111,687,827</b>	<b>46.67%</b>
3	Ames	\$ 209,227,522	\$ 65,480,000	31.30%
2	Council Bluffs	\$ 241,950,558	\$ 68,725,096	28.40%
1	Iowa City	\$ 274,723,837	\$ 66,945,000	24.37%
	Average w/o Dubuque			49.56%

### Percent of Legal Debt Limit Utilized

Dubuque ranks as the fourth lowest of the use of statutory debt limit of the 11 cities in Iowa with a population over 50,000 and Dubuque is below the average of the other Cities.

### Retired Debt Versus New Debt

The total City indebtedness as of June 30, 2021, is projected to be \$260,787,791 (46.67% of statutory debt limit). The total City indebtedness as of June 30, 2015, was \$295,561,181 (89.89% of statutory debt limit). **The City is projected to have \$34,773,390 less in debt as of June 30, 2021.**

The combination of reduced debt and increased utility rates partially reflects the movement to a more "pay as you go" strategy, which could lead to larger tax and fee increases than with the use of debt.

The following chart shows the amount of retired debt as compared to new debt. The new debt includes new debt issuances as well as draw downs on existing state revolving fund loans:

## Statutory Debt and Total Debt

In August 2015, the Mayor and City Council adopted a debt reduction strategy which targeted retiring more debt each year than was issued by the City. This recommendation achieves that target In every year except Fiscal Year 2022 due to the issuance of debt for the new downtown parking ramp being moved up from FY 2025 to FY 2022. **You can see that the Mayor and City Council have significantly impacted the City's use of the statutory debt limit established by the State of Iowa. In Fiscal Year 2015, the City of Dubuque used 90% of the statutory debt limit. In this budget recommendation, the Mayor and City Council are currently reviewing for Fiscal Year 2021, the use of the statutory debt limit would be 47%, and by the end of the recommended 5-Year Capital Improvement Program (CIP) budget in Fiscal Year 2025, the City of Dubuque would be at 43% of the statutory debt limit. Projections out 10 years to Fiscal Year 2030 show the City of Dubuque at 22% of the statutory debt limit.** This is an improvement on the debt reduction plan adopted in August 2015, that first began implementation in Fiscal Year 2016.

### Statutory Debt Limit Used (As of June 30th)

By the end of the recommended 5-Year Capital Improvement Program (CIP) budget the total amount of debt for the City of Dubuque would be \$237.0 million (43% of the statutory debt limit) and the projection is to be at \$135.6 million (22% of statutory debt limit) within 10 years.

Total Debt (In Millions)

### General Fund Reserves

The City maintains a general fund reserve, or working balance, to allow for unforeseen expenses that may occur. Moody's Investor Service recommends a 20% General Fund Operating Reserve for "AA" rated cities. In May 2015, Moody's Investors Service downgraded Dubuque's general obligation bond rating from Aa2 to Aa3, but removed the negative future outlook. This followed two bond rating upgrades in 2003 and 2010, and one bond rating downgrade in 2014. In announcing the bond rating downgrade, Moody's noted the City's general fund balance/reserve declined.

<b>Fiscal Year</b>	<b>Fund Reserve (As percent of General Fund revenues)</b>	<b>Reason for change from previous Fiscal Year</b>
FY 2015	14.87%	Unchanged
FY 2016	17.52%	Increase due to capital projects not expended before the end of the FY and increase in general fund revenue
FY 2017	20.09%	Increase due to capital projects not expended before the end of the FY and additional contributions to general fund reserve
FY 2018	23.81%	Increase due to capital projects not expended before the end of the FY and additional contributions to general fund reserve
FY 2019	27.04%	Increase due to capital projects not expended before the end of the FY and additional contributions to general fund reserve
FY 2020	25.60%	Decrease due to planned capital expenditures
FY 2021	25.40%	Decrease due to planned capital expenditures

**Fund Reserve as a Percent of General Fund Revenue**

The City of Dubuque has historically adopted a general fund reserve policy as part of the Fiscal and Budget Policy Guidelines which is adopted each year as part of the budget process. During Fiscal Year 2013, the City adopted a formal Fund Reserve Policy which states the City may continue to add to the General Fund minimum balance of 10% when additional funds are available until 20% of Net General Fund Operating Cost is reached.

After all planned expenditures in FY 2020, the City of Dubuque will have a general fund reserve of 18.86% of general fund expenses as computed by the methodology adopted in the City's general fund reserve policy on a cash basis or 25.60% percent of general fund revenues as computed by the accrual basis methodology used by Moody's Investors Service. The general fund reserve cash balance is projected to be \$13,031,745 on June 30, 2020 as compared to the general fund reserve balance on an accrual basis of \$18,120,432 as computed by Moody's Investors Service. In Fiscal Year 2020, there are resources available for mid-year capital expenditures due to employee vacancy savings in several departments and additional riverfront lease, building permits, and franchise fee revenues. The general fund reserve balance on an accrual basis exceeds 22% in FY 2020, which is the margin of error used to ensure the City always has a general fund reserve of at least 20% as computed by Moody's Investors Service.

The reserve will increase by \$2,800,000 (20.3%) from Fiscal Year 2019 - Fiscal Year 2024.

	FY2019	FY2020	FY2021	FY2022	FY2023	FY2024	FY2025
Contribution	\$1,700,000	\$—	\$—	\$—	\$—	\$—	\$—
City's Spendable General Fund Cash Reserve Fund Balance	\$20,011,333	\$18,120,432	\$18,120,432	\$18,120,432	\$18,120,432	\$18,120,432	\$18,120,432
% of Projected Revenue (Moody's)	27.04%	25.60%	25.40%	25.81%	25.05%	24.77%	24.71%

**In October 2016, Moody's Investors Service upgraded the rating on \$18 million in City of Dubuque bonds issued to support the Bee Branch Watershed Flood Mitigation Project from A3 to A2.**

## State Revolving Fund Sponsorship Projects and Green Project Loans

The City uses State Revolving Fund (SRF) loans for water and sanitary sewer projects whenever possible because of the **very low annual interest rate of 1.75% with an annual servicing fee of 0.25%**.

In 2009, legislation was passed in Iowa that allows water utilities that issue debt through the Clean Water State Revolving Fund Program to sponsor and help finance other water quality improvement (CWSRF) projects within or outside its service limits. This new funding mechanism, called Water Resource Restoration Sponsored Projects, will provide cities, counties, local watershed organizations, watershed management authorities, county conservation boards, and soil and water conservation districts a funding source to construct improvements throughout a watershed that keep sediment, nutrients, chemicals and other pollutants out of streams and lakes.

Repayment of a standard Clean Water SRF (CWSRF) loan includes the repayment of the original loan amount, the principal, and the cost to finance the loan, interest, and fees. On a CWSRF loan with a sponsored project, the financing costs are reduced by the amount of the cost of the sponsored project improvements. Figure 1 shows a comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project. As shown, the total cost to the utility (the total of loan repayments) remains unchanged as the cost of funding for the sponsorship project is offset by a reduction in loan financing costs. In essence, two water quality projects are completed for the price of one.

Figure 1. Loan repayment comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project.

**After three years of the State of Iowa being unsuccessful in completing one of these modified loans, the City of Dubuque had the first successful application for the state when, in April 2013, the City was awarded \$9.4 million of the interest paid on the Water and Resource Recovery Center to be used to reconstruct over 70 Green Alleys in the Bee Branch Watershed.** The principal for the Water & Resource Recovery Center Upgrade was increased from \$64,885,000 to \$75,145,579 and the interest rate plus annual servicing fee was decreased from 3.25% to 2.00% to add the Green Alley sponsorship project. This reduction allowed for increased proceeds **and resulted in a true interest cost of 1.96% and gross borrowing savings of \$11.4 million.**

The Federal Fiscal Years 2010, 2011, and 2012 State Revolving Fund capitalization grants included requirements for certain percentages of the funds to be allocated for green projects. Each green infrastructure project receives a portion of loan forgiveness not to exceed 30%. In June 2015, the City of Dubuque Upper Bee Branch Creek Restoration Project (Upper Bee Branch Project) qualified for a Green Project Loan from the CWSRF Program in the amount of \$29,541,000. The loan includes a principal forgiveness provision. The amount of the loan to be forgiven is 20% of the total loan disbursements made under the loan agreement. **The amount of the loan to be forgiven when the project is completed is estimated to be \$5,908,200. The actual true interest cost for total funds received was not the 2.00% borrowing rate (1.75% interest and 0.25% administrative fee), but just 0.07% after reflecting the receipt of interest free funds (forgiven portion).**

Then, in August 2017, the City was awarded \$1.4 million in funding for improvements with the Catfish Creek Watershed through the State of Iowa Water Resource Restoration Sponsored Project program as part of the City State Revolving Fund loan for the Upper Bee Branch Creek Restoration Project. The funding for the \$1.4 million in improvements will come from the interest payments on the City's Upper Bee Branch SRF loan. The Upper Bee Branch Creek SRF loan principal was increased to \$30,941,000 and **the interest rate plus the annual servicing fee was reduced from 2.00% to 1.43%. On a gross basis, the borrowing costs for the new loan were \$1.38 million less than the original loan.**

The five-year CIP adopted through the current year (Fiscal Year 2020) budget process covered Fiscal Year 2020 through 2024 and is \$192,780,230. The recommended five-year CIP for the upcoming budget process (Fiscal Year 2021) will cover Fiscal Year 2021 through 2025 and would be \$200,095,388 if adopted as recommended. This is a \$7,315,158 (3.79%) increase.

FY 2020-2024 Capital Improvement Program (CIP) compared to the FY 2021-2025 Capital Improvement Program is as follows:

	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025	Total
FY20 CIP	\$57,186,070	\$39,483,922	\$32,577,776	\$25,890,201	\$37,642,201	—	\$192,780,170
FY21 CIP	—	\$59,747,247	\$46,374,070	\$41,267,675	\$30,135,368	\$22,571,028	\$200,095,388
\$ Difference	—	+\$20,263,325	+\$13,796,294	+\$15,377,474	-\$7,506,833	—	\$7,315,218
% Change	—	+51.32%	+42.35%	+59.39%	-19.94%	—	3.79%

Further information about the changes to capital improvement projects can be found on pages xv-xxi.

Fiscal Year 2021 will be the fourteenth fiscal year that the Stormwater Fund is recommended to be fully funded by stormwater user fees. The General Fund will continue to provide funding for the stormwater fee subsidies that provide a 50% subsidy for the stormwater fee charged to property tax exempt properties, low-to-moderate income residents, and a 75% subsidy for the stormwater fee charged to residential farms. The FY 2021 Stormwater User Fee is proposed to increase from \$8.29 per SFU to \$8.85 per SFU, a 2.49% increase, consistent with Ordinance 16-14 passed on March 5, 2014.

	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022
Adopted Per Ordinance 21-12	\$8.50	\$9.00	\$9.00	\$9.00	\$9.00	\$9.00	\$9.00
Adopted Per Ordinance 16-14	\$6.38	\$6.81	\$7.27	\$7.76	\$8.29	\$8.85	\$9.00
% Decrease From Ordinance 21-12	-24.94%	-24.33%	-19.22%	-13.78%	-7.89%	-1.69%	0%

\* The recommended rates for FY16 through FY20 reflect the rates previously established by Ordinance 16-14 following the State's approval of \$98.5 million in State Flood Mitigation state sales tax increment funds for the Bee Branch Watershed Flood Mitigation Project. Ordinance 21-12 was the ordinance adopted prior to the City receiving the Flood Mitigation grant.

The Stormwater Utility was formed on July 1, 2003, to update and expand the City's aging infrastructure, comply with the National Pollution Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) permit, and implement the various elements of the 2001 Drainage Basin Master Plan Stormwater Management Plan (amended in 2013), which outlined improvements in both the Catfish Creek and Bee Branch watersheds. The flood mitigation improvements in the Catfish Creek Watershed have been completed. The improvements in the Bee Branch

Watershed are part of the multi-phased, fiscally responsible, holistic Bee Branch Watershed Flood Mitigation Project which will mitigate flooding, improve water quality, stimulate investment, and enhance the quality of life. The City's has been able to garner support from local, state, and federal partners with over \$163 million in outside funding to help offset the cost of the overall \$232 million project. Since 2001, the City has made steady progress on the various phases of the project.

The phases of the Bee Branch Watershed Flood Mitigation Project are as follows:

<b>Phase</b>	<b>Description</b>	<b>Status</b>
<b>1</b>	Carter Road Detention Basin	Complete
<b>2</b>	West 32nd Street Detention Basin	Complete
<b>3</b>	Historic Millwork District	Complete
<b>4</b>	Lower Bee Branch Creek Restoration	Complete
<b>5</b>	Flood Mitigation Gate & Pump Replacement	Under Design
<b>6</b>	Impervious Surface Reduction	1/3 of alleys converted to "Green Alleys"
<b>7</b>	Upper Bee Branch Creek Restoration/Railroad Culverts	Under Construction
<b>8</b>	22nd Street Storm Sewer Improvements	Complete from Elm Street to N. Main
<b>9</b>	Flood Mitigation Maintenance Facility	Site Cleanup/Preparation
<b>10</b>	North End Storm Sewer Improvements	Initiate Design in 2021
<b>11</b>	Water Plant Flood Protection	Initiate Design in 2022
<b>12</b>	17th Street Storm Sewer Improvements	Complete from Elm St. to Heeb St.

In FY 2017, additional projects were added through the budget amendment process as the City learned late in the process of the award of a \$31.5 million HUD Resiliency grant for the Bee Branch Watershed.

Individually, the 12 phases of the project may provide some benefit. But flash flooding can be expected to occur until all of the improvements are implemented. But it is also true that with the completion of each subsequent phase, the threat of flash flood damage is lessened and the resulting damage will be mitigated.

Because of the public support for the Bee Branch Watershed Flood Mitigation Project, the stated commitment of the City of Dubuque City Council to implement the various phases of the project, and because the City has already started implementing some of the improvements, private investment in the Bee Branch Watershed has already eclipsed \$139 million since 2008 with an additional \$215 million expected to follow in the next ten years for a combined total of \$354 million in private investment. This non-public investment by private developers includes an estimated \$258 million for the rehabilitation of Caradco, Novelty Ironworks, Betty Building, Voices Building, Power Plant, Foundry, Farley Loetscher, Kirby Building and Wilmac Building all located in the Historic Millwork District; \$15.1 million of non-public investment in the Washington Neighborhood related to Community Housing Initiatives Acquisition & Redevelopment, St. Mary's Campus, Corner Grill, Rusk Building, Conlin Building, Welu Building, Richards Building,

High Building, Streinz Building, Widmeier Building and Engine House; and \$2.3 million in non-public investment in the Downtown Neighborhood related to the Babler Building, 324-326 West Locust Street, 346-348 West Locust Street and 407-409 Loras Boulevard.

The CIP budget reflects the **Dubuque Five-Year (2021-2025) City Council Goals** and **2019-2021 Policy Agenda, established by the City Council August, 2019.**

#### **Dubuque Five-Year City Council Goals**

Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity  
Vibrant Community: Healthy and Safe  
Livable Neighborhoods and Housing: Great Place to Live  
Financially Responsible, High Performance City Organization: Sustainable, Equitable and Effective Service Delivery  
Sustainable Environment: Preserving and Enhancing Natural Resources  
Partnership for a Better Dubuque: Building our Community that is Viable, Livable and Equitable  
Diverse Arts, Culture, Parks and Recreation Experiences and Activities  
Connected Community: Equitable Transportation, Technology, Infrastructure and Mobility

#### **Policy Agenda 2019 - 2021**

##### **Top Priority (in alphabetical order)**

- Affordable Childcare Study and Funding
- Five Flags Center: Direction and Funding
- Inclusive Dubuque Support
- Major Streets Improvement: Plan, Direction, and Funding
- Poverty Reduction: Action Plan
- River Cruise Docking Facilities: Direction
- Winter Farmers Market: Location and Funding Support

##### **High Priority**

- Bee Branch Floodwall Gates Funding
- Central Avenue Corridor: Economic Revitalization
- Crime Prevention Program: Maintenance
- Debt-Reduction Plan: Continuation
- Mental/Brain Health Strategy and Action Plan
- New Financial Software: Funding
- Pet-Friendly Community: Policy Direction and Actions
- Street Maintenance Program: Funding Level

**Attachment 3** provides a summary of these projects organized by City Council's five-year goals and Fiscal Year 2021 priorities reflect how these goals are addressed.

Finally, **Attachment 4** provides detail on the source of funds and highlights important points about the 5-year CIP Program.

## **CIP FORMAT**

The format for the Fiscal Year 2021-2025 CIP is substantially the same as previous fiscal years. First, an index referencing the 2021-2025 Capital Improvement Budget follows the budget message. The index identifies each capital improvement first by city department and then by all applicable State programs as a subcategory under each department. The index serves as a quick reference for each CIP, and the far right hand column shows the page number of each project. Secondly, a separate project page is provided to show the detail for each individual project. These projects pages are also arranged first by city department and then by State program as a subcategory within each department.

As in previous CIP budget documents, each detailed project page identifies the city department, the state program, project title, account code (consisting of program number, department number, fund and capital project number), and total project cost. The project page then shows any funds expended for the project in Fiscal Year 2019 and the adopted budget in Fiscal Year 2020. In Section A of the project form entitled "Expenditure Items", project costs are shown by major expenditure item (i.e., Design and Engineering, Land and Right-of-Way Purchase, Construction and Other Expense). In Section B, entitled "Project Financing", the project funding is presented by major revenue source (i.e., General Fund, Sales Tax Fund, Water Depreciation Fund, Sanitary Sewer Construction Fund, and Road Use Tax Fund). In Section C, entitled "Impact – Operations," the dollar impact on operations in terms of greater or lesser operating costs and/or greater or lesser revenue is provided when available. Lastly, there is a narrative section, which provides a description of the project, a justification for the project and, where appropriate, how it relates to other projects or plans. A small map may also be provided to further identify the location of the project.

Each detailed project page identifies the budget for each fiscal year in the next five years. There is a sixth column labeled "2026". This column is included to show that the project does not end in the next five years and that additional budget will be needed to fully complete the project. The "2026" column will show the total remaining estimate for the project, unless the project is annual. This column could also be known as "Beyond Fiscal Year 2025." If a project is annual the "2026" column will only show one years worth of budget.

New this fiscal year is a section in the detailed project pages called "First Year Submitted". This information represents the year the capital improvement project was first submitted for consideration. This is not the first year that the capital project was recommended for funding, but instead represents the first year a staff member identified a need for the project and created a CIP to present to the City Manager.

## **CONCLUSION**

The Capital Improvement Program represents the City of Dubuque's commitment to a maintenance and physical development plan for the next five years. The first year of the five-year CIP goes into the budget for next year and deserves the most attention. As you know, the CIP is updated each year so that City Council will have an opportunity in the next year to change Fiscal Year 2022 through Fiscal Year 2025 projects, as well as to add projects for Fiscal Year 2026.

A ranking system was established in Fiscal Year 2019 to more readily identify capital projects that directly meet City Council Goals and Priorities and address City needs. This ranking process also included several collaborative meetings with staff to determine which projects should be recommended for funding with the limited resources available. There are many capital projects that have been added to meet City Council Goals and Priorities and address City needs (\$37,432,931). Those new projects that appear in the five-year CIP are as follows:

<b>Department</b>	<b>New Project</b>	<b>Total CIP</b>
Airport	Replace DJC Hangar Floor Coating	\$ 41,000
Airport	Pavement Condition Study	\$ 103,472
Airport	Corporate Hangar Facilities Maintenance	\$ 40,000
Airport	Extend Runway 18/36	\$ 268,000
Building	Downtown URD Non-Profit Accessibility Assistance Program	\$ 500,000
City Clerk's Office	City Clerk's Office Re-Design	\$ 30,400
Conference Center	Roof Restoration	\$ 350,000
Conference Center	Wood Bench Replacement	\$ 25,000
Conference Center	Management and Operations Assessment	\$ 32,000
Conference Center	Furniture Upholstery	\$ 30,000
Conference Center	Trash Compactor Rehabilitation	\$ 30,700
Conference Center	Replace Clouds	\$ 83,800
Conference Center	Paint Bridge	\$ 35,000
Conference Center	Staging and Riser Replacement	\$ 25,000
Economic Development	Kerper Boulevard Revitalization	\$ 50,000
Economic Development	South Port Master Plan Implementation	\$ 215,000
Fire	Outdoor Warning Siren Repair/Replace	\$ 300,000
Fire	Fire Station Exhaust Systems	\$ 100,000
Fire	Station 6 Structural, Roof, and Tuckpointing Repairs	\$ 209,000
Fire	Station 5 Bathroom Remodel	\$ 15,000
Five Flags	Bijou Room & Hall - Tile Replacement	\$ 50,000

<b>Department</b>	<b>New Project</b>	<b>Total CIP</b>
Five Flags	Theater - Carpet Replacement	\$ 70,000
Housing	Neighborhood Reinvestment Partnership	\$ 1,200,000
Information Services	Enterprise Firewall Security Gateway Cluster	\$ 37,955
Information Services	Ransomware Defender & File Recovery	\$ 50,610
Information Services	Network Monitoring & Troubleshooting	\$ 30,240
Information Services	Third Street Data Center	\$ 303,000
Library	Replace Water Piping - Phase 4	\$ 71,835
Library	Landscaping and Plaza Redesign	\$ 100,202
Library	Removal of Underground Oil Tank	\$ 59,379
Parks	Westbrook Park Phase II	\$ 214,000
Parks	North Fork Trail	\$ 214,000
Parks	Pebble Cove Park	\$ 214,000
Parks	Usha Park	\$ 115,000
Parks	Allison Henderson Stormwater Project	\$ 25,000
Parks	Re-Imagine Comiskey Park	\$ 87,700
Parks	Eagle Point Park - Replace Roof on Eagles View Pavilion	\$ 45,000
Parks	Eagle Point Park - Renovate Shiras Memorial Pavilion	\$ 55,000
Parks	Eagle Point Park - Rest Room Renovation	\$ 40,000
Parks	Eagle Point Park - Building & Structures Assessment	\$ 5,000
Parks	Eagle Point Park - Replace Lights on Tennis Courts	\$ 102,000
Parks	Ham House Exterior and Landscape Improvements	\$ 90,834
Parks	Madison Park - Renovate Pavilion	\$ 82,500
Parks	Miller Riverview Park - Quick Connects for Pedestals	\$ 40,000
Parks	Veteran's Memorial Park - Disc Golf Course Renovation	\$ 40,000
Parks	Ash Tree Removal and Tree Replacement	\$ 1,625,000
Parks	Highway 20 - Replace Roses	\$ 100,000
Parks	Resurface Tennis Courts	\$ 40,000
Parks	Industrial Center Native Plantings	\$ 20,000
Parks	Washington Community Gateway	\$ 15,000
Parks	Forestry Building - Replace Roof	\$ 40,000
Parks	Parks - Paint Light Poles	\$ 15,000

<b>Department</b>	<b>New Project</b>	<b>Total CIP</b>
Parks	Maintenance Headquarters Wash Bay	\$ 20,000
Parks	Paint Railings	\$ 20,000
Public Works	City Tipper Carts	\$ 840,000
Public Works	Sandbagging Equipment	\$ 35,000
Recreation	Flora & Sutton Filter Tank Replacement	\$ 200,000
Recreation	Administrative Welcome Reception 1st Floor Remodel	\$ 15,000
Recreation	Range Project	\$ 320,000
Recreation	Multicultural Family Center Sidewalk Replacement and Concrete Improvements	\$ 25,000
Recreation	POD - Signage Replacement	\$ 10,000
Recreation	POD - Dock Maintenance	\$ 40,000
Recreation	LS Facility/Deferred Maintenance Assessment	\$ 90,000
Recreation	New Operating System (Registration, Reservation, POS)	\$ 90,000
Recreation	Quality of Life Needs Assessment	\$ 40,000
Sanitary Sewer	McFadden Farm Sanitary Sewer Extension	\$ 532,000
Sanitary Sewer	Abbott & Cottage Sanitary Sewer Reconstruction	\$ 220,000
Sanitary Sewer	Force Main Stabilization	\$ 7,792,308
Sanitary Sewer	General Sanitary Sewer Replacement	\$ 1,000,000
Stormwater	Bee Branch Creek Gate & Pump Replacement	\$ 9,904,010
Stormwater	Seippel Road Culvert Replacement	\$ 56,000
Stormwater	Catherine Street Storm Sewer Improvements	\$ 53,000
Stormwater	Villa Street Storm Sewer Replacement	\$ 33,000
Stormwater	Northridge Dr Storm Sewer Extension	\$ 133,200
Streets	Southwest Arterial ITS Corridor Development	\$ 1,700,000
Streets	Westside Drive Street Lights	\$ 150,000
Streets	Pavement Rehabilitation - Concrete Street Repair, Mill and Asphalt Resurfacing	\$ 520,000
Streets	Northwest Arterial Eastbound Dedicated Left Turn lane onto John F Kennedy (JFK) Road	\$ 180,000
Streets	Pavement Preservation Joint Sealing	\$ 210,000
Streets	Rockdale Road Reconstruction	\$ 200,000

Department	New Project	Total CIP
Streets	Decorative Concrete Maintenance Program	\$ 75,000
Streets	Villa Street Retaining Wall	\$ 1,600,000
Streets	Lowell Street Retaining Wall	\$ 141,500
Streets	Brick Paver Maintenance	\$ 90,000
Streets	Ice Harbor Road - Museum Wetland Railing	\$ 20,000
Streets	Third Street Overpass Railing Painting	\$ 120,000
Streets	Speed Shields	\$ 138,000
Traffic	Broadband Acceleration and Universal Access	\$ 511,000
Water	Westside Water System Service Line Installation/Fire Hydrant Install/ Purchase	\$ 65,000
Water	Water Treatment Plant Condition Assessment and Master Plan	\$ 155,000
Water	Landfill Frontage Rd. Water Main Extension	\$ 121,500
Water	Althausen St. & Eagle St. Water Main Improvements	\$ 292,490
Water	Public Safety Way Water Main Improvements	\$ 106,700
Water	Water Treatment Plant Boiler Improvements	\$ 20,000
Water	WTP and Pump Station Pipe Rehabilitation	\$ 20,000
Water	Pump Station Site Drainage Improvements	\$ 15,000
Water	McFadden Farm Water Main Improvement (S. Heacock Rd from Chavenelle to Pennsylvania)	\$ 693,596
WRRC	Final Clarifier Rehabilitation	\$ 860,000
WRRC	Activated Sludge Process Improvements	\$ 168,000
WRRC	Pump Trailer	\$ 110,000
	<b>TOTAL</b>	<b>\$ 37,432,931</b>

The Capital Improvement requests that were previously funded in the five-year CIP that are not included in this five-year CIP total \$6,219,974. To put these back into the five-year CIP, other projects will need to be removed, property taxes would need to be raised and/or more debt would need to be issued. Of those removed, \$3,955,410 are identified as deferred maintenance items, delineated with an asterisks below. The removed CIPs are as follows:

<b>Department</b>	<b>Existing Project Not Funded</b>	<b>Total CIP</b>
Building	ADA Compliance Consultant	\$ 78,347
Housing	Historic Preservation Housing Forgivable Loan	\$ 50,000
Public Works	Hawthorne Street Boat Ramp Repair	\$ 341,410 *
Sanitary Sewer	Catfish and Granger Creek Interceptor, Force Main	\$ 3,434,000 *
Parks	Re-landscape Locust Street Connector	\$ 30,000
Parks	Develop Dog Park	\$ 30,000
Parks	All Parks- Cameras/Code Blue Phones	\$ 216,217
Engineering	Railroad Quiet Zone Study	\$ 38,500
Streets	Guardrail Replacement	\$ 80,000 *
Streets	Traffic and Pedestrian Crossing Warning Devices	\$ 119,500
Streets	Green Alleys - Non Bee Branch	\$ 560,000
Streets	Bee Branch Creek Trail: 16th to 9th	\$ 1,142,000
Streets	Lead Service Line Replacement Program	\$ 100,000 *
<b>Total</b>		<b>\$ 6,219,974</b>
<i>Total Deferred Maintenance</i>		<i>\$ 3,955,410</i>

As is the case every year, there were new projects requested that were not able to be included in whole or in part in this five year CIP (\$27,759,418). Of those \$13,662,100 are identified as deferred maintenance, delineated with an asterisks below. CIP requests that were not funded include:

<b>Department</b>	<b>New Project Not Funded</b>	<b>Total CIP</b>
Airport	University of Dubuque Corporate Hangar Construction	\$1,400,000
Airport	University of Dubuque Parking Lot	\$220,000
Airport	Additional Terminal Parking	\$2,001,775
Airport	Construct Solar Photovoltaic System	\$3,095,000
Airport	Terminal Entrance Sign Regrading & Additional Lighting	\$216,138
CMO	Renew DBQ L/I Solar Pilot	\$80,000
CMO	Service Delivery Study	\$72,500
Public Works	Solid Waste Automated Vehicles	\$2,610,423
Public Works	Smart Lid Manhole Project	\$150,000
Sanitary Sewer	King Street Sanitary Sewer Reconstruction	\$94,100 *
Stormwater	Century Drive Storm Sewer Reconstruction (Street Project)	\$155,000 *
Parks	Eagle Point Park - Clear Trees From Bluff	\$20,000 *
Parks	Eagle Point Park - Indian Room Restoration	\$12,000 *
Parks	Madison Park - Flag Pole	\$25,000 *
Parks	Town Clock Lighting	\$10,000
Parks	Miller Riverview Park - Install Irrigation at Veterans' Memorial Site	\$10,000 *
Parks	Park Drinking Fountains	\$40,000 *
Parks	Ecological Restoration	\$20,000
Parks	Parks - Replace Trash Cans	\$40,000 *
Parks	Parks Fleet Automated Vehicle Location	\$38,000
Parks	Eagle Point Park - Accessible Walkway to the Log Cabin Pavilion	\$356,000 *
Parks	Greenhouse - Remove Trees on Hillside	\$25,000 *
Parks	Eagle Point Park - Develop Wading Pool Replacement Plans	\$40,000 *
Parks	Roosevelt Park Redevelopment	\$35,000 *
Parks	Replace Flag Poles in Major Parks	\$50,000 *
Parks	Welcome Sign North	\$6,000

<b>Department</b>	<b>New Project Not Funded</b>	<b>Total CIP</b>
Parks	Welcome Sign East	\$54,000

The CIP budget is the product of the hard work of a large number of people. It begins with department and division managers and their staff who prepared, ranked and updated the CIP requests. It extends to Boards and Commissions who review staff's recommendations and make modifications and establish priorities.

I wish to express my thanks to all who were involved in preparing the Fiscal Year 2021-2025 version of the City's Capital Improvement Program. Special thanks go to Director of Finance & Budget Jennifer Larson, Budget Analysts Rachel Kilburg, Elena Fox, and Kayla Morrison, City Manager's Office Manager Juanita Hilkin, City Manager's Office Secretary Stephanie Valentine and Finance Department Secretary Ella Lahey. I am proud of the work completed by City staff and the end-result. I hope after you have had an opportunity to review this document that you feel it is responsive to your priorities.

# ATTACHMENTS – PROVIDE OVERVIEW OF THE FISCAL YEAR 2021-2025 CAPITAL IMPROVEMENT PROGRAM

## Attachment 1

### FISCAL YEARS 2021-2025 CIP SOURCE OF FUNDS

To finance the CIP projects, a variety of funding sources are used. The following table shows the source of funds for each year of the 5 year CIP.

SOURCE OF FUNDS IN CAPITAL BUDGET	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025	TOTAL	PERCENT
<b>Current Revenue</b>							
Rental Dwelling Rehab Loan Repayments	30,000	30,000	30,000	30,000	30,000	150,000	0.07%

**FISCAL YEAR 2021-2025 CIP BUDGET HIGHLIGHTS BY CITY COUNCIL GOALS & PRIORITIES****2025 CITY COUNCIL GOALS & CORRESPONDING PRIORITIES:****ROBUST LOCAL ECONOMY: DIVERSE BUSINESSES & JOBS WITH ECONOMIC PROSPERITY**

**Priority:** Dream Center: Facilities & Programs

**Priority classification:** Top Priority

**CIP projects supporting this Priority:** Downtown Urban Renewal District Non-Profit ADA Assistance (p 279) FY20 and FY21 funds. This priority is also supported through the Proposed FY21 Operating Budget in the Economic Development Department.

**Priority:** Fountain of Youth: Funding

**Priority classification:** High Priority

**CIP projects supporting this Priority:** Downtown Urban Renewal District Non-Profit ADA Assistance (p 279) FY21 and FY22 funds to be used for the United Way building, where Fountain of Youth is located. This priority is also supported through the Proposed FY21 Operating Budget in the Economic Development Department.

**VIBRANT COMMUNITY: HEALTHY & SAFE**

**Priority:** Brain Health Strategy & Action Plan

**Priority classification:** High Priority

**CIP projects supporting this Priority:** This priority does not currently have funds dedicated.

**LIVABLE NEIGHBORHOODS & HOUSING: GREAT PLACE TO LIVE**

**Priority:** Four Mounds/HEART Program: Funding

**Priority classification:** High Priority

**CIP projects supporting this Priority:** Downtown Urban Renewal District Non-Profit ADA Assistance (p 279) FY22-FY25 funds.

**FINANCIALLY RESPONSIBLE, HIGH-PERFORMANCE CITY ORGANIZATION: SUSTAINABLE, EQUITABLE, AND EFFECTIVE SERVICE DELIVERY**

**Priority:** Human Resources Policies & Handbook Revision

**Priority classification:** Top Priority

**CIP projects supporting this Priority:** This priority is also supported through the Proposed FY21 Operating Budget in the Human Resources Department and the City Managers Office.

**Priority:** Debt Reduction Plan: Re-Affirmation

**Priority classification:** High Priority

**CIP projects supporting this Priority:** This priority is addressed throughout the budget process and in the adopted FY21 Budget & Fiscal Policy Guidelines.

## **SUSTAINABLE ENVIRONMENT: PRESERVING & ENHANCING NATURAL RESOURCES**

**Priority:** Emerald Ash Borer Program

**Priority classification:** Top Priority

**CIP projects supporting this Priority:** Ash Tree Removal & Tree Replacement (p 48), Street Tree Program (p 49), Sidewalk Program - City Owned Property (p 235). This priority is also supported through the Proposed FY21 Operating Budget in the Leisure Services Department.

## **PARTNERSHIP FOR A BETTER DUBUQUE: BUILDING OUR COMMUNITY THAT IS VIABLE, LIVABLE & EQUITABLE**

**Priority:** Imagine Dubuque: Implementation

**Priority classification:** Top Priority

**CIP projects supporting this Priority:** Implementation of specific recommendations addressed through the operating budget and various CIPs.

## **DIVERSE ARTS, CULTURE, PARKS AND RECREATION EXPERIENCES & ACTIVITIES**

**Priority:** Dream Center: Facilities & Programs

**Priority classification:** Top Priority

**CIP projects supporting this Priority:** Downtown Urban Renewal District Non-Profit ADA Assistance (p 279) FY20 and FY21 fund. This priority is also supported through the Proposed FY21 Operating Budget in the Economic Development Department.

## **CONNECTED COMMUNITY: EQUITABLE TRANSPORTATION, TECHNOLOGY, INFRASTRUCTURE & MOBILITY**

**Priority:** Major Street Improvement Plan: Project Priority & Funding

**Priority classification:** Top Priority

**CIP projects supporting this Priority:** Chavanelle Rd Reconstruction (p 218), North Cascade Rd Reconstruction (p 226), Cedar Cross Rd Reconstruction (p 228), Seippel Rd Reconstruction (p 229), Pavement Rehabilitation (p 230), Pavement Preservation Joint Sealing (p 232), Rockdale Rd Reconstruction (p 233).

**Priority:** Parking Ramp Maintenance: Funding

**Priority classification:** Top Priority

**CIP projects supporting this Priority:** Port of Dubuque Ramp Major Maintenance (p 299), Locust/Iowa St Parking Ramp Repairs & Additional Parking (p 301). This priority is also supported through the Proposed FY21 Operating Budget in the Transportation Services Department.

**Priority:** Street Maintenance Program: Increased Funding

**Priority classification:** High Priority

**CIP projects supporting this Priority:** Asphalt Milling Program (p 143), Concrete Street Section Repair Program (p 149), Pavement Rehabilitation (p 230), Pavement Preservation Joint Sealing (p 232).

**Priority:** Transit Vehicle Replacement Funding

**Priority classification:** High Priority

**CIP projects supporting this Priority:** Transit Vehicle Replacement (p 295), McFadden Farm Water Main Improvements (p 126).

### **MANAGEMENT AGENDA**

The City Council also identified projects that were previously on the priority list but whose implementation has already begun and therefore these projects are now a part of the Dubuque 2019 - 2021 Management Agenda. These represent short-term projects for the City Manager and City of Dubuque staff and have previously been budgeted in Fiscal Year 2020 or prior.

**2019-2021 Management Agenda items are identified under their corresponding City Council Goal:**

#### **Robust Local Economy**

**1) Equitable Poverty Prevention: Action Plan (Top Priority)**

This priority is being addressed through the FY20 Planning Services Operating Budget and Proposed FY21 Operating Budgets of various departments.

**2) Industrial Park Development (Top Priority)**

This priority is addressed through proposed FY21 CIPs: Cottingham Road Water Main Extension & Highway Boring (p 105), McFadden Farm Water Main Improvement (p 126), McFadden Farm Sanitary Sewer Extension (p 166), Development of McFadden Properties (p 288), Kerper Boulevard Revitalization (p 283).

**3) Dubuque Riverfront Master Plan (Corps of Engineers) (High Priority)**

This priority is addressed through the FY20 and Proposed FY21 CIPs: Riverfront Dock Expansion (p 247), Riverfront Leasehold Improvements (p 250).

**4) Southwest Arterial Business Development (High Priority)**

This priority is being addressed through annexation efforts in the FY20 operating budget.

#### **Vibrant Community**

**5) School Resource Officer: Implementation (High Priority)**

This priority is being addressed through the proposed FY21 Police Department Operating budget.

#### **Livable Neighborhoods**

**6) CHANGE Program: True North Housing Initiative & Bee Branch Healthy Homes Resiliency Program (Top Priority)**

This program is being addressed through the FY20 and Proposed FY21 CIP: Bee Branch Healthy Homes Resiliency Grant (p 318).

**7) Multi-Tiered Housing Inspection Program (Top Priority)**

This priority is being addressed through the FY20 and proposed FY21 Housing & Community Development Department Operating budget.

**Financially Responsible, High Performance City Organization**

## 8) Citywide Departmental Work Order System Implementation (High Priority)

This priority is being addressed through the FY20 and proposed FY21 operating budgets in several departments.

## 7) Innovation and Entrepreneurial Strategy (High Priority)

This priority is being addressed through the FY20 and Proposed FY21 City Manager's Office Operating Budget.

**Sustainable Environment**

## 8) Bee Branch Creek: Next Steps (Top Priority)

This priority is being addressed through the FY20 and proposed FY21 CIPs: Bee Branch Creek RR Culverts (p 197), Bee Branch Creek Gate & Pump Replacement (p 199), HUD National Disaster Resiliency Competition (p 318).

## 9) Water &amp; Resource Recovery Center: Nutrient Trading (High Priority)

This priority is being addressed through the proposed FY21 CIP: Activated Sludge Process Improvements (p 129).

**Partnership For A Better Dubuque**

## 9) School Resource Officer: Implementation (High Priority)

This priority is being addressed through the proposed FY21 Police Department Operating budget.

**Diverse Arts, Culture, Parks & Recreation Experiences & Activities**

## 10) Leisure Services Facilities Deferred Maintenance Assessment (Top Priority)

This priority is being addressed through the proposed FY21 CIP: Leisure Services Facility/Deferred Maintenance Assessment (p 75).

## 11) Park Development Projects for Non-TIF (Tax-Increment Financing), Donated Park Sites (Top Priority)

This priority is being addressed through proposed FY21 CIPs: Westbrook Park Phase II (p 13), North Fork Trail (p 14), Pebble Cove (p 15).

**Connected Community**

## 13) Traffic Signal Synchronization/STREETS (Top Priority)

This priority is being addressed through the proposed FY21 CIP STREETS Traffic Control Project (p 268).

## **MANAGEMENT IN PROGRESS AND MAJOR PROJECTS:**

The following are projects that were identified as the 2019 - 2021 Management in Progress and Major Projects by the City Council and are included in the 2021 CIP budget according to one of the Council's goals.

### **2019 - 2021 Management in Progress**

**Management in Progress** are items that were previously a City Council Goal and are now in the implementation phase. These items are included in the existing FY 2020 and proposed FY 2021 Operating budgets unless noted for additional funding. The items are identified under their corresponding City Council Goal:

#### **Robust Local Economy**

- Business Development at the Airport: University of Dubuque
- GDDC Retail Attraction Strategy
- Downtown Housing Creation Strategy
- Riverfront Lease Sites
- Federal Opportunity Zones
- Brownfield Grants
- FAA Supplemental Funding: FY21 CIP *Rehabilitate Taxiway A (p 135)*
- Air Charters to Leisure Destinations

#### **Vibrant Community**

- Police Reaccreditation
- Humane Society Contract Renewal
- WRRRC Certification of Environmental Laboratory
- CAD Connection to City Cameras Network: FY21 CIPs - *Traffic Signal Fiber Optic Network Program (p 269)*
- *Traffic Camera System: ITS Traffic Control Equipment (p 270), Traffic Signal Vehicle Detection Conversion (p 271), Camera Systems Technician Improvement Package (Engineering)*
- School Safety and Security Plan and Protocols
- Dispatcher Training Program
- Communication National Quality Assurance
- Healthcare for Residents from Pacific Islands
- Smart 911 Personal and Building Profile Marketing
- Quick Response Pumper
- Fire Accreditation
- Police Officer Recruitment & Retention
- P25 Radio System Building & Implementation
- Panic Button for City
- Ambulance Staffing Alternatives
- Police Department Transition to New Caliber Weapons

### **Livable Neighborhoods & Housing**

- Barrington Lakes Reservoir Abandonment: *Westside Water System Service Line Installation/Fire Hydrant Install/Purchase (p 99)*

### **Source of Funds and Important Details**

The Fiscal Year 2021-2025 CIP presents a financial plan that reflects a \$276,674 general fund property tax levy supported annual debt service for the FY 2010 purchase of a replacement pumper truck (\$1,035,000) and the FY 2016 franchise fee litigation settlement judgment bond (\$2,800,000). No other borrowings included in the Fiscal Year 2021-2025 CIP utilize a debt service levy. It is anticipated that other borrowing from non-utility funds can and will be minimized by using other sources of funds such as future DRA annual distributions of operating surplus and sales tax revenue.

The following important details are about the source of funds:

#### **UTILITIES**

##### **Stormwater**

The Stormwater Utility was formed on July 1, 2003, to update and expand the City's aging infrastructure, comply with the National Pollution Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) permit, and implement the various elements of the 2001 Drainage Basin Master Plan Stormwater Management Plan (amended in 2013), which outlined improvements in both the Catfish Creek and Bee Branch watersheds. The City has been able to garner support from local, state, and federal partners with over \$163 million in outside funding to help offset the cost of the overall \$232 million project. Since 2001, the City has made steady progress on the various phases of the project.

In January 2016, the State was awarded \$95.7 million in HUD National Disaster Resiliency Competition grant funds (HUD NDR Grant). Per the award, the City of Dubuque is to receive \$8.4 million for a comprehensive "Bee Branch Healthy Homes Resiliency Program" to help residents address residual impacts from the flooding experienced within the Bee Branch Watershed. The City is also to receive \$23.1 million for design and construction of storm water infrastructure improvements associated with the Bee Branch Watershed Flood Mitigation Project. The HUD NDR Grant infrastructure improvements are as follows:

- Upper Bee Branch Creek Restoration Railroad Culvert Improvements involving the installation of culverts from the Lower Bee Branch Creek, through Canadian Pacific Railway property, to the Upper Bee Branch north of Garfield Avenue;
- 22nd Street/Kaufmann Ave Storm Sewer Improvements involving the installation of a large diameter storm sewer from 22nd & Elm up Kaufmann Avenue towards the Kaufmann & Kane intersection as funding allows. The work includes inlets and local sewer connections to the storm sewer and the complete reconstruction of the street and other underground utilities along street right-of-way corridor.
- 17th Street/W. Locust Street Storm Sewer Improvements involving the installation of a 96-inch diameter pipe from the Lower Bee Branch Creek through the Canadian Pacific Railway tracks to 17th Street then to the west along 17th Street and finally west along W. Locust Street towards Rosedale Avenue as funding allows. The work includes inlets and local sewer connections to the storm sewer and the complete reconstruction of the street and other underground utilities along street right-of-way corridor.

In October of 2016, the City Council adopted Resolution 362-16. It rescinded Resolution 176-15 which outlined the construction schedule of various phases of the Bee Branch Watershed Flood Mitigation Project. Resolution 362-16 also authorized the execution of the contract with the Iowa Economic Development Authority in order for the City to utilize the \$23,309,600 HUD NDR Grant funds for the administration, design, and construction of Bee Branch Watershed Flood Mitigation Project improvements.

Per the contract, the City must contribute the previously budgeted \$21,600,000 for the infrastructure improvements as local, direct leverage. The City also must provide \$38,219,000 in supporting leverage, monies that the City previously budgeted for and has been utilizing to construct the Lower Bee Branch Creek Restoration Project, the Upper Bee Branch Creek Restoration Project, and the SRF Green Alleys constructed over the past couple of years. Finally, in order to receive and utilize the funding, the City must construct all the improvements by September 30, 2021.

In order to ensure that the improvements related to the grant are completed by the deadline, adjustments were necessary to the funding schedule previously established by Resolution 176-15 for other phases of the Bee Branch Watershed Flood Mitigation Project (Flood Mitigation Project). The table below compares the funding schedule for the various phases of the Flood Mitigation Project established through the adoption of Resolution 176-15 to an updated, adjusted schedule that will ensure adherence to the terms of the Contract.

The following chart shows a Comparison of the funding schedule for the various phases of the Flood Mitigation Project established through the adoption of Resolution 176-15 to an updated, adjusted schedule that will ensure adherence to the terms of the HUD National Disaster Resilience Competition Grant Contract:

Improvements	Schedule Established by Res. 176-15	Adjusted Construction Schedule Milestones	Status
Flood Mitigation Gate Replacement	2015	2022*	Under Design
Lower Bee Branch Creek Restoration	2015	2016-2017	Complete
Upper Bee Branch Creek Restoration	2015-2016	2015-2017	Complete
Bee Branch Creek Railroad Culverts	2019	2019-2021	Ready to Bid
North End Storm Sewers	2017	2028-2030	
22nd Street Storm Sewer	2017	2017-2021	Under Construction
Flood Mitigation Maintenance Facility	2015-2017	2024-2027	Under Design
17th Street Storm Sewer	2019-2021	2018-2021	Under Construction
Water Plant Flood Protection	2022-2023	2029-2030	
Pervious Pavement Systems (Green Alleys)	2023-2040	2015-2040	80 of 240 Complete

**\*Due to the possibility of additional grant funding from the Corp of Engineers and the U.S. Economic Development Administration, the Flood Gates have been delayed from FY 2017**

The adopted Fiscal Year 2021-2025 Capital Improvement Program Budget includes \$4,847,483 for the 22nd Street Storm Sewer Improvements Project (Phase 8 of the Bee Branch Watershed Flood Mitigation Project) to improve the storm sewer system from Elm Street west across Central Avenue and up Kaufmann Avenue towards Kane Street. Exact limits to be determined by available funding. The HUD National Disaster Resiliency grant provides funding for this effort.

The adopted Fiscal Year 2021-2025 Capital Improvement Program Budget includes \$3,270,455 for the 17th Street Storm Sewer Improvements Project (Phase 12 of the Bee Branch Watershed Flood Mitigation Project) to construct a large diameter storm sewer along 17th Street from the Bee Branch Creek to West Locust Street. The HUD National Disaster Resiliency grant provides funding for this effort.

The adopted Fiscal Year 2021-2025 Capital Improvement Program Budget includes \$22,446,573 for the culverts under the Canadian Pacific Railway property as part of the Bee Branch Creek Restoration Project (Phase 7 of the Bee Branch Watershed Flood Mitigation Project). The HUD National Disaster Resiliency grant provides funding for this effort.

The adopted Fiscal Year 2021-2025 Capital Improvement Program Budget includes \$220,000 for the Flood Control Maintenance Facility as part of the Bee Branch Creek Restoration Project (Phase 9 of the Bee Branch Watershed Flood Mitigation Project).

Direct City leverage totals \$21,600,000; these funds have already been committed to the Bee Branch Watershed Flood Mitigation Project and were reflected in the adopted Fiscal Year 2017-2021 Capital Improvement Program Budget.

Fiscal Year 2021 will be the thirteenth fiscal year that the Stormwater Fund is recommended to be fully funded by stormwater user fees. The General Fund will continue to provide funding for the stormwater fee subsidies that provide a 50% subsidy for the stormwater fee charged to property tax exempt properties, low-to-moderate income residents, and a 75% subsidy for the stormwater fee charged to residential farms. The FY 2021 Stormwater User Fee is proposed to increase from \$8.29 per SFU to \$8.85 per SFU, a 2.49% increase, consistent with Ordinance 16-14 passed on March 5, 2014.

	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022
Adopted Per Ordinance 21-12	\$8.50	\$9.00	\$9.00	\$9.00	\$9.00	\$9.00	\$9.00
Adopted Per Ordinance 16-14	\$6.38	\$6.81	\$7.27	\$7.76	\$8.29	\$8.85	\$9.00
% Decrease From Ordinance 21-12	-24.94%	-24.33%	-19.22%	-13.78%	-7.89%	-1.69%	0%

\* The recommended rates for FY16 through FY20 reflect the rates previously established by Ordinance 16-14 following the State's approval of \$98.5 million in State Flood Mitigation state sales tax increment funds for the Bee Branch Watershed Flood Mitigation Project. Ordinance 21-12 was the ordinance adopted prior to the City receiving the Flood Mitigation grant.

## **Water**

Water revenue represents a portion of the monthly water bill that goes for maintenance, repair, replacement and improvement of the Eagle Point Water Plant and water distribution system on a pay-as-you-go basis for all projects except the major extensions. The annual payment to the depreciation fund in Fiscal Year 2020 is \$400,000. The Fiscal Year 2021-2025 CIP anticipates \$608,499 in Fiscal Year 2021, \$2,282,636 in Fiscal Year 2022, \$1,982,446 in Fiscal Year 2023, \$2,490,354 in Fiscal Year 2024, and \$1,758,760 in Fiscal Year 2025.

Water State Revolving Fund Loans will be used to finance sewer projects in FY 2021-2025 as follows: \$982,470 FY 2021; \$0 FY 2022; \$0 FY 2023; \$0 FY 2024; and \$0 FY 2025. The debt service related to the total \$982,470 State Revolving Fund Loans over the 5-years will be paid from water fees and offset by reduced payments to Depreciation (Construction Fund). The State Revolving Fund Loans support such projects as Public Lead Line Water Main Replacement, Wells, Well Field, & Well Transmission, SCADA and Communications, and Water Treatment Plant Condition Assessment

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Water Fund's share of the City's administrative overhead is 18.75%. In FY 2021, the Water Fund will only support 2.98%% of administrative overhead.

The water fees in FY 2021 are recommended to increase 5.0%; 5.0% for operating needs and 0% for capital needs.

## **Sewer**

Sewer revenue represents a portion of the monthly sewer bill that goes for the maintenance, repair, replacement and improvement of the Water & Resource Recovery Center Plant; lift stations, and sewer lines on a pay-as-you-go basis. The annual payment to the depreciation fund in Fiscal Year 2020 was \$458,758. The Fiscal Year 2021-2025 CIP anticipates \$934,407 in Fiscal Year 2021, \$1,350,487 in Fiscal Year 2022, \$548,680 in Fiscal Year 2023, \$1,722,477 in Fiscal Year 2024 and \$3,259,933 in Fiscal Year 2025.

Sanitary Sewer State Revolving Fund Loans will be used to finance sewer projects in FY 2021-2025 as follows: \$2,786,190 FY 2021; \$4,541,000 FY 2022; \$3,926,000 FY 2023; \$486,000 FY 2024; and \$216,000 FY 2025. The debt service related to the total \$11,955,190 State Revolving Fund Loans over the 5-years will be paid from sewer fees and offset by reduced payments to Depreciation (Construction Fund). The State Revolving Fund Loans support such projects as Asset Management Plan, Sanitary Sewer Extension to Existing Developments, Cedar and Terminal Mains and Lift, Final Clarifier, and High Strength Storage.

The sewer fees in FY 2021 are recommended to increase 5.0%; 5.0% for operating needs and 0% for capital needs.

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Sanitary Sewer Fund's share of the City's administrative overhead is 18.75%. In FY 2021, the Sanitary Sewer Fund will support 18.75% of the administrative overhead.

## **Parking**

Parking revenue represents three primary sources: (a) the balance of prior year depreciation funds set aside for the maintenance and repair of parking ramps; (b) future payments to the depreciation fund for repair and maintenance of the parking system (there are no budgeted payments to the depreciation fund in future years due to using existing cash balance); and (c) interest income.

A \$18.5 million Greater Downtown TIF borrowing is anticipated in FY 2021-2025 for additional downtown parking ramp and other downtown projects. New debt service will be paid from the Greater Downtown TIF fund.

The Greater Downtown TIF will support parking related debt in the downtown as follows: \$280,000 in FY 2021; \$280,000 in FY 2022; \$280,000 in FY 2023; \$280,000 in FY 2024; and \$280,000 in FY 2025.

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Parking Fund's share of the City's administrative overhead is 6.93%. In FY 2021, the Parking Fund will support 1.74% of the administrative overhead.

### **Solid Waste Collection Activities**

Solid waste collection activities revenue represents a portion of the monthly refuse bill that goes for the purchase of solid waste collection vehicles. The annual payment to the depreciation fund in Fiscal Year 2020 was \$510,000 and will be \$604,175 in FY 2021, \$528,628 in FY 2022; \$542,034 in FY 2023; \$319,142 in FY 2024; and \$476,124 in FY 2025.

The Solid Waste Collection will support solid waste related debt for City Issued Tipper Carts as follows: 280,000 in FY 2021; 280,000 in FY 2022; 280,000 in FY 2023.

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Solid Waste Fund's share of the City's administrative overhead is 18.75%. In FY 2021, the Solid Waste Fund will support 17.44% of the administrative overhead.

The solid waste collection fees in FY 2021 are recommended to increase 7.68%.

### **GENERAL FUND**

The current revenue amount of \$1,190,533 (0.59% of CIP Total) during the five-year period represents \$40,000 in golf funds for improvements to the Bunker Hill Golf Course, \$46,350 in Historic Preservation Loan repayments, \$150,000 in Rental Dwelling Rehab Repayments, \$300,000 in Greater

Downtown Loan Pool Repayments, \$100,000 in Washington Neighborhood Loan Repayments, \$145,000 in insurance and other reimbursements, \$369,583 in Dubuque County reimbursement, and \$39,600 in repayments to the Homeownership Loan Program.

### **LOCAL OPTION SALES TAX (LOST)**

The local option Sales and Services Tax approved by the voters on February 2, 1988, provided that 20 percent of the proceeds would be used for: (a) the upkeep of City-owned property such as sidewalks, steps, storm sewers, walks, curbs, traffic signals and signs, bridges, and buildings and facilities; (b) transit equipment such as buses; (c) riverfront and wetland developments; and (d) economic development projects. This portion of the Sales and Services Tax shows up on the CIP Source of Funds Summary as “Sales Tax (20%)” totals \$3,983,462 and represents 1.99% of the total CIP.

The local option Sales and Services Tax approved by the voters on February 2, 1988, provided that 30 percent of the proceeds would be used to: (a) reduce street special assessments by at least 75 percent; and (b) maintain and repair streets. This portion of the Sales and Services Tax shows up on the CIP Source of Funds Summary as “Sales Tax/Street Projects (30 percent)” and totals \$13,879,000, or 6.94% of the total CIP.

### **GAMING**

DRA payments represent 0% in FY 2021 of the projected gaming taxes, rent, and admissions from the race track, slots and riverboat operations (\$657,350 or 0.33% of the total CIP) over the five-year period. When practical in future years, additional revenues will be moved to capital from operating. To the extent that there is any revenue shortfall in future years, capital projects will be eliminated or deferred. DRA distribution revenue projections (\$12,279,047 or 6.14% of the total CIP) are discounted consistent with the adopted budget guidelines by 5% in FY 2023, 10% in FY 2024 and 15% in FY 2025.

As reported in prior years, with the reduction in the Dubuque Racing Association's market impacts the City's lease payment from the DRA. The City's estimated lease payments through FY 2025 have been reduced \$27.2 million based on projections from the DRA. These adjustments to the City budget were made through current years and prior year's budgeting processes.

In Calendar Year 2019, gross gaming revenues were down .11% for the DRA and the Diamond Jo is up 2.27%. Overall, the Dubuque gaming market is up 1.27%. The DRA showed increases in hotel room revenue, food and beverage sales and entertainment ticket sales.

The Iowa Legislature passed Sports Betting Legislation in June 2019. DRA started Retail (On-Site) on August 27, 2019 with Mobile Wagering starting on November 12, 2019. Diamond Jo Casino started Sports Betting Retail in September 2019 and is working to start mobile wagering in early 2020. DRA had \$470,000 in Sports Book revenue during 2019. With an amended lease, the City will begin receiving 0.5% of the handle from Sports Betting in FY 2021.

## **FEDERAL FUNDING**

### **Community Development Block Grant (CDBG)**

The Fiscal year 2021-2025 CIP anticipates that Community Development Block Grant (CDBG) funds will be \$601,665 in FY 2021; \$592,004 in 2022; \$492,850 in FY 2023; \$501,724 in FY 2024; and \$500,533 in FY 2025 (1.34% of the total CIP). CDBG is budgeted at the same funding level as FY 2020.

### **Federal Aviation Administration (FAA)**

The FAA funding of \$11,899,325 (5.95% of the total CIP) provides 90 percent match on most airfield related improvements. The Fiscal Year 2021-2025 budget includes reconstruct taxiway A and extend runway 18/36.

### **Federal Transit Administration (FTA)**

The FTA funding of \$13,796 (0.01% of the total CIP) provides for the federal share of onboard security cameras.

### **Federal STP Funds (0.93% of Total CIP)**

Federal funds are anticipated for the STREETS Traffic Control Project (\$1,748,000); and Northwest Arterial East Bound Turn Lane to JFK (\$105,000).

### **Federal Lead Paint Hazard Mitigation Grant (0.78% of Total CIP)**

Federal funds for the Lead Paint Hazard Mitigation program awarded in FY 2019 with funding budgeted as follows: \$785,000 in FY 2021; and 785,000 in FY 2022.

### **Federal HUD Resiliency Grant (5.79% of Total CIP)**

The U.S. Department of Housing and Urban Development (HUD) has awarded the City of Dubuque \$31.5 million to assist Bee Branch Watershed homeowners in repairing and “flood-proofing” their homes and for stormwater infrastructure improvements. A total of \$8.4 million was provided for the rehabilitation of up to 320 housing units, including owner-occupied homes, single-unit rentals, and small, multi-family residential units, all within the targeted Bee Branch Watershed areas and \$23.1 million for the installation of culverts through the railroad property lying between the upper and lower sections of the Bee Branch Creek, storm sewer improvements on 17th Street & West Locust Street, and storm sewer improvements on 22nd Street & Kaufmann Avenue.

## **STATE FUNDING**

### **Road Use Tax**

Road Use Tax Funds (RUTF) of \$2,278,316 (1.14% of the total CIP) over five years represents the balance of annual payments not required for support of the operating budget and funds that had been reserved to finance high priority transportation projects. The Iowa Department of Transportation (IDOT) provides annual projections on the amount of RUTF the City of Dubuque will receive over the next five years based on a per capita amount. The State Road Use Tax Fund consist of revenues from fuel tax, vehicle registration fees, use tax, driver's license fees and other

miscellaneous sources and is distributed to cities on a per capita basis. It should be noted that in FY 2010, the Iowa Department of Revenue increased Road Use Tax Funds (RUT) as a result of higher vehicle registration fees passed into law in 2008. The gas tax was increased ten cents beginning in February 2015. The city is estimated to receive \$37,120,941 for FY 2021-2025.

### **Sales Tax Increment Revenue**

The City secured a \$98.5 million grant through the State of Iowa Flood Mitigation program funded by 70% of the sales tax increment revenue received from the State of Iowa's 5% portion of sales tax received from sales in the City of Dubuque. This revenue will fund the debt service payable on Sales Tax increment Revenue bonds and Iowa Finance Authority State Revolving Fund Loans issued for the Flood Mitigation project known as the Bee Branch Watershed Project. In the five year capital program, \$8,550,600 of sales tax increment revenue will fund pay-as-you-go projects related to the Bee Branch Watershed project.

### **Other State Grants (4.39% of Total CIP)**

State funding includes Iowa Department of Transportation Funding for street projects and trails and Historic Preservation Surveys and Regulations of \$8,775,450 are anticipated over the five-year program.

State transit funding includes \$35,329 over the five-year program for bus stop improvements.

Iowa Finance Authority funding of \$706,415 is anticipated over the five-year program for the Housing Department's Housing Trust Fund to provide permanently affordable housing or assistance to nonprofit organizations providing the same.

### **TAX INCREMENT FINANCING (TIF)**

#### **Dubuque Industrial Center West TIF District**

In FY 2006 and 2007, Tax Increment Financing (TIF) funds were committed towards abatement of the 20 year G.O. Bond issue for a Dubuque Industrial Center West (DICW) expansion and Chavenelle Road extension project, thereby delaying payback to the general fund for prior year development costs. In FY 2007, the TIF assessed values increased, allowing for additional increment for projects and cost recovery to continue. In FY 2017, the TIF assessed values increased again from a commercial 12% state equalization order.

The FY 2021-2025 CIP includes \$310,000 Fiscal Year 2021 to provide funding for the new campaign by the Greater Dubuque Development Corporation to improve the economy in Dubuque. Fiscal Years 2022-2025 for Greater Dubuque Development is budgeted in the operating budget by property tax funds in case there are not future land sales to cover the payments. Fiscal Year 2021 includes \$3,470,000 for Chavenelle Road Reconstruction. Fiscal Year 2023 and 2024 includes \$8,727,715 for Development of McFadden Farm. Fiscal Year 2025 includes \$280,000 for Seippel Road Extension.

## **Annexation Initiatives**

As annexation and development continues, the City has taken the following initiatives to provide services to annexed areas:

### **Additional Police Officers (Operating Budget)**

With the Police Department's crime strategy, Territory Accountability Design, in full implementation, the department projected the need to increase Dubuque's current six patrol territories to seven as new areas of the city are developed. To add a seventh territory, five additional police officers were needed.

Partly in response to this need, the Police Department developed a Sworn Officer Plan which proposed the addition of 15 sworn police officers over a five-year period, with the first five (four Police Officers and one Police Corporal acting as a Section 8 Investigator) approved in December 2007, four more were approved in FY 2009, three more were approved in FY 2010, two more were approved in FY 2011 and one more was approved in FY 2012. The plan's staff increases created sufficient staffing to establish an additional patrol territory. In FY 2019, an additional sworn police officer was added, an existing position was promoted to Captain and one Corporal position was eliminated in order to create a Specialty Unit Commander. The Fiscal Year 2020 budget approved the expansion of the Dubuque Police Department School Resource Officer Program. Three SRO's would be added over consecutive years: FY2020, FY2021, and FY2022 budget. Under this proposal, the DCSD would gradually pay 50% of the salary of the existing SRO Corporal, and the DARE Officer. DCSD would also begin paying 50% of the initial Iowa Law Enforcement Academy training costs and initial equipment for the proposed new SRO positions, including a squad car, and ongoing training costs for SRO's.

### **Fire Station and Additional Firefighters**

An additional west end fire station is currently projected to be designed in FY 2025, but may be delayed. This station would be approximately 10,000 square feet and house two response apparatus, plus storage for other reserve units. The City of Dubuque currently has an annexation study and not an annexation plan. However, addition of this fire station and associated ambulance and firefighting response capability and capacity positions the City will develop an annexation plan and begin the process of annexation in the near future. The City Development Board, that approves annexation expects services to be provided within 3 years of annexation. For a new station, operating costs include insurance, utilities, equipment, maintenance, furniture, and the cost of twelve new employees. Beginning in FY2020, one (1) new employee would be added, one (1) additional new employee would start in FY 2021 as well. In FY2022 and beyond one employee would be added each year until a total of 12 positions is reached. This is a change from the previous plan which proposed adding firefighter positions on a more accelerated schedule. The current minimum staffing per shift is 22, with 28 personnel assigned to cover leave. During the build up of positions before a fire station is constructed, the additional personnel will reduce the need for overtime as each shift will have more positions available to cover vacations and other leave. This advantage will diminish once the new engine and ambulance are placed in service in FY2025.

### **Additional Snow Plow Drivers and Snow Plow Route (Operating Budget)**

Dubuque's expansion also increased the number of streets and roads that must be maintained by the City's Public Works Department. In order to maintain the current level of street maintenance, street cleaning, and snow and ice control to all areas of the city, the Public Works Department was approved for the addition of a snow plow driver in FY 2009 and another is expected to be requested in a future year. Two drivers are needed to staff a route 24 hours a day in a snow event. The Public Works Department plans to create another snowplow route with these two employees as annexation and development dictates. In the warm months, this position will be assigned to the Leisure Services Department to maintain City parks and landscaping in the Washington Neighborhood, Port of Dubuque, Iowa Street and the Locust Street connector. In Fiscal Year 2009, the Public Works Department also began using Refuse, Recycling and Yard Waste Collection employees at the end of their collection routes and on overtime

to assist in snow removal duties. The City has also developed a plan to use personnel and equipment from other City departments to go from 22 pieces of snow removal equipment to 32 pieces of snow removal equipment in a snow storm that exceeds 5 inches. With the recommendation to eliminate full-time positions in the Engineering Department and create one part-time position, there will be less opportunity to supplement the snow plowing effort.

### **Water and Sanitary Sewer Service**

The City is in the process of extending sanitary sewers and water service into new development areas or recently annexed areas as part of pre-annexation agreements. Requests have been received for sanitary sewer and water service on North Cascade Road near Highway 20 and for water service further North on John F. Kennedy Road.

In 2003, a new water main was activated from Highway 20 north on the east side of the Northwest Arterial to John F. Kennedy Road then west to a new 1.25 million gallon water tower located at the Dubuque Soccer Complex. By constructing this tower and with this water main extension in the fourth pressure zone of the City's water distribution system, it allowed growth to take place for residential, commercial and industry to the west of the community.

To date, both sanitary sewer and water service have been extended through the Dubuque Industrial Center West, along Seippel Road to the north edge of the Callahan subdivision. Additional funds are available to extend water and sewer service to the 643 acres annexed and to other areas under consideration for annexation. The City has spent in excess of \$2 million to replace much of the North Fork Catfish Creek Sanitary Sewer Line. The City extended the Granger Creek Interceptor sewer and the public water main from the Technology Park South along highway 151/61 to the north side of the Dubuque Regional Airport. The Granger Creek sanitary sewer and water main extension provided immediate sanitary sewer and water services to the Dubuque Regional Airport and portions of the annexation areas that are adjacent to the highway 151/61 corridor.

### **Greater Downtown TIF District**

This district was formally the Downtown and Ice Harbor TIF districts but now have been combined to the Greater Downtown TIF district. Many projects, which are City Council priorities, are able to move forward due to the availability of Greater Downtown TIF revenue due to continued growth to further sustain a rejuvenated downtown and port of Dubuque. The following are projects included in the FY 2021-2025 CIP:

**Jackson Park Amenities (page 37)** – This project (\$310,000) provides funding for the improvement of amenities in Jackson park.

**Town Clock Rehab (page 44)** - This project (\$67,000) provides for concrete work throughout the plaza area.

**Washington Community Gateway (page 55)** - This project (\$15,000) provides for developing the vacant lot at 1401 Elm Street as a Washington Community Gateway.

**Civic Center Arena Roof Air Conditioner Replacement (page 60)** - This project (\$100,000) provides for emergency repairs to the arena air conditioning units (Roof Top Units 1-7 and 9). The air conditioning units were installed in 2005 and have a life span of fifteen years. The units are currently having issues with repair costs mounting. Replacement of the units is budgeted in the Five Flags Building Improvements CIP in FY2025.

**Five Flags Building Improvements (page 61)** - This project (\$6,000,000) provides for improvements to the building (arena, theater, lobby areas, exterior) and its equipment should a bond referendum for another scenario not pass or it is determined by City Council that Scenario 1 of status quo is the direction. This would be used on the current facility at its current footprint in its current state. The building is in need of wood window repairs, painting of the steel exterior, resealing the ballroom floor, remodeling/upgrading concession stands, carpet and tile replacement, locker shower upgrades, stage dimmer light replacement, dressing room upgrades, orchestra pit electronic lift, placement, refurbishing the stage floor, restoration of theater seats, painting walls and ceilings, satellite ticket booth, theater counter weight and grid system, lighting upgrades and retrofits and other building needs. Equipment replacement needs include the sound system, floor scrubber, tables and portable chairs, water fountains, popcorn popper, concert lighting, pipe and drape, follow spots, lighting consoles, masking equipment, scoreboard and other equipment replacements.

**Grand River Center Replace Carpet (page 79)** - This project (\$250,000) provides for the replacement of carpeting at the Grand River Center.

**Grand River Center Market Study and Facility Assessment (page 85)** - This project (\$65,000) provides for a facility assessment and market study in preparation of the Grand River Center's first twenty years.

**Grand River Center Roof Restoration (page 88)** - This project (\$350,000) provides for restoration of the roof on the Grand River Center. The roof was installed in 2002 and restoration is critical to prevent expensive damage if the roof begins leaking.

**East - West Corridor Capacity Improvements (page 216)** - This project (\$650,000) provides for capacity improvements along alternate east-west corridors to provide connectivity between the western growth areas and the downtown urban core. The section of University Avenue, from Pennsylvania Avenue to Loras Boulevard, referred to as the "Overlap Section" was recommended for converting the three intersections along University Avenue to roundabouts. With current available funding (FY 2019 – 2020), the next steps in the design development process are to complete the preliminary engineering and environmental (NEPA) study phase for intersection capacity improvements along University Avenue at Loras Boulevard, Asbury Road, and at Pennsylvania Avenue. Once the preliminary engineering and environmental (NEPA) study are completed, corridor impacts will be identified, and property acquisition could begin in approximately FY2021 / 2022 and would take approximately 2 years to complete. Once property acquisition is completed within the Overlap Section, construction to convert the three intersections along University Avenue to roundabouts could begin in FY2023 and would take approximately 2-3 years to complete.

**Heeb Street Reconstruction (page 220)** - This project (\$270,000) provides for the reconstruction of North Heeb Street just south of Kaufmann Avenue with new pavement, curb & gutter, and sidewalks. The existing asphalt street is degraded and needs to be replaced. A portion of the street does not have curb and gutter and this project will provide for installation of curb and gutter.

**7th Street Extension to Pine Street (page 225)** - This project (\$67,500) provides for an opportunity to evaluate alternatives and the feasibility of developing a roadway through the Alliant site which would connect 7th Street to Pine Street at 9th / Kerper Blvd. The potential extension of 7th Street to Pine Street would allow commercial traffic to use the US 61-151 on / off ramps at 9th Street to access Pine Street to 7th. This would provide commercial vehicles that currently use 7th, 9th, Central, Washington and Jackson Streets through the Historic Millwork District to get to the industrial businesses on 7th / Commercial Street, a more efficient, safer, and direct route. The FY21

programmed funding would allow for staff to work with Alliant Energy to evaluate alternatives, and if viable, prepare a feasibility study and perform an environmental assessment of potential site development. The FY22 programmed funding would allow for the development and potential construction of a roadway through the Alliant site which would connect 7th Street to Pine Street at 9th / Kerper Blvd.

**Federal Building Renovation (page 245)** - This project (\$1,524,543) provides funding in FY 2021 (\$45,000) to replace the pent house roof, \$6,000 to repair ADA non-compliant public sidewalks, \$220,000 for structural repairs to the loading dock and leaking building foundation and \$165,000 for replacement of the first floor lobby lights with replica period fixtures, main stairwell painting and lighting, and refinishing of the historic woodwork in the main lobby.

In FY 2022, \$250,000 is budgeted for an ASHRAE Level 2 & 3 Energy Assessment which will build off of the results from the Level 1 energy audit happening in FY20. The Level 2 Assessment provides detailed survey of building systems and operations, breakdown of energy source and end use, identification of Energy Efficiency Measures (EEMs) for each energy system, range of savings & costs for the EEMs, spotlight on operational discrepancies and outline of priorities for needed upgrades. The ASHRAE Level 3 Energy Assessment allows for complex HVAC system upgrade alternative analysis, return on investment and construction cost estimating. Additional funding in FY22 is being budgeted to address known long term building operations and maintenance requirements which include \$54,500 for tuck pointing and waterproofing of the building window wells, and \$29,500 to tuck point the front steps and replace rusting hand rails and \$4,500 is budgeted for improvements to the public way finding signs for the building.

In FY23 \$60,000 is budgeted for security camera improvements, \$45,000 to disconnect the roof drains from the sanitary sewer system in order to comply with the City's I&I ordinance, and \$176,000 is budgeted to tuck point and repair the copper soffit on the exterior of the building. FY24 is budgeted to upgrade and modernize the interior lighting system.

**Riverfront Dock Expansion (page 247)** - This project (\$694,000) is to expand the existing riverfront docking facility to accommodate large excursion boats in the Port of Dubuque. The City's proposed infrastructure plan is to construct a new pier wall landing platform near the bottom of Riverwalk Stair No. 2. A portion of Stair No. 2 will be reconstructed to connect to the new landing platform. The new landing platform will be connected to the Riverwalk by an ADA compliant ramped walkway. The excursion boats will moor against new pipe pile clusters and will access land from floating platform docks which will connect to the pier wall landing platform via ADA compliant gangway. The expanded docking facility will accommodate excursion boats 400 feet in length or greater. It is forecasted that excursion boat traffic on the Mississippi River will increase and a new docking facility will create an opportunity for significant tourism growth in Dubuque. Increased tourism will create employment in retail, dining, ground transportation, and excursions to local attractions, while other tourism-related sectors will benefit as a result.

**Riverfront Leasehold Improvements (page 250)** - This project (\$73,500) provides funding in FY21 to support the rail spur improvements along Kerper Blvd. and Commercial St and the deconstruction of the former Dodd's Terminal building foundation in the South Port. Clearing this site of the existing outdated and obsolete structure will help to prepare it for redevelopment. FY 22 would allow the city to evaluate redevelopment options for the industrial site on 7th street along Dove Harbor, as well as a site along Kerper Blvd at the Peosta Channel.

**ABC Supply Building Deconstruction (page 251)** - This project (\$417,000) provides funding for hazardous material remediation and structure deconstruction of a former City owned leased property along Highway 151 near the South Port. The Funding in FY21 would

support the deconstruction of the former ABC Supply building who's lease expired in December 2018. Clearing this site of the existing outdated and obsolete structure will help to prepared it for redevelopment.

**Greater Downtown Street Lights (page 257)** - This project (\$340,400) provides funding for replacement of the existing 30-foot white streetlights located in downtown Dubuque. Currently, there are approximately 60 white streetlights remaining. The project would replace all remaining white poles and install lighting controllers with meters. In certain cases, these would be replaced with historical streetlights. Many of the streetlights in the downtown area were installed in early 1950's. This program would promote the use of high efficiently, long life LED street lighting throughout the City of Dubuque which saves energy and operating expenses.

**Downtown Security Camera Program (page 263)** - This project (\$103,049) provides equipment, installation, and software licenses for the placement of fixed cameras (\$2,500 each) installed near roadways, alleys, and signalized intersections in Downtown Dubuque.

**Downtown Urban Renewal Area Non-Profit Accessibility Assistance Program (page 279)** - This project (\$500,000) provides assistance with accessibility improvements to existing public buildings either owned or operated by non-profits. The Non-Profit Accessibility Assistance Program is a competitive matching grant program that will fund up to \$50,000 in any one year for eligible projects and agencies. Eligible non-profits must be classified by the U.S. Internal Revenue Service under Section 501(c)(3) of the I.R.S. code and must have a minimum two-year operating history after the date of receipt of its 501(c)(3) classification. Eligible improvements include interior and exterior accessibility alterations and must comply with the most recent Department of Justice ADA Standards and Guidelines and locally adopted building codes. Additional criteria and an application will be developed.

**Downtown ADA Assistance Program (page 280)** - This project (\$155,000) provides assistance to residents and businesses to ensure facilities in the Downtown Urban Renewal Area are fully accessible and inclusive to all persons regardless of abilities. This includes parking lots, retail and wholesale stores, restaurants, cafés, taverns, gas stations, public buildings, lodging, schools, parks, and entertainment venues. The program is designed to assist businesses with the cost of becoming ADA compliant. Qualified applicants can receive up to 50% of the cost of the project from the City of Dubuque, at a maximum amount of \$5,000 per property.

**Greater Downtown Urban Renewal Incentive & Rehabilitation Program (page 282)** - This program (\$1,882,900) provides grants for rehabilitation and adaptive reuse of buildings in the Greater Downtown Urban Renewal District. Tax increment proceeds are used to capitalize the pool of funds for these grant. The program provides grants up to \$10,000 for each new housing unit created in the District. The program creates affordable, quality rental housing units for our workforce.

**Washington Neighborhood Facade Program (page 285)** - This program (\$550,000) provides for rehabilitation and adaptive reuse for buildings and grants for planning/design costs and facade improvements in the Downtown Washington Neighborhood.

**Downtown Rehab Grant Program (page 286)** – This program (\$300,000) provides grant funding for the rehabilitation of commercial or multi-family property in the Greater Downtown Urban Renewal District. The Facade Grant Program provides 1:1 matching grants not to exceed \$10,000 in grant funds per project for front or rear facade renovations designed to eliminate inappropriate additions or alterations and restore the facade to its historic appearance or to rehabilitate the facade to include new windows, paint, signage, awnings, etc. to improve overall appearance. Landscaping or screening with fencing or retaining walls may also be allowed, especially as it may improve

property adjacent to the right-of-way. The Planning and Design Grant Program provides 1:1 matching grants not to exceed \$10,000 in grant funds per project to offset the actual pre-development costs incurred prior to a Rehabilitation project. Reimbursement would be allowed for architectural and engineering fees, feasibility studies, environmental assessments or other related soft costs, but not owner/developer fees, incurred in the development of the project. The Financial Consultant Grant Program provides 1:1 matching grants not to exceed \$15,000 in grant funds per project to offset the actual cost of hiring a financial consultant used to analyze the feasibility of the projects that generally apply for historic tax credits. Additionally, there are several other property owners and developers that have expressed an interest in utilizing the program to fund projects. The Downtown Rehabilitation Facade Grant program receives the most inquiries and interest out of all programs provided by the Economic Development Department. This program has helped promote great successes in the redevelopment of the downtown. In order to meet the demand for this program, and maintain the historic appeal of downtown, additional funds have been requested for this program.

**Downtown Rehabilitation Loan Program (page 289)** - This project (\$300,000) provides low-interest loans for the rehabilitation and adaptive reuse of buildings in the Greater Downtown Urban Renewal District. Tax increment proceeds and loan repayments are used to capitalize the pool of funds for these loans. The program has been popular, with 19 loans provided since 1996 and additional loans that have been committed but have yet to be disbursed.

**Central Avenue Corridor Initiative (page 290)** - This project (\$1000,000) provides a loan loss reserve and interest rate “buy down” for eligible entrepreneurs seeking a microloan from Iowa Microloan, a 501(c)3 that provides loans of \$5,000 to \$50,000 to small businesses in Iowa having difficulty obtaining a loan from a traditional lender. The Economic Development Department will partner with either the City’s CDBG or IFA Trust Fund Committees to select qualified candidates whose applications will be forwarded to Iowa Microloan.

**Central Avenue Streetscape Master Plan Implementation (page 291)** - This project (\$240,000) provides for the implementation of priority actions in the Central Avenue Streetscape Master Plan. The funds allocated would be used to support infrastructure and streetscaping priority improvements justified in the master plan. The Central Avenue corridor is part of the Washington Neighborhood Revitalization Plan and includes the area between Central Avenue between 11th and 22nd streets. Included in this strategy is the redevelopment and reinvestment in residential and commercial areas in the neighborhood. Some public infrastructure improvements have already been initiated and the Central Avenue corridor is beginning to see private investment in building improvements and business location.

**East 12th and Elm Street Parking Lot Construction (page 300)** - This project (\$589,000) provides for the construction of a 73 stall parking lot at East 12th and Elm Street (Lot 1 Millwork Parking District). The parking lot design includes a code blue emergency phone, landscaping, environmental remediation and construction of the parking lot. The cost per parking stall would be approximately \$8,070 per stall for this proposed site.

**Locust/Iowa Street Parking Ramp Repairs and Additional Parking Possibilities (page 301)** - This project (\$18,500,000) provides for construction of a new 500-space parking facility in Downtown Dubuque. Existing FY 2020 funds provide for property acquisition and engineering services. The Locust Street Parking Ramp is reaching the end of its useful life.

**Washington Neighborhood Home Purchase Program (page 312)** - This project (\$250,000) supports and encourages homeownership in the Washington Neighborhood. The program operates under the oversight of the Housing Trust Fund Committee and is capitalized by

annual grants received from the Iowa Finance Authority (IFA). IFA requires a match for the program and the City provides IFA Trust Match of \$50,000 from the Greater Downtown TIF (GDTIF). The primary purpose is to complement housing assistance provided through the CDBG program by providing loans to low-to-mod income homeowners and buyers in the Washington Neighborhood and for households earning less than 30% MI are eligible to purchase any property within the City limits.

**Downtown Urban Renewal Area Non-Profit Weatherization Improvements Assistance (page 323)** - This project (\$500,000) provides funding for matching grants to assist non-profits in the Greater Downtown TIF area to make energy efficiency improvements to their buildings, including weatherization measures, HVAC system upgrades, and other work to decrease their utility bills. This reduction in annual operating costs will allow non-profits to invest more funds in achieving their organization's mission. Energy efficiency improvements not only result in financial savings to the organization but will also help to meet the 50% by 2030 Community Climate Action & Resiliency Plan goals approved by City Council in 2013. The program builds on the success of the Energy Efficiency Revolving Loan Fund (EELF) that is currently available to private businesses, which was created using funds the City received from the 2009 American Recovery & Reinvestment Act, and the Grants to Green program, a Community Foundation of Greater Dubuque program which invested over \$1.2 million in energy efficiency projects for non-profits. Ongoing community conversations have demonstrated a continued need to fill the gap between available utility rebates and the amount non-profits are able to pay for energy efficiency improvements. Similar to the existing EELF, non-profits may be able use funds for renewable energy installation, if all reasonable efficiency improvements have been made, in order to further reduce their utility costs and reduce their negative environmental impact. Additional criteria and an application will be developed.

#### **North Cascade Housing TIF District**

In FY 2014 the City created the first housing TIF district in the Timber Hyrst subdivision off of North Cascade Road. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area.

**Assistance for Homeownership (page 304)** - This project (\$133,685) provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses; or it may purchase housing subject to mortgage foreclosure actions in order to secure City funds previously loaned as part of rehabilitation activities or other housing to accomplish the goals. Certain improvements will be made to the properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved, dwellings are resold to responsible owners and City dollars are returned to the revolving fund.

**Neighborhood Reinvestment Partnership (page 310)** - This project (\$1,200,000) provides funding to achieve the goal of promoting a broader income mix of downtown homeowners. This Program also provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses to accomplish the goals. Certain improvements will be made to the properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved and dwellings are resold to responsible owners. Certain properties are targeted to be voluntarily acquired, for reason of poor maintenance and the inability or refusal of the owner to make improvements. These are then rehabilitated and resold to qualifying owner-occupied households. This is a ten year TIF which state law requires a minimum of 38.1% of the income generated to be used for Low and Moderate Income residents any where in the City of Dubuque. The percentage benefiting Low and Moderate Income residents can be higher than the required 38.1%. In FY 2019 the

percentage is 51.1%. It is anticipated that the City will acquire, renovate and sell for long-term home ownership 50 residential properties over the next 5-7 years with an estimated \$30,000 construction subsidy per property.

### **English Ridge Housing TIF District**

In FY 2015 the City created a housing TIF district in the English Ridge subdivision off of Stone Valley Drive. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area.

**Assistance for Homeownership (page 304)** - This project (\$172,836) provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses; or it may purchase housing subject to mortgage foreclosure actions in order to secure City funds previously loaned as part of rehabilitation activities or other housing to accomplish the goals. Certain improvements will be made to the properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved, dwellings are resold to responsible owners and City dollars are returned to the revolving fund.

### **South Pointe Housing TIF District**

In FY 2017 the City created a housing TIF district in the South Pointe subdivision off of Highway 151 South. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area.

**Assistance for Homeownership (page 304)** - This project (\$96,911) provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses; or it may purchase housing subject to mortgage foreclosure actions in order to secure City funds previously loaned as part of rehabilitation activities or other housing to accomplish the goals. Certain improvements will be made to the properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved, dwellings are resold to responsible owners and City dollars are returned to the revolving fund.

### **Rustic Point Housing TIF District**

In FY 2017 the City created a housing TIF district in the Rustic Point subdivision off of Derby Grange Road. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area.

**Assistance for Homeownership (page 304)** - This project (\$5,055) provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses; or it may purchase housing subject to mortgage foreclosure actions in order to secure City funds previously loaned as part of rehabilitation activities or other housing to accomplish the goals. Certain improvements will be made to the properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved, dwellings are resold to responsible owners and City dollars are returned to the revolving fund.

## **MISCELLANEOUS SOURCES**

### **Private Participation (0.75% of Total CIP)**

Private contributions represents the non-City share of the cost of several projects including private participation, fund raising, loans, grants and future resource allocation of City funds. Private participation funds included in the five year CIP include; contribution from the Diamond Jo Casino for the Port of Dubuque Parking Ramp for maintenance as required by the development agreement (\$423,116); Dubuque County contribution for HAZMAT Truck Replacement (\$119,583); Dubuque County Contribution for Southwest Arterial (\$250,000); Viking Cruises contribution for the Riverfront Dock Expansion (\$1,000,000); and Lead Based Paint Hazard Control education and training fees (\$30,000).

### **Special Assessments (0.24% of Total CIP)**

Special Assessments represent that portion of street and sanitary sewer improvement projects anticipated to be assessed to benefiting property owners. The \$480,000 amount breaks down: (a) \$30,000 for sanitary sewer special assessments, (b) \$150,000 for sidewalk lien special assessments, and (c) \$300,000 for street reconstruction assessments.

### **Cable TV (0.00% of Total CIP)**

It is anticipated that Cable TV funds will be used in the five-year CIP of \$9,210 for computer replacements.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project goal replaces fire apparatus based on a schedule of 20 year service life for pumpers and 30 year service life for ladder trucks. The project also replaces the 1998 Freightliner/Simon Hazmat truck at 23 years. FY21 funding would replace this Hazardous Materials Response Truck (23 yrs.). In FY22, funding would replace the 1995 General Safety ladder truck due to rust deterioration (27 yrs). FY24 funding would replace 2004 International/Simon pumper (20 yrs). Also in FY24, requested funding would provide for the addition of one fire engine to the fleet. This additional fire engine would be needed to equip the expansion to a seventh fire station. As an expansion unit, additional cost covers equipment for this engine (hose, tools, etc.).

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to Fire Station Expansion/Relocation (#350-1864) for the additional unit funded in FY24.

#### OUTCOME

Healthy and Safe: Continue to provide a timely response to emergency calls for service.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project replaces Heating Ventilation and Air Conditioning (HVAC) components at Fire Headquarters over a three-year period. The heating boiler, air handlers, and associated control system are original to the building (1970). All three components are beyond their expected service life. The HVAC and Lighting System Improvement Study completed in 2015 listed replacement of these components as the top priority. This project would provide for replacement of the system controls in FY2020 (\$80,000) with estimated pay-back in 12 years, replace the heating boiler in FY2021 (\$168,924) for which the study suggested "dramatic" energy savings, and replace all three air handling units in FY2022 (\$344,605) to relieve excess condensation and mold growth, improving the air quality in the building.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the community's carbon footprint (50% by 2030).

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project seeks to extend the service life of the City-wide outdoor warning siren system. The components of this system are now over twenty years old and failure of siren components is starting to drive up repair costs. Additionally, any failure of this warning system could have serious safety ramifications. The project is designed to replace and or repair the system of 17 outdoor warning sirens over a five-year period.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other Capital Improvement Projects

#### OUTCOME

Healthy and Safe: Have residents feeling safe in any neighborhood and throughout the community.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project will provide air filtration for vehicle exhaust in the fire stations. Diesel exhaust has been identified as a health hazard within fire stations where personnel are living around-the-clock near fire apparatus. This project funds the installation of filtration and air-cleaning equipment to all stations over a three-year project. FY21 will address the most critical needs which are Stations 4, 5, & 6 due to living quarters over the apparatus garage. FY22 will provide equipment for Stations 2 & 3, and the final year will install the system at Fire Headquarters.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other Capital Improvement Projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Have well maintained City infrastructure.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project completes building structural repair work that was not able to be previously funded in this CIP. In September of 2019, bids for the project came in well over engineering estimates and were rejected. This work will be re-bid during a more favorable construction season. During the design phase the fire station roof was identified as needing replacement. The CIP for structural repairs in FY19 contained only enough funds to complete tuckpointing of brick exterior in the construction area. Additional tuckpointing is necessary to maintain the exterior and stop water infiltration. This project will provide the additional funding expected for the structural repair, as well as roof and tuckpointing needs.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Have well maintained City infrastructure.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project would implement recommendations from the recent Heating, Ventilation, and Air Conditioning (HVAC) and Lighting study. Modus consultants provided a five-year plan to improve HVAC and lighting at all six fire stations. This report seeks to identify cost-savings and energy conservation projects among fire stations that will reduce the environmental impact and provide savings in operating costs. This project covers upgrades to lighting and HVAC projects at five satellite fire stations.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other Capital Improvement Projects.

#### OUTCOME

Sustainable Environment: Reduce the community's carbon footprint (50% by 2030).

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

<b>DEPARTMENT:</b> 13 - Fire		<b>STATE PROGRAM:</b> 1C - Public Safety	<b>PROJECT TITLE:</b> Replace Flooring and Paint at Station 4			<b>YEAR FIRST SUBMITTED:</b> FY 2018 <b>ACTIVITY NO:</b> 101-1444	<b>TOTAL PROJECT COST</b> \$ 14,280

#### PROJECT DESCRIPTION/JUSTIFICATION

This project replaces deteriorating vinyl floor tile throughout the first floor of Station 4 (University). Installation of ceramic tile will eliminate the need for waxing and buffing, therefore reducing the time and cost to maintain a high-traffic area. This project also would provide for repainting of various areas of the interior plaster and paint. Loose plaster and peeling paint remain in living spaces of the building not done in previous projects .

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to another capital improvement project.

#### OUTCOME

Financially Responsible, High Performance City Organization: Have well maintained City infrastructure.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming

<b>DEPARTMENT:</b> 13 - Fire		<b>STATE PROGRAM:</b> 1C - Public Safety	<b>PROJECT TITLE:</b> Ambulance Replacement			<b>YEAR FIRST SUBMITTED:</b> <b>ACTIVITY NO:</b>	FY 2019 350-2507	<b>TOTAL PROJECT COST</b> \$ 534,480

\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ —	\$ 267,240	\$ —	\$ 267,240	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project goal is to replace ambulances after a twelve-year service life. Due to the planned increase in staffing to accommodate a third, full-time ambulance crew, another ambulance will need to be added to the existing fleet. The FY23 begins the replacement of a five-vehicle fleet and would retire a 2010 Lifeline ambulance (13 years). The FY25 funding request provides for the additional ambulance and associated equipment for the fire station expansion and relocation project.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Fire Station Expansion/Relocation project (#350-1864) for the staffing need to cover an ambulance addition.

#### OUTCOME

Healthy and Safe: Continue to provide a timely response to emergency calls for service.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for an additional west end fire station as development and annexation occurs. It is currently projected to be designed in FY 2025 due to the Southwest Arterial opening one year later and no plans for development. This station would be approximately 10,000 square feet and house two response apparatus, plus storage for other reserve units. The City of Dubuque currently has an annexation study and not an annexation plan. However, addition of this fire station and associated ambulance and firefighting response capability and capacity positions the City well to develop an annexation plan and begin the process of annexation in the near future. The City Development Board, that approves annexation expects services to be provided within 3 years of annexation. For a new station, operating costs include insurance, utilities, equipment, maintenance, furniture, and the cost of twelve new employees. Beginning in FY2020, one (1) new employee was added, one (1) additional new employee would start in FY 2021, FY 2022, FY 2023, FY 2024, FY 2025 as well. The remaining positions would start in FY 2026 and after (for a total of 12 positions). The current minimum staffing per shift is 22, with 28 personnel assigned to cover leave. During the build up of positions before a fire station is constructed, the additional personnel will reduce the need for overtime as each shift will have more positions available to cover vacations and other leave. This advantage will diminish once the new engine and ambulance are placed in service in FY2026. This project does NOT include costs for an additional fire engine and ambulance, these costs are listed in separate CIPs.

<b>DEPARTMENT:</b> 13 - Fire	<b>STATE PROGRAM:</b> 1C - Public Safety	<b>PROJECT TITLE:</b> Fire Station Expansion/Relocation	<b>YEAR FIRST SUBMITTED:</b> FY 2007 <b>ACTIVITY NO:</b> 350-1864	<b>TOTAL PROJECT COST</b> \$ 846,000
---------------------------------	---	--	--	---

#### **PROJECT DESCRIPTION/JUSTIFICATION (Continued)**

In 2006 a study on Municipal Fire and Emergency Service Response and Deployment was done by Matrix Consulting Group. The study included an evaluation of station needs based on near-term and long-term growth projections and evaluation of alternative station locations. Over 164,000 different scenarios were evaluated. The report states, "As development occurs, the City should add one additional station and relocate one current station to accommodate the increase in fire department workload. This scenario would consist of adding a station at or near Chavenelle & Radford to provide service to the west side of the City." In FY 2022, this study will be updated to ensure the proper location and size of station is constructed based on the 15 years of growth that will have occurred since 2006. Should the study show that only the relocation of an existing station should occur in FY 2024, then six new fire fighters would be needed to allow for staffing a new ambulance and the remaining six personnel would move from the station being relocated. The design of this station is estimated to occur in Fiscal Year 2023, with construction in the following year; however, the timing is completely dependent on future development/annexation and could be delayed. This expanded fire station would provide coverage to several areas identified in the 2018 Annexation Study prepared by the Planning Services Department. This includes areas along the Southwest Arterial corridor identified in sections L, I, and G of the study. As annexation and development occurs in these areas, revenue derived would help support the fire station expansion. The cumulative cost for staff and operating the new station would be \$1,410,611 per year. Should the study show an existing station could be closed this would reduce operating expenses. Once an expansion fire station and two units are in service the daily minimum will increase to 26, with 32 personnel assigned per shift. At that time the 12 new positions would add 3 Medical Officers and 9 firefighters to the department roster.

#### **RELATIONSHIP TO OTHER PROJECTS**

This project is related to Ambulance Replacement and Addition (#350-3507) and Ladder Truck & Pumper Replacement and Addition (#350-1016).

#### **OUTCOME**

Healthy and Safe: Provide timely response to emergency calls for service.

#### **FUNDING RESTRICTIONS**

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

<b>DEPARTMENT:</b> 13 - Fire		<b>STATE PROGRAM:</b> 1C - Public Safety	<b>PROJECT TITLE:</b> Station 5 Bathroom Remodel			<b>YEAR FIRST SUBMITTED:</b> FY2021 <b>ACTIVITY NO:</b>	<b>TOTAL PROJECT COST</b> \$ 15,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project will remodel the only bathroom in Fire Station 5. The fixtures and finishes are worn and becoming more prone to repairs. As this is the only restroom for the building, reliability and functionality are important to maintain a habitable station. The project will update and rebuild the space to provide less maintenance and extend the useful life of the facility.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to another capital improvement project.

#### OUTCOME

Financially Responsible, High Performance City Organization: Have well maintained City infrastructure.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for developing Eagle Valley Park in the Eagle Valley Subdivision between Roosevelt Street and Shiras Avenue. The developer has dedicated approximately 2.25 acres of property as a park and storm water detention facility. The final plat was approved in 2003. This project develops the park portion of the property. The primary service area for this park will be the ninety homes that will be constructed in this subdivision. A commitment was made that if parkland was donated the city would budget \$150,000 six years out in the CIP budget. This request is twenty one years after dedication. A majority of the homes have now been built.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for developing a mini park in the subdivision being constructed at the corner of Kennedy Road and Pennsylvania Avenue and can be accessed by Keymont Drive. The developer of this subdivision donated land for development of a mini park on eastern side of subdivision and west of creek. Council approved the subdivision in 2009 with no specific time line for development. In the future, this area could also serve as a trail head if a trail is developed, connecting this property with Usha Park (Pennsylvania and the Arterial) and with Asbury Road, if property along St. Celia is donated to the City (as shown on preliminary plat for that property).

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for developing a mini park in the Pebble Cove subdivision off Charleston Court (south of the Northwest Arterial and west of John F. Kennedy Road). The developer of the Pebble Cove subdivision has donated property for development of this park. The Council approved the subdivision in 2008 with no specific timeline commitment. This park would primarily serve the subdivision. The park development would include a playground and park amenities. The parcel currently has a large culvert on the site for storm water runoff from the Northwest Arterial. This drainage issue will need to be evaluated and properly corrected before a park can be developed.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for development of additional planned amenities. Usha Park was donated to the city in 1996. The development plan was completed in 1999. Construction to date has been grading, seeding, fencing of the site, playground installation and a parking lot installed in 2013. Additional parking was installed in 2019. A cricket field has been developed which sees a lot of usage. Interest in cricket in Dubuque has really grown in recent years. The first development will be for a handicap accessible trail installed to connect the parking lot to the playground area and a basketball court. Addition of basketball courts on the western part of Dubuque is a Park and Recreation Commission priority. Operating costs include trail and court maintenance.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for addressing storm water issues and converting some sidewalks to ADA compliance at Allison Henderson Park. Storm water runoff has created drainage issues and continues to wash out underneath the current sidewalk that leads to the lower level restrooms. During the winter months snow and ice also builds up on the sidewalk access to the upper level of the building from Nowata Street. This project would include removing and replacing the upper sidewalk to ADA compliance. The sidewalk leading to the lower level restrooms would be removed and relocated to the other side of the building to meet ADA compliance. Soil quality restoration, bioswales and earthen berms would be strategically placed throughout the park to lessen the impacts of storm water runoff specific to the upper access sidewalk. A new storm water drain would also be installed to funnel the storm water to a specific location.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project may only be funded with Sales Tax Fund (20%) or DRA Distribution/Gaming.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing the play unit in Avon Park. By Fiscal Year 2022, the play unit in Avon Park will be over twenty-eight years old. This is past typical replacement timing for the use it receives. The project includes the installation of a poured-in-place safety surfacing instead of wood chip safety surfacing. The poured in place surfacing will eliminate weeds in the playground and decrease maintenance costs in future years. The project includes contracted services for the removal of the old equipment.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

<b>DEPARTMENT:</b> 30 - Leisure Services Park Division		<b>STATE PROGRAM:</b> 4C - Culture & Recreation	<b>PROJECT TITLE:</b> Re-Imagine Comiskey Park			<b>YEAR FIRST SUBMITTED:</b> FY 2021 <b>ACTIVITY NO:</b> 260-2825	<b>TOTAL PROJECT COST</b> \$ 87,700

#### PROJECT DESCRIPTION/JUSTIFICATION

Comiskey Park has been expanded from 3.6 acres to 5.7 acres and will be updated to meet current recreation demand. Public input will guide the improvements that this funding will provide, including but not limited to, playground equipment, skate park, tennis court, basketball courts, building improvements, grading and construction of open field, splash pad. Re-Imagine Comiskey Park Plan Reveal will occur on Monday March 9th, 2020 which will identify the improvements the community feels are important for this park that is integral to the immediate neighborhood as well as surrounding neighborhoods. Comiskey Park is a destination park, and these improvements will allow access to state of the art improvements to low-moderate income residents.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Community Development Block Grant Entitlement Funds..

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for repairing the limestone retaining wall behind the tennis courts in Eagle Point Park. A section of this wall has fallen and needs to be repaired. There is a storm water issue that will need to be addressed at the same time, which is the cause of the problem.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for concrete repairs at the Riverfront, Terrace Room, Open Air and Shiras Memorial pavilions as well as areas around the maintenance building and a couple of small areas along the bluff. It also provides for sidewalk repairs. These areas are becoming uneven and will create a safety concern if replacement schedules are not created. Sidewalk improvements began in specific areas were completed in 2011 and 2012. Many sidewalks were not completed at that time due to budget constraints. These areas include Riverfront Pavilion walks, Open Air Pavilion deck and walk, Shiras Memorial south walk, park information board areas, maintenance shop decks, and two areas of the bluff walk. Many of these sidewalk improvements relate to ADA requirements.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for repairs to the patio, steps and wall on the east and south side of the North and South Veranda, walkway around the Indian Room, walkway on the west side of the Veranda Rooms, the steps and walls in the tunnel area under the East Room, and the patio area of the Bridge Complex. The stone in these areas is becoming uneven, breaking, and in need of repair. Stone caps on the walls are breaking apart and need to be replaced to avoid moisture getting into the stones that make up the wall.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for renovating the Log Cabin Pavilion. Renovation will include electrical wiring, light fixtures, windows, interior work and painting. The Log Cabin is one of the most popular pavilions in Eagle Point Park. With the historical significance of these structures money needs to be budgeted. The Riverfront and Indian Room are also being requested for renovations. Efforts will be made to restore all pavilions to their original condition.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

DEPARTMENT: 30 - Leisure Services Park Division		STATE PROGRAM: 4C - Culture & Recreation	PROJECT TITLE: Eagle Point Park - Street Light Replacement			YEAR FIRST SUBMITTED: FY 2002 ACTIVITY NO: 102-1594		TOTAL PROJECT COST \$ 40,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing street lights throughout Eagle Point Park. Currently there are 123 street lights throughout Eagle Point Park. This project would allow for replacing current fixtures with energy efficient LED fixtures. These new fixtures would save approximately \$2,300 a year in operating cost.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

<b>DEPARTMENT:</b> 30 - Leisure Services Park Division		<b>STATE PROGRAM:</b> 4C - Culture & Recreation	<b>PROJECT TITLE:</b> Eagle Point Park - Riverfront Pavilion Restoration			<b>YEAR FIRST SUBMITTED:</b> FY 2007 <b>ACTIVITY NO:</b> 102-2190		<b>TOTAL PROJECT COST</b> \$ 94,000
<b>2019 EXPENSE</b>	<b>2020 BUDGET</b>	<b>PROJECT BUDGET</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for historic restoration of the Riverfront Pavilion, including: removing the drop ceiling and restoring the original, restoring the plaster on the walls, replacing the light fixtures and re-wiring the building, repairing windows and replacing the doors. This is the most popular pavilion and upgrades are needed, so we would like to restore the building to as close to original as possible. The pavilions in the park are historic and an effort should be made to preserve that history. \$5,000 is for design and engineering, and the remaining \$89,000 is for construction.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing water lines throughout Eagle Point Park. The water system at Eagle Point park is failing. The galvanized piping in the system has begun to fail and there are numerous leaks throughout the park. Replacement of these lines is necessary to not only conserve water but to keep the correct water pressure within the system. A small portion (phase 1) of the water lines were replaced in FY19 with savings from two capital projects and use of other current capital projects related to Eagle Point Park. The remaining phases need to be completed.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project would provide for the renovation of the Shiras Memorial Pavilion at Eagle Point Park. The pavilion has begun to deteriorate and is in need of repair. The spanish roof tiles are breaking and falling off. The stucco ceiling has also begun to deteriorate and come loose falling on the picnic tables. The fascia and soffit are also experiencing some rotting and needs to be replaced in some locations. This pavilion is one of the most popular pavilions and a truly unique structure within the park. Repairs are needed.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project may only be funded with Sales Tax Fund (20%) or DRA Gaming/Distribution. This project may only be funded with Sales Tax Fund (20%) or DRA Distribution.

<b>DEPARTMENT:</b> 30 - Leisure Services Park Division		<b>STATE PROGRAM:</b> 4C - Culture & Recreation	<b>PROJECT TITLE:</b> Eagle Point Park - Rest Room Renovation			<b>YEAR FIRST SUBMITTED:</b> <b>ACTIVITY NO:</b>	FY 2015 102-1866	<b>TOTAL PROJECT COST</b> \$ 40,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for an assessment of buildings and structures at Eagle Point Park. Eagle Point Park is an asset to the Dubuque community. A complete assessment of all buildings and structures is necessary to maintain the unique beauty of the park. The assessment would evaluate the integrity, deficiencies and longevity of all structures and buildings in the park both historic and modern. It would allow for budgeting to be based on priority needs of the park. This would help in grant preparation for future work.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing lights on the five tennis courts in Flora Park. The tennis courts in Flora Park are the most popular in the park system. The lights are outdated and the foot candle level is not adequate. The wood poles are no longer standing straight and lean, and they will be replaced with steel poles. These new fixtures will save approximately \$1,300 per year in operating costs.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing the play unit at Gay Park. By Fiscal Year 2023, the play unit will be over twenty-seven years old. This is past typical replacement timing for the use it receives. The project includes the installation of a poured in place safety surfacing instead of wood chip safety surfacing. The poured in place surfacing will eliminate weeds in the playground and decrease maintenance costs in future years. This project includes contracted services for the removal of the old equipment.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing the wood roof on the Ham House. The roof on the house was last replaced in 1992. By Fiscal Year 2023, the roof will be over thirty-one years old. This is well beyond the life expectancy of a wood shingle roof.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

DEPARTMENT: 30 - Leisure Services Park Division		STATE PROGRAM: 4C - Culture & Recreation	PROJECT TITLE: Ham House Exterior and Landscape Improvements			YEAR FIRST SUBMITTED: FY 2020 ACTIVITY NO: 102-2820		TOTAL PROJECT COST \$ 90,834

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for matching funds in total of \$136,250 over three years provided to the Dubuque County Historical Society (DCHS). DCHS applied for a Great Places grant through the State of Iowa which requires matching funds. The grant covers to trails on the site, ADA access, repair of the log cabin and school house and landscape improvements. It also would provide for a conditions assessment. This assessment would be helpful in gaining insights and documentation that would be valuable in future grant writing. The grant currently is matched with a \$40,000 CIP from the Leisure Services FY 18 CIP budget for wood renovation on the exterior of the building, a \$23,557 city grant and a \$45,175 HRDP grant. The total grant project is \$666,993. The lease of the Ham House with DCHS provides that the City is to care for the exterior of the Ham House.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Partnership for a Better Dubuque: Engage all contracted partners in advancing Council goals and community betterment.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

DEPARTMENT: 30 - Leisure Services Park Division		STATE PROGRAM: 4C - Culture & Recreation	PROJECT TITLE: Jackson Park - Amenities Improvement			YEAR FIRST SUBMITTED: FY 2015 ACTIVITY NO: 360-2828		TOTAL PROJECT COST \$ 310,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for new playground units, poured in place rubber safety surfacing, and other amenities such as benches, drinking fountains and trash receptacles for Jackson Park. New play systems and amenities would greatly enhance the park and increase park attendance. A new play system, poured in place rubber safety surfacing and removal of old equipment would cost approximately \$225,000. The poured in place surfacing will eliminate weeds in the playground and decrease maintenance costs in future years. Other new park amenities including benches, drinking fountains and trash receptacles would cost approximately \$85,000.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing the play unit at Madison Park. By Fiscal Year 2023, the play unit will be over twenty-seven years old. This is past typical replacement timing for the use it receives. The project includes the installation of a poured in place safety surfacing instead of wood chip safety surfacing. The poured in place surfacing will eliminate weeds in the playground and decrease maintenance costs in future years. Contracted services will be used to remove the old equipment and wood chip surface.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for quick connects on the campsite electrical pedestals. These quick connects will allow ease to remove pedestals during high water. Around \$3,000 to \$3,500 is spent each time the breaker panels are removed and re-installed so this project would pay for itself in around 10 flood events. Some years have as many as three separate flood events. It is difficult to estimate operating savings due to this being weather and flood related which varies year to year.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing the main play unit in Murphy Park, located by the enclosed Pavilion. The project includes the installation of a poured in place safety surfacing instead of wood chip safety surfacing. The poured in place surfacing will eliminate weeds in the playground and decrease maintenance costs in future years. The cost also includes contracting to remove the old equipment. \$62,125.00 is currently budgeted in the FY20 budget and this is the remaining funding needed to complete the project.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for purchasing play equipment for the Storybook Hill Children's Zoo. The Zoo is leased to and operated by a nonprofit organization, Dubuque Children's Zoo Boosters. The group has made many improvements to the Zoo and it has really become a source of pride for the community. One area of improvement still needed is play equipment. Several pieces need to be replaced and the City's assistance is needed. The project includes the installation of a poured in place safety surfacing instead of wood chip safety surfacing. The poured in place surfacing will eliminate weeds in the playground and decrease maintenance costs in future years. This project includes contracted services for the removal of the old equipment.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for concrete work throughout the plaza area as well as painting of rails, light posts and fleur de lis's on planters and other areas. Town Clock is the center for many festivals and is used every weekend from early spring through late fall. A renovation is necessary to maintain the quality of the public spaces. All are infrastructure maintenance improvements. \$33,000.00 was approved in the FY20 budget and this is the remainder to complete all the improvements.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Livable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, neighborhoods, homes and businesses.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

<b>DEPARTMENT:</b> 30 - Leisure Services Park Division		<b>STATE PROGRAM:</b> 4C - Culture & Recreation	<b>PROJECT TITLE:</b> Veteran's Memorial Disc Golf Course Renovation			<b>YEAR FIRST SUBMITTED:</b> FY 2019	<b>ACTIVITY NO:</b> 102-2829	<b>TOTAL PROJECT COST</b> \$ 40,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for renovations to the frisbee disc golf course at Veteran's Memorial Park. Community members are beginning to voice their opinions related to the maintenance and upkeep of the course. Priority projects would be to replace and level all the concrete tee boxes. New tee box signage would be installed and brush removal would also be addressed in some areas. Disc golf usage and interest has increased in recent years.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing security lights including flag pole lighting in a number of different parks. The Safe Community Initiative, a 2013-2015 top priority of the City Council goal list is integral to safe lighting in parks. The security lights in many parks are getting very old and need to be replaced. This project will be a continuous project until lighting is replaced in all parks. Safety of parks' patrons will increase with better lighting. New efficient fixtures could potentially save between \$3,000 and \$5,000 in operating costs per year. The type of replacement fixtures effects the amount of cost savings per year. New lighting is additionally more sustainable and energy efficient. Dark sky technology will be used where possible.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

The Fiscal Year 2005 budget included \$34,000 to do an engineering study to determine what needs to be done to bring the water system in all parks (with water) up to code. The Fiscal Year 2006 project began the funding of that renovation work. Flora Park is complete, Murphy Park and Eagle Point Park have separate CIP requests. The plumbing code now requires all meters and Reduced Pressure Zone devices (backflow preventer) to be above ground. Most meters are in pits and there are no RPZ's in most locations. Some parks such as Avon Park may need the entire water system renovated and structures built to house the meter and backflow prevention valve. An engineer will be hired to help us determine how best to address this situation in each park and to provide cost estimates. Another CIP has been recommended for smaller parks to add water fountains that will meet code requirements by hooking them directly into the water system.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This capital improvement project provides funds for the removal of ash trees due to Emerald Ash Borer(EAB) and for tree replacements. In FY20, \$45,000 was available in the Park Division operating budget to assist with contract removal of ash trees and stumps. There are approximately 900 ash trees that still need to be removed as of December 2019. This number includes City owned street ash trees, ash trees in parks and ash trees on other city properties. The removals would also include grinding of the stumps. On average it cost approximately \$1300 to remove a medium to large size ash tree including stump grinding. Approximately \$98,000 in savings from the FY19 budget is being used in FY20 to assist with contract removal of ash trees and tree stumps. In 2019 the Forestry Activity removed approximately 106 ash trees and contractors removed 70 ash trees. This request is to fund the contract removal of approximately 192 of the 850 ash trees that still need to be removed. The mortality rate of these ash trees is increasing dramatically and the trees will soon become a liability if not removed. Due to Emerald Ash Borer, ash trees are being removed as a top priority in the Park Division. There is a \$5,000 capital budget for grant matching funds for tree replacements. With trees being removed at an alarming rate, funds need to be readily available to replace these trees. In FY20, \$25,000 was approved in the Park Division operating budget for the purchase of trees. The average cost of a 2 1/2 inch caliper tree is approximately \$300 not including planting cost. The City has a great partnership with Dubuque Trees Forever. The Trees Forever group has been essential in assistance with planting trees throughout the community. In 2019, Trees Forever planted 45 trees. City staff planted an additional 48 trees. This funding would provide for the purchase of approximately 83 2 1/2 inch caliper trees to be planted throughout the community in FY 2021, FY 2022, and FY 2022, and 417 trees in FY 2023 and 583 in FY 2025. Trees provide so many benefits to the community including energy savings and storm water runoff reduction. It is estimated to cost \$500,000 for replacement(purchase and installation) of the 1300 ash trees that will be removed (data from 2015 EAB Readiness Plan). This request supports the City Council Goal of Sustainable Environment: Preserving and Enhancing Natural Resources by providing the benefits of trees back to community members.

<b>DEPARTMENT:</b> 30 - Leisure Services Park Division	<b>STATE PROGRAM:</b> 4C - Culture & Recreation	<b>PROJECT TITLE:</b> Ash Tree Removal and Tree Replacement	<b>YEAR FIRST SUBMITTED:</b> FY 2021 <b>ACTIVITY NO:</b> 102-2830	<b>TOTAL PROJECT COST</b> \$ 1,625,000

#### PROJECT DESCRIPTION/JUSTIFICATION

The Fiscal Year 2017 to 2020 projects only provide matching funds for tree grants. Budget for FY 2022 and beyond would provide for replacing trees as specified in the Street Tree Policy updated in FY15 and after Emerald Ash Borer, a 2014-2016 top priority of the City Council goals list identifies the issue and one part of the plan is tree planting. The Street Tree Policy addresses size of planting lawns and type of trees allowed. Studies have shown that trees increase the value of property because of the improved appearance they create. A street lined with trees beautifies the neighborhood and community and conveys a sense of community pride. The 2011 Urban Forestry Study underlined the importance of tree planting in streets, parks and neighborhoods. Tree bids typically run \$300.00 each. With Emerald Ash Borer being discovered in August of 2015, it will become increasingly important to replace street trees. Twenty-four (24) percent of the 5,200 street trees are Ash trees. The Forestry Activity is currently removing an average of 300 to 400 trees per year over the last five years and definitely increases the need for tree replacements. CIP was first submitted in FY1999 but updated to include EAB in FY2015. The Emerald Ash Borer program was a 2019-2021 City Council Top Priority. Tree replacements is only one part of this program.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Ash Tree Removal and Tree Replacement capital project.

#### OUTCOME

Sustainable Environment: Preserve and enhance Dubuque's natural resources.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the beginning of multi-year program to construct retaining walls on park property where the terrain is very difficult to mow and maintain. Many areas of our parks are difficult to maintain and mow because the terrain is steep and mowers cannot be used. Steep areas create a safety hazard for park employees. As a result, these areas look bad because grass grows long and the surface is uneven. Retaining walls will address this issue by creating a relatively flat surface at the top and bottom of the wall. Not only will maintenance effort be reduced, the appearance of the area will be enhanced.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for installing irrigation to planters on Highway 20. There are certain planters along the Highway 20 corridor that do not have irrigation. A hose has to be run across on ramps, off ramps or across a four-lane roadway. This is not a practical process. Irrigation to the areas would allow the areas to be better maintained.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Livable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, neighborhoods, homes and businesses.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for a project to replace the roses on Highway 20. The rose beds are extremely high maintenance. The Junipers around them are starting to deteriorate. A plan to re-landscape the entire Hwy 20 Corridor from Locust Street to Devin Drive has been conceptually drafted. The new landscape will tolerate the highway elements, lower maintenance costs over time, and provide sustainability. Preliminary cost of the entire project is estimated at \$2.5 million. The first area to be addressed are the four landscaped beds with the roses in them. Secondary projects include exposing some bluffs along the corridor and some native plantings. It is estimated to cost \$403,000 re-landscape the 4 landscaped beds with roses.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Livable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, neighborhoods, homes and businesses

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

<b>DEPARTMENT:</b> 30 - Leisure Services Park Division		<b>STATE PROGRAM:</b> 4C - Culture & Recreation	<b>PROJECT TITLE:</b> Parks - Resurface Tennis Courts			<b>YEAR FIRST SUBMITTED:</b> FY 2008 <b>ACTIVITY NO:</b> 350-2290	<b>TOTAL PROJECT COST</b> \$ 154,274

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for crack sealing and resurfacing of tennis and volleyball courts at Flora, Murphy, and Eagle Point Park. The existing courts are beginning to experience large cracks. Community members are beginning to voice their opinions on the safety of the courts. Flora Park would be addressed first, then the others. These courts are heavily used and require maintenance and upkeep on a scheduled basis. CIP first created in FY2008 to address Murphy, then additional facilities added in FY2016.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-maintained and upgraded parks and park amenities

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for native seeding in Industrial Center areas. There are various areas in Technology Park, Dubuque Industrial Center West and Industrial Center South that would benefit from native plantings. The plantings would provide visual appeal as well as pollinator and bee habitat. The plantings would be installed by a certified contractor with a two year maintenance agreement. Staff would maintain the areas once the agreement has expired.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Livable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, neighborhoods, homes and businesses.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for constructing a wash bay at park maintenance headquarters for large and small equipment. There is currently no place to wash equipment and vehicles at the park maintenance shop. They are just washed where a hose is available to clean them. This allows grease and debris to flow into the storm drains. A wash bay would have a drain connected to the sanitary sewer for proper disposal of waste water.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for improvements to the building (arena, theater, lobby areas, exterior) and its equipment should a bond referendum for another scenario not pass or it is determined by City Council that Scenario 1 of status quo is the direction. This would be used on the current facility at its current footprint in its current state. The building is in need of wood window repairs, painting of the steel exterior, resealing the ballroom floor, remodeling/upgrading concession stands, carpet and tile replacement, locker shower upgrades, stage dimmer light replacement, dressing room upgrades, orchestra pit electronic lift, placement, refurbishing the stage floor, restoration of theater seats, painting walls and ceilings, satellite ticket booth, theater counter weight and grid system, lighting upgrades and retrofits and other building needs. Equipment replacement needs include the sound system, floor scrubber, tables and portable chairs, water fountains, popcorn popper, concert lighting, pipe and drape, follow spots, lighting consoles, masking equipment, scoreboard and other equipment replacements. New equipment necessary for a venue doing the level of business of Five Flags include wireless internet, point of sale system, and more. All projects listed have been submitted previously as individual projects with the oldest continuously submitted in the budget process since 2003 and the majority have been submitted and cut from the budget for 9-10 years and if approved in this CIP would be five more years until completed. Civic Center opened its doors in 1979, alongside the restored Theater paid for by a bond of \$3.7 million project. Additional upgrades and renovations were completed in 2005 at a cost of just over \$2.0 million.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

<b>DEPARTMENT:</b> 32 - Leisure Services / Civic Center Division		<b>STATE PROGRAM:</b> 4C - Culture & Recreation	<b>PROJECT TITLE:</b> Bijou Room & Hall - tile replacement			<b>YEAR FIRST SUBMITTED:</b> FY 2013 <b>ACTIVITY NO:</b> 350-2831		<b>TOTAL PROJECT COST</b> \$ 50,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing the tile and floor molding in the Bijou Room and the hallway leading to the Bijou Room from the elevator. This tile was installed in the 1980's. The tile is failing and "popping up" causing tripping hazards. It is worn out and obsolete with no replacement tile available. This tile was not replaced as part of the 2005 renovation. Broken or uneven floor tile could contribute to slip/trip/fall incidents. The Bijou is used by partner Fly by Night as well as other events and partners in the performance arts.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing the carpet which was installed in 2001. It is bubbling up and creating a tripping hazard for people going to their seats. By FY25 the theater carpet will be 24 years old.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the traditional annual maintenance for both the Flora and Sutton pools. Annual maintenance of Flora and Sutton pools as well as becoming compliant with ADA standards is required to keep the pools operational. The projects budgeted by fiscal year are as follows: FY 2021: Repair deck (\$10,000); Paint Flora Pool Tank (\$60,000 - 5 year cycle) FY2022: Repair Leak from underground pipe in Flora water playground (\$30,000) FY 2023: Pool Tank resurfacing for both pools (\$135,000 - 5 year).

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

<b>DEPARTMENT:</b> 34 - Leisure Services / Recreation Division		<b>STATE PROGRAM:</b> 4C - Culture & Recreation	<b>PROJECT TITLE:</b> Flora Swimming Pool Replace Playground Surface			<b>YEAR FIRST SUBMITTED:</b> FY 2016 <b>ACTIVITY NO:</b> 102-2120	<b>TOTAL PROJECT COST</b> \$ 120,540

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing the sand under the Flora Park Pool playground with a rubber safety surface. When the playground was installed, sand was chosen as the safety surface underneath the equipment. Sand is not ADA compliant in terms of the playground access. With the location of the playground within the fence property of the pool, this type of material was not a wise choice due to the affects that it can/does have on the adjacent water playground and zero depth pool area. As a result, the sand continues to end up in both the water playground and pool areas. This loose sand has a negative impact on the painted pool surface as it appears to be increasing the speed at which the paint is wearing. This sand also finds its' way into the filtration system. To try and prevent this excess wear, staff does their best to slow the process. Over 100 hours of staff time each season can be directly attributed to the remediation of the sand issues in the water areas. This does not include the additional wear on the equipment used to either vacuum, sweep, or rake these areas. The sand has also become a favorite nesting place for the Eastern Cicada Killer. This non-aggressive, large, black wasp looking insect, constantly causes issues due to overreactions of panic by both young children and adults. These nuisances also lead to frequent complaints by patrons. This project request is also a result of the ADA Audit and 2017 Aquatic Assessment.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Flora annual maintenance CIP

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

\$ —	\$ —	TOTAL	\$ —	\$ —	\$ —	\$ 200,000	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

The filter tanks at both Flora and Sutton pools are now over 25 years old and are beginning to show signs of deterioration both externally and internally. Staff began working with local contractors to service the tanks to keep them operational in 2017. In the spring of 2019, interior structural repairs were completed on the Flora tanks which should extend their life for another 3 or 4 years. Similar repairs will be made to the Sutton tanks in the spring of 2020. The cost of these repairs is roughly \$2,400 per tank depending on the damage uncovered while assessing the repair. Today's filter tanks are more efficient and constructed with more sustainable materials. Each pool currently has 3 tanks. With the newer tanks, 1 less tank would need to be replaced at each site. The rough estimate for this replacement including the disposal of the current structures are; \$135,000 for Flora and \$115,000 for Sutton.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the F&S Annual Maintenance CIP (#102/350-1890)

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%) and DRA funding.

<b>DEPARTMENT:</b> 34 - Leisure Services / Recreation Division		<b>STATE PROGRAM:</b> 4C - Culture & Recreation	<b>PROJECT TITLE:</b> Bunker Hill Golf Course - Construct Cart Paths			<b>YEAR FIRST SUBMITTED:</b> FY 2017 <b>ACTIVITY NO:</b> 370-2001		<b>TOTAL PROJECT COST</b> \$ 30,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for construction of asphalt cart paths on areas heavily used by motorized carts. With the increasing use of golf carts, several sections of the golf course, particularly the grass areas, are being damaged. As a result of the grass being destroyed, erosion takes place causing an increase in maintenance expense. Asphalt paths enable the City to regulate usage of carts on the golf course and reduce maintenance costs. Phasing the project as proposed will allow the areas of greatest need to be constructed each year. The paths constructed in previous Fiscal Years greatly improved both the appearance and ability to maintain those areas. Repair of existing cart paths as needed is also included in this project.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Golf Fees, and DRA funding.

<b>DEPARTMENT:</b> 34 - Leisure Services / Recreation Division		<b>STATE PROGRAM:</b> 4C - Culture & Recreation	<b>PROJECT TITLE:</b> Bunker Hill Golf Course - Tee Improvements			<b>YEAR FIRST SUBMITTED:</b> FY 2016 <b>ACTIVITY NO:</b> 370-1527	<b>TOTAL PROJECT COST</b> \$ 30,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for renovating tee areas. This project will be accomplished utilizing golf course personnel and golf course revenue. Several tee areas have a shallow dirt layer over rock, thus the health of the tee suffers most years. These will be renovated and dirt added. Red tee areas will be moved and enlarged on several tees. Enlarging the areas and improving the soil conditions will improve play for our patrons. Seventy-five percent of our players are recreational golfers that have a higher maintenance impact and will benefit from the improved red tees. Tee improvements completed to date have met with very positive comments from our golfers.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation: Have well-maintained and upgraded parks and park amenities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Golf Fees, and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This two-phased project provides for replacing the Bunker Hill Golf Course irrigation heads and piping and is listed on the 2018 City Council Goals & Priorities under Diverse Arts, Culture, Parks, & Recreation as a Management in Progress for FY'20 Funding. Phase 2 of the irrigation project began in 2015 with the completion of a 9 hole section of the course in FY16. To reduce the financial impact of this project, it was recommended to be completed in two phases (Phases 2 & 3). During the bid process of Phase 2, bidders were asked to also bid Phase 3 as an alternate. Based on the phase 3 alternate bids and inflation (5% per year), the bid of \$190, 070 will increase to \$231,029 in FY20. The irrigation system for the tees and greens was installed around 1980 and the fairway system was added in 1992. In Fiscal Year 2011 the satellite controllers, master control panel, variable speed pump, backflow preventer, pump shelter and electrical controls were replaced. The PVC pipe has a life expectancy of 25 years in the ground. This means that the tees and greens were ready to be replaced 8 years ago. In several areas, the pipe wall thickness has worn to .156" which is more than half of the pipe wall. Out-dated galvanized steel swing joints still exist throughout the system. The rust shavings from the aged steel block or deter the heads from working properly. Complete shut-down of the system is required to perform maintenance. There are also no "zone" shut-off valves. As a result, when there is a break at the lowest end of the course, all the water has to come out of the broken pipe before repair can begin. This can take several hours, cause localized flooding, and waste countless gallons of water. Both the outdated and/or obsolete sprinkler heads continue to absorb much needed man hours due to the complexity of the repair as well as the money spent to purchase parts if available. These parts can cost up to \$300 which is close to the purchase of a new more modern head.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Golf Fees, and DRA funding.

		Operating Revenue	\$ —	\$ —	\$ —	\$ —	\$ 49,387	\$ 49,387

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides a revised 18th fairway and green along with installation of a practice area/driving range. The golf industry will only continue to be more competitive in the future. The ability to attract new pass holders heavily relies on amenities. More importantly, the retention of current pass holders builds a foundation for consistent service and in-house marketing which both lead to growing revenue streams. The addition of a quality practice area and driving range will help both retain current pass holders and attract new golfers. It will also grow lesson revenue by having the ability to provide a wider range of offerings, off-season usage, increase partnership usage with the local schools, attract more tournaments, and increase ancillary sales through a standalone revenue source. Per the attached revenue projects for just the basic range operation and the minimal additional cost to operate, at 25% capacity during peak hours the facility could generate an additional \$49,387 annually.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Customer-focused City service delivery.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Golf Fees, and DRA funding.

DEPARTMENT: 34 - Leisure Services / Recreation Division		STATE PROGRAM: 4C - Culture & Recreation	PROJECT TITLE: Bunker Hill Administrative Welcome Reception 1st Floor Remodel			YEAR FIRST SUBMITTED: FY 2016 ACTIVITY NO: 102-2832		TOTAL PROJECT COST \$ 15,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for remodeling and refurbishing of the reception/welcome areas currently located at the Bunker Hill Golf Course. The current reception set-up for the front office staff is noisy and outdated which provides for a less than optimal customer service delivery. There is little room for families to register or ask for information and take pool pass photos, nor is the counter space provided ADA accessible. In addition, the current placement of the heating/cooling systems as well as the energy efficiency of the office lighting is highly inefficient. Remodeling the reception space will allow for modification to these in-efficiencies through better circulation, lighting, and energy control systems (motion lighting, individualized energy controls, etc.) providing a much more inclusive and inviting space for the public to interact with our department.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Golf Fees, and DRA funding.

DEPARTMENT: 34 - Leisure Services / Recreation Division		STATE PROGRAM: 4C - Culture & Recreation	PROJECT TITLE: Multicultural Family Center Sidewalk Replacement and Concrete Improvements			YEAR FIRST SUBMITTED: FY 2020 ACTIVITY NO: 260-2833		TOTAL PROJECT COST \$ 25,000

#### PROJECT DESCRIPTION/JUSTIFICATION

The original window signage located on the Port of Dubuque Convenient Store was installed in 2013. Due to weather and sun exposure, this window signage has a life span of 3 to 5 years. In 2019 the signage was clearly passed its' life span and was replaced using available operating funds. This capital improvement plan shortens the period of replacement to 4 years which is within the life span of the material while keeping up with the polished representation of the facility and the Port of Dubuque as a whole.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Customer-focused City service delivery.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the annual maintenance for the Port of Dubuque Marina. FY'21 will be the 8th operating season for the marina and 9th year of the dock project being completed. During the 2018 boating season, there have been several equipment maintenance needs above and beyond any of the previous years. These include but were not limited to unexpected/budgeted repairs to the fuel pumps, fuel dispensers, dock pedestals, water lines, pump out mechanism, electrical, etc. In order to maintain what has become widely known as a first class facility, a capital funded replacement/repair plan needs to be put in place in an effort to minimize the impact that these failures could have to the quality of services offered at the marina.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization. Effective Service Delivery; Diverse Arts, Culture, Parks, and Recreation Experiences and Activities.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project would provide funding for a consulting agency to conduct a study of all leisure services facilities and parks, as well as a develop a maintenance plan for the best use of City funding to insure that the services provided of of the highest quality possible as well as sustainable for the future growth of Dubuque. Currently, the Leisure Services Department maintains 53 parks (48 of which are developed), 25 shelters, 46 miles of trails, 43 playgrounds, 3 skate parks and 13 building structures. The majority of these places and spaces have structures which are well over 25 years old and are still not ADA accessible. Over the years, the Parks and Recreation Divisions have submitted over 80 deferred maintenance CIP's totaling over \$4 million dollars. Many of these CIP's have been moved either to future year disbursements or are removed from the 5-year plan. As these deferred maintenance funds continue to be moved, these aging structures continue to deteriorate. Staff does use what operating funds are available each year to provide quick fixes to these spaces in an effort to keep them safe, more efficient, and usable. However, an assessment of the spaces will provide a clear plan and steps to improve these areas through a funding structure that can help the department continue to provide well-maintained, quality facilities and services as well as meet expectations for all residents of Dubuque.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation: Have family-oriented programs and activities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding. This project is restricted to Sales Tax 20% funds and DRA funds.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding to implement a new and more equitable operating system or update the current system for the Leisure Services Department to conduct program registrations, pavilions rentals, campground and marina rentals, POS, and other service/data related operations. Currently the online ActiveNet system is functional yet it lacks in the ability to extract data, is not user friendly to both the customer and staff, and charges high user fees for online users. The Marina, Campground, Golf Course and Pools currently use other systems that work better with their operations. Staff has experienced several other recreational based operating systems and is confident that a new system could be implemented that can address all of the inefficiencies of the current system as well as become a one stop shop for the Park and Recreation services. This should be coordinated with Transportation Services implementation of a cross-department CityCard which can be used for all city services.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Customer-focused City service delivery.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

<b>DEPARTMENT:</b> 34 - Leisure Services / Recreation Division		<b>STATE PROGRAM:</b> 4C - Culture & Recreation	<b>PROJECT TITLE:</b> Quality of Life Needs Assessment			<b>YEAR FIRST SUBMITTED:</b> FY 2015 <b>ACTIVITY NO:</b>		<b>TOTAL PROJECT COST</b> \$ 40,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for a parks and recreation department needs assessment. As part of the new Comprehensive Plan and its community engagement, it is clear that the Parks and Recreation Department plays a vital role in community health, play, growth and interaction. This assessment would cover an in-depth analysis of all services from parks, marketing, customer, trails, pools, golf, programs and facilities. The information gathered would then be used to determine facility, program, and staffing needs based on population, industry standards/trends, and the expectation of community growth. The findings from this assessment will help plan the future of the department based on the needs and expectations of the community.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation: Have family-oriented programs and activities.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing the carpet in various rooms and areas throughout the Grand River Center. Higher use areas of the convention center are on an eight-year replacement cycle. The carpeting establishes a new, fresh look to the room. FY23 will replace the ballroom carpet (\$100,000). FY 24 will replace the pre-function, spine, stairs and elevator (\$85,000) and River room, ramp and pre-function to River Room (\$25,000). FY 25 will replace the green room (never replaced), sky bridge and river room stairs, escalator, elevator, and west entry walk off carpets (\$30,000).

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the GRC Replace Fabric Wall Covering (CIP 102-2112). This project is also related to Paint Interior Room and Areas (350-2391). The carpet and painting relates to the wall coverings in that all colors, fabrics and patterns are selected to redecorate the room at the time of the project.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for chair and table replacement. There were 3,000 chairs purchased when the building opened in 2003. In FY 23 the chairs will be 20 years old. All have been recovered/refurbished numerous times. These chairs are heavily used and need to be comfortable and in good appearance for guest comfort and enjoyment of events/seminars. Frames are showing the wear and rusting. The chairs cost is \$100 per chair. Replacement of banquet or meeting room tables is \$200 to \$400 each (FY 25). There are 600 tables in the inventory.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Customer-focused City service delivery.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for various landscape renovations. The landscape around the Grand River Center has matured and various areas are in need of renovations. The crab apple trees will need replaced. The islands in the parking lots, along the riverwalk as well as common space areas all have plant materials that need to be replaced. There is an area near the employee entrance that washes out due to the roof drain. This area would be renovated. The funds will be used for landscape materials and installation.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Livable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, neighborhoods, homes and businesses.

#### FUNDING RESTRICTIONS

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for energy saving improvements recommended by Alliant Energy Audit in 2012 and a Retro-Commissioning study completed in 2017. The City pays one half of the utilities. The project is replacement of garage lighting with LED, modulate hot water pump speed, and prefunction lighting with daylight sensors.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Become a resilient city using sustainable and affordable technology for water, energy, transportation, health and wellness, discard, community engagement – a model community for the world.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides a facility assessment and market study in preparation of the Center's first 20 years in FY22. The Grand River Center opened in 2003. In 2023, the facility will be 20 years old. Twenty years is the replacement cycle for many major mechanical systems within a building. The assessment will review and make recommendations about system upgrades and replacements necessary. The assessment would outline costs related to those replacements and consider improvements such as restroom and back-of-house renovations necessary for service and operation of the facility. The facility assessment would consider the Grand River Center's infrastructure in addition to the market study which would consider competing facilities and market opportunities. This information would be used in the consideration of the 20 year service cycle as well as if renovations to the meeting/event areas are necessary. These would be renovations beyond the decor upgrades that have been ongoing and pertain to physical layouts and patterns. Additionally, the study would consider trends of the hospitality industry that can affect the center market share.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

<b>DEPARTMENT:</b> 33 - Leisure Services / Conference Center		<b>STATE PROGRAM:</b> 6C - General Government	<b>PROJECT TITLE:</b> Concrete Restoration, Raising & Caulk			<b>YEAR FIRST SUBMITTED:</b> FY 2017 <b>ACTIVITY NO:</b> 350-2710		<b>TOTAL PROJECT COST</b> \$ 225,000

\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ —	\$ 50,000	\$ —	\$ 175,000	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding to fix cracked portions, level the patio and reset the bricks that have settled in the river plaza area on the west side of the building and level sidewalks and steps that have settled. Funding in FY 25 provides for fixing all cracks and grinding concrete in the exhibit hall, then applying a reflector enhancer epoxy (\$25,000). The concrete section is located at the entrance of the loading dock and next to the concession stand and endures a lot of abuse with the staging area and entrance of machinery, boats, and cars into the Exhibit Hall. \$150,000 will be used for caulk, leveling and concrete repairs. There is a need to caulk numerous seams between all concrete panels of the patio and the River Room. The caulk is pulling away from the seams. Specialty concrete at the doorways to the patio will be leveled and sidewalk sections around and to the Grand River Center will be replaced as needed. This is to eliminate trip hazards.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing the vinyl-like wall covering. The wall covering in the ballroom was replaced in 2010. The meeting room was replaced in 2013. The air-walls were re-upholstered in 2016. In Fiscal Year 2023 the wall covering will be in need of replacement due to wear and staining from heavy use of the meeting room. This replacement schedule will coincide with the re-carpeting and painting of the meeting rooms. In Fiscal Year 2023 the ballroom will be in need of fabric wall re-covering due to wear and staining from heavy use of the room (\$35,000). This replacement schedule will coincide with the re-carpeting and repainting of the ballroom. Additionally the air-walls will be in need of re-upholstery in FY 24 (\$100,000) and would coincide with the re-carpeting and repainting of the room. FY 25 would be replacement in the meeting rooms. This replacement schedule is based on past performance of wall coverings.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the GRC Replace Carpet CIP that is for the re-carpeting of the meeting rooms (CIP 102-2113, 360-2113, 350-2113). This project is also related to Paint Interior Room and Areas (350-2391). The carpet and painting relates to the wall coverings in that all colors, fabrics and patterns are selected to redecorate the room at the time of the project.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for reupholstering common space furniture. There are benches, chairs and other seating that have been reupholstered once since the opening of the Grand River Center in 2003. By fiscal Year 2024, all common space furniture located in the pre-function, spine and sky walk will need to be reupholstered.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Customer-focused City service delivery.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacing the cloth "clouds" that hang over the pre-function area on the east side of the building and in the River Room. The clouds were last replaced in 2013. Their life is 9 years due to the UV breaking down the fabric. They are starting to discolor, cloth beginning to fail due to UV light and need to be updated. This replacement timing is based on past experience. The style may be changed.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for painting of the exterior of the bridge that connects the Grand Harbor to the Grand River Center. In 2009, other outdoor areas such as canopies and overhangs were painted however the bridge was not painted at that time. The bridge is in need of painting. Rusting is beginning in specific areas of the bridge. The bridge is an important visible feature to convention goers and tourists and is important to the overall look of the Port area.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially ResLivable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, neighborhoods, homes and businesses.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

\$ 48,667	\$ 142,200	TOTAL	\$ 71,835	\$ —	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

The water piping in the Carnegie building is very old and in poor condition causing frequent leaks that have caused damage in the facility. In FY 2018 the first phase of replacing the piping began in the basement. The second phase of replacing the piping included the risers from the basement, which was completed in FY 2019. The third phase (of five) is piping to the third floor and is in process during FY 20. This phase (FY21) replaces piping on the second floor of the library.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital improvement packages.

#### OUTCOME

Diverse Arts,Culture, Parks and Recreation: have a well-maintained and upgraded library.

#### FUNDING RESTRICTIONS

This project may only be funded with Sales Tax Fund (20%) or DRA Gaming.

DEPARTMENT: 36 - Library		STATE PROGRAM: 4C - Culture and Recreation	PROJECT TITLE: Library Landscaping and Plaza Redesign			YEAR FIRST SUBMITTED: FY 2017 ACTIVITY NO: 350-2006		TOTAL PROJECT COST \$ 100,202

\$ —	\$ —	TOTAL	\$ 100,202	\$ —	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project will redesign the plaza area of the library at the Main entrance and incorporate landscaping that can thrive in this area. The area was not completely finished during the library's renovation and the landscaping has died and been replaced, but the conditions are not right to sustain growth. The area has also deteriorated, caused by people walking through areas that are planted. The proposed design is friendly to foot traffic in all directions, will introduce additional seating areas, and incorporate plantings that will be sustainable. An additional benefit is the grading, which will reduce the water runoff that freezes in cold temperatures.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Library Removal of Underground Oil Tank Project and must be funded in the same fiscal year as that project.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation: Have a well-maintained and upgraded library.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

<b>DEPARTMENT:</b> 36 - Library		<b>STATE PROGRAM:</b> 4C - Culture and Recreation	<b>PROJECT TITLE:</b> Removal of Underground Oil Tank			<b>YEAR FIRST SUBMITTED:</b> FY 2018 <b>ACTIVITY NO:</b> 350-2835		<b>TOTAL PROJECT COST</b> \$ 59,379

\$ —	\$ —	TOTAL	\$ 59,379	\$ —	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project will remove a 40+-year-old oil tank that is located near the corner of Locust and 11th Street near the sign for the Carnegie-Stout Public Library. The purpose of the tank was to furnish a back-up heating system, but library staff estimates that it has not been used in over 20 years. A plan for landscaping and changing the plaza area of the Library above the tank provides the opportunity for removal. If oil has leaked into the area surrounding the tank, remediation is required with costs based on level of contamination. The lower level, or Tier 1, remediation costs are around \$23,000, which is not included in this CIP. Additional remediation work, if required will need additional funding.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Library Landscaping and Plaza Redesign CIP and must be funded in the same fiscal year as that project.

#### OUTCOME

Diverse Arts, Culture, Parks and Recreation: Have a well-maintained and upgraded library.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

#### PROJECT DESCRIPTION/JUSTIFICATION

In FY 2017, the city of Dubuque purchased the Central Iowa Water Associations water tower and drinking water infrastructure that serves Cedar Crest Subdivision, Wildwood Estates and Barrington Lakes Subdivision. As part of the acquisition, and acceptance of easements from the West Side Water System Connection to new water tower project the Water Department is required to install water service line(s) per easement agreement. Also, through the acquisition of the Westside Water System and in agreement with the Cedar Crest Subdivision, Wildwood Estates Subdivision and Barrington Lakes Subdivision property owners the Water Department will install approximately 148 Pressure Reducing Valves (PRV) in FY21.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Westside Water System System Security CIP.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

This project may only be funded with the Water Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

In 2009, the City of Dubuque conducted a city-wide water meter replacement program. All meters were replaced with Neptune brand water meters. Each part and product warranty varied with the meter assemblies. WATER REGISTERS had a 10 year full replacement warranty from the ship date of 2010; the warranty expiration is 2020, after which date the City will be responsible for the costs of replacement parts. There are approximately 19,772 older style (first run) registers that are prone to failure. Starting in year 2020 (FY19) first run registers will likely need to be replaced, at a cost of \$101.50 per unit. The warranty period for the WATER METER (accuracy) is 5 years from ship date. Staff has found that meters with serial numbers of 8879XXXXX have a high failure rate. There are approximately 844 of these serial numbers in Dubuque. Neptune has agreed to work with the City and will replace meters starting with 8879 under warranty. Should Neptune not replace all 8879 meters, an estimated 97 meters per year at estimated cost of \$10,670/year may be necessary until all are changed out by 2029. METER INTERFACE UNITS (MIUs) have a 10 year full replacement warranty from ship date, the remaining 10 years are prorated. Starting in year eleven (11) the City pays 30% and each year thereafter the City's percentage goes up 5% until the warranty is finished in 2034. The current number of MIUs identified for replacement starting in year 2020 is 19,111. Staff estimates change outs starting in year 2020 and continuing until at least 2035.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Increase enterprise/general fund reserve funds to 20%.

#### FUNDING RESTRICTIONS

Local Funding-Water Utility

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the scheduled replacement/relocation of water mains as part of the Sanitary Sewer Manhole Replacement/Rehabilitation project. This fund covers the cost of material and labor for the relocation of water mains currently located in sewer manholes. The water mains must be relocated due to health and safety concerns in addition to meeting separation requirements of the Iowa Department of Natural Resources and Ten State Standards.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the City Engineering Sanitary Sewer Manhole Replacement/Rehabilitation program, CIP #710-1335, and needs to be scheduled in the same fiscal year(s) as those Engineering projects.

#### OUTCOME

Sustainable Environment: Provide safe, dependable drinking water for all residents.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding to support design and construction of water main improvements or relocations resulting from roads and street related improvements. This project is an annual program providing for the design and construction of water mains that are to be replaced or relocated as part of the general street construction repairs and related improvements. This project is to be coordinated with street projects developed in the Engineering and Public Works departments.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Street General Repairs Program, CIP #300-2142.

#### OUTCOME

Financially Responsible, High Performance City Organization: Have well maintained City infrastructure.

#### FUNDING RESTRICTIONS

#### PROJECT DESCRIPTION/JUSTIFICATION

Funding for this project provides for repair or relocation of existing water mains that may be impacted by repair work associated with retaining walls that are owned or are the responsibility of the City of Dubuque. It is necessary for the department to evaluate the water mains adjacent to or crossing retaining walls as they may need to be replaced, supported, or relocated during the retaining wall repair. Access to the water mains in these locations is often difficult and a condition assessment is completed as part of this project to determine if there is strain or issues with the water main. This annual program allows for maintenance, repair and reconstruction of the water mains.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Stone Retaining Wall Program, CIP #300-1029.

#### OUTCOME

Financially Responsible, High Performance City Organization: Have well maintained City infrastructure.

#### FUNDING RESTRICTIONS

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for two (2) fire hydrant assemblies to be relocated/replaced per year related to the City's sidewalk and curb ramp inspection and replacement program. Replacement of sidewalks, particularly those abutting the curb line at an intersection, will require the installation of curb ramps, typically fire hydrants are also located behind the curb line at an intersection and often conflict with the location where curb ramps will be located or replaced. It is anticipated in future years this program will increase with the installation of curb ramps with detectable warnings required by the Americans with Disabilities Act (ADA).

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Curb and Catch Basin Replacement Program, CIP 260-1236, Sidewalk City Owned, CIP 300-1425 and Sidewalk Repair and MTC, CIP 100-1108

#### OUTCOME

#### PROJECT DESCRIPTION/JUSTIFICATION

IDOT is reconstructing the intersection Highway 20 and Swiss valley Road. The City has been notified to upgrade any City utilities we have within that corridor to meet current IDOT standards. The City's only water main crossing in the Westside Water System at this location is a 8" water main that doesn't have the required casing to protect the water main that will be under the IDOT's new paving. City is required to upgrade this water main crossing to current IDOT standards. In addition to the boring upgrade, Water Department will be required to install a 12" water main on Cottingham Road (including highway boring) from the existing Westside Water Tower to the existing water main on Cottingham Road to supply water service to the Cedar Crest Subdivision during the 8" highway casing project. With the completion of this project the City will have the means of two water service lines across the highway to supply water service to the Cedar Crest Subdivision.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

Local Funding - Water Utility

DEPARTMENT: 42 - Water Department		STATE PROGRAM: 8C - Business Type	PROJECT TITLE: Southwest Arterial Water Main Extension			YEAR FIRST SUBMITTED: FY 2016 ACTIVITY NO: 740-2594		TOTAL PROJECT COST \$ 3,158,548

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding to extend water service to and along the Southwest Arterial corridor to current and future customers. FY22 Project Funding provides for the installation of 16" Diameter Water Main from the SE Quadrant of the Hwy 20/SW. Art. round about, east along the east bound of the SW Art. to English Mill Rd, and south along English Mill Rd to the English Mill Pump Station. The resulting benefit is a phased water main installation project that accomplishes water main looping to reduce water supply outages and supplying water to growth areas. The project directly addresses the necessary water main loop to the English Mill Pump Station, the Westside Water system (8th and 9th pressure zones), the existing 3rd pressure zone that supports the 6th pressure zone (Airport area), and potential growth and development in the immediate area of US 20 and the SW Arterial. The FY19 project provided funding for the installation of water main casing pipe at four predetermined SW Arterial crossings, and possible easement acquisitions for future water main installation. The FY20 funding provided for the installation of Water Main along Hwy 20 to the SW Art. round about; this project should be completed of the project scheduled for FY22.

#### RELATIONSHIP TO OTHER PROJECTS

Portions of this project is related to CIP #300-1287 Southwest Arterial Project in different phases.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the replacement of existing Supervisory Control and Data Acquisition (SCADA) hardware and software and the installation of replacement radio communications with fiber optic communications at the Eagle Point Water Treatment Plant, wells, pump stations, tanks, and towers. The existing SCADA programming and operating system RSLogix 500 is outdated and the hardware is no longer supported by the manufacturer/vendor and will need to be replaced for continued remote operations from and at the water treatment plant. The existing hardware has reached its capacity for installing new infrastructure controls and devices required to communicate with tanks, towers and other distribution hardware. This project also provides for the replacement of the existing communications channel. Currently, SCADA data is relayed to and from the water treatment plant from the remote sites via radio, however, the radio path is experiencing significant interference due to other devices transmitting data. The interference results in loss of communications and an immediate response is required by a technician to problem solve and restore communications. Over time this method of communication has become more challenging, continues to be prone to failure, and presents safety concerns as the radio antenna must be inspected by City staff requiring them to climb the tanks and towers. The project includes installation of fiber conduit and fiber optic lines as a replacement of the existing radio system to all current remote sites, with improved ability to expand to further locations as the City grows. The fiber optic portion of the project, estimated at \$575,000, complements the City's existing fiber optic network and is supported by Information Services and Engineering as an approved solution to improved communications. The enhanced fiber optic network will loop areas currently not connected, and will increase the City's opportunities to work with cellular companies that look to install their hardware on tanks and towers and transmit data via fiber optic lines. The fiber optic communications for Roosevelt Water Tower is included in this project. FY20 provides the engineering and design of the fiber optic communication ready SCADA system along with software and hardware upgrades at the Water Treatment Plant, and installation of conduit and fiber optic communications line to the proposed Roosevelt Water Tower. FY21 provides for the installation of conduit and fiber optic line to tanks, towers, and pump stations, also includes Microwave

<b>DEPARTMENT:</b> 42 - Water Department	<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> SCADA & Communications Infrastructure Improvement Project	<b>YEAR FIRST SUBMITTED:</b> FY 2020 <b>ACTIVITY NO:</b> 740-1339	<b>TOTAL PROJECT COST</b> \$ 1,000,000
---	---	--	--	---

**PROJECT DESCRIPTION/JUSTIFICATION (Continued)**

Communication at the Landfill, additional funds for installation of fiber optic conduit and fiber and consultant services for the installation of communications and communication hardware in the City's Traffic Control Cabinets.

**RELATIONSHIP TO OTHER PROJECTS**

This project is not related to other capital projects.

**OUTCOME**

Sustainable Environment: Provide safe, dependable drinking water for all residents and Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing, and Connected Community: Increase availability, bandwidth, and redundancy.

**FUNDING RESTRICTIONS**

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for an ongoing annual water main replacement associated with the City street improvement program. We have evaluated the integrity of water mains for the street improvement programs. Many sections of water mains, valves and hydrants are subject to failing due to corrosion and weathering. This project is for the replacement and repair of impaired water system infrastructure as part of the Street Improvement Program. Funding for future water main replacement projects will be evaluated annually and in conjunction with street improvement projects city-wide. Key projects include: KeyWay behind ARC water main replacement will be necessary due to the highly corrosive soils in and around the water main. FY20 Funding is available for Kleine Street \$47K and Central Avenue Resurfacing (9th to 21St) \$162K. FY21 Project: Chavenelle Road Reconstruct NW Arterial to Radford Road \$271,375.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Street Replacement Programs, CIPs 360-2552 & 300-2724, and Chavenelle Rd. Reconstruction CIP 360-2551. This project needs to be scheduled in the same fiscal year as those projects.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding for the removal and replacement of the Water Departments existing public lead water mains. Scheduled in phases, Union Street FY 18-19, Austin Street FY 19-20, May Place FY 20-21, Washington Street FY 21-22 and Roland Street FY 22-23. This project will eliminate the Water Department's public lead line water mains that were installed in the early 1920's. This is part of a phased proactive approach to upgrade the water distribution system.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Provide safe, dependable drinking water for all residents.

\$ —	\$ —	TOTAL	\$ 250,000	\$ —	\$ 90,000	\$ —	\$ 110,500	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding for repairs and rehabilitation associated with the City's groundwater supply (wells, pumps, motors) including source water protection of the well field and the raw water transmission lines from the wells to the treatment plant. The City draws from both shallow and deep wells and each well should be inspected every 5 years and 10 years respectively, barring any known issues. Well No. 7 is experiencing issues, and is pumping sand, which can lead to premature wear and tear of pump impellers, possible plugging of the well transmission main and increased operations expense. The well needs be inspected to determine what rehabilitation may be necessary and a condition assessment made of the column piping, pump and motor. Well No. 4 was last inspected in 2008 and has experienced a drop in water production. The well should be inspected and the well screen cleaned to remove sediment or debris that may be reducing well output. FY19 Funding provided for the Rehabilitation of Wells 4 and 7. FY21 funding provides for the rehabilitation of Wells 2 and 6. FY23 funding provides for the rehabilitation of Well No. 9. FY25 funding provides for the rehabilitation of Well 3. The well field from where the City draws its drinking water supply was subject to the Safe Drinking Water Act amendments of 1996, which required a Source Water Assessment. The Assessment included evaluating the level of protection that was in place to protect sources of drinking water. The well field should be evaluated to determine what improvements are necessary to ensure the City is continuing to assess the protective measures in place for the City's drinking water supply. FY 21 provides for funding for source water protection. The project also provides for funding associated with the raw water transmission lines from the wells to the treatment plant. Raw water transmission lines can accumulate iron and sediment and over time, the flow will be restricted thereby reducing capacity of the water line. The raw water transmission lines need to be cleaned or pigged to remove mineral accumulation and remove sediment. In FY 21, this project provides for an engineering study and services required to clean the transmission lines from the shallow well field to the treatment plant. A proactive raw water transmission line cleaning program will optimize well efficiency and improve water quality, lower daily, peak and lifetime power use.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Provide safe, dependable drinking water for all residents.

#### FUNDING RESTRICTIONS

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the development of a City of Dubuque Water Supply, Process Evaluation, and Distribution Master Plan. Over the past few decades, the City of Dubuque has experienced an increase in development, both residential and commercial, and growth of the community beyond the distribution and storage system original footprint. Most notably, the water infrastructure has expanded to include Twin Ridge to the south and Vernon and Barrington Lakes water systems to the west, and having reliable and dependable water infrastructure is critical to supporting all of the City's customers today and tomorrow. As the City looks to the future outlined in the Comprehensive Plan and with the completion of the SW Arterial, it is increasingly important that the existing water infrastructure is hydraulically analyzed to determine its capacity and capability to serve. A master plan will serve to provide direction in the development of alternative and additional water supply sources and treatment facilities, improve customer service through the evaluation of the pressure zones serving Dubuque, evaluate the existing aging water treatment plant and its processes, and determine a strategy for systematically replacing/rehabilitating aging infrastructure. FY21 funding is for the completion of the Eagle Point Water plant and source water analysis. Project funding starting in FY22 is for updates to the city wide distribution hydraulic model and for its use in planning and sizing new and/or extended water main.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Have well maintained City infrastructure.

#### FUNDING RESTRICTIONS

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides the funding to clean, spot prime and paint the interior and exterior of the Water Storage Tanks. Painting of water tanks is a cyclical program; coatings can last up to 20-25 years. A study was conducted in 2010 by KLM Engineering; the results from this study supports the need to proceed with this program as identified. Tanks to be addressed are: College (2022/3 \$1.5M) Pennsylvania (2024/5, \$1M), Park Hill (2026/7, \$500,000). Tank coatings required to maintain the structure of the tank, the water quality to reduce bio-film, as well as enhancing the aesthetics of the tanks. This project is related to Water Treatment Plant conditon assessment and master planning in FY21. Starting in FY21 this project provides funding for the inspection of the former Vernon Water Tower located west on Hwy 20 prior to recoating. Tank maintenance may be adjusted to reflect possible operational and capital improvements recommended in the Water Master Plan. Further analysis following installation of the Roosevelt Street Water Tower will provide the information necessary to determine the prioritization of tank coating work on the other water tanks.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth.

#### PROJECT DESCRIPTION/JUSTIFICATION

Phase One was the installation of a 12" diameter water main across Highway 151/61 to the north property line (Tamarack Park Drive) in preparation for future connection with the South West Arterial water main and continuing south to the intersection of Tamarack Park Drive. Funding for FY21 is for Phase Two per the agreement includes continuing the 12" diameter water main installation from the end of Phase One(Tamarack Park Drive and Highway 151/61) to the Southern most Property Line per Exhibit C of the Agreement. Funding for FY26, Phase 3 provides funding for the continuation of 12" water main from Phase Two to Wood Gate Drive. . This project supports the pre-annexation agreement of Tamarack Park development. Per the agreement, water main is planned to be installed within a two year period of request or maximum of seven years from approved agreement and future development growth along the west side of Highway 151/61.

\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ —	\$ —	\$ —	\$ 300,250	\$ 3,459,750

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for implementation of the amended annexation study based on models established in previous studies. As a result of these studies, the funds allocated would be used to support utility growth into the areas located north of the City's west side of the industrial park. To support these activities, water main would be installed on Seippel Rd to Pennsylvania Ave and along Middle Rd to Sundown Rd. The project includes 13,300 feet of water main and a pump station. The utilities have not been requested by property owners for the previously annexed areas and the City does not know when it will be necessary to construct the utilities. Due to this uncertainty, design is budgeted beyond Fiscal Year 2025 with construction. If the utilities are requested prior to Fiscal Year 2025, the City will adjust the budget as necessary to comply with the requests. The City has completed action steps adopted by the City Council as a result of the previous annexation study and has either completed or budgeted the balance of utility extensions necessary to serve citizens and businesses within the annexed areas. To maintain the City's ability to meet new growth demands, it is necessary to position ourselves for the future demand by identifying those growth areas and the costs associated with extending City services. As land develops, the City anticipates recovering a portion of costs through connection fees.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to Seippel Rd Reconstruction

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

Local Funding - Water Utility

<b>DEPARTMENT:</b> 42 - Water Department		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> West End Annexation Study and Implementation Phase I			<b>YEAR FIRST SUBMITTED:</b> FY 2004 <b>ACTIVITY NO:</b> 740-1012	<b>TOTAL PROJECT COST</b> \$ 165,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding for the protection of water mains located across and through drainage-ways and creeks. During past storm events, the water main creek crossing protection or erosion control has washed away exposing lengths of the water distribution system. This project provides for the necessary restoration of the water main protection in and around creek crossings to prevent further exposure of the water mains. The locations and cost estimates are as follows:

<b>Cost Estimate</b>	<b>Project Name</b>	<b>Cost Estimate</b>	<b>Project Name</b>	<b>Cost Estimate</b>	<b>Project Name</b>
\$ 5,000	Pennsylvania Ave	\$ 13,200	Northwest Arterial (East)	\$ 5,000	32nd at Ski Slope
\$ 5,000	Seippel Rd.	\$ 15,900	Fremont Ave.	\$ 6,500	Carter Rd. 950' south of 32nd St
\$ 33,120	Cousins Rd.	\$ 5,000	Louella Lane	\$ 26,900	Carter Rd. at 32nd
\$ 9,500	Radford Rd.	\$ 9,680	Southern Ave.		
\$ 22,350	Northwest Arterial (West)	\$ 5,000	Rockdale at Brian		

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Provide safe, dependable drinking water for all residents.

#### FUNDING RESTRICTIONS

Local Funding-Water Utility

<b>DEPARTMENT:</b> 42 - Water Department		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Landfill Frontage Rd. Water Main Extensin			<b>YEAR FIRST SUBMITTED:</b> 2019 <b>ACTIVITY NO:</b> 740-2821		<b>TOTAL PROJECT COST</b> \$ 121,500

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides the funding to conduct an engineering and environmental analysis of the piping in the pipe gallery at the water treatment plant, and the Asbury and West Third Pump stations. This project also provides for construction funding associated with the piping rehabilitation. The current pipe protective coatings are starting to fail. The failure can be observed as the pipes and fasteners are beginning to corrode due to highly humid environment.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects

#### OUTCOME

Financially Responsible, High Performance City Organization: Have well maintained City infrastructure.

#### FUNDING RESTRICTIONS

This project may only be funded with Water Construction Funds.

<b>DEPARTMENT:</b> 42 - Water Department		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Pump Station Site Drainage Improvements			<b>YEAR FIRST SUBMITTED:</b> 2019 <b>ACTIVITY NO:</b> 740-XXXX		<b>TOTAL PROJECT COST</b> \$ 15,000

\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ —	\$ 176,186	\$ 517,410	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding for the installation of water main to serve the McFadden Farm Property. Funding requested in FY21 is for Phase I and includes 12" diameter water main from Chavenelle Rd North along S. Heacock to the Phase I culdesac for a total lineal footage of 1,200 feet. Funding requested in FY22 is for Phase II and includes the installation of 12" diameter water main from the Phase I culdesac to Pennsylvania Ave for a total lineal footage of 3,550 feet.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Sanitary Sewer McFadden Farm project and must be funded in the same fiscal year as that project.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing, bandwidth redundancy

#### FUNDING RESTRICTIONS

This project may only be funded with Water Construction Funds.

<b>DEPARTMENT:</b> 43 - Water & Resource Recovery Center		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Final Clarifier Rehabilitation			<b>YEAR FIRST SUBMITTED:</b> FY 2020 <b>ACTIVITY NO:</b> 710-2598		<b>TOTAL PROJECT COST</b> \$ 990,000
<b>2019 EXPENSE</b>	<b>2020 BUDGET</b>	<b>PROJECT BUDGET</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>

		<b>B. PROJECT FINANCING</b>						
		State Revolving Fund Loan	\$ —	\$ 860,000	\$ —	\$ —	\$ —	\$ —
	\$ 130,000	Sanitary Sewer Construction Fund	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —
\$ —	\$ 130,000	<b>TOTAL</b>	\$ —	\$ 860,000	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project allows for the rehabilitation of four final clarifiers. The project includes blasting and painting of the feed well, scum arms and blades including supports and energy dissipating baffles; replacement of the tow bar suction header; and rehabilitation of the tank walls of each of the clarifiers. The final clarifiers were originally constructed in 1974 and rehabilitated in 1994. Typical life expectancy of a rehabilitated clarifier is 20 years. Rehabilitation would extend the life of the clarifiers by 20 years.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to Sanitary Sewer Construction Funds.

<b>DEPARTMENT:</b> 43 - Water & Resource Recovery Center		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Lift Station SCADA Upgrades			<b>YEAR FIRST SUBMITTED:</b> FY 2019 <b>ACTIVITY NO:</b> 710-1339		<b>TOTAL PROJECT COST</b> \$ 250,000
<b>2019 EXPENSE</b>	<b>2020 BUDGET</b>	<b>PROJECT BUDGET</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>

	\$ 50,000	Sanitary Sewer Construction Fund	\$ 50,000	\$ 50,000	\$ 50,000	\$ 50,000	\$ —	\$ —
\$ —	\$ 50,000	TOTAL	\$ 50,000	\$ 50,000	\$ 50,000	\$ 50,000	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for a SCADA connection to all lift stations, including integration with the W&RRC SCADA system. SCADA connection to all stations, including pump status, pump starts, and flow would provide real-time information that would allow staff to respond quickly to lift-station failures. Enhanced monitoring at stations, including bar screen monitoring, vibration sensing, cameras, and audio would allow reduced staff visits to lift stations, lowering operating costs.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Become a resilient city using sustainable and affordable technology for water, energy, transportation, health and wellness, discard, community engagement – a model community for the world.

#### FUNDING RESTRICTIONS

This project is restricted to Sanitary Sewer Construction Funds.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the design and construction of modifications to the high-purity oxygen-activated sludge basins for the implementation of the MLE nitrification/denitrification process. The MLE (Modified Ludzack Ettinger) process is used for total nitrogen removal and involves an anoxic zone and an aerobic zone. In this process, there is an internal recycle from the aerobic to anoxic zone, which provides nitrate as an oxygen source at the head of the tank. The bacteria remove the oxygen from the nitrate molecule, leaving a byproduct of inert nitrogen gas. The project was originally planned to begin in FY16 with completion in FY21. The WRRRC's NPDES permit has since been amended to require an addendum to the Nutrient Reduction Study submitted in 2015. The permit amendment allows the City to research new or additional treatment technologies for the reduction of nitrogen, including the implementation of practices within the watershed for the most cost-effective nitrogen removal technology. The City is required to submit, by January 1, 2022, an addendum to the 2015 Nutrient Reduction Study. The addendum must include an updated schedule for making operational changes and/or installing new or additional treatment technologies to achieve the goal of 66% reduction in total nitrogen. This project is related to Water & Resource Recovery Center: Nutrient Trading.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to Sanitary Sewer Construction Funds.

#### PROJECT DESCRIPTION/JUSTIFICATION

The project would establish receiving and storage station dedicated to acceptance of high-strength hauled waste. The project would provide storage capacity in the form of a holding tank and associated plumbing. The cost to add only HSW receiving is estimated to be approximately \$804,000 while the cost to add only FOG receiving is estimated to be approximately \$1,509,000. The cost to add both HSW and FOG management facilities is estimated to be approximately \$1,580,000. Other line item in expenditures identifies contingencies and technical services at 40% of project. Construction costs have increased significantly since the project was first budgeted in FY18. Current cost estimate (2021) is \$1,632,346.00. The project would allow for more consistent feeding of high-strength waste to the anaerobic digesters, allowing the W&RRC to maximize biogas production, while minimizing operational upsets such as low pH conditions or foaming.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

This project is restricted to Sanitary Sewer Construction Funds.

<b>DEPARTMENT:</b> 43 - Water & Resource Recovery Center		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> UV Disinfection System Modifications			<b>YEAR FIRST SUBMITTED:</b> FY 2018 <b>ACTIVITY NO:</b> 710-2841	<b>TOTAL PROJECT COST</b> \$ 235,000

\$ —	\$ —	<b>TOTAL</b>	\$ 235,000	\$ —	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for improvements to the Ultraviolet Disinfection System. The project includes replacement of electronic components, and addresses some environmental concerns such as sun and cottonwood tree seed with the construction of a shelter and screening. During the 2016 disinfection season, weaknesses in the system resulted in three incidents of non-compliance. Investigation into the causes of the incidents has identified opportunities to upgrade to more robust electronics (which were not available at the time of purchase of the system) and to better protect the system from the elements. These modifications will improve reliability and ability to meet discharge limits.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Become a resilient city using sustainable and affordable technology for water, energy, transportation, health and wellness, discard, community engagement – a model community for the world.

#### FUNDING RESTRICTIONS

This project is restricted to Sanitary Sewer Construction Funds.

\$ —	\$ —	TOTAL	\$ 110,000	\$ —	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides a trailer-mounted, diesel-powered, hydraulic slurry agitating/pumping package. The WRRC currently rents this type of pump from a contractor at a cost of \$70 per day. The rental pump is primarily used to convey wet weather wastewater flows from the Catfish Creek Lift Station to the WRRC, and has also been used for anaerobic digester cleanout and primary clarifier dewatering/cleaning. Purchase of this portable pump unit would eliminate an annual pump rental cost of up to \$25,000 per year, and reduce the need for contracted pumping services. In addition to pumping wet weather flows from Catfish Creek Lift Station to the WRRC, the pump will be used for digester cleaning, primary clarifier cleaning, activated sludge plant dewatering, lift station cleaning, and other tasks requiring agitation and pumping of liquids with high solids content. Purchase of this pump would reduce Machinery and Equipment operational expense by \$50,000.00 per year.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Become a resilient city using sustainable and affordable technology for water, energy, transportation, health and wellness, discard, community engagement – a model community for the world.

#### FUNDING RESTRICTIONS

This project is restricted to Sanitary Sewer Construction Funds.

<b>DEPARTMENT:</b> 51 - Airport		<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> Replace DJC Hangar Floor Coating			<b>YEAR FIRST SUBMITTED:</b> FY 2019 <b>ACTIVITY NO:</b> 390-2008	<b>TOTAL PROJECT COST</b> \$ 41,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This will provide for rehabilitating Taxiway Alpha. The preliminary design phase for the rehabilitation of Taxiway Alpha including planning, schematic design and environmental assessment will be completed in FY21. Construction on Taxiway Alpha SE (between Runway 31 approach end to Taxiway Charlie) to include all aspects of taxiway reconstruction, including finish grading, drainage, under drains, paving, airfield lighting, marking and turfing, will be completed in FY22. Construction on Taxiway Alpha NW (between Runway 13 to Taxiway Delta) to include all aspects of taxiway reconstruction, including finish grading, drainage, under drains, paving, airfield lighting, marking and turfing, will be completed in FY23. Taxiway Alpha Center (between Taxiways Delta and Charlie) ramp construction will be completed in FY24 including finish grading, drainage, under drains, paving, airfield lighting, marking and turfing to finish this project.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Funding and FAA funds.

<b>DEPARTMENT:</b> 51 - Airport		<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> Aviation Fueling Facilities NFPA Update			<b>YEAR FIRST SUBMITTED:</b> FY 2019 <b>ACTIVITY NO:</b> 390-1503		<b>TOTAL PROJECT COST</b> \$ 54,050

\$ —	\$ —	<b>TOTAL</b>	\$ 50,200	\$ —	\$ —	\$ 53,272	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the Pavement Condition Study (PCN), which is a method used to obtain a value for airfield pavements through a visual survey of the pavement. The PCN is a numerical rating of the pavement condition that can be used on both asphalt and concrete surfaces. This was adopted by the FAA to determine pavement conditions on areas financed by the FAA (namely airside) to assure they are being adequately maintained to reach their full life expectancy and to program the nationwide replacement of such pavements. This PCN is required every three years by the FAA.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Funding.

<b>DEPARTMENT:</b> 51 - Airport		<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> Asphalt Pavement Repair			<b>YEAR FIRST SUBMITTED:</b> FY 2016 <b>ACTIVITY NO:</b> 390-2664		<b>TOTAL PROJECT COST</b> \$ 150,000
<b>2019 EXPENSE</b>	<b>2020 BUDGET</b>	<b>PROJECT BUDGET</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>

#### PROJECT DESCRIPTION/JUSTIFICATION

This will provide for asphalt repairs for all the Airport land side paved areas as needed. These projects are coordinated with the Engineering Department to determine which repairs are needed. If funded, the next project would be to repair/replace the concrete at the Jet Center Building parking lot used by customers of the Jet Center. FY2025 funding will provide for pavement repair to the corporate hangar parking area.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Funding.

<b>DEPARTMENT:</b> 51 - Airport		<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> Perimeter Fence Improvements			<b>YEAR FIRST SUBMITTED:</b> FY 2018 <b>ACTIVITY NO:</b> 390-1497		<b>TOTAL PROJECT COST</b> \$ 13,575

#### PROJECT DESCRIPTION/JUSTIFICATION

This will provide for replacing damaged sections of the Airport perimeter fence and security gates. The current Airport perimeter fence was replaced in 1994 and is 8 foot high with 3 strands of barb wire, encompasses the entire airfield area and is over 6 miles long. The fence provides necessary airfield security and wildlife control. The security gate by the existing fuel farm and maintenance building will be replaced.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Connected Community: Air service access to major hub.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Funding.

\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ —	\$ —	\$ 20,000	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This will provide for storm drain improvements both on the airfield and land side areas. Currently there are storm drains that were installed as long ago as the 1950's. These are causing sinkholes and are in need of replacement. There are currently drains needing improvements located on the airfield, next to the corporate hangar area, FAA offices, the University of Dubuque, Aircraft Tower and in the FBO parking lot.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Connected Community: Air service access to major hub.

#### FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds for the milling of five (5) centerline miles of asphalt streets annually. The milled streets are then paved by City crews from the Public Works Department each year. This project provides for the hiring of a private milling contractor to grind a full-street-width pass to remove up to 2 inches of old asphalt from the street. The millings are then loaded onto City trucks and hauled to a local asphalt plant to be recycled into new hot mix asphalt. All milling is done by a private contractor with cleanup, hauling and repaving of the streets completed by Public Works department crews. Over the past twenty-five years, the Public Works Department has made great progress in improving Dubuque's street system by completing overlay projects on 225.95 centerline miles of asphalt streets. Since January 1, 2014, the City has been required to construct or reconstruct virtually all curb ramps at all street intersections and crosswalks included in the annual asphalt overlay program. While this project has been cut 50% from the previous standard of ten (10) centerline mile milling program to the current five (5) centerline mile program, this project can be expanded as savings from a previous fiscal year becomes available.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the curb ramp program CIP #250-1227, 300-1227.

#### OUTCOME

Connected Community: Better conditions of streets and sidewalk with eliminated obstructions and improved visibility.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds for an annual program to install curb ramps at various locations throughout the city. This program is managed by the Engineering Department and coordinated with the Public Works Department's five centerline mile asphalt overlay program. In July of 2013, the Iowa Department of Transportation (IDOT) received additional information from the federal Department of Justice further clarifying what constitutes resurfacing. Based on these clarifications, as of January 1, 2014 any alterations to an existing street's crosswalk, including asphalt resurfacing and "mill and fill" projects, require that existing curb ramps adhere to the latest ADA standards. While many of these corners have existing ramps, only a few of Dubuque's streets and alleys have curb ramps that meet current ADA standards. This project ensures that each intersection would be retrofitted with ADA-mandated curb ramps when a street receives a maintenance overlay. With the installation and upgrade to the ADA curb ramps as part of the asphalt overlay program, we improve accessibility for those with disabilities in our community as well as pedestrians seeking to travel the streets and sidewalks safely.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Asphalt Milling Program CIP # 250-1230 and 300-1230.

#### OUTCOME

Connected Community: Better conditions of streets and sidewalk with eliminated obstructions and improved visibility.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax Fund.

<b>DEPARTMENT:</b> 54 - Public Works		<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> Floodwall Post-Flood Repair Program			<b>YEAR FIRST SUBMITTED:</b> FY 2000 <b>ACTIVITY NO:</b> 300-1445		<b>TOTAL PROJECT COST</b> \$ 212,531

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for an annual program to perform post-flood repairs and Corps of Engineers required maintenance along the City's control protection system. This project supplements the Public Works Department's floodwall operations activity (10054340) budget by providing funding that would allow for post-flood and Corps of Engineers required infrastructure repairs. As the floodwall's infrastructure ages and the frequency of flood events continues to increase, the almost-regular need for extraordinary repairs also has increased. This appropriation request would provide adequate funds to perform timely repairs, which in turn assures the integrity of the flood control system. Repairs may include rip-rap replacement, pump overhauls, gate repairs, floodwall and level repairs, dredging, debris removal, and associated storm sewer outlet remedial work.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Stormwater Construction Fund.

<b>DEPARTMENT:</b> 54 - Public Works		<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> Curb Replacement Program			<b>YEAR FIRST SUBMITTED:</b> FY 2000 <b>ACTIVITY NO:</b> 300-1226		<b>TOTAL PROJECT COST</b> \$ 146,621

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for an annual program to replace approximately 800 lineal feet of curb and gutter and related pavement at various locations throughout the city. Priority is given to streets scheduled for the Public Works Department's asphalt paving program, projects associated with improvements to sidewalks and driveways by homeowners. All work is done by private contractors. This project supplements the Public Works Department's regular curb reconstruction program. There are many streets in Dubuque that have good driving surfaces but have badly deteriorated limestone or concrete curbing. This program provides for hiring private contractors to replace curbing in poor condition on streets that are not scheduled, or anticipated to be scheduled, for reconstruction or sidewalk inspection. Priority is given to replacing poor curbing on good streets. On any given year, the Public Works Department receives curb replacement requests that usually total from 2,000 to 3,000 lineal feet. Public Works crews average approximately 2,000 feet of curb reconstruction annually. This appropriation request is intended to prevent any further backlog of workload. In turn, customer satisfaction should increase as the City's response time is reduced.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Livable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, neighborhoods, homes and businesses.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax Fund.

DEPARTMENT: 54 - Public Works		STATE PROGRAM: 2C - Public Works	PROJECT TITLE: Steps, Hand Railings and Wall-Top Fencing Program			YEAR FIRST SUBMITTED: FY 2000 ACTIVITY NO: 300-1432		TOTAL PROJECT COST \$ 65,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for repairing, replacing, and/or installing hand railings, staircases, and wall-top fencing on City properties. Due to its hilly terrain, Dubuque's infrastructure includes many large retaining walls and pedestrian staircases. While many of the walls are in good condition, many staircases, and the accompanying metal hand railings are not. Also, citizens and staff have become aware and concerned regarding securing the tops of tall City walls. The purpose of this program is to facilitate timely remedial action as staff is made aware of needs or deficiencies. Private contractors would perform the work under the direction of the Engineering Department or Public Works Department.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Connected Community: Better conditions of streets and sidewalk with eliminated obstructions and improved visibility.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%).

<b>DEPARTMENT:</b> 54 - Public Works		<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> Street Sign and Post Replacement Project			<b>YEAR FIRST SUBMITTED:</b> FY 2008 <b>ACTIVITY NO:</b> 250-1938 300-1938	<b>TOTAL PROJECT COST</b> \$ 55,000

\$ —	\$ —	TOTAL	\$ —	\$ 10,000	\$ 15,000	\$ 15,000	\$ 15,000	\$ 15,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds to replace traffic and street name signs, along with rusted and/or twisted street and traffic sign posts and poles, located along street right-of-way throughout the city. Progress has been made over the the past years to replace street name signs with new signs that meet federal requirements for size and reflectivity, as required by the Federal Manual on Uniform Traffic Control Devices. However, regulatory, warning, and ground-mounted guide signs must be more reflective than many of the City's current signs are. While all compliance dates for replacing sub-standard signs have been removed from the Federal Register, the responsibility to upgrade replacement signs to the new standard has not been diminished. Therefore, all new signs that are installed must meet the new standards. This project also provides for the replacement of older sign posts and poles with new powder-coat-painted channel posts, square tubing galvanized posts or 2" poles. Galvanized or powder-coated sign posts and poles are much more resistant to corrosion and discoloration due to abrasion, winter weather, exposure to chlorides, and UV rays. Replacing Dubuque's substandard signs, and concurrently replacing the old sign posts and poles, would significantly improve public right-of-way aesthetics.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Livable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, neighborhoods, homes and businesses.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for hiring private contractors to remove and replace, or assist the Public Works Department in removing and replacing, deteriorated concrete panels in concrete streets. All work is closely coordinated with, or under the direction of, the Engineering Department and its street reconstruction program. Many concrete streets in the city are in need of full depth concrete section replacement. Defects such as offset or spalling transverse joints create a poor riding surface. Surface and joint defects usually lead to other pavement deformation, such as pavement blow ups, settlements, cracks, and/or potholes. Timely panel replacements and section repairs extend the life of these concrete streets and usually preclude the need for asphalt overlays or total reconstruction projects.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Connected Community: Better conditions of streets and sidewalk with eliminated obstructions and improved visibility.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax Fund.

DEPARTMENT: 54 - Public Works		STATE PROGRAM: 2C - Public Works	PROJECT TITLE: 56,000 Gross Vehicle Weight Dump Truck Replacement			YEAR FIRST SUBMITTED: FY 2000 ACTIVITY NO: 300-2039 250-2039	TOTAL PROJECT COST \$ 1,187,514

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds for the purchase of one additional truck and for the replacement of two (2) of the Public Works Department's six 56,000 gross vehicle weight (GVW) street maintenance/snow and ice control dump trucks. The two existing units are recommended for replacement based on an eight (8) year replacement schedule. The one additional truck is requested in FY 2021 to meet the increased responsibility related to snow and ice control on the NW Arterial, which will become the City's responsibility once the SW Arterial is completed. The new trucks will be purchased with 58,000 GVW chassis and equipped with combination dump/spreader boxes, front and wing snow plow blades, and other related snow and ice control equipment. The two existing units #3216 and #3245 are recommended for replacement in FY2024. These units are used year-round for both street maintenance projects and snow and ice control. In the winter months, these trucks are used to apply deicer material and plow snow accumulations during, and immediately after, winter storms. The trucks are also used to haul snow during cleanup operations after winter storms. During the warm weather months, these units are used to haul asphalt for our street paving program, and stone, rock, curb, and concrete for other street maintenance projects. After eight years of continuous use, the trucks will be due for replacement. This funding request provides for the purchase of diesel powered chassis in 2020 and includes a \$40,000 upgrade per unit for the purchase of CNG powered chassis in 2024. A life-cycle cost evaluation will be made at the time of replacement to determine if the unit will be ordered with a CNG chassis.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax Fund.

DEPARTMENT: 54 - Public Works		STATE PROGRAM: 2C - Public Works	PROJECT TITLE: Vacuum Street Sweeper Replacement Project			YEAR FIRST SUBMITTED: FY 2015	TOTAL PROJECT COST

\$ —	\$ —	TOTAL	\$ 210,000	\$ —	\$ —	\$ 214,200	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the replacement of both of the Public Works Department's two air vacuum street sweepers. Unit # 4008 is a 2009 Elgin four-wheel sweeper and is requested to be replaced after eleven (11) years of service. Unit # 4002 is a Schwarze four-wheel air sweeper and is requested to be replaced after seven (7) years of service. A seven year work life for this type of unit is considered the industry norm, balancing warranties, depreciation, reliability, and trade-in value. The Public Works Department has a total of three sweepers in its fleet, two of which are air vacuum sweepers. The City's three street sweepers are used to clean Dubuque's streets, downtown alleys, green alleys, and municipal parking lots. These sweepers clean the downtown every two days, arterial streets every two weeks, and the remaining streets every two months. These sweepers are also used to sweep Dubuque's newly-constructed "green alleys" four times each year to ensure that they perform as designed. City streets are swept Monday through Friday year-round whenever weather permits. By sweeping litter, dirt, debris, leaves, etc. from city streets and green alleys, Dubuque's air quality and surface waters are protected and aesthetics improved. Replacing these machines will also help Dubuque comply with its federal Phase II stormwater permit obligations.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Customer-focused City service delivery.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds for the replacement of five (5) of the nine (9) Public Works Department's 35,000 - 42,000 gross vehicle weight (GVW) street maintenance and snow/ice control dump trucks. These trucks are equipped in various configurations to meet the goals of Dubuque's snow and ice control program. The trucks are equipped with combination dump/spreader boxes, front snow plows, mid-mounted wing plows, underbody plows, full electric-over-hydraulic spreader and plow controls, rear-facing cameras, pavement temperature sensors, and other related snow and ice control equipment. Two units are scheduled for replacement in FY2022 and three units in 2024. All trucks are recommended for replacement based on an eight (8) year replacement schedule. Units #3205 and #3242 are scheduled for replacement in FY2022. Each unit will be replaced with 44,000 GVW chassis unit and equipped with a combination dump/spreader box, front-mounted snow plow, and wing plow. In FY2024 units #3241 and #3208 will be equipped with a combination dump/spreader box and front mounted snow plow. Unit #3206 will be equipped with a combination dump/spreader box, front mounted snow plow and wing plow. All of these trucks are used year round, with warm weather work dedicated to street paving and repair. This funding request includes \$40,000 per unit which would allow for the purchase of CNG powered chassis. A life-cycle cost evaluation will be made at the time of replacement which will determine if the unit will be ordered with a CNG chassis.

#### RELATIONSHIP TO OTHER PROJECTS

#### PROJECT DESCRIPTION/JUSTIFICATION

This project would provide for the replacement of wheel loader #3250, a 2000 John Deere 624H wheel loader, in FY2021. This new, replacement wheel loader will be equipped with a front-mount snow plow with plow gate attachment and wing plow. During the warm weather months, wheel loaders are used to lift and load stone, asphalt, and demolition materials on various street and sewer maintenance repair projects. During the winter months, wheel loaders are used to not only plow streets and cul-de-sacs during major winter snow storms, but also subsequently remove snow accumulations from downtown streets and residential cul-de-sacs. After twenty (20) years of continuous use, this unit will be in dire need of replacement.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Customer-focused City service delivery.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project will provide funds for improvements to the vehicle maintenance area related to the maintenance and repair of CNG fueled vehicles. The Public Works vehicle maintenance activity is responsible for the maintenance and repair of most units in the City fleet. In 2017 the Public Works Department purchased three (3) additional trucks with CNG powered engines. With additional focus on various types of alternative fuel for the City fleet, it is equally important that the maintenance facilities are updated to meet the requirements for maintaining alternative fuel vehicles. This proposal would upgrade one area of the Municipal Services Center to meet the requirements to repair and maintain CNG powered vehicles. Improvements may include adding a methane gas detection system and modifying the ventilation system, along with the lighting and heating system.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Become a resilient city using sustainable and affordable technology for water, energy, transportation, health and wellness, discard, community engagement – a model community for the world.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and DRA Distribution.

#### PROJECT DESCRIPTION/JUSTIFICATION

This annual project provides for the replacement of eleven (11) solid waste collection vehicles from Fiscal Year 2021 through Fiscal Year 2026 as follows: Fiscal Year 2021 (#3411 and #3415 two automated side loaders); Fiscal Year 2022 (#3416 and #3417 two side loaders); Fiscal Year 2023 (#3408 and #3409 two side loaders); Fiscal Year 2024 (#3401 and #3405 two rear loaders); Fiscal Year 2025 ( #3402 and #3410 one side loader and one grapppler); and Fiscal Year 2026 (#3404 a rear loader). These semi-automated trucks will be used to collect garbage, bulky items, recyclables and yard waste and food scraps. In fiscal year 2021, staff is proposing to purchase two automated collection vehicles for refuse only. The conversion to automated collection is designed to improve collection efficiency, improve workers' safety and neighborhood aesthetics through reduced litter associated with the use of garbage bags. These trucks will be eight to ten years old by their proposed replacement years.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Customer-focused City service delivery.

#### FUNDING RESTRICTIONS

This project is restricted to the Refuse Collection Fund.

<b>DEPARTMENT:</b> 54 - Public Works		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Sanitary Sewer Root Foaming			<b>YEAR FIRST SUBMITTED:</b> FY 2000 <b>ACTIVITY NO:</b> 710-1341		<b>TOTAL PROJECT COST</b> \$ 150,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds to hire a private contractor to chemically treat up to 12,000 lineal feet of sanitary sewer lines throughout the city each year. Tree roots in sanitary sewer lines are one of the major causes of sanitary sewer clogs, backups into homes, and overflows onto streets and private properties. Tree roots are extremely invasive when seeking moisture and typically invade sanitary sewer pipes through cracks and open joints. They then grow into thick natural curtains, collecting solids and greases and eventually causing major clogs, backups and overflows. In-pipe chemical treatment of roots kills the invasive roots and mitigates future root growth for up to five years. This annual program reduces the number of sanitary sewer overflows and the number of private homes damaged due to sewer backups each year. This program is also noted in the City's Capacity, Management, Operations, and Maintenance (CMOM) program, which was approved by the United States Environmental Protection Agency in 2012.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provide funds for the replacement of unit # 2703. This unit is a 2014 Freightliner equipped with a Sewer Equipment Company of America, high pressure sewer jet cleaner. This unit is used daily to clean pipes in Dubuque's gravity-flow sanitary sewer collection system. This unit is self-contained, using a high-pressure water jet hose equipped with various types of cleaner heads to remove debris and roots from Dubuque's sanitary sewers for the purpose of preventing basement back-ups and surface-level overflows. Problem pipes are cleaned on a monthly, quarterly, or semi-annual schedule. Other pipes are cleaned on a maintenance schedule as time allows. This unit is also used to open plugged storm sewers during heavy rain events to prevent street flooding. Replacing this unit in 2024 will provide the Public Works Department with a reliable unit for maintaining Dubuque's sanitary sewer system, as required by the United States Environmental Protection Agency (EPA) and the federal Clean Water Act.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

<b>DEPARTMENT:</b> 54 - Public Works		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Temporary Flood Control Units			<b>YEAR FIRST SUBMITTED:</b> FY 2011 <b>ACTIVITY NO:</b> 720-2335		<b>TOTAL PROJECT COST</b> \$ 386,000
<b>2019 EXPENSE</b>	<b>2020 BUDGET</b>	<b>PROJECT BUDGET</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>

\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ 386,000	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds to purchase flood control units to be used for temporary flood control along the City of Dubuque's flood control system and at other locations in the city, as deemed necessary. The City's flood control system protects it to a river elevation of 30' - with an additional 3' feet of "wakeboard". In FY2011 and FY2013, the City purchased 10,000 lineal feet of HESCO flood control units each year. The "Hescos" are currently stored on pallets at the Central Avenue (former bus garage) storage facility for quick deployment in the event of a river level forecast prediction overtopping the City's permanent flood control levees and walls. The units could also be used to stabilize a section of levee in the case of a developing levee breach. Funding is requested in FY2022 to purchase an additional 10,000 lineal feet of temporary flood control units similar to the Hescos - the final complement of flood control units needed to raise the City's entire flood control system. This request also provides for the purchase of an additional 2,000 lineal feet of two and six foot tall flood control units to protect the Mystique Ice Arena. The Mystique Ice Arena is located on Chaplain Schmitt Island, which is not protected by Dubuque's floodwall system.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund.

<b>DEPARTMENT:</b> 54 - Public Works		<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> Hard Surface Deep Cleaning Self-Propelled Unit			<b>YEAR FIRST SUBMITTED:</b> FY 2020 <b>ACTIVITY NO:</b> 720-2790	<b>TOTAL PROJECT COST</b> \$ 166,100	
<b>2019 EXPENSE</b>	<b>2020 BUDGET</b>	<b>PROJECT BUDGET</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>

		<b>B. PROJECT FINANCING</b>						
		Stormwater Construction Fund	\$ 166,100	\$ —	\$ —	\$ —	\$ —	\$ —
\$ —	\$ —	<b>TOTAL</b>	\$ 166,100	\$ —	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project would provide funding to purchase a self-propelled deep cleaning unit that would be used to maintain green alleys and other hard surface infrastructure. The unit would provide a chemical-free, deep cleaning solution for the green alleys using only water and heat. This unit would greatly reduce the amount of time needed to thoroughly clean the green alleys. Using a deep-cleaning solution in the green alleys will remove dirt and other debris from between the brick and assure the alleys continue to perform as designed and continue to capture and return stormwater back into the ground, reducing surface run-off during rain events. Currently the City has 78 green alleys constructed and has plans to increase this number as funding becomes available. We also have tow complete streets constructed with pervious pavers along with several parking areas. An efficient continuous cleaning program is needed to assure the green alleys and other pervious surfaces continue to perform as designed.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to any other Capital Improvement Project.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project funding is restricted to Stormwater Funds, Road Use Funds and Sales Tax Fund (30%).

<b>DEPARTMENT:</b> 54 - Public Works		<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> City Provided Tipper Carts			<b>YEAR FIRST SUBMITTED:</b> 2019 <b>ACTIVITY NO:</b> 670-2843		<b>TOTAL PROJECT COST</b> \$ 840,000
<b>2019 EXPENSE</b>	<b>2020 BUDGET</b>	<b>PROJECT BUDGET</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>

\$ —	\$ —	<b>TOTAL</b>	\$ 280,000	\$ 280,000	\$ 280,000	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project is to purchase and distribute 7,000 (trash only) tipper carts yearly, beginning Fiscal Year 2021 through Fiscal Year 2023. The project allows for the automated collection of trash in designated areas throughout the City. In an automated collection system, City customers will be provided a standardized container for waste only. City customers will have the option to subscribe to a large tipper cart if the capacity is needed and will pay according to the City pay-as-you-throw program. City tipper carts will help reduce staff injuries associated with repetitive manual lifting of solid waste containers and/or heavy bags and improve neighborhood aesthetics through reduced litter typically associated with torn garbage bags and cans with no lids. This system will be a phased in approach that will allow the City to consider new opportunities to improve workers' safety and improve collection efficiency. Estimated life of the carts is fifteen (15) years.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Customer-focused service delivery

#### FUNDING RESTRICTIONS

This project is restricted to the Refuse Collection Fund.

<b>DEPARTMENT:</b> 54 - Public Works		<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> Sandbag Equipment Purchase			<b>YEAR FIRST SUBMITTED:</b> 2019 <b>ACTIVITY NO:</b> 720-2845		<b>TOTAL PROJECT COST</b> \$ 35,000

#### PROJECT DESCRIPTION/JUSTIFICATION

During the flood event of 2019 the Mississippi River remained above flood stage for a record 86 consecutive days. During that time the river had three (3) crests above 20 ft. and required a total of 108 days of continuous days of flood control operations. During that time it became apparent that we needed to upgrade to our current sandbagging equipment. Once the river rises to 21 ft. with a prediction of 24 ft. our flood control plan requires that 5,000 sandbags be filled for flood control use. At river stage 26 ft with a prediction of 30 ft an additional 10,400 bags are needed to close off the levee system. Filling sandbags are time consuming and labor intense. Having additional sandbagging equipment available will ensure that sandbags can be filled at a high rate of speed while insuring that the the needed bags are available when needed.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to any other Capital Improvement Project.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to Stormwater Funds.

#### PROJECT DESCRIPTION/JUSTIFICATION

This CIP provides TIF funding for residential, commercial and industrial developments located in planned growth areas. It provides funding for staff to coordinate the sanitary sewer portion of development agreements, initial design coordination, easement acquisition and a portion of the initial construction of sanitary sewer main extensions. Previously, the program spurred development using a revolving loan fund used to cover the up-front cost of utilities which was then paid back with the sale of each lot. This is being phased out. However, there is a subdivision that utilized \$140,037.21 in loan fund. Those repayments will be used to supplement the initial construction of future sewer extension until the TIF district begins reimbursements. The City has committed to funding the sanitary sewer mains associated with two additional subdivisions through development agreements estimated at \$150,000 and \$76,000.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This CIP provides funding to continue a 1990's council priority to extend sanitary sewer service to existing developments and individual properties. This CIP provides for the extension of sanitary sewer to 22 properties within the City limits. These properties have outdated septic systems that no longer provide adequate wastewater treatment and in most cases are not able to install a new compliant septic system. Projects included in this CIP are: Laurel Street (Orig. FY 10) \$386,310. Future projects will include Nightengale Lane (Orig. FY 11) \$477,400, Eagle Point Drive (Orig. FY 13) \$383,320, Richards Road (Orig. FY 13) \$367,040 and US 20 Annexation Area Phase 2 & 3 (Orig FY 02) outside the city limits \$1,008,000. The City has received a request for sanitary sewer on North Cascade Road at Highway 20.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the extension of the gravity sewer from Digital Drive, across U.S. Hwy 151/61, to Timothy St. This sewer will connect the remaining 2/3 of Twin Ridge subdivision to the City's sewer system and abandon the Twin Ridge Lagoon System. Abandonment of the wastewater lagoon system reduces operating costs and creates 14 acre city-owned parcel available for redevelopment.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have infrastructure and amenities to support economic development and growth; industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This funding provides for the City to meet its contractual obligations for the extension of sanitary sewers into new development areas or recently-annexed areas as part of development agreements, pre-annexation agreements, and annexation agreements. The funds in this CIP are for annexation areas along Pennsylvania Ave, Middle Road (Merkes / Pothoff), Seippel Road (Callahan) and Tamarack Business Park (\$233,500). Agreements with property owners with the exception of Tamarack Business Park, state that the City will provide sanitary sewer service within one year of the filing of the final plat. The Tamarack Business Park agreement states the City will provide sanitary sewer service within two years of written request by the developer/property owner. The funding for the sanitary sewer extension to Tamarack business is set two years beyond the upcoming fiscal year to accommodate a request in FY19. To date there has been no request by the remaining property owners along Pennsylvania and Middle Road.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have infrastructure and amenities to support economic development and growth; industrial/business parks, streets and utilities, air service and housing.

#### FUNDING RESTRICTIONS

#### PROJECT DESCRIPTION/JUSTIFICATION

Management of the City's sanitary sewer collection system requires an understanding of how its aging infrastructure is performing in old areas of the City and how potential, rapid expansion related to growth from the completion of the Southwest Arterial and new annexation areas might impact the system. In order to maximize the return on investment as to how all sewer utility dollars are spent in combination with constrained capital and operating budgets, an asset management plan that identifies and helps prioritize the sewer improvements necessary in the next 25 years to ensure the system continues to meet the needs of the community. The first phase of the Sewer Utility Asset Management Plan (Plan) will take a comprehensions look at the Water & Resource Recovery Center, the pumped or force main collection system, and the gravity collection system. It will involve a review of existing project records and electronic or hard-copy data and compare it to existing GIS data to identify gaps in existing data and highlight needed data. It will also create a single data set for all pertinent data. In addition, wastewater flow and loading projections will be calculated to determine the needs of the system as the City grows. Phase 2 activities include the collection of any necessary data such as accurate sewer locations, depths, slopes, flows, and I&I in order to populate collection system analysis software that will be used for developing improvement alternatives and associated cost/benefit analysis. Phase 3 of the Plan includes full development of alternatives outlined in a Management Plan Report. The final deliverables will include a working collection system computer model that the City can use to assess the capacity of the system so that the impact of proposed changes and improvements can be fully understood. The Plan will also include a bench-marking study to illustrate the condition of the City's collections system compared to the national average. It will also make recommendations for improvements to routine maintenance schedules and any necessary computerized software/tools/forms to analyze system needs, prioritize work, and track maintenance activities.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Sanitary Sewer CCTV Inspection, Cleaning, and Assessment project.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

As of Fiscal Year 2019, the City has Closed Circuit Television (CCTV) records and condition assessments of 60% of the gravity sewer system. This project provides for the systematic CCTV inspection, cleaning, and condition assessment of the remaining 40% within a 10-year period. Inspecting each sewer pipe will provide the condition of each pipe so that the City can schedule and undertake proactive measures to improve performance levels of the system - identify degeneration that might lead to blockages, collapses, and/or sanitary sewer overflows. While the Public Works Department does inspect several miles of sewer each year, their efforts are rightly concentrated on sewers with known maintenance issues. As a result, there are sections of the City system that have not been televised within the past fifteen years and their condition remains unknown. Generally, inspections will be done first on older sewers and those that pose the greatest risk of failure. Although not directly related to other capital projects, it will inform the prioritization of sewer replacement and sewer lining efforts.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Customer-focused City service delivery.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

DEPARTMENT: 55 - Engineering / Sanitary Sewer		STATE PROGRAM: 8C - Business Type	PROJECT TITLE: Southfork Interceptor Sewer			YEAR FIRST SUBMITTED: FY 2012 ACTIVITY NO: 710-1899		TOTAL PROJECT COST \$ 568,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the replacement of 2,700 feet of 12" pipe with 18" piping from the South Dubuque Interceptor Sewer to the Southfork Interceptor Sewer. This piping was originally sized not to extend to its current limits with the addition of 10,000 feet of interceptor sewer to the Dubuque Landfill. This area should be upgraded to accommodate anticipated future flows.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Sanitary Sewer		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Knob Hill-Duggan Drive Sanitary Sewer Reconstruction			<b>YEAR FIRST SUBMITTED:</b> FY 2012 <b>ACTIVITY NO:</b> 710-2323	<b>TOTAL PROJECT COST</b> \$ 149,310

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the reconstruction of 1,200 feet of 8-inch diameter clay sewer with an 8-inch ductile iron sewer. The age of the existing clay sewer runs through a wooded area that has resulted in root intrusions and defects in the pipe. The project will result in a water tight line that will prevent I & I from getting into the sewer system.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Sanitary Sewer		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Brunswick Sanitary Sewer			<b>YEAR FIRST SUBMITTED:</b> FY 2019 <b>ACTIVITY NO:</b> 710-2232		<b>TOTAL PROJECT COST</b> \$ 78,300

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the reconstruction of 270 feet of 6-inch diameter sewer with an 8-inch diameter sewer and extending the 8-inch sewer north 165 feet. The existing sewer requires monthly maintenance because of its sub - standard size (6-inch) and poor flow characteristics. The project will result in a standard 8-inch line with improved flow characteristics to eliminate the need to flush and clean the sewer each month.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Service value for taxes and fees.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the removal and replacement of approximately 475 LF of 8-inch diameter vitrified clay sanitary sewer pipe. The project is located in Consent Decree Sewershed 11. The USEPA approved schedule requires the project be completed no later than December 2020. This project shall be coordinated with storm sewer and water main improvements. The 8-inch diameter vitrified clay pipe is deteriorated and has exceeded its design life. The pipe is laid in a shallow trench on top of rock with little to no base stone and over time the solid rock bedding has exerted upward pressure on the clay pipe leading to significant cracks, resulting in pipe failure. A layer of rock will need to be removed during installation of the proposed sanitary sewer to provide for adequate bedding material. There are also storm and water utilities located along the same alignment as the existing sanitary sewer. These will also need to be replaced as they are in conflict with the existing and proposed sanitary sewer and will be disturbed during installation.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund and State Revolving Fund Loan.

<b>DEPARTMENT:</b> 55 - Engineering / Sanitary Sewer		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Auburn & Custer Sanitary Sewer Reconstruction (Consent Decree)			<b>YEAR FIRST SUBMITTED:</b> FY 2017 <b>ACTIVITY NO:</b> 710-2571		<b>TOTAL PROJECT COST</b> \$ 316,400

\$ —	\$ —	TOTAL	\$ 316,400	\$ —	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

The project provides for the removal and replacement of approximately 1,480 LF of 6-inch diameter vitrified clay sanitary sewer. The project is located in Consent Decree Sewershed 11. The USEPA approved schedule for project completion is no later than December 2021. The project shall be coordinated with storm sewer and water main improvements in the same location. Funding for this project is being requested through the Iowa SRF, therefore design and engineering funds are provided to fund an update to the 2016 CityWide Sanitary Sewer Collection System Facility Plan, as may be necessary. The sanitary sewer was scheduled for trench-less rehabilitation by method of cured in place pipe liner in 2013. During cleaning and televising prior to installation of the liner, the contractor experienced problems as several sections of pipe were offset and broken preventing the project to continue. The City requested schedule adjustment from the USEPA as the project is identified in the Sewershed 11 Corrective Action Plan which is subject to their approval, to allow for removal and replacement. Schedule adjustment was granted.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Sanitary Sewer		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Grove Terrace Sanitary Sewer Reconstruction (Consent Decree)			<b>YEAR FIRST SUBMITTED:</b> FY 2017 <b>ACTIVITY NO:</b> 710-2666	<b>TOTAL PROJECT COST</b> \$ 110,000	
<b>2019 EXPENSE</b>	<b>2020 BUDGET</b>	<b>PROJECT BUDGET</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>

\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ 110,000	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the reconstruction of approximately 400 LF 8-inch diameter vitrified clay sanitary sewer along Grove Terrace. The sewer is located in Consent Decree Sanitary Sewershed 12. Funding was originally requested in FY 17, however, the project schedule has been adjusted to reflect the USEPA approved revised schedule. The required completion date of this project shall be no later than December 2022. Funding for this project is being requested through the Iowa SRF, therefore design and engineering funds are included as an update to the 2016 City-Wide Sanitary Sewer Collection System Facility Plan may be necessary. This project shall be coordinated with storm sewer and water main improvements. The 8-inch diameter vitrified clay sanitary sewer was installed in the early 1900's and has deteriorated to the point that reconstruction is necessary. In addition, property owners have indicated their laterals need to be replaced and in some locations laterals need to be separated to ensure uninterrupted service and reduce the risk of back up.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Sanitary Sewer		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Heeb Street Sanitary Sewer Reconstruction (Street Program)			<b>YEAR FIRST SUBMITTED:</b> FY 2017 <b>ACTIVITY NO:</b> 710-2612	<b>TOTAL PROJECT COST</b> \$ 180,000

\$ —	\$ 20,000	<b>TOTAL</b>	\$ 160,000	\$ —	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the reconstruction of approximately 625 feet (existing alignment) of 8-inch diameter vitrified clay sanitary sewer on Heeb Street from Kaufmann Street south to the cul-de-sac. The existing clay tile sewer that was installed in 1920 has deteriorated to the extent that cracks in the pipe result in poor performance. The sags and cracks require increased maintenance of the pipe and allow the inflow of extraneous groundwater into the sanitary sewer system. In addition, there are several properties not served by municipal sewer service, this will provide the opportunity for those residents to connect. There is also a need to extend water main to those residents, therefore this project would increase its benefit by coordinating efforts with the Water Department. The sewer is located in Consent Decree Sanitary Sewershed 7. Funding was originally requested in FY 17, however, the project schedule has been adjusted to coincide with both the Heeb Street Reconstruction Project and the 22nd St/Kaufmann Ave Storm Sewer Improvements Project scheduled for 2020.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Heeb Street Reconstruction Project and should be scheduled in the same fiscal year as that project.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Sanitary Sewer		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Hempstead Sanitary Sewer Reconstruction			<b>YEAR FIRST SUBMITTED:</b> FY 2017	<b>ACTIVITY NO:</b> 710-2795	<b>TOTAL PROJECT COST</b> \$ 280,000

\$ —	\$ —	<b>TOTAL</b>	\$ 30,000	\$ 250,000	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the reconstruction of approximately 1,000 feet (existing alignment) of 8-inch diameter vitrified clay sanitary sewer on Hempstead Street from Kaufmann Street to Lowell Street. The existing clay tile sewer that was installed in 1924 has deteriorated to the extent that cracks and sags in the pipe result in poor performance. The sags and cracks require increased maintenance of the pipe and allow the inflow of extraneous groundwater into the sanitary sewer system. The current alignment places the sanitary sewer close to private property such that realignment of the sewer may be warranted. The sewer is located in Consent Decree Sanitary Sewershed 7.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Sanitary Sewer		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Cooper Place and Maiden Lane Sanitary Sewer Reconstruction (Consent Decree)			<b>YEAR FIRST SUBMITTED:</b> FY 2018 <b>ACTIVITY NO:</b> 710-	<b>TOTAL PROJECT COST</b> \$ 330,000

\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ —	\$ 30,000	\$ 300,000	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the reconstruction of approximately 1,000 feet (existing alignment) of 6-inch diameter vitrified clay sanitary sewer along Maiden Lane and Cooper Place. The existing 6-inch sewer will be replaced with 8-inch diameter PVC sanitary sewer. The existing 6-inch diameter vitrified clay sanitary sewer has been identified as a source of inflow and infiltration. There are multiple offset joints and pipe fractures showing the pipe is in need of rehabilitation or replacement. The sewer is not able to be rehabilitated using trench-less methods due to the challenges associated with reinstating services on small diameter line; and is scheduled for removal and replacement with a larger diameter sewer to improve operation and future maintenance. The sewer is located in Consent Decree Sanitary Sewershed 12. The project completion schedule as approved by the USEPA, shall be no later than December 2026.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Sanitary Sewer		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Abbott & Cottage Sanitary Sewer Reconstruction			<b>YEAR FIRST SUBMITTED:</b> FY 2018 <b>ACTIVITY NO:</b> 710-		<b>TOTAL PROJECT COST</b> \$ 220,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the reconstruction of approximately 800 linear feet (existing alignment) of 6-inch diameter vitrified clay sanitary sewer along Abbott Street and Cottage Street. The existing sanitary sewer is 6-inch diameter and is scheduled for replacement with 8-inch diameter PVC sanitary sewer. The existing 6-inch diameter vitrified clay sanitary sewer has been identified as a source of inflow and infiltration. There are multiple offset joints and pipe fractures showing the pipe is in need of rehabilitation or replacement. The area has also seen multiple water main breaks accelerating the damage to the sanitary sewer as the mains are located within the same area as the sanitary sewer. The sewer is not able to be rehabilitated using trench-less methods due to the challenges associated with reinstating services on small diameter line; and is scheduled for removal and replacement with a larger diameter sewer to improve operation and future maintenance. The sewer is located in Consent Decree Sanitary Sewershed 7. This project shall be coordinated with storm sewer and water main replacement as necessary.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Sanitary Sewer		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Harvard Street Sanitary Sewer Reconstruction (Consent Decree)			<b>YEAR FIRST SUBMITTED:</b> FY 2018 <b>ACTIVITY NO:</b> 710-	<b>TOTAL PROJECT COST</b> \$ 178,000

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the reconstruction of approximately 450 linear feet (existing alignment) of 6-inch diameter vitrified clay sanitary sewer on Harvard Street from Alta Vista Street to Oxford Street. The existing sewer has been identified as a source of inflow and infiltration with multiple offset joints and pipe fractures showing the pipe is in need of rehabilitation or replacement. Rehabilitated using trench-less methods is not an option due to the challenges associated with reinstating services on small diameter line; and is scheduled for removal and replacement with a larger diameter sewer to improve operation and future maintenance. The sewer is located in Consent Decree Sanitary Sewershed 12. The project shall be completed no later than December 2025 per the schedule approved by the USEPA.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project addresses needed reliability improvements to Terminal Street Lift Station, Cedar Street Lift Station, and the 30" Cedar and 42" Terminal Street Force Mains that connect the two lift stations to the Water & Resource Recovery Center. The original project was developed in FY 2016 to examine the force mains first and lift stations second, however due to recent emergency events at Terminal Street lift station the priority order has shifted to examine Terminal Street Lift Station first. FY 20-23 funding is to provide for new sluice gates, pump gates and repairs to the lift station foundation wall along with dry weather pumps and a new wet well to handle smaller average daily flows, which will reduce stress and strain on the larger pumps currently in the lift station which are not designed to operate with current daily/low flows. The funds also provide for ancillary improvements including a new gravity sewer connecting the new wet well to the existing lift station influent manhole, a new magnetic flow meter, and hot-tap to the 42" PCCP to allow the system to route without passing through Terminal Street lift station or the valve house. The project funding is also for the replacement of the wet weather pumps, replace piping in the drywell, replacement piping inside Terminal Street lift station that has deteriorated, complete new hardware and protective paint coatings of the lift station mechanical systems along with replacement plumbing and needed electrical improvements and similar improvements to the Valve House. This project currently does not include funding for any work associated with the repairs or replacement of the force mains, air release valve replacement, or adding insertion points for future flow rerouting in the event of a force main failure. The City has previously identified necessary improvements along the force main between Terminal Street to the W&RRC, specifically, during a visual inspection performed by City staff in 2014, the 42 inch diameter force main was exposed to the river at three locations and susceptible to possible damage from barge traffic. This project will also install camera and audio monitoring at the lift station to reduce in-person staff inspections.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

<b>DEPARTMENT:</b> 55 - Engineering / Sanitary Sewer	<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Cedar and Terminal Street Lift Station and Force Main Assessment and Improvements	<b>YEAR FIRST SUBMITTED:</b> FY 2016 <b>ACTIVITY NO:</b> 710-2606	<b>TOTAL PROJECT COST</b> \$ 5,491,591

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the cleaning and lining of 5,150 feet of the 12-inch diameter sanitary sewer that runs along the DM&E/CP railroad tracks from Hawthorne Street to Fengler Street. The existing clay tile sewer that was installed in the 1920s still functions. However, the influx of sand has increasingly made the sewer difficult to maintain and indicates that groundwater is infiltrating into the pipe. Cleaning and lining the sewer that runs parallel to railroad tracks, and even under the tracks, will ensure that the sewer will function as originally designed and as desired for the next forty years. Reconstruction of the sewer is problematic and would be cost prohibitive due to its proximity to the railroad tracks. The project is located adjacent to Consent Decree Sewershed 10.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the stabilization of approximately 3,000 feet the City's 42-inch diameter sanitary sewer force main that runs along the main channel of the Mississippi from Maus Lake to the south. The work entails the reconstruction of the river embankment so that there is adequate cover and protection from the river and debris floating along the river. It will also provide protection from river barges that travel up and down the river, sometimes tying off in areas where the existing force main is exposed. The project will be done in partnership with the U. S. Army Corps of Engineers (USACE) through their Emergency Streambank Repair and Shoreline Protection program (Section 14 of the Flood Control Act of 1946). Through that program, the USACE will design and construct the improvements. The first \$100,000 of the Planning Design Analysis phase (normally limited to 12 months) is a Federal expense. All PDA costs after the first \$100,000 are cost shared 50/50. All construction costs are cost shared 65% Federal and 35% non-Federal. Each project is limited to a total Federal cost of \$5 million. The City's 42-inch diameter sanitary sewer force main was constructed in 1977 with about 3,000 feet located along the banks of the Mississippi. It carries approximately 80 percent (80%) of the City's daily average flows to the Water and Resource Recovery Center. Over the years, erosion of the banks of the Mississippi have reduced the ground cover (and protection) to the point where the pipe is showing in a few places. Because the flow is under pressure, if the force main was to be ruptured, it would result in the discharge of thousands of gallons of untreated wastewater directly into the Mississippi.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for systematic lining and associated grouting of sanitary sewers throughout the City. As outlined in the City's Capacity, Management, Operation, and Maintenance (CMOM) program that was reviewed and approved by the U. S. Environmental Protection Agency as part of the Consent Decree, "on average, the (City) will budget and spend approximately . . . \$100,000 lining sanitary sewer pipe and manholes." The lining process extends the useful life of existing sanitary sewers by 50 years or more, reducing I&I and eliminating maintenance needs.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Sanitary Sewer CCTV Inspection, Cleaning, & Assessment CIP which will identify and prioritize the sewers for lining.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the replacement/rehabilitation of aging and deteriorated sanitary sewer manholes. Project funds are to rehabilitative or replace sanitary sewer manholes per the approved Consent Decree or as appropriate throughout the City. This also provides for the installation of new manholes in conjunction with the street overlay program undertaken annually by the Public Works Department. Over time, manholes can deteriorate to the point such that they allow excessive inflow or infiltration (I&I) of groundwater or surface water into the sanitary sewer which can lead to sanitary sewer overflows. The replacement/rehabilitation cost of each manhole is approximately \$10,000. This project is related to Stormwater Infiltration & Inflow Elimination Program, CIP 720-2332. The City's sanitary sewer system Capacity, Management, Operation, and Maintenance Program (CMOM), established to fulfill a requirement of the Consent Decree, outlines that the City budgets "on average" \$100,000 per year to replace manholes. In accordance with CMOM, this CIP, along with CIP 7202332, should total "on average" \$100,000 each year to replace sanitary sewer manholes.

#### RELATIONSHIP TO OTHER PROJECTS

This capital project is related to the Stormwater Infiltration & Inflow Elimination Program (CIP #720-2332) and must be funded in the same year as that project to total \$100,000 between the two programs.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the replacement of approximately 1,450 feet of 6-inch diameter ductile iron force main serving the Perry Street and Bradley Street lift stations. The design and engineering line item shall provide for professional engineering services to complete bid and award documents in accordance with Iowa SRF financing requirements. The City's W&RRC maintenance crew has identified necessary improvements following multiple 6-inch diameter force main breaks serving the Perry and Bradley Street lift stations. The force mains have experienced failures since 2010, causing disruption and damage to private property.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Financially Responsible, High Performance City Organization: Customer-focused City service delivery.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project fund provides for investigation of the 36 and 42 inch diameter Couler Valley Sanitary Sewer Collector that runs along Elm Street between 14th Street and Garfield Avenue. The project length is approximately 2,091 LF of 42" pipe and 317 LF of 36" pipe with a total of 9 manholes. In 2016, the sewer was inspected and partially cleaned by the City's public works crew following flow metering indications of a partial blockage in the sewer along Elm Street downstream of the Bee Branch project where a recent sanitary siphon was installed. Any type of blockage downstream of a siphon could potentially lead to a sanitary sewer overflow. During cleaning and inspection there were several sections that were not passable by the City's crews and there were concerns about the pipe condition, prompting a request to seek professional inspection services and contracted heavy duty cleaning.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for emergency replacement of the City's sanitary sewer system when significant and potentially hazardous defects are discovered. The City has initiated efforts to inspect and characterize the condition of the 300+ mile sanitary sewer system in order to prioritize and address high risk sections [see CIP 710-2793: Sanitary Sewer CCTV Inspection, Cleaning, & Assessment] in order to identify sewers in need of replacement and help prioritize those with a higher risk of failure. However, until that process is completed, this project provides funding to replace higher risk sewers discovered during the course of the year. Finally, this provides funding to replace sanitary sewers impacted by other City infrastructure replacement projects (i.e. street reconstruction/resurfacing projects).

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the elimination of the City's brick sanitary sewer manholes and replacement/rehabilitation of sewers as needed to eliminate wastewater from entering into the stormwater management system. Brick manholes are highly susceptible to leaking stormwater and when stormwater gets into the sanitary sewer collection system it can overwhelm the system and cause the stormwater/wastewater mixture to overflow into local creeks, streams and rivers. The City's NPDES stormwater permit requires the City to eliminate this discharge in order to protect the biological integrity of the receiving waters. Replacing porous brick manholes with water-tight manholes reduces the flow of stormwater into the sanitary sewer system and supports the city's efforts to comply with the requirements identified in the USEPA/IDNR/City of Dubuque Consent Decree. This project is related to Sanitary Sewer Manhole Replacement Project, CIP 710-1335. The City's sanitary sewer system Capacity, Management, Operation, and Maintenance Program (CMOM), established to fulfill a requirement of the Consent Decree, outlines that the City budgets "on average" \$100,000 per year to replace manholes. In accordance with CMOM, this CIP, along with CIP 7101335, should total "on average" \$100,000 each year to replace sanitary sewer manholes.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Have clean water – ground and surface.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund and the Sanitary Sewer Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the unanticipated replacement of stormwater management facilities within the City's storm sewer system. While efforts are taken to identify and prioritize the replacement of storm sewer facilities (intakes, manholes, storm sewer pipes, culverts, ditches, detention basins, etc.), this funding allows for the replacement of facilities deemed to be likely to fail if not replaced in the short term.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for various storm sewer improvements such as adding storm sewer and catch basins. It also provides for City participation in the extension of public drainage facilities on private property. The extent of City participation will be limited to the City supplying construction materials on a case-by-case basis linked to private participation. These monies will only become available on a case-by-case basis, based on benefit to the City. This project is an appropriation for City participation in storm sewer construction in new subdivision developments and in existing areas to relieve drainage problems. Priorities are based upon citizen requests and severity of the problem.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding for the reconstruction of catch basins. There are approximately 900 curb opening style catch basins throughout the city which were the standard prior to 1990. This project provides for the replacement of these and other old-style catch basins that are in disrepair within a fifteen year period. The current standard catch basin is much more efficient at collecting stormwater than the old -style catch basins. Old catch basins do not collect the desired amount of street drainage causing unnecessary street flooding. Under some circumstances, the old style catch basins have larger openings which can pose a safety risk to pedestrians.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the installation of drain tile to collect sump pump discharge and direct it to a storm sewer where a storm sewer is not available. A significant number of homes in Dubuque utilize sump pumps to prevent groundwater from damaging basements. In many instances, sump pump discharge is directed through the curb into the street which serves as part of the public stormwater drainage system. The relatively constant flow of water into streets can damage streets and, in some instances, result in hazardous, slick street surfaces. This funding provides for addressing trouble spots where icing or algae impact intersections or where icing becomes extreme and its removal is beyond the capability of the average homeowner. When possible, the work is done in conjunction with street resurfacing projects and other Public Works efforts. Since 2007, over twenty of the more severe problem areas have been addressed. The cost per site has varied from \$3,500 to \$35,000. Some sites are more costly because they require the installation of additional storm sewer and catch basins; these are usually funded through unique CIP projects. The cost to address a typical site is roughly \$10,000. With approximately \$100,000 budgeted per year, the remaining identified and verified problem areas will be addressed within a 5-year period. The City continually receives calls about ice buildup and/or algae along the curb; However, not all warrant drain tile improvements.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Livable Neighborhoods and Housing: Have safe, healthy, inclusive neighborhoods citywide.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the installation of culverts under the railroad tracks at the Canadian Pacific railroad yard at 506 Garfield Avenue. Improvements include six 8-foot diameter culverts to be tunneled under the railroad tracks. It also involves the construction of 3 12-foot wide by 10-foot high box culverts from Garfield Avenue to the south to a proposed transition structure where stormwater from the box culverts will join flow from the existing Bee Branch sewer and be directed into the proposed tunneled culverts and the existing box culverts under the railroad tracks. The project also includes construction of an outfall structure on the downstream end of the tunneled culverts where the culverts will discharge into the Bee Branch Creek south of the railroad tracks. Finally, it includes the retrofitting of the existing box culverts such that they provide dual functions: a hike/bike trail below the railroad tracks and stormwater management during extreme rain events. Installation of the new culverts is critical to mitigating the damage caused by repeated flash flooding in the Bee Branch Watershed. The Drainage Basin Master Plan predicted that there are over 1,155 homes and businesses in the Bee Branch Watershed at risk of flood damage during heavy rains, flooding and witnessed firsthand in Dubuque six times since 1999. A subsequent study in 2009 by the Federal Emergency Management Agency (FEMA) identified a flood prone area in the Bee Branch Watershed impacting 1,373 properties. Of the seven (7) Presidential Disaster Declarations issued between 1999 and 2011 due to the damage sustained as a result of intense rainfall and flash flooding, six (6) have hit the Bee Branch Watershed particularly hard with estimated damages totaling \$69.8 million, or about \$5.8 million annually. Once the improvements are implemented, flash flooding experienced within the Bee Branch Watershed will be mitigated and the annual cost of flood damage will be negligible.

<b>DEPARTMENT:</b> 55 - Engineering / Stormwater	<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Bee Branch Creek Railroad Culverts (Phase 7 of Bee Branch Watershed Flood Mitigation Project)	<b>YEAR FIRST SUBMITTED:</b> FY 2013 <b>ACTIVITY NO:</b> 264-2769 340-2769 720-2769	<b>TOTAL PROJECT COST</b> \$ 48,234,260

#### **PROJECT DESCRIPTION/JUSTIFICATION (Cont)**

The Bee Branch Creek Restoration is the key component of the Watershed Flood Mitigation Project that will prevent an estimated \$582 million in damages over the 100 year design life of the project, protect lives, and stop private disinvestment in the watershed. The use of the State Revolving Fund (SRF) loan will allow for spreading the cost of the improvements over several years with a known, low interest rate (1.75 to 2.75% depending on the repayment term). Through the SRF Sponsored Projects program, the interest rate can be lowered further when offset by increasing the loan principal to pay for additional water quality improvements within the watershed; The City would not pay any more than it would have for just the Bee Branch improvements. Instead, two water quality projects can be completed for the cost of one.

#### **RELATIONSHIP TO OTHER PROJECTS**

This project is not related to other capital projects.

#### **OUTCOME**

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### **FUNDING RESTRICTIONS**

This project is restricted to the Stormwater Construction Fund, HUD NDRC grant funds, SRF, and Sales Tax Increment funds.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the replacement of the Bee Branch ponding area flood gates and the pumping station that help prevent the Mississippi from flooding in the Bee Branch Watershed. Improvements include replacement of the existing flood gates and the installation of an additional gate, replacement of the existing flood pumps and installation of additional pumps, replacement of the electrical service to the pump station, and the installation of an additional back-up generator. The improvements will provide a system that can accommodate the flooding that has been occurring since 1999, flooding that has resulted in six presidential disaster declarations. It also provides for additional resiliency options as rainstorms increase in both depth and intensity. This project is Phase 5 of the Bee Branch Watershed Flood Mitigation Project. The Bee Branch Watershed Flood Mitigation Project phases are as follows: Phase 1 - Carter Road Detention Basin; Phase 2 - W.32nd Street Detention Basin; Phase 3 - Historic Millwork District; Phase 4 - Lower Bee Branch Creek Restoration; Phase 5 - Bee Branch Flood Mitigation Gate Replacement Project; Phase 6 - Impervious Surface Reduction (Pervious Pavement Systems); Phase 7 - Upper Bee Branch Creek Restoration; Phase 8 - 22nd St/Kaufmann Ave Storm Sewer Improvements; Phase 9 - Flood Maintenance Facility; Phase 10 - North End Storm Sewer Improvements; Phase 11 - Water Plant Flood Protection System; Phase 12 - 17th St/W. Locust Street Storm Sewer Improvements.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project involves the construction of a maintenance facility near 16th and Elm Streets near the Bee Branch Creek on the former Blum Metal Recycling facility. In addition to providing work space for City employees assigned to maintaining the Bee Branch Creek Greenway, the facility will provide storage of a boat that will allow access to every foot of the newly created creek shoreline. It will also provide public restrooms which will double as a storm shelter for people within the greenway in the event that severe weather approaches while they are in the mile long corridor. Parking will also be provided as part of the project. The Flood Mitigation Maintenance Facility will provide the work space and equipment storage areas necessary to provide adequate maintenance of the Bee Branch Creek and the 16th Street Detention Basin to ensure that the facilities are able to function at an optimum level when a flash flood occurs. While the buildings on the east property will be removed, the possible use of the existing Elm Street building on the west property is still under consideration. If it is saved, there will be a decision about the use of the upper floors possibly for City offices. Environmental cleanup activities are expected to conclude in FY21. Design of the facility will begin in FY24 with construction anticipated in FY28 based on available State Flood Mitigation Program funding. This project is Phase 9 of the Bee Branch Watershed Flood Mitigation Project. The Bee Branch Watershed Flood Mitigation Project phases are as follows: Phase 1 - Carter Road Detention Basin; Phase 2 - W.32nd Street Detention Basin; Phase 3 - Historic Millwork District; Phase 4 - Lower Bee Branch Creek Restoration; Phase 5 - Bee Branch Flood Mitigation Gate Replacement Project; Phase 6 - Impervious Surface Reduction (Pervious Pavement Systems); Phase 7 - Upper Bee Branch Creek Restoration; Phase 8 - 22nd St/Kaufmann Ave Storm Sewer Improvements; Phase 9 - Flood Maintenance Facility; Phase 10 - North End Storm Sewer Improvements; Phase 11 - Water Plant Flood Protection System; Phase 12 - 17th St/W. Locust Street Storm Sewer Improvements.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund and the State Flood Mitigation Funds.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the relocation, reconstruction, and extension of storm sewer as necessary due to the construction of the three roundabouts on University Avenue outlined in the East/West Corridor Study. The construction of roundabouts requires the relocation and possible improvements to the existing storm sewer system along University Avenue between Loras Boulevard and Pennsylvania Avenue.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the University Avenue Roundabout Project and must be scheduled in the same fiscal year as that project.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is can be funded by the Stormwater Construction Fund or the funds utilized to reconstruct the street.

\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ 44,600	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project involves the construction of 15-inch diameter storm sewer from Keokuk Street to the north along the unimproved but platted National Street. The existing sewer from Keokuk discharges onto National Street and flows over ground for a few hundred feet before it enters into another section of the City's storm sewer system network. The current system is susceptible to erosion and maintenance issues and costs.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Stormwater		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Copper Field Storm Sewer Extension			<b>YEAR FIRST SUBMITTED:</b> FY 2018 <b>ACTIVITY NO:</b> 720-		<b>TOTAL PROJECT COST</b> \$ 34,700

\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ 34,700	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project involves the extension of approximately 150 feet of storm sewer along Copper Field to Mill Run. Several homes on Mill Run utilize sump pumps and drain tile to prevent groundwater damage to their homes. The sump pump discharge is directed through the curb into the street. While curb and gutter is designed to convey storm water, the relatively constant flow of drain tile and sump pump discharge has resulted in hazardous, slick street surfaces. Extension of the storm sewer will facilitate the extension of drain tile and the interception of the sometimes hazardous discharge.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Stormwater		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Key Way Drive Outfall and Storm Sewer Replacement Project			<b>YEAR FIRST SUBMITTED:</b> FY 2018 <b>ACTIVITY NO:</b> 720-		<b>TOTAL PROJECT COST</b> \$ 30,100
<b>2019 EXPENSE</b>	<b>2020 BUDGET</b>	<b>PROJECT BUDGET</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>

\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ 30,100	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds for the repair of approximately 64 linear feet of 48-inch diameter storm sewer located at the outfall adjacent to Key Way Drive. The project is subject to access issues, so costs include site access and site restoration as necessary. The area is residential. In response to a Public Works request and site investigation, the storm sewer sections scheduled for replacement were seen to be significantly eroded and beyond repair.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Stormwater		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Pennsylvania Culvert Replacement			<b>YEAR FIRST SUBMITTED:</b> FY 2018 <b>ACTIVITY NO:</b> 720-	<b>TOTAL PROJECT COST</b> \$ 25,000

\$ —	\$ —	TOTAL	\$ —	\$ —	\$ —	\$ 80,500	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

The project provides for the construction of 265 feet of 15-inch diameter storm sewer on Windsor Avenue from Buena Vista to Strauss. This project was budgeted previously but was delayed as a result of prioritizing other pressing stormwater management needs. The additional storm sewer will reduce the threat of stormwater entering onto private property and causing property damage just south of Buena Vista.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund.

<b>DEPARTMENT:</b> 55 - Engineering / Stormwater		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Seippel Road Culvert Replacement (Street Project)			<b>YEAR FIRST SUBMITTED:</b> FY 2018 <b>ACTIVITY NO:</b> 720		<b>TOTAL PROJECT COST</b> \$ 56,000
<b>2019 EXPENSE</b>	<b>2020 BUDGET</b>	<b>PROJECT BUDGET</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>
		<b>A. EXPENDITURE ITEMS</b>

		Stormwater Construction Fund	\$ —	\$ 8,000	\$ 48,000	\$ —	\$ —	\$ —
\$ —	\$ —	<b>TOTAL</b>	\$ —	\$ 8,000	\$ 48,000	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

The project involves the replacement of the existing large diameter culvert that passes stormwater under Seippel Road just south of Commerce Park. The existing corrugated metal culvert is starting to deteriorate and nearing the end of its life-cycle. This work would be most cost effective if done in conjunction with the Seippel Road Street Reconstruction Project. However, due to the deteriorated nature of the culvert, it may need to be replaced as a stand alone project if the street reconstruction does not proceed within the next few years.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Century Drive Street Reconstruction Project and should be scheduled in the same fiscal year as that project.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is can be funded by the Stormwater Construction Fund or the funds utilized to reconstruct the street.

<b>DEPARTMENT:</b> 55 - Engineering / Stormwater		<b>STATE PROGRAM:</b> 8C - Business Type	<b>PROJECT TITLE:</b> Catherine Street Storm Sewer Improvements			<b>YEAR FIRST SUBMITTED:</b> 2021 <b>ACTIVITY NO:</b> 720-2847		<b>TOTAL PROJECT COST</b> \$ 53,000

\$ —	\$ —	<b>TOTAL</b>	\$ 53,000	\$ —	\$ —	\$ —	\$ —	\$ —

#### PROJECT DESCRIPTION/JUSTIFICATION

Project involves storm sewer improvements to better manage stormwater on Catherine Street. Currently, the street lacks the capacity to pass runoff down Catherine Street from W. 16th Street to W. 17th Street. As a result, runoff will flow from the street onto private property resulting in property damage.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund.

DEPARTMENT: 55 - Engineering / Stormwater		STATE PROGRAM: 8C - Business Type	PROJECT TITLE: Villa Street Storm Sewer Replacement			YEAR FIRST SUBMITTED: FY2021	TOTAL PROJECT COST	
						ACTIVITY NO: 720-1809	\$ 33,330

#### PROJECT DESCRIPTION/JUSTIFICATION

The project provides for the extension of 820 feet of 15-inch to 27-inch reinforced concrete pipe from the Wildwood and Meadow Wood Drive intersection to the Northridge Drive Court area. This project was previously budgeted in FY 2010 but has been delayed due to the prioritization of stormwater projects. This project is not related to any other project. However, Public Works has identified the street as needing to be resurfaced which would best be done following installation of the storm sewer system.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Sustainable Environment: Reduce the potential flooding through flood plain management, mitigation and protection.

#### FUNDING RESTRICTIONS

This project is restricted to the Stormwater Construction Fund.

#### PROJECT DESCRIPTION/JUSTIFICATION

This annual recurring budget provides for pavement markings on City streets. Markings typically include: centerlines, lane lines, edge lines, curb medians, diagonal gore markings, crosswalks, stop bars, arrows, word messages, railroad crossings, and disability symbols. In 2016 the City entered into an agreement with the Iowa DOT to include pavement markings on DOT designated roadway segments within the City and the Iowa DOT would reimburse the City for actual costs incurred. At one time the Public Works owned equipment that allowed City personnel to apply all pavement markings. In the early 1980's the City decided to outsource this activity because of the high cost of new painting equipment. The Engineering Department took over the responsibility of developing plans and specifications for this activity along with administering the pavement marking contract.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Connected Community: Improve traffic flow throughout the city (East-West corridor, roundabouts, light synchronization).

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding for an annual program to perform design and construction for general street construction related improvements. In prior years, the City had an annual capital improvement budget that would collectively fund all construction related improvements and the 5-Year Annual Street Construction Program. This policy has been changed and now the Annual Street Construction Program is budgeted as individual CIP's. As a result, an annual program is needed to provide a funding mechanism to allow for the construction for general street construction repairs and related improvements as miscellaneous projects develop. The Engineering Department routinely work on miscellaneous repair projects that occur, require a quick response and that are both unexpected and not budgeted. This annual program will provide a funding source to cover the construction costs for those unanticipated small repair projects.

#### RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

#### OUTCOME

Connected Community: Better conditions of streets and sidewalk with eliminated obstructions and improved visibility.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax.

#### PROJECT DESCRIPTION/JUSTIFICATION

Pavement management is the practice of planning for pavement repairs and maintenance with the goal of maximizing the value and life of a street network or parking lot network. To accomplish this, a community needs to have several repair techniques in its arsenal and the knowledge of when to apply them. This is where pavement management comes into play. Pavement management puts a focus on pavement preservation. Maintaining roadways and parking lots in fair condition has been proven to be the most cost effective approach to sustaining a pavement network. A street or parking lot starts out in excellent condition when it is newly constructed. Midway through its life, a low-cost repairs such as crack sealing and full depth patching will cost approximately a dollar a square yard. It takes only a few years for the window of opportunity to perform this low-cost maintenance to pass after which the road or lot would need an overlay costing \$15-\$18 per square yard. With a comprehensive database of existing pavement conditions, pavement management software can model when to perform specific types of repairs on a road or parking lot network. Engineering judgment is utilized to finalize any list of pavement repairs, as no computer can take into account every variable analyzed in making a repair decision. By performing timely maintenance, road and parking lot conditions can be improved today thereby extending the service life of the pavement. This project will leverage the City's existing pavement management database to allow for a study to be undertaken to evaluate the pavement condition of Dubuque's 280 miles of public streets and public parking lots. The study will result in a comprehensive report that city staff can use to prioritize maintenance and rehabilitation activities. The study will also analyze various return on investment scenarios for specific pavement repair methods and provide a simple how to guide which will show examples of deteriorated pavement conditions and the recommended corresponding pavement repair method. Additionally typical design details and installation/materials specifications showing how to properly execute the repair will be created. The City's pavement management computer system is a great springboard to help Dubuque plan its street and parking lot repair program for each year and is an excellent method of storing data records of completed repairs. This project is structured so that every two years the Pavement Preservation Program will be updated to include any new streets or parking lots, pavement management data, and pavement repair technology that becomes available and would be beneficial for the city to take advantage of.

#### PROJECT DESCRIPTION/JUSTIFICATION

The US Highway 20 corridor is the primary east-west route in the City of Dubuque and future traffic volume projections indicate US Highway 20 alone will not provide sufficient capacity for east-west travel in the city. Capacity along alternate east-west corridors will need to be improved to provide connectivity between the western growth areas and the downtown urban core.

In February 2012, the City Council formally adopted the East-West Corridor Connectivity Study Final Report and directed City staff to begin implementation plans for the recommendations contained in the East-West Corridor Connectivity Report. The adopted East-West Corridor Connectivity Study report acts as the City's Master Plan for both short-term and long-term capacity improvements or corridor modifications to support growing east-west traffic flow in the City. The study includes recommended improvements supporting complete streets concepts, multi-modal transportation, vehicle, pedestrian, bicycle, and recreational improvements.

In August 2017, the City Council listed the East - West Corridor Capacity Improvement Implementation as a "Top-Priority" in its 2017-2019 Goals and Priorities. In an effort to advance this top priority, the City has already completed the following improvements:

2016	Property Acquisition	\$ 853,000
2016	Grandview - Delhi Roundabout	\$ 827,000
2017	Loras – Grandview Traffic Signals	\$ 370,300
2018	University - Grandview Roundabout	\$1,200,000
Total Improvements To-Date		\$3,250,300

<b>DEPARTMENT:</b> 55 - Engineering / Street	<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> East - West Corridor Capacity Improvements	<b>YEAR FIRST SUBMITTED:</b> FY 2010 <b>ACTIVITY NO:</b> 360-1039 250-1039 300-1039	<b>TOTAL PROJECT COST</b> \$ 5,200,230
---	--	---	---	---

#### **PROJECT DESCRIPTION/JUSTIFICATION (Continued)**

In July 2018, the City applied for an \$18.1 million U.S. Department of Transportation Better Utilizing Investments to Leverage Development (BUILD) grant request to assist in funding both multi-modal and capacity improvements within the identified East-West Corridors. Staff was notified in December 2018 that the City was not selected to receive a BUILD grant.

Following the BUILD grant announcement, the City has an opportunity to move forward and advance the development of East-West Corridor Capacity Improvements utilizing the new Iowa DOT Federal Aid SWAP Policy. In January 2019, the City began the process to de-federalize the East-West Corridor project by paying back the federal funds previously used for property acquisition. On August 19th, 2019 the City received the FHWA final closure acceptance for the defederalization of funds related to the East - West Corridor project.

The section of University Avenue, from Pennsylvania Avenue to Loras Boulevard, referred to as the "Overlap Section" was recommended for converting the three intersections along University Avenue to roundabouts. With current available funding (FY 2019 – 2020), the next steps in the design development process are to complete the preliminary engineering and environmental (NEPA) study phase for intersection capacity improvements along University Avenue at Loras Boulevard, Asbury Road, and at Pennsylvania Avenue.

Once the preliminary engineering and environmental (NEPA) study are completed, corridor impacts will be identified, and property acquisition could begin in approximately FY2021 / 2022 and would take approximately 2 years to complete. Once property acquisition is completed within the Overlap Section, construction to convert the three intersections along University Avenue to roundabouts could begin in FY2023 and would take approximately 2-3 years to complete.

#### **RELATIONSHIP TO OTHER PROJECTS**

This project is not related to other capital projects.

#### **OUTCOME**

Connected Community: Improve traffic flow throughout the city (East-West corridor, roundabouts, light synchronization).

#### **FUNDING RESTRICTIONS**

This project is restricted to Sales Tax Fund (30%), Road Use Tax, Greater Downtown TIF, DMATS STBG and other eligible State grant funding.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the reconstruction of Chavenelle Road between the Northwest Arterial and Radford Road. The section of Chavenelle Road between the Northwest Arterial to Radford Road was constructed in 1981 with the original development of the Industrial Center properties. The pavement condition on Chavenelle Road is deteriorating due to concrete panel displacement at a majority of the transverse joints causing a nonuniform pavement with a rough riding surface. This section of Chavenelle is an 8-inch concrete pavement with minimal reinforcing steel which was constructed over soils that were used from developing the Industrial Center building sites. This section of Chavenelle Road is subject to wet subsurface conditions which cause the pavement supporting base material to become saturated thus reducing the load transfer capability of the subgrade base material. The wet subsurface conditions have also made the pavement highly susceptible to freeze - thaw conditions during the winter seasons. As part of the FY18 adopted budget, \$1,500,000 was programmed to compete the pavement rehabilitation of Chavenelle Road between the Northwest Arterial and Radford Road. However, upon reviewing the increasingly deteriorated pavement condition, staff believes this section of Chavenelle Road has reached the end of service life and that pavement rehabilitation is no longer a cost-effective alternative. Staff is now recommending the complete reconstruction of Chavenelle Road which will include the installation of longitudinal subdrain along each side of the road; storm sewer reconstruction; adding a stabilized stone base under the new pavement with curb and gutter; sidewalk along the southside of the road; a hike/bike trail along the southside of the road; and new energy efficient LED roadway lighting. Staff is also recommending that Chavenelle Road be converted from the existing 4-lane street width to a complete street 3-lane roadway with a center turn lane. By shifting the road to the south, constructing a new 3-lane street width, this will reduce construction costs while also allowing the Chavenelle Hike/Bike Trail to be constructed within the existing right-of-way along the northerly side of the roadway.

The reconstruction of Chavenelle Road between the Northwest Arterial and Radford Road will need to be coordinated with both the Southwest Arterial project and the Chavenelle Hike/Bike Trail project. With the Southwest Arterial / US20 interchange under construction and the local Seippel Road access to US20 being closed, this is requiring traffic from the Dubuque Industrial Center West to rely heavily on the Chavenelle Road corridor. The completion of the Southwest Arterial / US20 interchange and re-opening the Seippel Road access to US20 will not be completed in time for the Chavenelle Road Reconstruction project to be done in 2019. In an effort to minimize impacts to the traveling public, staff is recommending that the reconstruction of Chavenelle Road to occur in the 2020 construction season (FY21).

<b>DEPARTMENT:</b> 55 - Engineering / Street	<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> Chavenelle Road Reconstruction	<b>YEAR FIRST SUBMITTED:</b> FY 2014 <b>ACTIVITY NO:</b> 360-2551 102-2430	<b>TOTAL PROJECT COST</b> \$ 3,739,788
---	--	---	--	---

Additionally, to continue the coordinated progress for the completion of the Chavenelle Hike/Bike Trail project, CIP 3602273, staff is recommending the Hike/Bike Trail project be constructed in 2 phases. Phase 1 would occur in the 2019 construction season and would include the construction of the westerly half of the Hike/Bike Trail from Radford to Seippel road. Phase 2 would include the construction of the easterly half of the Hike/Bike Trail from the Northwest Arterial to Radford road and will be incorporated as part of the Chavenelle Road reconstruction project in the 2020 construction season (FY21).

#### **RELATIONSHIP TO OTHER PROJECTS**

This project is not related to other capital projects.

#### **OUTCOME**

Connected Community: Better conditions of streets and sidewalk with eliminated obstructions and improved visibility.

#### **FUNDING RESTRICTIONS**

This project is restricted to DICW TIF, Special Assessments, Sales Tax Fund (30%) and Road Use Tax.

#### PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the reconstruction of North Heeb Street just south of Kaufmann Avenue with new pavement, curb & gutter, and sidewalks. The existing asphalt street is degraded and needs to be replaced. A portion of the street does not have curb and gutter and this project will provide for installation of curb and gutter. The Heeb Street retaining wall was reconstructed a few years ago. The water main in this street is sub-standard with multiple lead services. The Water Department prefers this street get replaced in conjunction with the Kaufmann Avenue HUD Resiliency Project. This project will impact the Water Department's water main fund, the sanitary sewer fund and the storm sewer fund.

#### RELATIONSHIP TO OTHER PROJECTS

This project is related to the Street Program Related Sanitary Sewer CIP (#710-1638) to rebuild sanitary sewer water mains and lateral and the Water Main Replacements CIP (#740-2658) to replace the water main. This project must be funded in the same fiscal year as those projects.

#### OUTCOME

Connected Community: Better conditions of streets and sidewalk with eliminated obstructions and improved visibility.

#### FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax.

#### PROJECT DESCRIPTION/JUSTIFICATION

The Southwest Arterial / US Highway 52 project will be a 6.1-mile four-lane divided freeway with priority 1-access control between Highway 61/151 and Highway 20. The Southwest Arterial (US 52) project will provide an alternate, direct and efficient route for traffic through southwestern Dubuque, which will connect two growing sections of the community together and will support future anticipated expansion growth to the southwest of the City toward the Dubuque Regional Airport. The project will provide a significant regional economic benefit in providing a direct connection between the Technology Park and the Industrial Center West.

TRANSFER OF JURISDICTION: As outlined in the executed Memorandum of Understanding (MOU) and the Transfer of Jurisdiction (TOJ) Agreements, the Iowa DOT proposed re-routing of US 52 and utilizing the Southwest Arterial to carry a portion of re-routed US 52 traffic. In return, the Iowa DOT and City, in joint cooperation, will TOJ the Southwest Arterial from the City to the State in exchange for the Transfer of Jurisdiction of the Northwest Arterial (or Iowa 32), and portions of existing US 52 / Iowa 3 through downtown Dubuque, from the State to the City. The Transfer of Jurisdiction will occur after the Southwest Arterial is completed and open to traffic. As agreed to per the MOU, the City will continue as the lead agency and will be responsible for completing the Final Design, Property Acquisition, Utility Relocations and for completing construction of the English Mill Road Reconstruction, the North Cascade Road Reconstruction, and the Military Road Reconstruction projects. The Iowa DOT will be responsible for the funding and construction of the Southwest Arterial (US 52), from US 20 to US 61/151.

CURRENT STATUS: The Southwest Arterial (US 52) project is fully under construction with multiple active construction projects underway from US20 to US61-151. The US20 interchange and access to Sieppel Road is anticipated to be completed and open to traffic in the fall 2019. The US61-151 interchange is also anticipated to be open to traffic in the fall 2019, however the 4-lane highway from US20 to US61-151 will not be completed in the 2019 construction season. With the 4-lane construction of the Southwest Arterial and the completion of the remaining two (2) bridge structures and 4-lane paving, the project is anticipated to be fully completed and open to traffic by June or July 2020.

<b>DEPARTMENT:</b> 55 - Engineering / Street	<b>STATE PROGRAM:</b> 2C - Public Works	<b>PROJECT TITLE:</b> Southwest Arterial Project	<b>YEAR FIRST SUBMITTED:</b> FY 2003 <b>ACTIVITY NO:</b> 300-1287	<b>TOTAL PROJECT COST</b> \$ 4,913,453

#### **PROJECT DESCRIPTION/JUSTIFICATION (Continued)**

**PROPERTY ACQUISITION:** The City is complete with all the right-of-way acquisition for the 56 impacted properties along the Southwest Arterial (US 52) Corridor. In total, there were 93 owner, leasehold or rental tenants affected, each requiring separate negotiated purchase agreement settlements. To-date, the City has spent to-date approximately \$18.2 million for right-of-way property acquisition.

**CONSTRUCTION UPDATE:** The first city administered construction project, the North Cascade Road project was completed in November 2013. The project provided for the reconstruction (grading, paving & bridge) and realignment of North Cascade Road which will allow the Southwest Arterial to travel under the new North Cascade Road Bridge. Final project cost was approximately \$3.7 Million. The English Mill Road reconstruction was the second city administered project and it was completed in June 2017. The project provided for the reconstruction (grading, bridge, and paving) of English Mill Road which will allow the Southwest Arterial to travel under the new English Mill Road Bridge. The final project cost was approximately \$3.9 million dollars. The Military Road reconstruction project was the third and final side-road reconstruction project administered by the City as part of the Southwest Arterial project. The Military Road reconstruction project was completed in 2019 at a cost of approximately \$5.6 Million.

#### **RELATIONSHIP TO OTHER PROJECTS**

This project is not related to other capital projects.

#### **OUTCOME**

Connected Community: Improve traffic flow throughout the city (East-West corridor, roundabouts, light synchronization).

#### **FUNDING RESTRICTIONS**

This project is restricted to Sales Tax Fund (30%), Road Use Tax, Federal Appropriations, and DMATS STBG Funds.
